The Pacific Railway.

On the fourth page of this issue will be found a map of the Canada Pacific Railway, and a table showing the cost of the different routes and schemes by which it is proposed to build the road. We also send out a Supplement this week, to every subscriber, the full size of the York Herald, containing Sir Charles Tupper's speech in explanation and defence of the Syndicate scheme. We ask our readers to give the speech and map a careful perusal and study, and we think they will see that the scheme cannot fail to benefit old Canada as well as the great North West, and that it is not the great evil and curse which its opponents state.

CANADA PROSPERING.

If the course of his address to the grand jury at Barrie the other day, Judge Gowan referred to the resuscitation of trade and the general prosperity becoming more apparent, instancing, in particular, the immense sums of money being expended in the lumbering district, and the vast benefits derived by the people generally from the supplies of our vast forests. The grand jury in their reply also referred to the fact that the financial depression had given place to an opposite condition of affairs, and that trade and manufacturers were going ahead, while public and private expenditures were on a sound basis. Public confidence has been restored, the spirit of worthy enterprise, in various shapes, is alive, and the substantial prosperity of the whole country is once more assured. The only danger is that the improved condition of affairs may give rise to an unhealthy spirit of speculation that may bring about disaster.

Not the Truth.

The Markham Economist says:—"The Richmond Hill LIBERAL says the meeting at Thornhill on Thursday, 30th ult., unanimously condemned the terms of the Syndicate bargain. A newspaper should always aim to give its readers the truth as far as possible, whether it is in accordance with its sympathies or not, and from what we can learn from parties present the above is not the truth. The meeting broke up in an uproar, no resolutions being carried by either side.

We are informed that after the present session of the Dominion Parliament there will be some important changes in the Cabinet. Among the rest it is pretty certain that the Hon. John O'Connor will retire. Senator Frank Smith has been spoken of as his successor, but he does not care to leave his business in order to go to Ottawa. Mr. John O'Donohoe is more likely to be the man. Mr. O'Donohoe used to be a Reformer, and represented East Toronto at Ottawa in the Reform interest. He went over to the Tories with a large number of fellow Reformers, on the question of the tariff, taking the ground that if the tariff could be fashioned in such a way as to produce revenue and protect native industry at the same time, that was the proper way to fashion it.—Telegraph.

A handsome illustrated book, entitled "The Life of Edward Hanlan" has just been issued by Richard K. Fox, publisher, New York. The work is embellished with portraits of the great Canadian oarsman and some of his most noted competitors, as well as illustrations of some of the famous rowing matches in which he has taken part. The story of his life is told in an interesting manner, the most salient features being his aquatic achievements, both as an amateur and professional. Every one of the matches in which he has taken part are described in detail. In addition to this life are short biographical sketches of oarsmen who have contended with him for boating honors. No admirer of native pluck and physical manhood should fail to secure the history of a man who has done so much to make Canadians proud of their country as the home of physical wonders. The work will be mailed on receipt of 25c, by the publisher, Richard K. Fox, 183 William street, New York.

ENGLISH CHURCH SOCIAL.

AT MR. THOS. PALMER'S.

Richmond Hill has become noted for Church Socials, and judging from the large attendance at each of these interesting events, the people are very zealous in promoting Church Building. Our Methodist friends have thoroughly established a reputation for getting up Socials and managing them in a peculiarly successful style, but the manner in which the large number of persons, young and old, appeared to enjoy themselves at the Social given by Mrs. T. Palmer and Mrs. J. Brown, at the residence of Thos. Palmer, Esq., on Thursday evening last, shows that the ladies of the English Church have not, through want of practice, lost any of their accustomed skill and proficiency in superintending these gatherings. The attendance of visitors was very large, the whole house was filled, and with vocal and instrumental music, carpet balls, parlor nine pins, authors and other interesting games, the time was pleasantly spent. The appetizing refreshments were worthy of the reputation of our amiable and competent hostesses, who certainly did not allow any want of exertion on their part, to interfere with the enjoyment of the guests. Scarborough, York, Thornhill, Markham, Newtonbrook, Vaughan and Richmond Hill were all represented, and had the weather been more pleasant, the attendance of friends from a distance would have been much greater. A contest for a three-story cake, between Miss Emma Shanklin, of Thornhill, and Miss Jessie Nicholls, of Richmond Hill, created considerable interest, and was decided by a total vote of 145; leaving Miss Nicholls with a majority of 7. Every person present was highly delighted with the social, and such undoubted success should prevent our friends from allowing such a great length of time to intervene between entertainments of this kind, under their auspices. The proceeds, amounting to \$50 were devoted to St. Mary's Church.

Oak Ridges English Church Surprise Party.

From our own correspondent.]

DEAR SIR.—As the people of Richmond Hill are so interested in every kind of entertainment, they will be pleased to hear of a very happy one which took place in our section of the country.

The people of Oak Ridges congregation, wishing to testify in some substantial way the esteem entertained for their clergyman, the Rev. C. H. Patterson, of Aurora, agreed upon supping that gentleman with a visit on the evening of the 13th inst. Although the night was not pleasant, a large number turned out, and about 8 o'clock reached the parsonage, which was soon filled with happy faces, and a large assortment of those things so necessary in housekeeping, which would have made even Dr. Tanner smile. After remaining here for some time, the whole party were invited by Mr. Faugner to his residence, whose spacious walls were more suitable for a large party, where they were met by a large number of Aurora friends.

Mr. Faugner's talent for making every person feel at home is wonderfully developed, the effect of which was soon felt as one and all went in for every kind of amusement. It would have done you good to see old men forget their years, and youth aspire to manhood; and also to have seen the sumptuous repast provided by mine host and hostess, which no doubt was as fully appreciated by others as myself.

Our bodily feast was followed by a feast for the mind in able speeches by the Rev. C. H. Patterson, the Church Warden and others, in which thanks were given to Mr. Faugner for the part he had taken in making our visit to Aurora so pleasant to all, which was responded to by that gentleman in his happy style, expressing the hope that we may have many similar meetings, tending as they must to a feeling of friendship and unity between the two congregations, and also that feeling of love and sympathy so essential between a minister and his people, which was the sincere wish of your correspondent as he left with the rest, in the wee hours of the morning. Respectfully Yours, SHYLOCK, Oak Ridges, Jan. 18th, 1881.

HANLAN AND LAYCOCK.

ICE AND FROST PREVENT THE RACE. NEW YORK, JAN. 17.—THE EVENING TELEGRAPH's special cable says the Hanlan race is postponed on account of the state of the river, which is as far as Mortlake is covered with floating masses of snow and ice. It is freezing hard. Huge blocks are piled against Putney Bridges. The referee will postpone the race to-day until the weather and river permit. It is hardly probable that the race will take place this week.

ANOTHER RIVER TO CROSS.—Somehow the City Council appears to take supreme delight in violating its obligations and promises to the county. A dilapidated sidewalk on Kingston road, put down by the city, cost the County a law-suit and some damages last year. This led the County Council to order its engineer to take up said sidewalk unless the city would give a bond of indemnity. The Committee on walks promised this bond; but when the matter was brought up last week, it was ruled out and no action taken. As a result the County will now have to insist upon the nuisance being removed from its property. There must be no mowing matters in this case: one law-suit with its attendant costs and damages is quite sufficient for the County to stand for the benefit of Toronto. Everytime the County comes in contact with the City, there seems a deep "river to cross," before getting it adjusted.—Eva.

The Ontario Legislature was opened Thursday last with the usual formalities, but with something more than the usual attendance of the outside public. In the evening the Hon. the Lieutenant-Governor gave a State dinner at Government House.

SKATING CARNIVAL.

Skating is all the rage in this village just now, and if a person wants to be anybody, they must learn how to skate. Accordingly nearly every person in the village, large and small, old and young, have invested in some kind of skates, and can be seen in crowds wending their way to the rink, either in the afternoon or evening, several times a week. This remarkable unanimity of public opinion in this direction is rather to be commended, as the village would certainly be somewhat dull without the rink, where good healthful exercise is afforded in a pleasant, amusing and interesting manner.

The Carnival on Friday evening last, was a decided success in every way. There was a large crowd of spectators, and about seventy-five persons appeared in costume, and made up a very pretty scene, as they glided by the grand stand in the beautiful and attractive garb of a Spanish Lady, Summer Little Buttercup, Quakeress, Mary Queen of Scots, Gipsy, Fairy Queen, etc., etc. The costumes worn by the ladies were all good, and it would be a very difficult undertaking to pick out what the audience considered the best; Mr. John Patterson had decidedly the best costume worn by any of the sterner sex, and Mr. John Coulter came next. Nearly every nation under the sun had some aspiring representative, who in many cases, and especially amongst the ladies, exceeded in point of personal appearance, gracefulness and attractive manner the people of the particular country or peculiar sect and denomination which they represented.

After the masqueraders had the ice to themselves for about an hour, the "great unwashed," or rather unmasked, were allowed to mingle with them, and masks were removed. Considerable amusement was caused by the revelations made when the features were unmasked, many of the costumes defying detection. The village Band added greatly to the pleasure of the evening by their excellent selections.

The following is a full list of those who appeared in costume, and the character represented.

Table with 2 columns: NAME and CHARACTER. Includes names like Miss Sarah Coulter, Maggie Sanderson, Sarah Storey, etc., and characters like Quakeress, Little Buttercup, Gipsy, etc.

The Scott Act in Ontario.

To the Editor of the Herald. Sir.—Steps are being taken to test this county on the question of adopting the Canada Temperance Act. Will you be so kind as to state whether the Act has been adopted by any portion of Ontario, how it works, if its provisions can be satisfactorily carried out and the penalties enforced, and if the Act is received favorably or otherwise by the Temperance community.

Lunenburg County, N. Scotia, Jan. 13th '81. Probably some of our readers who take considerable interest in the cause, could furnish the information desired.—(ED. THE HERALD.)

AURORA

Gleanings From the Borealis. Jas. Rogers, J. P. of Eversley met with a very peculiar misfortune a short time ago, while enquiring some messages of his family who were down with diphtheria, the disease was in some way communicated to a small sore on one of his hands. At one time it was feared amputation must be resorted to, but a change for the better has since taken place.

There are now forty hands employed in Wilkinson & Co's. foundry, and the works are kept running until about midnight to get out the large amount of goods required for the coming season.

We are glad to see Della Waite back in Aurora again. Horsemen say that Mr. Waite's young mare and Della make the finest carriage team in the Dominion.

HOLLOWAY'S OINTMENT AND PILLS.—Dangerous Chest Complaints.—The enumeration of these diseases is scarcely necessary, as, unfortunately, most Englishmen know them to their cost. Coughs, common colds, influenza, bronchitis, asthma, pleurisy, inflammation of the lungs, and even consumption in its early stages, are best treated by rubbing Holloway's Ointment upon the chest, and upon the back between the shoulders. It penetrates internally, checks the cold shiverings, relieves the over-gorged lungs, gradually removes the oppression from the chest, and restores the obstructed respiration, hitherto so distressingly disagreeable and highly dangerous. In treating this class of diseases, Holloway's Pills should always be taken while using his Ointment; they purify the blood, promote perspiration, and allay dangerous irritations.

LOCAL ITEMS.

The next sitting of the Division Court for this district will be held on Tuesday, 25th of January.

A large number of people on Sunday turned Yonge-street, between Eglinton and Yorkville, into a race course.

The minutes of the village Council are interesting this week.

TO RENT.—A comfortable house and 2 acres of land, in Vaughan. See advertisement.

WRIST BROKEN.—Mrs Crawford Ross while working at the Grand Central Hotel, on Tuesday morning, slipped on the ice at the kitchen door, and broke her wrist. The injury is healing.

A number of communications held over until next week. Interesting letters from Woodbridge and Nobleton received in the beautiful and attractive garb of a Spanish Lady, Summer Little Buttercup, Quakeress, Mary Queen of Scots, Gipsy, Fairy Queen, etc., etc. The costumes worn by the ladies were all good, and it would be a very difficult undertaking to pick out what the audience considered the best; Mr. John Patterson had decidedly the best costume worn by any of the sterner sex, and Mr. John Coulter came next. Nearly every nation under the sun had some aspiring representative, who in many cases, and especially amongst the ladies, exceeded in point of personal appearance, gracefulness and attractive manner the people of the particular country or peculiar sect and denomination which they represented.

LIVERY.—Mr Alfred Proctor of this village, has started a livery stable in Aurora, and has got some splendid rigs, so the customers say. We wish Al success.

MISSIONARY MEETINGS.—The annual Missionary Meetings in connection with the Church of England, were held at Thornhill on Monday evening last, and at Richmond Hill on Tuesday evening. Both meetings were largely attended. Excellent addresses were delivered by the Revs. Messrs Tremayne, Lewis, Patterson, and Messrs McKenzie and John Brown. The addresses were interspersed with choice selection from the choir.

VICTORIA SQUARE C. M. CHURCH.—The services and festivities in connection with the dedication of the new Methodist Church at Victoria Square on Thursday, Sunday, and Monday were attended by a very large number of people, the programme announced in our last issue was successfully carried out. A large sum of money was raised and the Methodists of Victoria Square have the pleasure of knowing that they possess one of the finest churches in Canada, to be found outside of large towns.

FOR SALE.—As will be seen by advertisement in another column. Mr Robt. Williamson offers a house and lot for sale, being part of lot 51, at Elgin Mills. The place is a very desirable one, and will be sold on easy terms.

We call the special attention of those afflicted with Cancer to the advertisement in our columns of the Immix Plaster, which is pronounced, on undoubted authority, a positive and permanent cure for that dreadful malady. This boon to the afflicted cannot be too widely known.

COUNTY SEPARATION.—A meeting was held at March's School House, Whitechurch, on Saturday evening last, Messrs D. T. Fairbairn, C. Duncumb, of Richmond Hill, C. Robinson, of Aurora, and others addressed the meeting in favor of Separation. A strong feeling of opposition to a division of the County appears to be prevailing amongst the electors. A separation of the whole County is considered much preferable.

BURGLARY.—Some time between 10 o'clock of Sunday night and 5 on Monday morning, a burglar effected an entrance into the Grand Central Hotel, by bursting open a basement door at the back of the house. He ransacked the house from bottom to top, helped himself to liquors, cigars, etc. Nearly every bed-room in the house was visited. The proprietor, Mr Chas. Chamberlin, room was entered and \$450 taken out of his pants pocket, a pair of over-shoes, socks and some other trifling articles were removed. The burglar was tracked for a short distance. He went south down Yonge-street, but has not been heard of since.

BAND CARNIVAL.—Those of our readers who have attended the Skating Rink this winter have noticed how greatly the presence of the Band increases the pleasure of skating. The band boys have given their services free of charge for two nights during the week, and will continue to do so all through the season. This is very kind of them, and they are all decent fellows, who have got music down to a fine point. As the funds are not too high, and as some new instruments and clothes would add to their proficiency and appearance, they have decided to hold a grand Masquerade Ball and Carnival at the rink, on Friday evening, 28th inst. It is expected to be a grand affair, the leading one of the whole season. About one hundred masqueraders are anticipated, and the costumes will be tony. Quite a number of Toronto costumes will be worn. It is not necessary to recommend every one to go and assist the band. They are sure of a good crowd. For particulars see bills.

PRESBYTERIAN SOCIAL.—A Social in connection with, the Presbyterian Church will take place in the Masonic Hall, Richmond Hill, on Friday, January 21st, 1881. Tea will be served from 5 to 8 o'clock, P. M., after which a lecture will be delivered by the Rev. A. Gilray, on "Rome and its surroundings." Laura E. Newton has kindly consented to give some of her excellent readings. Appropriate music will be furnished by the Choir. Tickets 25 cents, children 15 cents. All are cordially invited. This lecture will prove very interesting, and is alone worthy of a crowded house. It includes a graphic description of Rome's scenery, size and capacity of its noted edifices, its customs, form of worship, &c, which is depicted in a very distinct manner, making one almost think he is really there beholding for himself. We hope to see our Presbyterian friends well patronized. They deserve to meet with success, and know how to ensure it, as far as lies within the control of ordinary mortals.

"Charley's Challenge."

Richmond Hill, Jan. 20th, 1881

To the Editor of the Herald. SIR.—My attention was called to an article in the Liberal of last week, under the above heading. The article is a malicious slander, and the writer made use of language too indecent to appear in any newspaper. I feel convinced there is not another Editor in the country, who would stoop so low as to vent his spite in such language. I therefore decline to answer such vulgar abuse and slander, and have placed the case in the hands of my Solicitor, instructing him to enter a criminal action against the writer. For the future I decline to reply to any abuse from the same source. Thanking you for your space.

I remain Yours &c. CHAS. CHAMBERLIN.

NEW EXTRACT MILLS.

(From our own Correspondent)

Mr John Abell started his new Extract Mill last week, and intends employing a great many hands, both small and great to run the new enterprise, which will add greatly to the business of the village. There is also another extract mill here owned by Mr Mackie, which has been running for some weeks, but is now closed down on account of some dispute about water power. I think it will soon be remedied, and all will be humming again.

THE RECORD OF A TRIUMPH!

CONSOLATION FOR THE SUFFERING

There is no little consolation in the thought that, however the impostor may flourish for the season, he cannot long continue to delude mankind. How many men contrive to acquire a brief and flashy reputation, and then sink into disrepute and oblivion! We then sink into disrepute and oblivion! We then sink into disrepute and oblivion! We then sink into disrepute and oblivion!

The human blood is not a mere fluid, coursing through the veins and arteries, and partaking of the mere qualities of other fluids. It is—settling on the stomach, may appear—ALIVE! It is, in plain words, "THE LIFE OF MAN." All physiological diseases, such as indigestion, deranged kidneys, liver, heart lungs, stomach, all impure secretions in the body, and a large majority of epidemic and endemic diseases have their origin, or at least their exciting cause, in the impure state of the blood. Cleanse that and keep it cleansed, and no sickness can prostrate, or even assail the system. This splendid discovery has given a lustre to Holloway's name transcending the renown of heroes and statesmen. We do not wonder at the great fame he has acquired in Europe, Asia, Africa, and Australia.—N. Y. SUNDAY TIMES.
