Dominion is simply enormous, and the could be made to the whole country by good, they would agitate unceasingly, not only for the abolition of Senates, but also for a Maritime Union. One Legislative Body should and could take the place of the six bodies now existing. This would reduce the cost of government to one third of what it now is, and adding thereby to the prosperity of good time for taking the first step in these Provinces, mitigate what they are this direction. Delay would be dangerprone to consider the evil results of Con ous. The cry of invested capital will federation.

Settled at Last.

The contest between the Credit Valley Railway and the GTR and Northern has at last been settled. The Nor. son of the retaliatory features of the thern has offered the Credit Valley the new tariff." use of their road as an entrance to the city of Toronto. The terms will be settled between the Companies or by arbitration. Although it was but natural that the N R R and G T R should seek to hamper an opponent as much as possible, yet there is such a United States;" thing as crowding an opponent too hard, and thereby inflicting injuries on themselves. It is much better for all con cerned that the matter has been compromised, Had the opposition been continued to the bitter end, there can be no doubt but that the two Companies crusing such, would have had reason to greatly regret their actions, in the curtailing, and probably abolition, of privileges and claims which they are
