High Schools and Collegiate Institutes

It is not only interesting to the trustees and parents or friends of the pupils attending our schools to compare their progress with that of other institutions, but it is also instructive, and gratifying in a great degree, when by such comparison it can be seen that the Richmond Hill High School stands very high amongst its fellows, and on certain points holds an equal position with the best Collegiate Institutes in the Province.

ROADSTERS.—1st prize (\$15) J. Palmer's "Dell Wait," from Erin Chief stock.

This was considered by all to be the finest animal, in its class, on the ground. Both in style and speed it had no rivals, and was much admired as it trotted around the ring.

Palmer also took 2nd prize (\$14) for "Frank Aliston" a young stallion, large and well built, which gives every indication of making a first-rate trotter.

Clean your Barley.

The following standard has been adopted for the inspection of this year's crop of barley.

No. 1. To be bright and well cleaned, and to weigh not less than 49 lbs per Imperial bushel.

No. 2. To be reasonably bright, to be sound and well cleaned, and to weigh not less than 47 lbs per Imperial bushel.

No. 3. To be sound and well cleaned, and to weigh not less than 46 lbs per Imperial bushel.

All barley weighing under 46 lbs per Imperial bushel, will be classed as "ungraded."

Our farming friends will see that barley must be well cleaned to pass inspection, and that by extra cleaning much of their crop will pass to a higher grade by adding 1 lb to the weight per bushel.

Mr Sivers will shortly have in a splendid stock of boots and shoes. Which will be disposed of at the lowest prices. His new Adv. will appear in a short time.

CRANBERRIES.—This fruit is said to be very plentiful along the Holland River.

Parties are out picking almost every day.

WELL BORING.—Messrs Cane & Sons are down about 150 feet with their well, but have not found sufficient water as yet.

Large quantities of gas are struck from time to time which burns freely on a match being applied.

GOOD TIMES COMING.—On the 13th inst., a book canvasser fell down the depot stairs in Aurora, and broke his leg, an insurance agent in Schomberg lost two fingers in a hay-cutter, and a tree-peddler in Newmarket was knocked down and run over by a meat cart.

We propose that the 13th of September be made an annual holiday.

FATAL ACCIDENT.—A man named Richard Mullen, assistant engineer in Thompson, Smith & Son's sawmill, Bradford, was killed instantly, a short time ago.

The gang-saw had been stopped for the purpose of oiling, and when the engineer attempted to start the machinery, it was impossible to do so, and an examination it was found that the poor fellow's head was crushed under the fatal of the gang. Deceased leaves a wife and three children to mourn his loss. No blame is attached to any of the other hands.

NORTH YORK TEACHERS ASSOCIATION.—The next meeting of the above Association will be held in the First Division Room, Newmarket Public School, on Friday and Saturday, the 17th and 18th of October next, commencing at the usual time.

The services of Dr. McClellan, H. S. Inspector, have been secured when he will deliver a public lecture, on the evening of Friday, in addition to the general work of the Association; Subject will be announced on a future occasion. The following is the programme: Analysis, part of "The Traveller," Jas A Brackin; Object Lesson (with class), Miss M J Thompson; Reading, V. Cook, page 328, Mr McMahon; Arithmetic I & II Examination Papers, 1878, Mr Degeer; Essay, "Essay 'Order Cleanliness, &c. in the School Room,'" W F Mootie.

A HARD CASE.—Mrs. Harvey, a poor widow with a large family of little children, was ejected from a miserable tenement on Gorham Street that she had inhabited for some time past, with her family, for non payment of rent.

The affair took place on Wednesday last, and the poor creature had no roof over her head, and we understand, nothing to provide one for herself and children. She appealed to Deputy Lloyd, who provided her with lodging for the night at Mitchell's Hotel. The case is a sad one. Her husband died two years ago, of consumption, and left her in utter destitution. She is said to be of delicate health and unable to support her family. This is the duty of the Council in this matter.—The Reform.

CATHOLIC PIC-NIC.—The Catholic Picnic held at Schomberg on Wednesday 10th inst., was not attended as well as formerly. Dancing, games, music, eating, singing etc., helped to pass the time pleasantly. Lubar's string band, of Toronto, supplied the music. Amongst those present were Rev. Fathers Egan of Caledon, Keane of the Gore of Toronto, Shehan of Toronto, and McSpirth of Adjalla, Dr. Widdifield M P P North York, Dr. Robison M P P, Cardwell, Francis McGerrity J P, Garret Brown J P, Michael O'Neil Sen. J P, George Hughes J P, and Messrs B F Brown, Michael O'Neil Jr, M Treanor, P Keane B Doyle, G Hanlon, Mr Burke (Deputy Reeve of Adjalla) and a large number of the prominent men of Cardwell. Father Mullen, the esteemed clergyman of the Parish, devoted his whole time to the entertainment of his numerous guests.

From Aurora Lib, Conservative

The Aurora grain market has already opened, and gives promise of being a good one during the season. One or two more buyers are yet expected.

We are pleased to note that Mr. Baldwin, proprietor of the Aurora flouring mills, shipped three hundred barrels of flour for Montreal market, on Friday last. We believe this is the first shipment of the kind for a number of years, but trust it will not be the last.

Mr H P Smith, of Gormley, his heart overflowing with the milk of human kindness towards the printer, called early on Monday morning, and left us some excellent samples of plums and apples; the plums being of an exceptionally fine quality. May his shadow ne'er grow less.

What might have proved a fatal accident happened to Mr Albert Petch, on Saturday last, at the new P M brick parsonage, now in course of erection in this village. He had carried a bunch of shingles to the roof, when a peat, against which his feet rested, gave way, precipitating him to the ground, a distance of twenty feet. Fortunately for Mr Petch, he alighted on a sand-bank, which in part broke the fall, other his neck would likely have been broken, as he fell upon his head and shoulders. He was rendered unconscious, but we are glad to learn that he is now recovering.

We understand Mr Wm. Major is just in receipt of a challenge from Mr. Lundy, of Newmarket, for a \$25 match race between North Star and Major's horse, Billy Kellett. The place of meeting has not yet been definitely settled; but considering the state of the two tracks, Aurora will likely be chosen. As there has long been a rivalry in connection with these horses, the present race will be apt to settle the matter as to the superior one.

While a son of Mr Jos. Bond, store-keeper of this village, with some other boys, were endeavoring to make some cider in a mill belonging to Mr Roberts, last Friday, his right hand caught between a couple of large cogwheels, when the fourth finger was mashed to a pulp. He was immediately removed to the residence of Dr. Rutherford, where the wounded finger was amputated above the third joint. The little fellow is reported to have displayed remarkable courage, not even wincing during the painful operation.

Pullman's Great Confederation Show which will exhibit in Markham, on the 22nd inst.

MARKHAM FALL SHOW.—The East Riding of York and Markham Agricultural Societies Fall Fair, to be held at Markham, on the 2nd and 3rd Oct. next, should, and doubtless will, be equal in entries and visitors to any hitherto held in the Riding. The crops are good, and samples of grain, fruit and roots this season are remarkably fine; stock of all kinds are looking well; hence there is nothing to prevent, and everything necessary to make it a splendid show. Every farmer should make it a point to exhibit something. The Markham Fall Fair has for years occupied the position of being the best Riding fair in Ontario, outside of towns. That reputation should be sustained. The material is in the country, and all that is required is for officers and exhibitors to keep the matter before the public. Exhibitors should make entries at once; a little active work on their parts, just now, will make the fair a grand success.—Economist.

PERSONAL.—Capt Reesor returned home from Manitoba on Tuesday last. He is looking well. He speaks very highly of the Agricultural resources of that country. He has been brought out as a candidate for the Local Parliament for the Electoral Division of Mountain, and believes his prospects for election are excellent. He intends to return in a few weeks, taking with him a large quantity of stock, to make that country his permanent home.

Toronto Exhibition.

ITS CLOSE AND SUCCESS.

During the Exhibition the visitors who paid at the gates numbered 100,000; the subscribers and the holders of exhibitors' and complimentary tickets aggregated 50,000; and the aggregate entrances of exhibitors and attendants numbered 50,000, making a total of 200,000 visits to the grounds. Of course many people attended more than once, so that the number of different individuals would be less than that grand total. The gross receipts from all sources since the opening of the Fair up to about \$52,500. About \$20,000 have been expended for prizes and \$20,000 on general expenses, leaving a margin of \$12,500 to apply on capital account, or 50 per cent, of the expenditure on buildings. This sum, it may be mentioned, far exceeds the amount expected by the Association, and leaves them in a good position for next year. The amount coming from the glass bank alone is \$1,200, or two fifths of the whole proceeds of \$3,000. The expense of erecting the building was \$500, leaving a good margin of profit.

On Saturday, as Mr John Lander, of Deer Park, was thrown out of his buggy. His head was in some way caught between the side of the wheel and the ground, and he was dragged along in that position for some distance, the left side of his head rubbing against the road. When taken up it was found that he had received many ugly wounds and bruises on the head, his left ear being torn almost off. Dr McConnell, who was called in, said the ear would have to be removed, but Mr Lander refused to have this done, when the doctor dressed his wounds in the best way possible, and he was driven home.

THE OUTBREAK AT HERAT

LONDON, Sept. 20.—Particulars of the outbreak at Herat state that the troops of the garrison plundered and burned the Governor's house and murdered the commanding General, who was a friend and supporter of the Ameer. The affair throws suspicion upon the loyalty of Ayob Khan, brother of the Ameer.

A Lahore special says the Afghan tribes occupying Gundamak threaten Dakka.

The Cabul rebels are levying forced loans on merchants.

CALCUTTA, Sept. 20.—The Viceroy of India, has received a letter from the Ameer, of date Sept. 16, enclosing a report from his brother, Ayob Khan, about the outbreak at Herat. Three regiments participated in the mutiny, because they had been ordered to march to Kohistan, where disturbances had occurred. Ayob Khan, asked to be allowed to resign his command. The Ameer hopes shortly to regain control, when he will exhaust his resources in maintaining faith with the British.

LONDON, Sept. 21.—A correspondent at Ali Akhey reports that an important embassy has arrived from the Ameer of Afghanistan, bringing assurances of his fidelity. A holy war is being preached in the Khost Valley and among the Mongolians. Great preparations are being made by the rebels, and vigorous resistance may be expected at Cabul.
