VICTORIOUS,-AS USUAL!

The result of the election on Tuesday last for the Local House is only what was expected,-the return of the Conservative candidate by a large majority. As usual in those Ridings where either party is particularly strong, they lose interest in the contest and do not turn out en masse to vote. If the Conservatives of South Simcoe had polled every possible vote, the majority would have been enormously increased. It is just such confidence in their strength, that character by even the faintest rewill cost them an election some time, if semblance to a blush, that overtaxed it be not eradicated, and more energy evinced. Wilson made a good fight, for the laurels, but events have shown that he "is not the man for Galway." As we prophesied some weeks ago, the Reformers gave him a strong support, but let South Sincoe only remain true to you need it bad enough. We are herself, and the lustre of her proud victories in the past will never be dimmed by the political triumph of the enemy.

We must express our approbation of the manner in which the two candi dates conducted the campaign, nothing of a personal or abusive nature having been broached. The is we was on Wednesday, the 13th day of Nov fought on the merits and demerits of the commencing at 10 o'clock, a. m., for the Mowat Administration, and the result is purpose of selecting a candidate to re- but who afterwards reached 20. in favor of their dismissal.

In Parkhill we have a man of evenly- requested to meet and appoint Delegates balanced mind, -one who is neither a bigot, nor yet holds such liberal views that it is almost impossible to tell which side he inclines to. Should it ever be thetease, in the future, that his party leaders were led into error, (and the best of men are but mortal,) we could rely on Mr. Parkhill exercising his own good on Mr. Parkhill exercising his own good All wrong. The Conservatives have sense in the matter, and refusing to adbrought out Mr. Robinson months ago, vocate, or support measu es which he might consider detrimental to the interests and prosperity of t Province. On the other hand, M. C. Cameron has always shown himself to be a man with strong patriotic feelings, invariable good judgment on political questions, and dee seated, conscientious convictions regarding the administration of public patronage. Such a man, in fact, that could be safely trusted and followed in guiding the ship of State. With the approaching general election for the Local House, we see the herald of vie tory for the Conservative party, and the vigorously. overthrow of the bunglers, jobbers, and salary grabbers who have so long disgraced the Legislative Hall of Ontario!

Mr. T. Spence, of Cookstown, it appears, has achieved an unenviable reputation for writing very wonderful articles, anda letter which recently appeared in the Cookstown Advocate over his st nature would appear to indicate his determination to hold on to his well-earned laurels. He complains that "through the carelesness of Mr. Booth, of West Gwillin . bury, he was cut off from his privelege of voting." Certainly it is rather annoying to lose your vote, but that is no reason why a man should descend to personal abuse, especially when he is ignorant of the matter he attempts to criticise. We are informed that Mr. Spence was not cut out of his vote, -except in his imagination, and that of a few other persons, who persuaded him that such was the case, to suit their own ends.
