Temperance and Prohibition

Intemperate indulgence in intoxicating liquors, is undoubtedly a great evil, but it is an evil which is on the wane. Every intelligent observer can vouch for this from the scenes presented before even his limited view.

In questions of this kind it is not always wise to press what are considered harsh, sumptuary, or prohibitory laws upon the people, before public opinion thoroughly endorses them.

The Ruination of Canada.

The Montreal Star says:—Whatever industries the National Policy may have injured, and if we are to believe Liberal papers, their name is legion, the coal trade has evidently not suffered from Sir John Macdonald's conception.

The Winnipeg Times says:—The N. P. has evidently not destroyed the shipping interests, as prophesied by Grit oracles. The arrivals of vessels from sea at Montreal, up to the 17th September, exceeded those of last year by 25 ocean steamers, and 23 from Gulf ports.

It is unlawful for tobacco stores to have tobacco cutters in their possession. American buyers are purchasing horses at Belleville for use in Michigan lumber region.

Filling Water Tanks.

There are two water tanks in the village that require filling with water, as they cannot be filled in the ordinary way, from the eves of houses, or by surface water.

This is the way they get the School Board together in Markham. A FRUITLESS HUNT.—On Thursday evening, about 8 o'clock, Jake, the Franklin's hostler, could have been seen meandering around, lantern in hand, engaged in a hunt.

FARMERS' CLUB.—The Farmers' Club will meet at the Franklin Hall on Tuesday, Oct. 19th, at 2 o'clock, p. m. Dr. Armstrong has accepted the invitation to deliver a lecture on Agricultural Chemistry.

Division Court will be held at Newmarket on Nov. 19th, instead of in December.

The Aurora Fair, will be held on Friday, Oct. 22nd, so the Aurora papers states. Some good prizes are offered.

Mr. Fred Smith, from the lower part of Whitechurch, shot a large grey eagle on Thursday evening, which measured seven feet from tip to tip of wings. The bird is now in the hands of the Aurora taxidermist.

At the Law Student's games in Toronto, Thom Eck won a gold medal. Clarence Smith, of Walkerton, wants to match him for \$25, for a five mile heel and toe walking match, and Tom is willing.

The "Liberal" on Cricket.

To the Editor of the Herald. Sir.—The Editor of the LIBERAL in referring to the Cricket Match recently played at Victoria Square, makes some unjust insinuations against the club in this village, and his assumptions are entirely incorrect.

The LIBERAL ought to know that there are some members of our club who have heretofore patronized him occasionally, and he should not be so eager to publish untrue and disparaging remarks about them. He was in no hurry to print the Patterson score, but in this instance he rashly tries to force the officers of the club to give him the score, or he will censure them in his paper.

FALL FAIRS, 1880.

King Township Show at Schomberg on the 19th and 20th of October.

Woodbridge Fair takes place on the 19th and 20th inst.

The jury disagreed at the trial of Carroll, on the charge of murdering Mr. Donnelly. Four were for "guilty," six for not guilty, and one could not make up his mind. The Judge dismissed them. Carroll was sent back to goal to be tried on other charges.

STREET LAMPS.—A special meeting of the village Council was held on Tuesday evening last, when the question of erecting street lamps was considered. The report of proceedings will be found in another column, and will prove interesting.

SOCIAL ASSEMBLY.—The Social Assembly held at the Robin Hood on Tuesday evening last, was well attended. A very pleasant time was spent. The supper was served in the excellent manner customary at the Robin Hood.

Councillor Pugsley has made a great improvement in the appearance of his residence. He has made a beautiful lawn in front of the house, and put a coat or two of paint on the fence and house.

MOVING SHEDS.—Mr. Dillery of York Township, is moving the C. M. Church sheds, from the old lot to the new one.

FIRE BRIGADE.—The Brigade will meet for practice on Friday evening next, 15th inst. A large attendance desired.

RATHER TENDER.—The Aurora Borealis finds fault with our announcement that we are willing to let any one see any paper that we may exchange with, and thinks it not fair to exchanges. The fact is the Borealis instead of finding fault should be well pleased; it may be the means of getting for that paper a lot of subscribers, as the Borealis only wants to be seen to be appreciated. It is not supposed that any one will wish to read the exchanges in full every week, but only items of particular interest.

LEGAL.—In our advertising columns will be found the card of Mr. Wm. Best, Barrister, etc., Toronto. There are plenty of lawyers in Toronto, but when persons get mixed up in a law scrape, they require and generally seek the services of a good lawyer. The necessary information may be obtained by referring to the cards of the leading lawyers of Toronto, to be found in this paper.

AURORA LAMPS had been put down by private individuals, who clubbed together, bought the lamp, and put them up. The Council then took them off their hands, and assumed the responsibility of lighting them. The Aurora lamps gave general satisfaction.

TANKS.

Coun Redditt thought two more tanks were needed. According to Fire & Water Com, one should be near the Temperance Hall, on Centre street, and one on Richmond street, near Storey's. With the length of hose we had, the buildings in that neighborhood were out of the reach of water.

There was some discussion as to how two water tanks should be filled.

SPECIAL MEETING.

The Council met on Tuesday evening, 11th inst., at the call of the Reeve. Present, Messrs. Crosby, Langstaff, Duncumb, Pugsley and Redditt. Minutes of last meeting were read and adopted.

ACCOUNTS.

Jeese Grant, rack for drying hose \$6.50 W Ludford, sinking tanks 9.00 Levi Gaby, road scraping 7.00 Ed. Groombridge, sinking tanks 14.00 W Powell 143 loads of brick-bats at 15c per load 21.45

Tramps (per Coun Crosby's orders) \$1 On motion of Coun Redditt, sec by Coun Pugsley, the accounts were ordered to be paid.

OBJECT OF MEETING.

The Reeve stated that the meeting was called for the purpose of considering the advisability of erecting street lamps, as the dark nights were coming on, and many persons were complaining of the great risk run in walking. Other villages had lamps, and the ratepayers thought we should have them too. About a dozen would be sufficient.

WHERE TO BE PUT.

The Reeve stated that he and Coun Redditt had been discussing the matter, and thought the lamps should be placed to give light on Yonge street, and throw it on the side streets, as follows: At Duncumb's corner; between the English and Presbyterian Churches; at J. Palmer's corner; at corner of Arnold and Elizabeth; corner of Centre St., west and Elizabeth; near Moodie's; at C. M. Church; corner Richmond & Yonge; cor. Parliament & Yonge; midway between Wright's and Lymburner's, cor. Church & Centre east; cor. Mill and Trench; on cor. Trench & Richmond; and another about the centre of Mill St.

THE COST. The probable cost would be about \$120 for lamps, posts, etc. After some discussion, Coun Crosby stated that the

AURORA LAMPS

had been put down by private individuals, who clubbed together, bought the lamp, and put them up. The Council then took them off their hands, and assumed the responsibility of lighting them. The Aurora lamps gave general satisfaction.

Coun Redditt thought it would be more satisfactory for the council to do the whole business, as the cost would be more fairly and equally divided.

TANKS.

Coun Redditt thought two more tanks were needed. According to Fire & Water Com, one should be near the Temperance Hall, on Centre street, and one on Richmond street, near Storey's. With the length of hose we had, the buildings in that neighborhood were out of the reach of water.

He moved, sec by Coun Duncumb, that the Fire & Water Com be instructed to get and sink two six-foot tanks, one on Richmond St. between Yonge & Elizabeth, and one on Centre St. between Yonge & Elizabeth.—Carried.

There was some discussion as to how two water tanks should be filled.

The Annual Session of the North York Association will be held on Wednesday and Thursday, the 27th and 28th of October, in the C. M. Church, at Newmarket, the first session to commence at 10 o'clock on the 27th inst. The following is the work of the meeting as agreed upon by the Executive Committee: "The basis of operation and discussion is that agreed upon at the first Convention, namely: the doctrines accepted by the Evangelical Alliance; and all Ministers of the Gospel and Delegates who cordially accept these are invited to be present and aid in the work of the Association."

Western Land Swindlers.

NEW YORK HERALD:—When will enterprising railway companies and real estate agents, cease sending farmers to Western Kansas and other parts of the country where no man can raise crops enough to keep himself from starvation. A large portion of the return on the between the 100th degree of longitude and the Rocky Mountains is raised by scientists have said so for years, and so have weather reports and government documents. Crops cannot be raised without irrigation, either natural or artificial, and yet thousands of families have been persuaded to risk their all upon these arid plains, and thousands more will go there every year if glib tongued persuasion can get them there. If any man or company were to make a business of persuading people to jump into the river or blow their brains out, there would be a speedy increase of our jail population; why should it be permissible to coax men to locate on lands where death from famine can only be averted by public charity?

THE COLLINGWOOD MESSENGER

The Collingwood Messenger is about right, when it says:— In Saturdays issue our despatches recorded the hanging of a negro in North Carolina, and, as usual, we are told he went galloping up to Heaven. This thing is growing monotonous, and for the sake of variety we would like to hear of a murderer taking a race across lots the other way, occasionally. The prospect of singing praises forever at the right hand of the throne is too attractive a chromo altogether, to offer as a sure premium for murder, and the business should stop. It is singular that ministers and other sentimental and religious people make such herculean efforts to pre-empt the best locations in glory for bloody-handed murderers, while these same people—persons included—will allow a poor girl who makes a mistake to go whooping to perdition.
