Where Are You?

The election for the Local House will be held on the 5th of June and but a comparatively short time is allowed for earnest and thorough work. In the three Yorks, the Conservatives have brought out good men, against whom their opponents can make no headway.

Such assertions hardly need any refutation, or are worthy of notice. It is all very well to condemn men unheard; but that is no argument, and if it were as true as it is false, it would not be sufficient reason why the Mowat Administration should be allowed to ruin the Province.

We do not suppose that such is the intention of the Government, but the fact is still the same that they are blundering deeper and deeper into extravagance and debt, which will soon be heavily and directly felt by the electors unless a "bright about" is immediately made.

The action of the Conservatives during the last session clearly evinces their determination to advocate, uphold and carry into execution their policy of trenchment and reform. There is no need to go into figures to show that the Government is extravagant, and that we are getting into debt.

Fortunately Sandfield Macdonald left a handsome surplus, which has been drawn upon to the extent of \$2,086,911, and therefore the people do not yet feel the burden which is fast piling up on their shoulders.

The expenditure of the Province has exceeded the revenue for the past four years as follows:—'74, \$445,029; '76, \$551,403; '77, \$665,335 leaving these sums as actual deficits, and yet knowing that the Province was not paying running expenses the Government has increased the annual expenditure from \$1,816,867 in '71, to \$3,117,414 in '77.

We ask the men of York on which side they intend to be found—Whether on that of economy and good Government, our resources husbanded, our expenditures restricted, and the Province in a prosperous and flourishing condition, or whether they wish a repetition of the extravagance and blunders of the past four years.

The Mowat Government do not admit that they are in error. They do not promise any reform or remedy. Let the electors, then, put their trust in those who have shown their willingness to do all in their power to better the condition of public affairs, and we feel assured they will not be disappointed.

PARTY WITH A VENGEANCE.—Some of the Reformers in this village, are determined that the HERALD office must be crushed out, and on every possible occasion they exert themselves to prevent us having fair play.

At a recent meeting of the Mechanics' Institute Committee, the Grits voted solid to give the printing to the Liberal—refusing to let it go by tender or give half to each side. We are aware, of course, that many Reformers are quite averse to such tactics, but there are some in the village who consider them very clever.

When they happen to be in the minority, of course, they forget all about such matters, and go in for tendering. The Conservatives are honored by the comparison.

FORGERY.—On Monday last, a man named Thos R. Shelton was arrested at Eglar, on a charge of forgery. It appears that he had been a clerk in a post office in LeBarry, county of Hereford, England, and it is alleged, forged money orders to the extent of £60.

He left the country and was followed to Canada by a Scotland Yard detective named Edwin Butler, who traced up and arrested him. He was working for a farmer named Dunn. The detective will take him back to England.

Mr. Massie, agricultural implements manufacturer, Newcastle, has written a letter saying the N.P. will effect a loss to his firm of \$40,000 a year, and Mr. John Haggart of Brampton, another manufacturer, is justly well pleased, and only complains that the duty has not been increased by 30 per cent. instead of 25. No satisfying some men.

The Meeting on Friday Evening.

The first grand political meeting of the campaign takes place to-morrow evening, and will doubtless bring together a very large audience. It is not intended to be a one-sided meeting.

Every one is invited to attend, no matter what opinions they may hold on political questions. Some of the most able and brilliant speakers on both sides will, we are informed, be present.

The leader of the Opposition, Mr. Meredith, of London, will make an able review of the shortcomings of the Mowat Administration, and, as it is doubtful whether this gentleman can attend any other meetings in the county, those who wish to hear him should avail themselves of this opportunity.

Messrs Morris, ex-Lieutenant-Gov of Manitoba, will address the meeting, as will also Messrs Scott, Foy, Robinson, Tyrrell, and Murphy. It is expected that some of the leading men of the Reform Party in the Local House will be present.

If so, all the better. The audience will then hear what the ablest defenders of the Mowat Government have to say, and if they cannot successfully refute the statements of their opponents, and convince their hearers that their assertions are founded on facts, and that the Government, whose cause they are advocating, is an economical, efficient and capable one, then there is no hope for it.

That they can do so, we very much doubt. The farmers are now becoming as well posted in political matters as many of those who undertake to instruct or hoodwink them, and there are very few who do not know that it is simply impossible to show or prove that we could not have a better Government than that which we now possess.

Let every elector turn out to this meeting, and judge for himself whether these facts are not beyond refutation.

Voting on the Repeal of the Dunkin Act.

There was but very little commotion or excitement produced by the vote being taken on the repeal of the Dunkin Act yesterday. A stranger from another County passing through would hardly have been aware of the fact that a struggle for victory was taking place between two great bodies or classes of the people.

The rousing, stirring, old-time elections have forever passed away, with the introduction of the ballot, and the closing of hotels on Polling day. There can be no doubt but that those who voted yesterday, in this neighborhood, at least, did so in their sober senses, and were not under the influence of liquor, as, to a certain extent, many used to be on former elections for different purposes.

The result of the votes was a majority for the repeal. The returns by majorities are as follows:—according to the Globe. Majorities for the petition:—Newmarket, 93; Holland Landing, 51; Aurora, 57; Queensville, 25; Shelton, 62; Glouville, 10; Kowick, 30; Stonyville, 4; Mulberry, 50; Kettleby, 14; Loydville, 18; Sutton, 104; North Gwillimbury, 103; Franklin, 45; Whitehorse, 30; Weston, 40; Woodbridge, 75; Richmond Hill, 3; Thornhill, 33; Yorkville, 69; Markham Township, 24; total, 560.

Majorities against the petition:—Bogartown, 20; Bloomington, 10; Kleinberg, 23; Schouberg, 4; Pine Orchard, 17; Parkdale, 2; total, 64. Reconciliation.—Total majority for the petition, 566; total majority against the petition, 64, leaving a majority for the repeal of 694.

The Mail puts the majority for the repeal at 1023.

Mr James Young, of Galt, will contest North Brant, in the Reform interest for Local Assembly.

The Ontario elections are to be held earlier than was generally supposed. The Globe announces that the nominations are to take place on the 29th of May and the elections on the 2nd of June.

At the YORK ELECTION.—An enthusiastic meeting of the friends of Mr. James Robinson, the Liberal-Conservative candidate for the Local Legislature, was held in the Temperance Hall, Kingston Road, Friday night.

The meeting was addressed on behalf of Mr. Robinson, by Messrs. Motion, Evans Brooks and Meek, as well as by the nominee Messrs. Blain and McGregor. They advocated the interests of the Reform candidate. There was a large attendance of electors, and the speaking continued until half-past eleven o'clock, breaking up at that hour with cheers for the Queen and Mr. Robinson.

Several of the grand juries have been asked by the judges to give their opinion in regard to the reduction of the number of grand jurors. They are unanimous in the opinion that the reduction will be an advantage. Some of them go so far as to say that it would be an advantage if the grand jury were abolished altogether. This opinion is gaining ground.

SMOOTHING ACCIDENT.—Good Friday morning a number of youths of all sizes were sitting on the hillside south of Markham village. One of the number had a revolver and the lads were handling it. Finally Bertie Feary got hold of it and was pointing it around at nothing in particular when it went off. The bullet narrowly missed George, Crew's head and hit Garret Barry, jr., in the thigh, striking the bone and glancing downwards. Drs. Robinson and Doherty attended the lad, but were unable to find the bullet. This should be a warning to boys—and men, too, for that matter—in the handling of firearms, but we do not suppose it will be. They have been warned time after time about this same carelessness, and still nearly every paper you pick up contains one or more notices of just such accidents.

CLEAN UP.—The back yards should now be cleaned up before the warm weather sets in. Fevers, diphtheria, and other ills very frequently result from filthy accumulations. The health inspector will soon be going around, and it would be as well to clean things up at once.

The perpetual wick breaks no lamp chimneys, needs no trimming; saves all cleaning of lamps; makes no smoke; and gives a most beautiful, clear, white light.—FOR SALE at the HERALD Store.

Good SIGN.—On Tuesday last, 22nd inst., Wright & Sons shipped a very fine looking new bus to Messrs. McKinnon & Wesley, of Gravenhurst, about 100 miles north of this village. It is a good sign to see orders coming from such a distance. It shows that this firm turn out a good article, and that the excellence of their workmanship is well known and appreciated. May they continue to prosper.

Now would be a good time for our villagers to replace any ornamental trees that have been damaged through the winter, and also place out others on some of the vacant spaces along the streets. Nothing adds more to the appearance of a residence than a few trees. The trouble is not much, and the expenses trifling, to make this village, by a few additional ornamental trees, present a very handsome appearance.

YORKVILLE NEWS

The new Rosedale Bridge is progressing rapidly. Rev. Mr. Jones expects to hold services in the new Church of the Redeemer before the dog days.

Rev. Mr. Desbarres has been chosen by the Vestry of St. Paul's as Rector, Rev. Mr. Givens being voted a retiring allowance of \$600 per annum.

A couple of our wisecracks are nightly heard singing sadly a sorrowful duet entitled, "Where, and oh, where has our hard earned money gone?" and they part with mutual protestations that they will never play at constable again.

Our police force are to be newly uniformed. Chief Johnston already the too-much admired of the fair sex, will then be simply irresistible. We are afraid that arrests will be on the increase.

Rents have fallen in Yorkville considerably of late. Houses that were wont to fetch \$30 per month are now offered for \$25, and others in proportion.

Mr. Robinson, the Conservative candidate for the Local House paid us a visit on Thursday. He will open the campaign vigorously in Yorkville this week. Mr. R. is confident of his chances of success.

Mr. Boulton, our member for the Commons paid a hurried visit to Yorkville on Easter Monday.

REMOVAL.—N. Murphy, Esq., the well-known barrister, is about leaving Yorkville for a residence in Surrey Place, west of Breda-bane street, in the city.

New TENOR.—We are pleased to notice that St. Paul's Choir has a new tenor in the person of Mr. Brimstone, it is so very seldom we see a tenor now-a-days.

VOLUNTEERS.—Captain Vidal is actively teaching his company spring or setting-up drill. They're good on the whole, but a few can start all the setting-up (at Thom's) they can get.

ASSAULT.—A stylish young man, with a Dufferin cast in his eye, named Shields, but troubled with a weakness for bullying and striking his sisters, got one month in jail for reflection, by Mr. Justice Atherton.

The theatrical performance and concert in aid of the repair fund of the parsonage of Trinity Church, Aurora, will take place on Wednesday evening, the 30th inst. A fine performance is anticipated.

At Yorkville on Monday last, before Justices Carr and Foster, Robert Moor of Parkdale, was fined \$25 and costs for selling liquor without a license. John Duck admitted selling liquor contrary to the Dunkin Act, and was fined \$20 and costs.

MOUNT PLEASANT.—Already Sunday visitors wend their way in hundreds to Mount Pleasant. In a fortnight the cemetery will be as attractive as ever. The swans, rabbits, peacocks, &c, which Mr. Englehart has had housed all winter will return to their old haunts, the swans in particular being strong attractions.

Mr. Dobson has applied to the County judge for a new trial in the McDonald case. This is not to be wondered at as the jury stood out only at the last to make the damages \$200, instead of the \$75 ultimately agreed upon. However between costs of counsel, &c., and costs of applications of this kind, Mr. Dobson will doubtless succeed in carrying out the original intention of the jury.

A couple of whiskey informers, brothers named Wilcox, had a somewhat exciting time in Yorkville and vicinity on Saturday. A magistrates' court was held in the Town Hall, and on the evidence of the informers the following individuals were convicted of selling liquor contrary to the Dunkin Act: Frances Hayden, two cases, \$25 and costs in each; John Colley, Dundas street, two cases, \$20 and costs in each; Michael Slattery, Brockton, \$25 and costs; Robert Wilson, Dundas street, two cases, \$20 and costs in each; William Hunwick, Lambton, \$20 and costs. After the Court adjourned some threatening language was used towards the Wilcox brothers, and they thought the best thing they could do would be to steal silently away. As they were doing so, the crowd caught sight of them and started in pursuit. The informers ran like hunted hares, and their followers kept up a hue and cry. A policeman finally made his appearance and saved the informers, who took refuge in a police station. In the evening they had another run, but again outstripped their pursuers.
