BARRIE.

The Scotchmen of this town have organized a Caledonian Society.

Judge Gowan is about erecting a mansion on his Island on Muskoka Lake. Barrie boys amuse themselves by breaking windows, etc, with stones thrown from a catapult.

On Monday, 28th inst. some parties in passing the store of Graham Bros. deliberstely carried way a large roll of striped skirting, which contained about 50 yards, and was valued at \$12

The window of the store of Mr. Warnica, watchmaker and engraver, was also broken the same evening, and two watches stolen. No clue to the thieves.

Our citizens may shortly expect the town to be lit with gas; the laying of the pipes for the same have been completed, and communication is now being made with the various stores, residences, and public buildings. Mr Wm. Littlehales, of Owen Sound has received the appointment as Manager of the Works.

RECOVERING.—The injured men in the recent railway collision on the it. &. N. W. R., are fast recovering. From the I. O. O. F., of his town, Mr. Nash, the engine-driver, has received every possible attention, and le will be able to be about again in a short time. The others also show signs of speedy

Mr. Joseph Rogers is erecting a trout pond in the flat land near his residence, Bradford street. A pipe lends from the flowing well, which supplies the pond with pure fresh water, and a waste pipe carries the surplus water into the creek below.

THE NORTHERN RAILWAY COUNTY STOCK -This vexed question was once more the subject of discussion in the County Council. Mr. Cumberland addressed the council, showing the utter worthlessness, as a money value, of the stock; that it simply stood it the way of negotiating for the purpose of changing the guage, which would cost\$360, 000. Some of the City of Toronto Alder men conferred with a committee of the County council with reference to the stock held in a similar manner by the city. These gentlemen were not, however, pared to make env proposition, but would consider any proposal the Simcoe Council would make. The Committee submitted a proposition which was rejected by a majority of the Council, and the matter de ferred to the January Session.

COOKSTOWN.

A by-law incorporating the village of Midland passed the County Council last session. This will add one more member to our county Parliament, which will soon equal in numbers the Ontario Legislature. Midland will elect its first Reeve next

An Episcopal clergyman was chased by a hear near Hawkstone last week for about a mile. Fortunately, when bruin was about o come to close quarters, the intended victim recollected the old tiger trick, and caused the bear to leave by suddenly open

Work on the Collingwood Branch of he H. & N. W. R., is being rapidly pushed At the Glencarin end of the line the grading is all done, and track laving commenced. On Friday evening last a certain young lady in Barrie, either on the strength of a wager, or to perpetrate a joke upon some of her acquaintances, attred herself in male costume and proceeded down street for a walk.
