THURSDAY, DEC. 22, 1881.

What It Shows.

The result of the election in West Northumberland shows that the Conservatives have no reason whatever to doubt a grand and sweeping victory at the general elections. West Northumberland gave the Reformers a splendid chance to prove that the people had lost confidence in the Government, but they failed to do it, and after a hard fight for several days, the election on Monday last, showed a majority for the Conservative candidate of 68 votes. In 1874 the Reformers carried the riding by 231 votes, and in 1878 the Conservative majority was 88. Every possible effort was made by the Opposition to carry the election on Monday. They well knew what a good influence it would have for the party if a Reformer was elected, and Blake stamped the riding, and delivered a number of eloquent addresses. His speeches were good ones, and one is almost inclined to believe that the people must be convinced by his remarks. There seems to be a manly, spirited and patriotic ring about the language he uses, but his past experience and the prosperous state of the country is against him. If a Reform Government was returned in '83 they could not repudiate the contract with the Syndicate, without checking the progress of the North-West, and losing millions of dollars to the country; they could not abolish the National Policy, or make any national changes in the tariff, so what is the use of condemning these acts. The electors seem that the return of a Reformer would not tend to benefit the country any, that there is no change which could be made that would improve the state of trade, or the settlement of the great North-West, and therefore Blake's earnest appeals apparently are without any effect. The Reformers may just as well make up their minds that they are not going to succeed in '83, on either the N. P. or the Syndicate cry, they will not even hold their own. The indications are that the Conservative party will be even stronger than in '83. It's hard for them to realize, but it's true all the same.

West York.

BANQUET TO WALLACE.

A banquet was given in honor of Mr. N. C. Wallace, M. P. for West York, on the evening of the 15th inst., at Fairbank, in the township of York. Mr. R. Wilson, proprietor of the York House, had made ample preparations for a hundred guests, and fully that number attended and did ample justice to the sumptuous repast provided. The chair and vice-chair were respectively occupied by Mr. J. P. Bull and Mr. Jacob P. Ross, of York township. Among the gentlemen present were: Mr. Wallace, M. P., the guest of the evening, Messrs A. P. McDonald, ex-M. P., A. M. McDonald, John A. McDonald, W. Smithson, J. P. Bull, Thos. Vaughan, James Armstrong, Arthur Duncan, Wm. Clarke, J. John Todd, Edward Linder, J. Dollery. The best of it, Alex. McKenzie, A. Robertson, Cap. E. Denison, etc. After the cloth was removed the usual loyal toasts were given and responded to most heartily. Mr. Wallace's speech was an exhaustive review of the beneficial legislation of the present Government as experienced by the agriculturist, manufacturer, merchant and mechanic. The manner in which it was received can leave no doubt upon that gentleman's mind of the complete indorsement given to the Government policy by his constituents in the neighborhood of Fairbank. After practical speeches by the Messrs McDonalds and Mr. Armstrong, Messrs Smithson, Duncan and Heaslip replied to the toast of the agricultural interests in neat and appropriate speeches. The chairman, Mr. J. P. Bull's speech, full of thought and fact, closed one of the most enjoyable meetings ever held at the suburban village of Fairbank. The enthusiasm and satisfaction manifested here and all through the riding at the result of good Government and the National Policy is universal.—News.

THE DOCTOR IN NEWMARKET.

The Doctor in Newmarket.—The Reformer in referring to a lecture to be delivered by Dr. Wild in that town on the twenty-second says:—At the last visit of this celebrated lecturer to this town, the address he delivered only served to increase the interest felt in him, and made those who had the pleasure of listening to him on that occasion wish to hear him again. The public once having had a taste of his power to interest an audience, will be anxious to hear him again. The lecture itself is something entirely unique, and is said by those who have heard it to be intensely interesting, as well as instructive. Dr. Wild has certainly proved himself a thinker far in advance of the age, and his theories are at once startling and new, and at the same time carry conviction with them. He is undoubtedly the sensation of the age, and we hope our Newmarket friends will not miss the present opportunity of hearing him, as he may not re-appear in Newmarket again. It was with considerable difficulty that the committee secured his services, and we hope he will be received by a full house.

Christmas and New Year's

CONCERTS, SOCIAL ASSEMBLIES, ETC., IN RICHMOND HILL AND NEIGHBORHOOD.

LECTURE. The Holiday Series of Concerts, and Social Assemblies opens this week with the lecture, by Dr. Wild, in the Masonic Hall, Richmond Hill, on Friday the Twenty-third. The lecture has been extensively advertised, the tickets are selling well, and everything indicates a large audience to hear this celebrated lecturer.

MASONIC HALL. The arrangements are now completed for "the event of the season,"—a grand Masonic ball and supper—in the Masonic Hall, Richmond Hill, on Friday, Twenty-third. The music is of a superior order, the best to be secured in Toronto, and the Committee have spared neither time, expense, or trouble to ensure a pleasant and most enjoyable evening.

ART EXHIBITION. The Richmond Hill Mechanics' Institute will hold an Art Exhibition in the Committee Room of the Masonic Hall, on Saturday and Monday, Dec. Twenty-four and Twenty-six, at which a large and varied collection of beautiful Paintings, Chromos, Ancient and Modern Curiosities of all kinds, and other interesting articles will be on Exhibition. It is really astonishing what a large number of strange, and curious articles can be secured in a small village and neighborhood. One would scarcely believe that Richmond Hill and Patterson contained so many works of art, and valuable relics of all kinds, as will be shown on the above dates. Any person having articles for contribution will please write the name, and the name, and a short history, (if the article is of such a nature as to make the history interesting,) and attach the description to the collection. A committee will call at the different houses in the village on Saturday morning, for curiosities, but those who can send their articles to the hall, will confer a great favor on the Committee, as there is a great amount of work to do. The Directors of the Institute guarantee that every article will be handled carefully, and returned safely. There are many persons who have volunteered to send in articles without being canvassed, and as it will be almost impossible to canvass all, the committee hope that any who may not be visited will send word to the officers, or leave their articles at the hall. In either case they will be entitled to the hearty thanks and lasting gratitude of the Directors. The Exhibition will be opened from 6 o'clock to 10 p. m., on Saturday, and from 10 a. m. to 5 p. m., on Monday, (Christmas Day.) Tickets 10 cents, members free.

M. I. CONCERT.

On Monday evening, Twenty-sixth inst., a Grand Concert will be given in connection with the Mechanics' Institute, in the Masonic Hall. A good programme has been procured, consisting of songs, choruses, duets, solos, readings and recitations. The committee expect to have a gentleman from Toronto to give a number of humorous readings. Concert to commence at 7:30. Tickets 15 cents.

SHOOTING MATCH.

A shooting match will be held at the Grand Central Hotel, Richmond Hill, on Christmas Day, Monday, Dec. Twenty-six, when over 300 Glass Balls will be provided, also a large number of pigeons, geese and turkeys. Shooting commences at 10 o'clock sharp. Dominion rules to govern. Dinner will be provided at 1 o'clock, at the Grand Central Hotel. Mr. Edward Fricker, the celebrated Australian oarsman, will be present.

ZION E. L. S. ANNIVERSARY.

The Zion E. L. S. Sabbath School, 4th Con. Vaughan, hold an entertainment on Dec. Twenty-sixth, consisting of addresses, singing and dialogues. They will also have a Christmas Tree.

MAPLE C. M. CHURCH.

A Concert and Christmas Tree will be held in connection with the Sabbath School on Thursday, Dec. Twenty-second, at the Grand Central Hotel. Mr. Edward Fricker, the celebrated Australian oarsman, will be present.

THIS SABBATH SCHOOL WILL HOLD AN XMAS TREE AND ENTERTAINMENT ON MONDAY, DEC. TWENTY-SIX.

Tea from 4 to 6 p. m., and singing, recitations, dialogues and songs will be given by the school.

HALL AND SUPPER.

A Grand Ball and Supper will be held at the Thornhill Hotel on Friday evening, Dec. 30th. First-class music has been engaged for this occasion. Splendid hall and good supper.

TORCH-LIGHT PROCESSION AND FIREMEN'S CONCERT.

The Richmond Hill Fire Company will give a grand Torch-light procession and Concert on Monday evening, Jan. Second. The procession will leave the fire hall at 6 o'clock, headed by the band, with the engine and hose reels nicely decorated with flags, etc., and parade through the village, after which a concert will be given in the Masonic Hall. The programme is a good one. Selections by the band, cornet and piano solos, songs, duets, readings, recitations, and sleight-of-hand performances, and comic songs in character will be given. This is to be the concert of the year. As this is the first concert held by the Fire Company we would like to see the hall crowded. For particulars see bills.

Mount Zion S. S.

Mount Zion Sabbath School, at Dollar P. O., will give a Tea meeting and Entertainment on New Year's Eve, Saturday, Dec. 31st. Recitations, dialogues and singing. Rev. I. Campbell, Richmond Hill, Rev. Mr. Shuttleworth, Toronto, and others will deliver addresses. For other particulars see bills, and don't you forget it.

Cranberry Marshville.

There is a little fellow here that goes by the name of the 'terrier' as he is snapping at everything. He is the same fellow that was so over come by the gentle influence of Morpheus last spring, that he went to sleep and missed several lands by forgetting to put grain in the drill, or he was thinking too much of his girl. He is a rather consequential man in temperance matters, but only in his own opinion. He is going to be married shortly, if all goes well. He was pretty near being married twice before but got left. The band boys have made their teacher a present of a beautiful chair, costing about \$13. It was at the Xmas tree on Monday night. Hope he will have a great deal of comfort, as he must be wearied looking for a house. This would seem to show that the country is being benefited by the N. P., as there is not a house to be found vacant.

WELL-O-THE-WISP.

Cranberry Marshville, Dec. 19th, 1881.

The Ontario Legislature Assembly meets for business on the 12th of January.

At the West York Reform Association meeting recently, the present worthy representative of that riding announced his determination not to seek re-election next general election. It is a pity to see worthy and honest men retire without witnessing a corresponding grace of resignation on the part of mere politicians who "run the show" for a living.—Newmarket Evt.

Municipal Matters.

KING.—We have not heard of any particular change in this Township since we made allusion to municipal matters on a previous occasion.

WHITCHURCH.—The programme has somewhat changed lately, and strong pressure is being brought to bear on Mr. J. C. Lundy, the present Reeve, to reconsider his previously announced intention of retirement, and it is more than likely he will reconsider and run.

EAST GUILDFERRY.—A correspondent who ought to be pretty well posted in this Township writes us that Mr. Wm. Reid will be brought out in opposition to the present Reeve; and also that Mr. Reid's name, and that of Mr. P. DeGeer, are both mentioned for 1st Deputy, in opposition to Mr. Travis. For second Deputy, Messrs B. Long and J. Tuer; and for Councilors, Messrs John Holton, Benj Terry, Malhon Doan, Asa Phillips, Robert Moore, and Geo Holborn. This looks like a good list, but what about the riding of a little on nomination day. Since the foregoing was put in type we learn that a public meeting took place at Queensville on Monday evening, to consider municipal matters. Mr. Turner occupied the chair, and speeches were made by Messrs J. Moore, A. J. Milne, Malhon Doan, Jas Silver, P. DeGeer, and others. The meeting finally decided to nominate Mr. DeGeer for 1st Deputy, and Mr. Malhon Doan for Councilor.

We have not heard any further intelligence from other Municipalities in North York.—Eva.

We learn that Mr. Feasby retires from the Township Council after 9 years service. R. Parker takes position of Reeve, C. Gould 1st deputy, E. S. Shaw, 2nd deputy, and J. Weir and S. Flummerfelt as councilors, and at present it is believed they will be returned by acclamation, as no other aspirants have come forward.—Stouffville Advance.

Tuscarora.

(From our own Correspondent.) We have a young gent living in this village, a little light—or red—in the head, and he strolls up to Teston, S. T. D. Div., on every Saturday night, as a general thing. Last Saturday night he showed up as usual, and getting into an argument, attempted to enforce his ideas by physical force. This is where he failed, badly. His opponent was the day, and our friend—J. Mc B.—retired somewhat crest-fallen, and reported that he had violated his pledge. He was re-obliged, and went out, not to weep, but to brave the bitter wind, until his girl came out, when he went home with her. He makes a point of asking a girl, the first time he is with her, whether she will marry him or not. The girls naturally refuse, as they want to get more acquainted with him, and he gets angry and transfers his attentions elsewhere. He is a dandy.

TWIN-BROTHERS.

Tuscarora, Dec. 21st, 1881.

WOODBRIDGE.

(From our own Correspondent.) Our bad roads and gloomy weather don't look like the advent of Christmas, but we hope before the end of the year to see some snow and gleaming for the Holidays, as all young people like a sleigh ride at Christmas and New Year's.

PUBLIC MEETING.

A public meeting was held last night in the Orange Hall, for the purpose of discussing matters in regard to our newly incorporated village, and nominating candidates for the office of Reeve and Councilors for the ensuing year. There are no particular questions before the electors this year, unless they may request to hear the views of candidate on a lock-up, street-opening, and street lamps. We are pretty well fixed for fire protection, and that question must take a rest now. We believe all the old Council will stand, and there will likely be one or two new names, but we have not heard anything definite. It is said Dr. J. Langstaff, on Monday, Dec. Twenty-six, 1881, for the nomination of candidates for the offices of Reeve and Councilors for the ensuing year. There are no particular questions before the electors this year, unless they may request to hear the views of candidate on a lock-up, street-opening, and street lamps. There are no particular questions before the electors this year, unless they may request to hear the views of candidate on a lock-up, street-opening, and street lamps. We are pretty well fixed for fire protection, and that question must take a rest now. We believe all the old Council will stand, and there will likely be one or two new names, but we have not heard anything definite. It is said Dr. J. Langstaff, on Monday, Dec. Twenty-six, 1881, for the nomination of candidates for the offices of Reeve and Councilors for the ensuing year. There are no particular questions before the electors this year, unless they may request to hear the views of candidate on a lock-up, street-opening, and street lamps.
