

POST OFFICE NOTICE

Until further notice, Mails will be closed at the RICHMOND HILL POST OFFICE AS FOLLOWS: MORNING: Going South, West and East, including Maple, Thornhill, Toronto, Markham, &c., at 7:30; Going North, at 7:30. EVENING: Going South, West and East (as above) at 7:30. N.B.—Registered Letters must be handed in at least Fifteen Minutes earlier than the above mentioned hours for closing. Richmond Hill Post Office, M. PERRY, May 19th 1880. Postmaster

NEW ADVERTISEMENTS

Tenders for Rolling Stock.—F. Braun

The York Herald. THURSDAY, JULY 1, 1880.

DOMINION DAY.

How it will be spent.

WHERE TO GO. WHAT IS GOING ON.

The custom of celebrating the 1st day of July seems to be growing more in favor every year. Nearly every village in this and neighboring counties, of any pretensions whatever, are making great arrangements to commemorate the Anniversary of the Confederation of the Provinces now comprising the Dominion of Canada.

RICHMOND HILL.—NEW PRESBYTERIAN CHURCH.—CORNER STONES.

Below we give a short sketch of the attractions provided in the different towns. But there is no occasion to leave this village in order to find a fitting opportunity of celebrating the day. Our Presbyterian friends will lay the corner stones of their new church on Dominion Day, at 3 o'clock p.m. Rev. Principal Cavan, of Knox College, Toronto, and Dr. Langstaff, Reeve of Richmond Hill, will perform this interesting ceremony. Immediately afterwards tea will be served in the Masonic Hall, by the Ladies of the congregation, and judging from former entertainments of a similar kind this part of the day's proceedings will be well patronized.

In the evening a grand musical and literary entertainment will be given in the Masonic Hall. Miss Brokovi, the talented and popular Vocalist of Toronto, has been secured for the evening. Miss Newton, of Richmond Hill, will give one of her popular readings. Brilliant addresses will be delivered by the following distinguished gentlemen:—Revs. Principal Cavan, of Knox College, Toronto; H. M. Parsons, Knox Church, Toronto; late of Buffalo; J. Kirkpatrick, Cook's Church, Toronto; late of New York, and others. Choice selections of music will be rendered by the choir. Ten, 25 cents. Concert commences at 7:30. Tickets 30 cents. Tea and Concert 50 cents.

THORNHILL

There will be a number of picnics at at Thornhill this year. The Methodist, Presbyterian, and Catholic Churches have announced different entertainments for the day and evening. The Catholic Picnic, under the management of Father McInley, has always been a grand success, and this year promises to be the leading attraction in that village. Those who attend may feel assured of enjoying a very pleasant time. Everything has been done to render it a success. Those of our readers who intend visiting Thornhill should not fail to attend the Catholic Picnic. In the evening there will be a Social Entertainment.

MARKHAM

will have athletic sports, etc., during the day, and a Pinafore Concert in the evening.

VICTORIA SQUARE

The Methodists will lay the Corner Stones of their new church. Mrs J Metcalfe, of Eglington, and Mr A Kent, of Toronto, will perform the interesting ceremony. The Revs. S. Hunter, Toronto; J. Metcalfe, Eglington; W. Hunter, D. D., and W. Briggs, Toronto, and the circuit ministers will assist. Dinner and tea in Stoutenburg's grove, and a grand Concert in the evening.

7TH OF KING

The usual town-line picnic will be held in McMurchie's Grove. Dancing, horse racing, jumping, etc., will constitute the programme. Prof Collins, of Thornhill, has been engaged, we understand to manipulate the musical instruments.

AURORA

has two days races, commencing on Thursday, 1st July. Many of the finest trotting and running stock in the country will be on hand. The York Rangers are in camp there.

NEWMARKET.

Father Harris' Pic-nic and Athletic Games will be held in Newmarket. This Picnic always draws a large crowd and everything is managed in a satisfactory manner.

BRADFORD

will indulge in tight rope-walking, Calistumpians, a two-hour go-as-you-please walking match, a base ball match between the St Regis Indians and a white team, and the usual athletic sports. Dancing in the Drill shed, and fireworks in the evening. D. C. Ross, of Nova Scotia, a heavy-weight Champion, and a noted wrestler, will endeavor to wrest the all-round Champion Belt from E W Johnston, who is the best jumper in Europe or America. J Steadman, the N. S. Giant will also take part.

BARRIE

will have Calistumpians, Boat Racing, and a Grand Torch-light Procession. The Volunteers will have a grand review, and the St George's Societies will walk in procession. A Lacrosse match will also take place.

ORILLIA

There will be an excursion from Toronto

and all along the line to Orillia and Couchiching, for \$1, under the auspices of the Toronto Odd Fellows.

In COLLINGWOOD

there will be an immense time. A Grand Fireman's Tournament, at which 13 Brigades will be present. Large prizes are offered for competition between the different Companies. Excursions to all points will also take place. In the evening there will be a grand concert and torch-light procession.

TORONTO.

There will be a Lacrosse Match during the day, and a grand display of fire works in the Horticultural Gardens, in the evening by Prof Hand.

N. R. R.,

will issue return tickets on Dominion Day at single fares. On Wednesday, good to Friday, for one and a third fare.

MILLIKEN.

(From our own Correspondent.)

After a long season of mud and mire, "Bright Summer comes along the sky. And paints the glowing year; When'er we turn the raptured eye, Her splendid tints appear."

Our highways have gone through their usual course of repair, on account of which they have for some time been rather rough, but they can now be travelled on with comfort.

The Granger's excursion to the Model Farm, Guelph, is our latest sensation. Whether anticipating a visit from the Ontario Commission, or a call to appear before them as witnesses, we know not, but at any rate, our Model Farmers have concluded to abandon the cultivation of Mustard and the Canadian Thistle, as being altogether unprofitable, both for home consumption and exportation, even with the great advantages of the N. P.

In a few days the mower will be in motion. The Fall wheat and hay are not up to the average, but the Spring crops look promising. The spring wheat is yellow in the blade, but is not likely to injure the crop.

The weather is all that could be desired for the thorough cultivation of summer-fallows.

NOBLETON.

(From our own correspondent.)

One of the heaviest rain storms known for years, passed over Loch Erne about noon on the 28th of June, carrying away a great many small bridges in that vicinity, and raising the water in the lake to an unusual height. On the 10th of Nobleton, the wind blew a regular hurricane, destroying two barns belonging to Mr George Chamberlain, having a lot of splendid implements stored in them, they were completely demolished. At Nobleton there was a very light shower.

The coming anniversary of the battle of the Boyne will be celebrated in Nobleton this year. A very large turn out is anticipated. The following very talented speakers are expected to be present, viz.: Rev. Rural Dean Osler, Rev James Carmichael, Rev. Mr Cattencher, Rev. Mr Loward and Dr John Mahaffy.

Everybody in the village of Nobleton is preparing to go to the 7th con Vaughan on Dominion Day to see the fun. A large gathering is expected. There will be three or four bands in attendance.

A Magistrate's Court was held in Nobleton on the 26th June. Wm. Train of Vaughan, was jerked up for assaulting an old man, by the name of Green. The case was dismissed, each party to pay half the costs.

Nobleton Brass Band, held a Strawberry Festival in the Temperance Hall, on July 3rd at 6:30 p. m. Music by Nobleton Brass and String Bands, Songs, Recitations, etc.,

NEWMARKET.

(From the ERA)

ON DIT.—It is rumored that Mr. Fleury of Aurora has some notion of purchasing the old jail property of York County, in Toronto, as the site of his proposed works in that city.

THE CROPS.—Mr Soneca Doan, of Yonge street, writes us as follows:—"I have been travelling Westward as far as London. The crops appear short and thin from London through to St Thomas; but through Yarmouth, Malahide, Bayham, Elgin Co.'s the fields look splendid. Fall Wheat, in particular, I think I never saw better—and a great breadth sown. There was also a large show for fruit; and as far as I went along Lake Erie, the peach crop indicated great abundance."

PERSONAL.—Mrs Robt. Robinson of this place, left here for Manitoba, where she goes to join her sons who have preceded her to that Province—intending to make it her future home. Mrs R and her daughter carries with them the good wishes of many warm friends in this neighborhood.

ACCIDENT.—While a young man named Cain was assisting to unload some hay at Hulse's Livery Stables, on Wednesday, one tine of the fork he was using accidentally caught on a tuft of hay and the other turned around and ran into the calf of his leg as far as the bone. No serious result is anticipated.

IMPROVED STOCK.—Mr Matthew Risebrough, of Lot 3, in the 8th Con. of East Gwillimbury, has a calf six months old, which he purchased of Mr E Cooper, of East Whitby, and weighs 616 lbs. It is a thorough-bred Durham—color, red roan. This evidence of enterprise in the improvement of stock on the part of Mr Risebrough, is very commendable, and worthy of imitation. Good stock always pays. It costs no more to keep them than inferior animals while the return is far more remunerative.

The Oak Ridges English Church held a picnic at the residence of Mr Hughes, on Tuesday evening last. There was a good attendance, and a nice little sum of money was realized, which will be expended in improving the Church.

Any person desirous of investing in real estate in this village are offered an excellent opportunity. See advertisement on the third page.

LOCAL ITEMS.

Wednesday next 7th inst., the regular monthly cattle fair will be held in this village.

The examination for entrance to the Richmond Hill High School took place on Tuesday and Wednesday.

There are some thirty candidates for admission to the High School.

EARLY.—We issue the HERALD a day earlier than usual this week, in order to celebrate the 1st of July.

The band practise occasionally during the week. Four of the members have been engaged to go to Hamilton on the 12 of July. There will not be any celebration in Toronto.

The Rev. Mr Addison, the minister recently appointed to this circuit of the C M Church, will preach next Sunday morning and evening, in the Masonic Hall.

A GOOD JOB.—Mr E Glover, who took the contract for plastering Palmer's new block on Yonge street, and his new kitchen, has done his work in an excellent manner, creditable to the contractor, and his workmen, and which cannot fail to please the owner of the buildings.

CARELESSNESS.—Toronto Post Office officials should exercise a little more care in mailing letters. A gentleman, in this village, received a Toronto letter the other day, four days after it was mailed; The Clerk had sent it to Owen Sound by mistake.

Business is booming at the Richmond Hill Carriage Works. The hands in Trench's shop, wood workers and painters are working over time night and morning. On Monday last some of them commenced work at 4 o'clock a.m. May business continue to increase, even if we have the N. P.

WATER FROM BOND'S LAKE.—Mr. Chas. Chamberlain will undertake to supply Richmond Hill with water from Bond's Lake, for hotels, houses, and fire protection purposes, for the sum of \$1,200, the village to pay him that sum when the work is completed. Charlie should have spoken sooner, when we had such a lively time about the hand fire engine, but it might be done yet, if this village keeps on growing the way it has for the last few years.

Somebody has been feeding the Economist man with mud-turtle soup, and he fills nearly half a column with a glowing account of the fact, which he describes as a "Royal Supper." He might have had many similar feasts, long ago, if he had known he was so fond of such things, for we got tired of them some time since. The mud-turtle was reared by Capt. Milne, of Rouge Mount, who presented it to him for the occasion.

THE OLD SPOT.—This week we issue the YORK HERALD from the old stand, where it flourished and grew up for nearly a quarter of a century. We will be pleased to see our friends, and show them all about the establishment from one end to the other, whenever they wish. THE LIBERAL man says he does this, and you might as well be dead as out of the fashion.

PRESBYTERIAN SOCIAL.—The Strawberry and Ice-cream Social held in connection with this Church, in the Masonic Hall, on Friday evening last, was all that could be desired and was far more successful, financially, than was anticipated, there having been so many socials and entertainments recently. The dining hall was well filled all evening. The strawberries and ice-cream tasted deliciously, and the bouquets were eagerly (?) sought after by the young men, at least every one of the sterner sex wore a bouquet, and many wore several, which, of course, represented so much cash in the hands of the ladies who were selling them. The band played at intervals for an hour or so, and everything passed off nicely and pleasantly. The receipts amounted to \$65.68, which will be applied to the new church.

TUMBLING.—A circus performer, in the contortionist line, visited this village on Monday evening last, and gave an exhibition of his agility in front of Palmer's Hotel. He stated that he belonged to a circus, but had laid off through sickness for some time, and was now on his way to join Cole's Circus at Buffalo, making a few dollars as he went along, to pay expenses. His feats were most astonishing, and showed that he was either a rubber man, or a thoroughly trained and skillful performer. He collected over \$2, and his show was worth it. A number of persons were quite willing to stand and eagerly watch the performance, but when the hat came around they slunk off. Mean!

THE TRIALS OF A POUND-KEEPER.—A few days ago, Mr Hopkins horse took a ramble up Mill Street, and the Pound-keeper in some mysterious manner got on its track. When he sighted the animal, there was a placid smile on his amiable countenance, and a humorous twinkle in his eye, as if he were estimating how much feed he could stow away in the horse, before the owner got him back. He slowly and carefully drove him towards "the fort," according to the By laws, allowing a little playful gamboling on the way, as if he were saying to himself "all right my fine fellow, you may kick up your heels now, but your ultimate destination is the pound,"—at least that is what an amused spectator thought. But the horse had a different view, and when he came opposite his stable door, wheeled in and disappeared. The pound-keeper gazed sadly and solemnly into the place where the horse went, and as he thought of the trouble he took to bring the horse home, he heaved a deep sigh. Hearing some small boys laughing at him, he pretended he was satisfied with the result, and carefully shut and locked the door. Now, who says that a pound-keeper's life is all pleasure and profit. He has his cares and trials the same as other men.

Village Council.

A Lively Meeting.

ALL ABOUT THE POUND QUESTION.

JORDAN RESIGNES.

The Council met on Monday evening, June 28th, 1880. The Reeve in chair. Present, Counsellors Redditt, Duncumb, and Pugsley. Minutes of last meeting, read and approved. Councillor Crosby entered and took his seat.

John Wakefield, use of scraper \$2. do do coming after do 1. Daniel Sinclair, tramp, 25cts. Moved by Redditt, seconded by Crosby, that the above accounts be paid.—Carried.

James Brownlee agreed to take care of the Engine, Hose, Reel, and keep in good repair to the end of this year, for \$20.

On motion of Councillor Duncumb, sec. by Pugsley, the tender was accepted.

Richard Jordan handed in a communication asking the Council to make different arrangements about keeping the pound, or take it away from him by the last of December, 1880.

NEW MUNICIPAL MANUAL. Coun. Redditt moved, sec by Coun. Crosby, that the Clerk be instructed to procure the latest edition of a municipal manual, issued by a Mr Joseph.—Carried.

WATER TANKS. Coun. Pugsley moved, sec. by Coun. Redditt, that the Committee on Fire and water procure eight new tanks, and have them sunk where necessary.—Carried.

Inspector Bricknell thought Mill St. near the Catholic Church, needed repairing. The Reeve thought the committee on streets, had better inspect the street.

Mr Goodyear thought Mill street, from Yonge street to the Mill Pond, could be put in proper repair for \$30. He broke an axle there this year, and two last year, if he broke another, he would sue the Council. He agreed for the sum mentioned, to repair and grade Wright St to Hall St, and thence to Mill St, and Mill from Yonge to the Mill Pond, the road to be crowned on an average about 1 foot; the ditch to be cleaned out where necessary, and complete the work in a satisfactory manner, or ask no pay.

Moved by Coun Crosby, sec. by Coun Redditt, that this offer be accepted.—Carried.

On motion of Coun. Pugsley, sec. by Coun. Redditt, Inspector Bricknell was instructed to repair and grade Centre St., east of Church St; also west of Elizabeth St; and Vaughan and Richmond Sts., and to repair culverts wherever necessary.

Mr O McKinnon stated to the Council that a ditch on Church St. between Church and Parliament, needed repairing. The Council agreed to inspect this street on Tuesday night, next.

LOCK-UP. The committee on Lock-up reported. The chairman, Dr Langstaff, said that when at the County Council, he was informed that this village could not get a grant from the County, unless a petition to that effect was signed by the magistrates in the neighboring townships, as was done in the case in Newmarket. The townships would therefore have the use of the lock up.

Coun. Duncumb, visited Barrie, Holland Landing, Newmarket and Aurora. He thought a lock-up could be built for \$150 to \$200, suitable for this village.

As the committee did not seem able to find a suitable place for erecting a lock-up, Coun. Redditt said he was willing to have it built on his lot, if he kept the key, and he would charge so much per head for each prisoner.

The matter was laid over to next meeting.

THE CLERK STATED THAT THE POUND-KEEPER SAID THAT HE WANTED THE COUNCIL TO SUSTAIN HIM, IN CARRYING OUT THE BY-LAW.

On enquiry by Mr Duncumb, the Clerk stated that no doubt the Pound-keeper referred to the action of Dr. Langstaff, in taking away a cow.

The Dr stated that he acted as a private individual, not as Reeve. He claimed that Jordan had violated the law.

Coun Redditt, "We have nothing to do with the action between Dr Langstaff and Jordan, we have simply to uphold Jordan in carrying out the By-law.

The Reeve stated that he intended to prove that his cow was not running at large, and the Council had nothing to do with it.

The Clerk stated that it was necessary to give instructions to the Pound Keeper, but he would not feel it to be his duty unless the Council so instructed him.

Councillor Crosby stated that he would leave the interests of the village, and the pound in the hands of Mr Pugsley and the Reeve. As there seemed to be such a strong opposition against his resolution and it was being made a personal matter, he would withdraw it.

The Reeve said that he was carrying on this action with the Pound-keeper as a private gentleman, not as Reeve, and the Council had no right to interfere in the matter. He did not wish to upset the By-law, but to show that Jordan did wrong in taking his cow. His son was driving two cows to pasture and one ran in the orchard. The boy went into the orchard, and tried to get the cow out, leaving the other cow going on down the road. Jordan came along and walked the cow off to pound. That was the whole case, as his son told him when he came home.

After considerable discussion, Coun. Crosby moved that whereas it is necessary that this council should use legitimate means to enforce the By-laws of the Corporation, and sustain its duly appointed officers in the discharge of their duties, he therefore resolved that the village Clerk is authorized and instructed to render such service as may be necessary to aid the officers whose duty it may be to enforce the village By-laws.

The Reeve objected to the resolution, as he thought it was calculated to injure his case in law, which he expected would soon be tried.

The Reeve moved that the Clerk be instructed to give the pound-keeper instructions as to what his duties are.

Redditt thought it would be found very inconvenient if the pound was done away with.

Coun Crosby thought Coun Pugsley was doing all he could to do away with the pound.

Coun Pugsley said he was not. He would not support Crosby's resolution; he believed letting Jordan fight his own battles. If he didn't know enough law to defend himself, let him find out.

The Council adjourned to 26th July.

York County Council.

REPORT OF FRIDAY'S PROCEEDINGS.

The Council met at 10 a. m. Friday morning. Acting upon the recommendation of the Engineer, a sum of \$100 was voted to repair the bridges and roads approaching the county of Peel, providing that county gives a like sum. Mr Chas Hamby, Deputy Reeve of King, was appointed commissioner on behalf of the county of York. By-law No 378 of the township of Scarborough, and By-law No 632 of the township of York passed respectively Nov. 24th, 1879, and Feb. 1880, were recommended to be confirmed, and the necessary authoritative by-laws were passed.

MAINTAINING THE POOR. This report stated that during the year 184 persons received municipal aid. Of these receiving aid 98 would be benefited by the establishment of an Industrial Home, the remaining 86 receiving temporary aid. In the aggregate, \$6,462 were paid for maintaining the poor. Reports from the counties of Waterloo and Middlesex, show that established homes are cheaper for providing for the destitute poor. In Waterloo the average was only 75 cents per week, for the adults, while in Middlesex, under the old system, it had cost \$4,679 70 to maintain 50 poor people; under the new it only cost \$2,340, thus saving \$2,339 70. The Committee recommended that further enquiries should be made.

FINANCE COMMITTEE REPORT. The Committee had in consideration the illegality of By-law No 338 passed last Nov., the Lake Simcoe Junction Railway assessment, and the accounts of the County Attorney and several communications. As regarding By-law No 338, it was recommended to issue debentures to the sum of \$18,000, and that a by-law be submitted for the same.

The sum of \$25,419 13 having to be raised, the committee recommended that eight-tenths of a mill on the dollar be on the equalization assessment.

The Solicitor's account of \$597 10 was ordered to be paid, and an increase of \$50 per annum recommended to be given to Mrs Hull, the housekeeper, for extra services.

BY-LAW. By a law was read twice respecting the borrowing of money for the repair of the York Roads and other expenses.

THE WARDEN'S DINNER. In the evening the members of the Council with their ladies and a number of invited friends, dined at the Windsor Hotel as the guests of the Warden. After justice had been done to the good things, the usual number of toasts were proposed and responded to.

Just as the company was dispersing, a telegram came to the Warden, summoning him to the bedside of his father, living in Newmarket, who is reported dangerously ill.

The Council met on Saturday morning at 9 o'clock as per adjournment. The Warden having been called away by the illness of his father, Mr E. Jackson, of Newmarket, was appointed chairman. After disposing of some routine business, the

COURT HOUSE QUESTION was introduced by the Special Committee's report, which was the effect that, the City Council had refused to go in with the County in building a new Court House, and the Committee recommended the re-appointment of this Committee with full powers to furnish proper Court accommodation, and to institute proceedings to compel the City to bear its share of costs. Having advertised for tenders for the original property, the highest was \$18,600 which was considered too low, and the Committee recommended that they be instructed to sell it by auction to the highest bidder, subject to upset price.

The report was passed in Committee of the whole, Major Gray in the chair.

In Council, Mr Williamson moved the following resolution, seconded by Mr Gibb:—"That after hearing the report of the special committee appointed at our last session to consider the advisability of furnishing better court House accommodation, it is the opinion of this Council that we do not remodel the old one, but give the said Committee power to go on and prepare plans for the erection of a new building, on a new site to be purchased, said plans to be submitted to the Council at the November session.

Those voting ye on the motion were:—Messrs. Duncumb, Gibb, Hamilton, Dolly, Williamson, Evanson, Watson, Saunders, Thorne, Stephenson, D. G. Canning, Richardson, Secor, Wheeler, Baker, Gray, Card, Hamby, Beaman, Gibson, T. H. Lloyd, Speight, Eakin, Keesor, Patterson, Natraas, and James.

The nays were:—Messrs Lundy, Irwin, Mowen, Sprague, Reid, Marritt, Lwin, Fleury, and T. Lloyd.

The question presented considerable discussion among the members.

THE COUNTY'S CLAIM TO FINES.

Mr Patterson, seconded by Mr Fleury, moved the following resolution, which was adopted:—"That the County Commissioners be instructed to obtain the legal opinion of some eminent counsel of Toronto, as to whether the county, in view of the peculiar relations existing between the city and county, has any legal claim upon the fines imposed by the Police Magistrate in assault cases tried before him, inasmuch as said city of Toronto forms part of the judicial district of York.

A motion was introduced by Mr Hamilton, calling for the removal of the tramway crossing the Kingston road near the Don bridge. The motion carried.

Several by-laws were introduced, after which the Council adjourned till the 16th day of November.

Mr Thomas Lordiff, a well-to-do farmer, of Brock Township, who has been in poor health this spring, was found Thursday morning suspended by the neck to a tree in his brother's woods. It appears that deceased has been insane at intervals, for some time.

On Friday, 18th inst, Mr Wm Stokes, father of the Warden of York, and the County Engineer, died at his residence in Newmarket, in his 74th year. He came to Newmarket from Pennsylvania in 1833, and was well-remembered by his acquaintances. A very large number of whom followed him to the grave.

PERSONAL.—On Monday last, a few of the many friends of Dr Fishburn tendered him a surprise dinner on the eve of his departure for Waterloo, where he expects to be ordained. From thence he will make a tour in the United States on a visit to his friends during his holidays, and is expected to return on or about the middle of July.

Reports from the Western States speak in glowing terms of the wheat harvest, which is said to be the largest and finest that the country has yet produced.

MARRIED

MARR—CLAYTON.—On Tuesday, May 4th, 1880, at the residence of the bride's uncle, near Silver Spring, Manitoba, by the Rev. James McAllister, assisted by the Rev Dr Marshall, Wm H. Murray, Esq., formerly of Markham, Ont., to Miss second daughter of the late Colonel Clayton, of Rochester, N. Y.

DEATHS

On the 24th inst., at the residence of Mr R. Harty of Patterson, Mrs E Harty, relict of the late T. Harty, aged 74 years.

The funeral took place on Saturday last, and was very largely attended. The service was held in the R. C. Church, Thornhill, where the remains were interred.
