The York Herald.

Richmond Hill, Ont.

THURSDAY, OCT., 7, 1880.

ACCOUNTS.—Parties indebted to this office for advertising, job work, and subscriptions, will confer a favor by paying the same.

The Penetanguishene Reformatory.

Some of the papers are pitching into the Collingwood Messenger because that journal so vigorously denounced the treatment inflicted on one Morgan, in the Penetanguishene Reformatory.

Morgan was a negro, 19 years of age, and was a strong, wiry young man, until a short time previous to death.

The Bishop assented to the prayer of the petition, read a suitable prayer after which the Church Warden, Clergy & Bishop proceeded up the centre aisle, reading in alternate verses the 24th Psalm.

On Sunday morning last, at the hour of regular service in the English Church, the ceremony of Consecration was performed by Bishop Sweatman.

More Big Threshing.—On Saturday, 25th ult., on the old "Reynolds Farm," leased by John Pike, Esq., "Maple Leaf Farm," Markham, Mr Simon Ramer, threshed with one of Sawyer & Co's (Hamilton) grain saving machines and a Waterloo's "Champion" engine, 46 acres, or 1300 bushels of barley in 10 hours.

the opprobrious names already mentioned to the officers of the Reformatory. While we do not agree with the Messenger on some points, we cannot but admire the fearless way he replies to his opponents, and the enterprise and energy displayed in this paper, which has given it the lead over all contemporaries in northern Ontario.

How Canada is Being Ruined.

Canada is pushing to the front as a field for investment of European capital. France has granted a subsidy of \$100,000 for a new Franco-Canadian line of steamers between Havre and Montreal; it has been officially announced that the sale of the stock in Great Britain for the Canada Pacific Railroad has succeeded beyond expectations; in Paris a Credit Foncier has been formed, with a capital of \$25,000,000, to be invested in Canada real estate; while a Paris company, with \$2,000,000 capital, proposes to manufacture beet sugar in Quebec, Berthier, St. Johns and elsewhere.

The Markham Economist says:—For a long time past there has been a quiet agitation going on for the establishment of an Agricultural Implement Manufactory on a large scale in Markham village. The plan is to organize a joint stock company with a sufficient amount of capital to equip and put the business in good running order, and place some experienced pushing man at the head.

Consecration of St. Mary's Church.

On Sunday morning last, at the hour of regular service in the English Church, the ceremony of Consecration was performed by Bishop Sweatman.

His Lordship, Dr Givens, Chaplain and the Incumbent, together with the Church Warden, J R Arnold, Esq., (the donor of the church site), and G B Nichol, Esq., assembled at the west door, when the petition for the Consecration of the church, was read by G B Nichol, Esq.

The Bishop assented to the prayer of the petition, read a suitable prayer after which the Church Warden, Clergy & Bishop proceeded up the centre aisle, reading in alternate verses the 24th Psalm. When the Bishop had reached the chancel, the deed was delivered to him by the donor the sentence of consecration was then read and signed and ordered to be registered after which the usual morning service was proceeded with. After a suitable hymn the candidates for confirmation were called forward and an impressive address was delivered by the Bishop when eight persons, six males and two females were confirmed. The service then proceeded to the end of the prayer militant, when a solemn and impressive hymn was sung by the choir, after which the Bishop, Clergy and Congregation proceeded to the burial lot set apart for the family of the donor which was consecrated and the services of the day were concluded by the benediction.

Miss Campbell presided at the Organ, the choir was strengthened by efficient amateurs from Toronto and others from the neighborhood, who rendered good service throughout the day. The church was well filled by an attentive and serious congregation.

In the evening a confirmation service was held at Thornhill, when ten candidates were confirmed and an affecting & stirring address delivered by the Bishop.

Runaway.—While Orin Chappell a paralyzed invalid from near Kettleby, was transacting some business the other day, at the registry office, Newmarket, his horse rubbed the bridle against a post. Mr Chappell, not observing that the bridle was off the horse's head, started when the horse bolted down the street, and coming near a side street the carriage upset. Mr Chappell on being removed, was found to have sustained a fracture of the thigh. The doctor says it may prove fatal. This is the third time the same leg has been broken.

Frightened to Death Tragic Ending of a Family Row, A FATHER DROPS DEAD.

On Monday last, a quarrel took place among the members of a family named Fahey, living on the rear half of lot 51, Con. 1st. of Markham, on the road from Elgin Mills to Victoria Square. The family consisted of an old man named Hugh Fahey, and three sons and two daughters, who have grown up to be young men and women. The farm contains about 100 acres, forty of which was owned by the father. The two elder boys, Tom and Edward, had the balance divided among them. The family have been living in this neighborhood for about a year and a half, having come from the township of Rama, near Orillia. The boys did not live very pleasantly together, and agreed to divide the property, so that they could live apart. The eldest, Thomas, about 30 years old, and the next brother, Edward, about 27 years old, stayed at home with the old folks, while Joseph the youngest son, about 25 years of age, lived alone at one side of the farm. He had not been home for some time, until about two months ago, when he returned. While the family were waiting for dinner, some dispute arose as to whether Joseph could put a horse in the stable. The dispute waxed warm, until Thomas lost command of himself, and picking up a delaware jug on the table, he threw it at Joseph, cutting his forehead in two places. The injuries inflicted are not serious, but the sight was rather sickening. When Joseph was hit he fell down, and the father who was chewing tobacco at the time, ran forward to wipe off the blood, and put some tobacco on the wound, to stop the flow of blood. But the sight was too much for the old man, and he started back, took a step or two, and fell to the floor, in a faint. It was supposed that he would soon recover, but the vital spark had fled. Doctors James and Elliott Langstaff were called in, and will be all right in a few days. It is supposed that the old man's heart was affected, and the sudden shock therefore proved too much. There was considerable talk about the deceased having been mixed up in the fight, and received some injuries. Dr Langstaff went over for the purpose of holding a post mortem. On the earnest solicitations of the friends, he refrained from doing so. The body was not buried in any way, nor could any marks of violence be discovered.

The funeral took place on Wednesday last. Deceased was buried in the Roman Catholic Cemetery, at Thornhill. The remains were followed to their last resting place by a number of friends.

Mechanics Institute.

The Board of Directors met in the Masonic Hall, on Tuesday evening last. Present, Messrs. Skeele, Law, Storey, McConaghy, McConnell, Crosby, Switzer and Fairbairn. The President, Mr Wm Storey, in the chair. Minutes of last meeting read and adopted.

After some discussion as to the best way in which to canvas for members, it was moved by Mr Switzer, sec. by Mr Crosby, that Miss Storey and Miss Hewison be appointed to canvas for members.—Carried.

The Directors spoke very highly of the thorough and efficient manner in which the work was done by these ladies last year. Moved by Mr Crosby, sec. by Mr McConaghy, that the Secretary be instructed to have 100 members tickets printed.—Carried.

Moved by Mr Crosby, sec. by Mr Skeele, that the Library Committee be instructed to ask for tenders for magazines, for the Institute, for the coming year, and that the contract be given to the lowest tender.—Carried.

CONSTITUTION AND BY-LAWS. The committee on constitution and by-laws reported. The constitution as read was adopted. Several alterations were made in the By-laws, which were also adopted. The meeting then adjourned.

Fire Brigade Meeting.

The company met for practice on Friday evening last. The attendance was good. The two engines were taken out and used in filling a new tank near the fair grounds. After considerable exercise had been indulged in on the brakes by the members, the engines were put away. No better illustration of the superiority of the new engine over the old could have been given, than was shown on Friday evening.

After practice was concluded the members adjourned to the Council Chamber. Considerable discussion ensued on a number of interesting questions.

On motion Messrs. W Storey, D T Fairbairn, W Hewison, A Moodie, and McDonald, were appointed a committee to wait on Mr John Palmer, ascertain the cost of a supper for the firemen, and report at next meeting.

On motion, Wednesday, Oct., 13th was appointed for next night of meeting. The Captain was instructed to call on the Reeve, and request that the belts, caps, coats, etc., belonging to the old company, be handed to this company. The meeting adjourned.

On Saturday last, a Lacrosse Match was played between the "Toronto's" of Toronto, and the "Shamrock's" of Montreal. Toronto won three straight games in four minutes, and considerably surprised the Montrealers, and every one present.

LOCAL ITEMS.

School Books, Cheap, for sale at the HERALD Book Store.

Railroad Canvass, for Sale at the HERALD Store.

Interesting news items concerning Newmarket and North York on the third page.

Divison Court will be held on Friday, 8th inst.,—so Jimmy, the well known and efficient bailiff informs us.

Subscriptions taken here for the Weekly Mail and Globe at any time. Payable only in advance.

FIRST PRIZE.—Mr J Palmer took first prize at the Provincial Exhibition at Hamilton, last week, with "Della Wait," for best roadster, single in harness, mare or gelding.

In another column will be found a communication from Victoria Square, giving an account of the Cricket Match which took place on Saturday last.

Richmond Hill Branch, Post Office Savings Bank, monthly statement to Sept., 30th, 1880.— Total Deposits, \$163,495.00 Deposits in month of Sept., 572.00 Withdrawals " " " 1,846.61 M. Teefy, P. M.

Harper's Bazaar Patterns Agency at the HERALD office. A large supply on hand.

FURNITURE.—Savage is doing a rushing business in Furniture, just now, and is kept pretty busy bringing it from Toronto. His stock of groceries is large and fresh. See Advertisement.

HAND INJURED.—A son of Mr Martin, of Patterson, who is employed at the Toronto Bridge Works, had the misfortune to get his hand severely jammed by some machinery a few days ago. The wound is fast healing, and he will soon be able to use the hand as well as formerly.

CATTLE FAIR.—The monthly fair on Wednesday last was the most successful several months. There was a fair amount of stock on the grounds and the prices received were good. The attendance of buyers was large, very few animals were left unsold. Our village butchers Messrs Hopper and Pugsley picked out some choice looking animals.

SOCIAL ASSEMBLY.—The attendance at the assembly held at the Grand Central on Friday evening last, was not as large as expected. A number were present from Markham, and elsewhere from a distance. Prof. Collins and his orchestra supplied excellent music,—violin, piano and cornet. The supper was gotten up and served in a manner reflecting credit on the proprietor. A very pleasant evening was spent.

A FAVORABLE TIME.—If there ever was a time when advertising could be made to pay, that time is surely now. The vast crop of wheat is being turned into money with marvellous speed and a good proportion of that money will go for dry goods, clothing, boots and shoes, carpets, watches, jewelry, books, pianos, organs, pictures, groceries, furniture, cutlery, hardware, millinery, land, etc., Those who have any of these things, or any other things to sell, and can bring the matter before the people in the most favorable and speediest light, will reap the fruits of their enterprise at the expense of their slower going neighbors.

PERSONAL.—Mr James Weidman, of Selkirk Manitoba, publisher of the Canadian North West, is visiting his friends in this village and neighborhood for a few days. His many friends will be pleased to learn that he is doing well with this journal, and is sanguine of success for the future. He leaves in a few days for his north-western home. We wish him a pleasant trip, and hope he will realize his anticipations of a great future for Selkirk.

MUSTANGS.—About a dozen mustang ponies arrived in this village, on Thursday last. They belonged to Mr Reesor of Markham, we were informed, who has imported them from Texas. Roaring, kicking, squealing, biting, prancing, they made things lively for a while around the Palmer House. They were of all colors, black, cream, and bay being the prevailing shades. Their cheapness, their speed, their endurance will commend them to all who are in need of saddle horses, and they are likely to become popular. Mr Wm Trench, purchased a fine little fellow.

QUICK WORK WITH THE HOSE.—On Monday evening last the hose men belonging to the Fire Brigade, met for practice. The new reel was taken to the fair ground, and under the instructions of Mr W Pugsley, some very quick time was made. Messrs J Martin and McDonald took off 50 feet of hose, ran 50 feet and attached it to another hose in 12 seconds. Repeated tests were made in 20, 25, and 30 seconds. This can fairly be considered quick work. 150 feet of hose was taken off the reel, and placed all ready for work in 35 seconds.

We have received a book entitled Southeastern Kansas, written by a member of the Chicago press. The book is neatly gotten up and well written, contains full map and gives full and reliable information in regard to all counties in Southern and Southeastern Kansas, the more fertile portions of the State—with map of each county. Also valuable information in regard to the great lead and zinc mines of Southwest Missouri and Southeastern Kansas. The book is for gratuitous distribution and may be had free of postage by addressing J E Lockwood, Kansas City, Mo. It should be in the hands of every person going to Kansas.—These books are sent to every newspaper in the States and the Dominion of Canada, and reflect credit upon the energy undertaken to inspire immigration.

LOCAL ITEMS.

Mr Palmer's "Della Wait" took 1st prize at Bradford Fair on Tuesday, for best roadster, and 1st for style and speed; she also took 1st at Queensville, on Wednesday, for best roadster or carriage.

FINE TEAM OF COLTS.—Mr Lynett, of Markham, weighed two 2 year old colts on the scales in this village, on Wednesday last. They kicked the beam at 1480 lbs, and 1476 lbs, making a total weight of 2956 lbs. A well matched team.

It is important to remember that "Dart" P. O., York County, has been changed to Essex; and "Don Mount," also in this County, to Riverside.

PIGEON FLYING AT MARKHAM.—On Friday Oct. 8th, one of the chief attractions at the Markham fair, will be a pigeon flying match for \$40. Wm Buzg, John James, G Muckell and J B Graham have entered four birds each, so that probably sixteen pigeons will compete in the race. They will be taken out in a hack by four disinterested gentlemen and the judges will send them off at 12 o'clock noon. The three birds arriving home first take the stakes.

DITCHES.—Road-Boss Michael, is making a great improvement in the ditches on Yonge Street, near the centre of the village. A water course has been made on the west side, and the planking in front of the Robin Hood is now being taken up, a culvert will probably be put in and covered with new planks. The same course will be pursued at the Palmer House.

STREET LAMPS.—The dark nights just now very forcibly illustrate the necessity for street lamps. The Council should erect a few, or pay for the caretaking and oil supply, if private individuals erect them. We believe a majority of the Council are in favor of this, and are even willing that the Council pay half the cost of lamps and stands. If such is the case, by all means let us have half a dozen or so.

CRICKET MATCH.

AT VICTORIA SQUARE. From our own correspondent.] A Cricket Match was played at Victoria Square on Saturday last, Oct. 2nd between the Richmond Hill and Victoria Square teams, resulting in favor of the latter, by one innings and 77 runs. Richmond Hill scored 27 in their first innings, and 20 in their second. Victoria Square scored 124 in their first innings. C. McKenzie alone scored 50 for the Square. How is that for Victoria Square?

AN INVASION OF CANADA.

American Indians and Canadian Indians taking each others Scalps

A special from Fort Ellis says, that an Indian arrived there in full war paint, with a scalp hanging to his belt, bringing news of bloody fighting by Mandrill, Stony, and Salteaux Indians south of there. The Mandrills raided a camp of the Salteaux, who under Ocean Man gave chase and killed nine Mandrills. A band of the Stonies is also following the Mandrills and more fighting is expected. Another account says the village attacked and killed thirteen Mandrills. The whole border is in a blaze of excitement. The fleeing Mandrills are making their way to American Territory from whence they came. It is thought that the Stony and Salteaux Indians will pursue them to the other side, and that the scene of war will be transferred to the United States.

Interesting Letters.

ADVERTISEMENT.

To the Editor of the Herald. Sir:—information has been given to us, from reliable sources, that a person living in this village, agent for a marble firm in Newmarket, has had the audacity to endeavor to injure us in our business reputation. Now Sir, the imputation endeavored to be cast upon us by one who is utterly unqualified to speak of work done in our line, is simply absurd and ridiculous. Both of us have had large experience in the Marble Business, in fact were never engaged at any other; and the large and numerous jobs erected by us in this section, testify to our ability in giving satisfaction to the general public. If we hear of any further attempts to injure our business reputation, we shall be compelled, however reluctantly, to have recourse to such steps as shall insure us from any further malicious slander, as the gentleman alluded to, has been guilty of in the past.

Yours &c., WATKINS & ARNOLD, Richmond Hill, Oct. 6th, 1880.

BIRTH.

In Newmarket, on the 9th ult., the wife of Mr Fred. Collins, of a son.

In Whichurch, on the 4th ult., Mrs Henry Playter, of a son.

At Pine Orchard, on the 24th ult., Mrs Alfred Faulkner, of a son.

In Newmarket, on the 27th ult., the wife of Mr Geo. Smith, of a son.

DEATH.

MULCAHY.—Very suddenly, of heart disease, in Newmarket, on the 29th ult., the beloved wife of Mr Michael Mulcahy—aged 43 years.

BRECKON.—At Holland Landing, on the 28th ult., Fred, infant son of Alex and Maria Breckon, aged 6 months and 6 days.

MARRIED.

NIGHTSWANDER.—WILSON.—On the 21st ult., at the residence of the bride's father, by the Rev J C Seymour, Mr David B Nightswander, to Miss Annie Wilson, both of Pickington.
