THE LOCAL ELECTIONS.

By reference to the list of members elected, which is given below, it will be seen that of the 88 constituencies in Ontario 51 have returned supporters and 26 opponents of the Government, while South Lanark has elected an Independent. Of the remaining 10 constituencies one may be considered doubtful, while four may be regarded as safe for the Opposition, and five for the Government.

In West York the contest was keen, Mr. Patterson only holding his seat by a majority of 23. This indicates that West York can be reclaimed, as Mr. Patterson is by far the strongest man that could be brought out. Had any other man been the Reform candidate Richmond Hill would have given a majority for Tyrrell of about 12, instead of 16 of a majority for Patterson. In many other polling divisions there would also have been a great change. This election, however, has clearly shown that Mr. Patterson is elected by votes which no other Reformer could secure, and which it is altogether probable will be recorded on the Conservative side at the next election.

In East York Badgerow has a majority 200. We did not suppose the electors of East York were so blind to their own interests. Widdifield, in North York, is given at 50, and at 492. The latter is supposed to be correct. The Government is sustained, and we can only hope that the improvement will be observed in the administration. The state of affairs are bad enough, let us trust that the agitation raised by the election, will have the effect of causing a perceptible improvement. Below will be found a

Tho N. P. and the L. E.

The large amount of fear and trembling which has been shared amongst the average Grit politicians and their zealous friends during the last few months possess all human powers of understanding or estimating. Just previous to the introduction of the National Policy, the Grits loudly and strongly asserted that the people would be gulled, the Globe compared the electors to "born fools," and even some of the most liberal men in the Grit ranks expressed the opinion that Sir John would not bring in such a policy, that he would not dare to do so.

While they would regret the injury inflicted on the country by such a policy, yet in one sense they thought nothing could please them better. It would be the one thing needed to return their party to power, to cause an indignant people to arise and sweep away the Ministers who dared to inflict such awful burdens upon them. Even while the Globe clamored for the N. P., it predicted that the disappointment would be general. Yet, when the National Policy was formulated and submitted to Parliament, what do we find? Such was the feeling of satisfaction and confidence in the ability of those who framed the measure to do everything possible to carry it out to a successful issue, that hardly a dissenting voice is heard in the House.

The Mowat Administration stamped the country last year, being publicly announced as Ontario Cabinet Ministers, denouncing the infamous N. P., and ridiculing those who conceived and framed the nonsensical delusion. They left no means untried to assist in defeating the N. P., and its originators. And when time proved that the people were wiser than those who attempted to instruct them, when those would-be leaders of public opinion, these exponents of false doctrines and false prophets, had seen their cherished hopes laid low, had seen the despised and scorned elevated to the highest positions of honor in the land, even then they would not believe the evidence of their ears and eyes. No, they would wait for a few months, postpone the local elections until the policy was tried and found to be a delusion. This happy thought was also proved of no avail, as evidence of prosperity, new enterprises and renewed energy all over the country met them on every hand.

Their only hope then was to take a neutral position, and that was the reason Mowat refrained from pitching into the N. P., at Toronto. Some of his friends and supporters however, have not equal shrewdness or tact, and are depending for their return to that Assembly on the dissatisfaction caused by the N. P. The leaders of the Party, however, have distinctly repudiated any connection with Dominion matters, and promised if returned, to maintain a position of neutrality, neither attempting to hinder or assist in making Protection a success. That is what they say, and however reluctant we may be to cast a doubt on their truthfulness, we cannot but recall how often, or how often we have heard the same men make professions, only to find that they could also break them. There is not the slightest doubt in the world, that if the full returns should show to morrow (Friday) a majority for the Grits, but what they would rejoice from one end of the country to the other about a victory over the National Policy. There is a possibility that such a chance for rejoicing may be given, and it will be used, if secured, to the utmost extent.

Our County High Schools

The following statement taken from the County Accounts shows the respective amounts received by the different High Schools in the County for the year 1878:

Table listing high schools and their respective amounts received in 1878, including Newmarket High School, Richmond Hill High School, etc.

One question we would like to ask in regard to above, is this, why should Newmarket High School receive \$750, and the other High Schools only \$700 County Grant? Perhaps our Reeve can answer the question?

General Sir Garnet Wolsey has been appointed Supreme Military and Civil Commander of Natal, Transvaal and certain other districts which adjoin and are included in the seat of war. This appointment supercedes Lord Chelmsford, and gives that gallant and efficient officer, Col. Wood, a superior upon whom he can rely. Few commanders could be obtained more eminently fitted for the peculiar warfare of the Cape than General Wolsey.

RICHMOND HILL Spring Exhibition!

Toronto Reaper and Mower.

The fifth annual Exhibition of the Richmond Hill and Yonge Street Agricultural Society was held on Saturday, the 24th ult. The attendance was large, many persons being of the opinion that over four thousand people were in the village during the day. The Exhibition was, in some features, very much the same as in former years. Many classes, of course, showed considerable improvement, while others were not quite up to the mark.

AGRICULTURAL IMPLEMENTS.

The exhibition of Agricultural Implements was very large, the best we ever had, many persons as using us that in variety and number it was equal to the Provincial. Among those on the ground we noticed reapers and mowers from the Toronto Reaper & Mower Co., Patterson Bros., A. Harris & Son, Brantford; Sawyer & Co., Hamilton; J. Fleury, Aurora; G. Wilkinson, Aurora; Haggart Bros, Brampton, Massy Manufacturing Co., Newcastle; J. Elliott, London; and Joseph Hall Man. Co., Oshawa Wilson had a Fanning Mill and straw cutter, besides which were plows, rakes, cultivators, grain drills, scufflers, combined drill and seeders, pumps, etc., by the dozen.

TORONTO REAPER AND MOWER.

The Toronto Reaper & Mower Co. are fortunate in manufacturing one of the best mowers ever tried in a harvest field. Many farmers pronounce it to be as near perfect as it is possible to make them. The agent, Mr. Proctor, had a splendid show of machines on the ground, some twenty-seven in all, of which twenty-six had previously been sold, and were delivered that day to the following persons:

- JOHN DUNCAN, W F PADGETT, ISAAC CHAPMAN, GEORGE WELDRICK, ANDREW BOYLE, BENJAMIN McDONALD, GEORGE CHARLTON, GEORGE MILLER, GEORGE SHELL, JOHN PALMER, JOHN R CAMPBELL, H W HARPER, DOUGALL McMURCHIE, JOHN JACKSON, MALCOLM MALLOY, GEORGE GOVE, JOHN HAIKING

Several of the above named gentlemen got both single Mower and single Reaper. Mr. Proctor was fortunate in taking "Eleven single orders" at the fair ground for Toronto machines, this fact alone is a sufficient guarantee of the popularity of this implement in the neighborhood.

THE FIRST PRIZE

was awarded this enterprising Company on their Toronto Mower, in fact this implement has received the Winning Card at our fair for the past three exhibitions. The Toronto Reaper was not entered for competition, but simply set up and exhibited to the farmers. Inasmuch as this Reaper had not been used in this vicinity, Mr. Proctor thought it unwise to ask a premium for it when its excellence in the field was unknown to the judges. This machine is having a very large sale throughout this section, as it is all over the Dominion. The Company make an exclusive business in manufacturing Reapers and Mowers and their factory is one of the finest concerns of its kind on the continent. Last week they shipped a large quantity of their machines to Old Ireland, and a glimpse into their Warehouse showed machines boxed and awaiting shipment for Victoria, British Columbia, Winnipeg, Manitoba, Limerick, Ireland, St. John's, N. B., Bentham, England, and various points throughout Canada.

Court of Revision.

The Court of Revision for the village met yesterday afternoon. The members of the Council, (after considerable sharp shooting pro and con) confirmed the cases appealed against by Mr. O'Brien as being irregular. On motion of Mr. Redditt, seconded by Mr. Savage, the Council then adjourned until Monday night. In the mean time to look over the roll to see whether those objected to as being assessed too low, are assessed in proportion to the rest of the village. Mr. O'Brien intends to appeal to the Judge.

The York Pioneers met on Tuesday afternoon at the Canadian Institute, Toronto when there was a good attendance. Among other items of business disposed of a committee was appointed for the purpose of reporting as to the feasibility of erecting a rustic arch, composed of tamarac logs, in the seat of war. This committee is to be composed of the best location for the proposed arch, which will be surrounded by flags and transparencies, designed to illustrate the aspect of Little York when Governor Simcoe landed here on the 30th July, 1794, when he gave it that title. It is also proposed to have three or four rods of corduroy road temporarily constructed underneath the arch, in order to complete the old time picture. The members of the Committee are Messrs. R.H. Oates, Alex. Hamilton, Wm. Lee, Wm. Barclay, Peter Butty, and Capt. McGinn.

BUY IT.—Robinson's 20 cent edition of "Infelice" by the author of "St. Elmo," a most interesting book. For sale a CRICKET MATCH.—A Cricket match between the married and unmarried men of this village will take place on the Fair Ground, on Saturday, 14th inst.

BOYNE WATER.—The Markham District Orange Lodge will celebrate the 12th of July, holding "a walk" in Markham Village. In another column will be found an advertisement of three colts in pound. If not redeemed, the animals will be sold.

The Richmond Hill Band has been engaged to go to Toronto for the 12th of July. Grand "Walk" there. The funeral of the late Mrs. Jacob Graham of Vaughan, a daughter of Mr. Hugh Devlin, (who was recently a resident of Vaughan,) took place on Tuesday last, and was largely attended.

FIRST PRIZE.—Mr. John Palmer received the first prize for brood mare, in the carriage and roadster class, at the Exhibition held on the 24th ult.,—not the second prize, as was announced in the last issue and in the Liberal.

The Moonlight Excursion, announced to come off on Tuesday evening last, was postponed, on account of the unfavorable weather, to Tuesday, 10th inst.

FAIR.—The monthly fair held on Monday last was not as large as the former one. Cattle sold at fair prices, going as high as \$45. Sheep went up to \$5. Competition was keen, but the number of stock, or crowd present, was not very large.

The next session of York County Lodge I O G T, will be held in the village of Eglinton, on Friday, the 13th of June inst. All members of the Order in good standing are cordially invited to attend. A good entertainment will take place in the evening at which several prominent amateurs have promised to assist.

CHURCH SOCIAL.—A social gathering of the congregation of St. John's Church Oak Ridge, with their friends, was held at Larchmore, the residence of Mr. Hughes, Yonge Street, on Tuesday evening the 3rd, inst., at 7 o'clock. Tea was provided, and various amusements were added to the attraction.

In another column will be found an extract from our Report of the Spring Exhibition held on Saturday last, referring, in particular, to the Toronto Reaper and Mower. Read it.

MASONIC SPREAD.—The retiring Master of Richmond Hill Lodge, Bro. Crosby, gave a spread of crackers and cheese to the brethren on Monday evening last.

VENDOR'S VERY LATEST.—The prophet thus speaks: Judging from the movement of the spring birds, I feel certain we are going to experience a wet summer, with frequent cold relapses and severe frosts, the same condition to extend through a large portion also of the United States. The winter of 1879-80 will be again severe, with heavy snow falls.

It may seem very strange in this enlightened age, but it is true that a local contemporary whose sheet is dated Thursday, speaks of the Wednesday previous as to-morrow, and of the Tuesday previous as to day. This same lively "feuilleton" asks its readers to go to an excursion which it announced to take place two days before the date of the issue in which the request was made.

TRINITY CHURCH PICNIC.—The Picnic held on Friday afternoon last, by the ladies of Trinity Church Thornhill, in Mr. John Langstaff's Orchard, was very well attended. The slight shower in the morning tempered the warm atmosphere, and rendered it rather less unpleasant. Croquet, swings, and other games and amusements were provided, and joyously participated in by those present. The ladies, under whose supervision it was gotten up, have every reason to be satisfied with the success which attended their efforts.

DEADHEAD READERS.—The Berlin Telegraph some time ago commenced the publication of a black or 'dead beat' list, that is to say, a list of the names of those in arrears who will not pay the printer. Commenting on this, the Lindsay Post says: "With a certain class of men this is the only plan that can be pursued, for they will not pay unless they are sued, and probably not then; and the cost of collecting a judgment would be greater than the amount of the account. Publishing their names is the best plan; due care being taken that no honest man shall suffer." There is some truth in the Post's remarks.

This issue of the Herald contains the results of the elections up to the very latest hour. The paper was delayed a short time in order to give our readers the fullest information possible.

FIELD OVER.—A communication signed Z. Y. X. another on Temperance and Prohibition, and a poem from Zopher will appear next week.

AN exchange says:—You can't advertise enough in a week to last a whole year, any more than you can eat enough in seven days to last 365; yet some so called business men and boarding house keepers seem to think so.

BALLOON'S MONTHLY MAGAZINE FOR JUNE.—The June number of this cheap and popular magazine is out, and will be found of unusual interest. It is fresh, and full of the best stories, poetry, engravings, and useful matters; and such a magazine can be welcomed in every family in the country. During the last three months the sales of "Hallow's Magazine" have increased in the most wonderful manner, and they will increase still more as its usefulness becomes better known. The contents for June are: "The Zambesi or Victoria Falls;" "A Chapter on Spiders; Edward the Third of England; London; A Life Lost, and a Life Won; Morning; Strange Links; Song; Red and White Roses; What They Say; Recollections of Other Days; The Chipewya Indians; Early Education and Early Impressions; Winter; A Modern Jack and Jill; With a Melody Mystery; Committing a Felony; Dolly's Lesson; The Beauty's Choice; Mrs. Spencer's Summer Boarders; Our Young People's Story-Teller—My Mother's Husband; Ruthven's Puzzle Page; Editorial Notes; The Housekeeper; Curious Matters; Things Pleasant and Otherwise; Our Picture Gallery (humorous illustrations). Published by Thomas & Tabbot, 23 Hawley Street, Boston, at \$1.50 a year, post paid and for sale at all the periodical depots in the country for 15 cents a copy. Buy a copy and try it.

Granger's Pic-Nic. The Patrons of Husbandry of the Counties of York, Peel, and Simcoe, held their annual picnic on Tuesday last, at Victoria Park near Toronto, where ample provisions were made for their amusement. The trip by rail, from their homes to Toronto was, perhaps, rather more pleasant than the water trip from the city to the Park, but the agriculturalists and their families with their proverbial good nature took the ups with the downs and as they are never, or hardly ever, sick at sea, they did not suffer in consequence of the roughness of the lake. Frequent showers of rain during the day prevented much open air amusements. A good band played various selections. In the afternoon a meeting was organized in main building. Mr. Beatty, Q.C., Mayor of Toronto took the chair and made an eloquent speech on the objects of the order. Eloquent speeches were also delivered by Mr. J. A. Livingstone and Mr. Craddock. Mr. Livingstone spoke strongly in support of a national currency, in favor of which principal those present advocated their views before the meeting separated. A resolution approving of the establishment of a real estate bank was also adopted, and the chairman and a representative from each county were appointed a committee to secure a charter. The day's proceedings passed off very harmoniously and the only improvement which the participants and their friends can desire in future picnics is that they may have less of that, in pleasure, which they so much prize in business, namely; rain.—Mail

FATAL ACCIDENT.—While some children belonging to Mr. Wm. Minogue, of Newmarket, were enjoying the measles with fire-crackers on the Queen's birthday, the clothing of one of his children, a little girl of eight years, was set on fire. Owing to a strong breeze blowing at the time the child was enveloped in flames before assistance arrived and so bad were her injuries that death put an end to her sufferings at an early hour on Sunday morning. This is but another warning to little folks play with fire.

A Trip up Yonge Street, And Jottings on the Way.

Toronto, June 3rd, 1879. To the Editor of the Herald.

SIR,—My wife and I left Toronto for a pleasure trip up Yonge street a short time ago. We were much interested with the improved appearance of the street since we last passed along. We noticed two grand brick dwellings being built, a short distance north of the Deer Park. The next place worthy of notice was the Cemetery. The committee deserved great praise. We called at the Davisville Hotel, and there met a modest young landlord. His attractive manner, a full supply of the needful, and the neat and tidy appearance of his place must draw more than an equal share of patronage. We went on to the village of Thornhill, and had the pleasure of dining at the Queen's Hotel, where we found an attentive and pleasing landlord, fine and well-furnished rooms. We sat down to an excellent dinner, prepared in a short time, equal to the Queen's of the city, showing that the kind landlady is not behind in the management of the business. While taking a walk through the village, my wife was attracted with some fancy goods hanging in the window of the first store on the east side. She went into purchase, and was much pleased with the inside appearance. The lady in charge has a thorough knowledge of waiting on customers, and must draw (from her business faculties) the larger amount of custom. I noticed the Thornhill Hotel, a large and fine building, should be a good place of accommodation. Next to it is a drug store kept by two single good looking young men. I felt a little inclined to be jealous. My wife thinks they must be patronized at least, by the fair sex,—who are not few, and who never use such cant expressions "will you take me for a drive" or "can you see me from the balcony," as they do in cities. I met an old and personal friend, Mr. A. Gallanough, who had not been seen for years. He looks as fresh and healthy as ever. He took great pains in showing us his fine residence, and pointing out the improvements he intends making. I might add, it would be a great boon to the village, if it had a few more such energetic business men. At the north of the village is a large brick hotel, and from the sounds of the piano, fiddle and sweet voices of the inmates, it must be a place of harmony and enjoyment.

I went on to the next village, Richmond Hill, and drove to the Palmer House, which is the finest hotel north of Toronto, erected at the cost of \$6,000. It is kept and furnished in the same proportion as the cost. Mr. Palmer, for the convenience of the village, runs a daily omnibus to Toronto. I must not forget to notice an advertising desk in the front room, which cost \$200. It was placed there by Mr. Barney Patnee, who deserves great credit, and I am pleased to state that the people have appreciated it by advertising largely. I would like a space, but "my wife objects." Mr. Treneh, opposite the hotel, has lately erected a large shop,—consisting of blacksmith, wood and paint shops, with a show room in front. I see by tickets on the carriages that he has taken several prizes at Richmond Hill Show held on the 24th of May. On the south is a large hotel kept by the Cosgrove Bros, who keep a first class house, and are well liked by the travelling community. An omnibus is run from this hotel, to meet Northern Railway, north and south, by Messrs. Proctor & Son, Agent for the Toronto Reaper & Mowing Co. Mr. Chas. Chamberlain is erecting a large brick hotel, which, according to the plan will be a grand building, and will greatly add to the appearance of the village.

On the way home, I noticed the large and well cultivated farms. The farmers may expect this year to reap a rich and abundant harvest.

TRAVELLER.

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal ailment by keeping ourselves well fortified with pure blood and properly nourished frames.—Civil Service Gazette.
