

Markham Village.

(From our own Correspondent.)
Markham July 21st 1879
This village has improved during the past few years. Some fine residences have been erected at heavy costs. Business is still on the increase since the National Policy. The storekeepers have added largely to their supply of Goods, and decided improvements have been made in the outside appearance. Business men claim a great advantage by having the Nipissing Railway running from Toronto, and the station so near the village. At the station you will see daily, a large number of Mowing and Reaping machines, seed drills, horse rakes, ploughs and other implements useful for the farmer's use. I must state after looking at the machines, that the Toronto Company are taking the lead. The agent told me that he has sold forty-five machines, also the one at Richmond Hill, over seven thousand dollars worth. This speaks well for this enterprising company.

I notice the Commercial Hotel, a large and commodious building at the north end of the village, kept by Mr. William Marr. This house is granted license, and in consequence has been thoroughly refitted in every respect. Parties travelling would do well to call at the bar and meet the attentive and pleasing landlord, and then to the dining room where every delicacy of the season is provided and served up in the first class style by the kind landlady. Speight & Son, run the "Novelty Works." It is worthy of one's time and attention to be shown through the different work shops. The firm so far have turned out over 200 waggons, and expect to manufacture as many more, besides the other lines in connection. It has a contract for furnishing a very large number of carts for the Northern Pacific Railroad.

An arbitration took place on Friday last between Mr Armitage, Baker and Mr Lawler. The arbitrators were men of business and sound sense, and therefore settled the dispute satisfactory to both parties concerned. A gentleman that keeps a provision store, and that had pure aged 20 bushels of new potatoes the evening before, was very much surprised the next morning after opening out to see on the fence north, a number of pigeons (as he supposed); he ran in to get the gun, but memory charged him that he had lent it, he grabbed for a broom handle, made for the fence, and knocked the waterfowl off. What do you suppose the afflicted turned out to be? Potatoes bugs watching for the potatoes. Those learning to smoke cigars should be careful when the had gets dizzy where they throw them. A young man the other evening threw one from an upstairs window, and it lighted on a forty-dollar thread quilt. The servant happened to come out and prevented much injury being done.

At the last Division Court at Markham Village, Mr Murphy, Barrister, of Toronto sat on the Bench. His Honor, Judge Boyd, being absent on a trip to England. The docket was not very large, but we noticed that Mr. Harry Hill, Barrister of this place was engaged in almost every case. The Standard Bank is doing a large business, and is not only patronized by parties in this village but by energetic merchants and farmers in and about Unionville, Stouffville, Ringwood, Brouham, Whitevale, Armandale, Agincourt, and Elmsmere. It is due to the trustworthy attention of the agent, Mr. F. A. Ressor.

It is an old saying that "a prophet hath no honor in his own country" and that there are great many grains of truth in it. Few among us will be ready to realize the fact that we have a poetical Dante in our midst redolent with the aroma of true poetry. Like the flower that is born to blush unseen and waste its sweetness on the desert air; too long has one suspected muse been left to languish on Parnassus' steep and we trust we may be pardoned if unauthorized we introduce these impromptu stanzas of our local bard to an appreciative and discriminating public.

ODR FIRST.
To The Workman.
Oh! ye sons of toil
Do not at labor recoil,
Pursue your daily labor,
Which will yield meats of savor.
The rich court dusty dishes,
Ye have riches not contained in breeches.
Ye are men of mind
Who scorn jumpy behind,
Men who can to their duty
Without becoming giddy.

ODE SECOND.
To The Rich.
"Save, Thine-pleas and Divines of yore
All right be kind to the aged and poor,
To the poor in mind and body,
Make them even your study.
Let it be your morn and evening prayers
Not to slightly pass their cares,
As riches ebb and flow,
So troubles never ebb or grow.
Let us learn to be kind to each other
And treat each fellow man as our brother."
Both the foregoing are from the pen of Henry Reesby, Esq. Yonge street, a reveler in poetic fields.—Advertiser

ATTEMPTED BURGLARY.—On Monday morning last about 2 o'clock the house of Major Gray, the Reeve of Parkdale, was broken into by burglars. This gentleman was disturbed by the creaking of a door and immediately came down stairs to ascertain if it was any of his children about, but finding a window open and other evidences of a forcible entry having been made, obtained his revolver and inspected the premises, but the intending thieves had been too quickly disturbed in their visit and left behind on the grounds the goods they intended to carry off, getting clear away in the darkness through the trees on the grounds at the south-east of the house, amongst which the Reeve fired two or three shots in order to let them know what to expect should they decide on another nocturnal visit.—Advertiser.

THE GREATEST WONDER OF MODERN TIMES.

HOLLOWAY'S PILLS & OINTMENT

The Pills purify the Blood, correct all disorders of the Liver, Stomach, Kidneys and Bowels, and are invaluable in all complaints incidental to Females.

The Ointment is the only reliable remedy for Bad Legs, Old Wounds, Sores and Ulcers of how-ever long standing. For Bronchitis, Diphtheria, Coughs, Colds, Gout, Rheumatism, and all Skin Diseases it has no equal.

BEWARE OF NEW YORK COUNTERFEITS.

I must respectfully take leave to call the attention of the Public generally to the fact, that certain Houses in New York are sending to many parts of the globe SEVERAL IMITATIONS of my Pills and Ointment. These frauds bear out their labels some address in New York.

I do not allow my medicine to be sold in any part of the United States. I have no agents there. My medicines are only made by me at 53, Oxford Street, London.

In the books of directions affixed to the spurious make is a caution warning the Public against being deceived by counterfeits. Do not be misled by this audacious trick, as they are the counterfeits they pretend to denote.

These counterfeits are purchased by unprincipled Vendors at one-half the price of my genuine Pills and Ointment, and are sold to you as my genuine Medicines.

I must earnestly appeal to that sense of justice which I feel sure I may venture upon asking from all honorable persons, to assist me, and the Public, as far as may lie in their power, in denouncing this shameful fraud.

Each Pot and Box of the Genuine Medicines bears the British Government Stamp, with the words "HOLLOWAY'S PILLS AND OINTMENT," engraved thereon. On the label is the address, 53, OXFORD STREET, LONDON, where alone they are Manufactured.

Holloway's Pills and Ointments bearing any other address are counterfeits.

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep these American Counterfeits for sale, will be prosecuted.
