

NEW ADVERTISEMENTS

Administrators Notice—Cyrus Mapes... Executor's Sale of Land—Robert Holland...

The York Herald. Richmond Hill, Ont. No. 22. Whole No. 1238. Volume 24. THURSDAY, MARCH 23, 1882.

The 'Globe' becomes amusing.

One would scarcely expect to find anything very amusing in the heavy and ponderous articles about the National Policy...

There is very rarely, if ever, an editorial printed in which the readers are not told, in language more or less pointed and powerful, that the National Policy is filling the pockets of the manufacturers with the farmers' hard-earned gold...

This statement has been so repeatedly made, and any amount of figures given to prove it, that nearly everybody had begun to believe all manufacturers wealthy, or in a fair way to become so.

Having succeeded in impressing this upon the people, after years of persistent effort, the Globe gravely informs us that the manufacturers are being ruined by this self-same N. P.

It may not be quite clear to some, how the farmer is robbed and the manufacturers enriched, and ruined by the same tariff...

"The National Policy must be a terrible evil, and the Globe a patriotic and brilliant journal," is what the solid Grit thinks as he reads such articles...

Doing Good.

The Society for the Suppression of Vice, in Toronto, has accomplished a great deal of good already, and shown the absurdity of the argument, so frequently used, that legal measures to crush out the sin against which the efforts of this noble band of Christians are particularly directed...

A very large number of disreputable and depraved persons have left Toronto for other cities, where they are less liable to being arrested and imprisoned. The Society has received sufficient encouragement, from the success which has attended the effort to do good, to urge it to make still greater exertions in behalf of Right.

Not only has a great and existing evil been checked and partially crushed, but the publicity given by the papers to the offenders, has caused an abrupt and almost complete desertion of many haunts of sin. The Society will be the means of preventing, and has the power to prevent directly and indirectly, hundreds of persons from being led to take the first steps in the downward road which leads so rapidly and surely to destruction.

As long as the world lasts sin will exist, and consequent misery and suffering will ensue, but vice should not be even tolerated, let alone encouraged as has been too much the case in Toronto, by the very lax measures taken to suppress it. It is an insult to every upright and honorable person in the country to assert, as some writers in the city press do, that this is a "necessary evil" and cannot be suppressed to any great extent without still greater crimes being caused.

This world is not too good, as yet, but let us all hope it is getting better every day; and, instead of discouraging the noble men who attempt to do good, we should endeavor to act so that the world will be the better for our having lived.

Canadian Independence.

The Toronto World thinks our present connection with Great Britain is a decided disadvantage to us, and that we have lost ten million settlers, representing five millions of dollars worth of improvement to Canada, by not being independent. If this is so, British connection is certainly somewhat expensive, but the World will not see that we have had many great advantages to counter-balance the estimated loss.

Masonic Funeral.

THE LATE BRO. WM. POLLOCK.

On Tuesday afternoon last, the 21st inst., the remains of Mr. Wm. Pollock, who died on the 19th inst., were interred in the Presbyterian Church Cemetery, Richmond Hill, with all the impressive circumstances of Ecclesiastic and Masonic Ritual, the deceased having been for over fifty years a member of Richmond Lodge, No. 23, G. R. C. Although the very rough state of the roads, and the stormy weather prevented many persons from attending, a large number of the Brethren of Richmond, Vaughan, Nobleton, and Patterson Lodges were present to pay the last and tribute of respect to the deceased.

At 3 p.m., and marched in regular order, with proper regalia, and badges of office, two days to the late residence of deceased, where the usual funeral service of the Presbyterian Church, to which the deceased belonged, was conducted by the Rev. Mr. Dick, after which W. Bro. James Reynolds, W. M., read the introductory portion of the Masonic funeral service. The brethren then formed in the following order, and proceeded to the cemetery:—

Tyler, Stewart, Members of Lodge, Junior Guard, Director of Ceremonies, Senior and Junior Deacons, Secretary and Treasurer, Senior and Junior Wardens, Past Masters, Worshipful Master, Chaplains, Officiating Clergymen, Coffin and Pall Bearers, Chief Mourner, Friends of the dead.

The Pall Bearers were Bros. J. M. Davis, D. Kinne, J. McConnell, W. French, J. Newton, and R. E. Law. Upon arriving at the grave, the procession opened, and the clerical, the pall bearers with the coffin, and the chief mourners, passed through the ranks to the grave. After prayer by the Rev. Mr. Dick, the conclusion of the Masonic funeral service was read by W. Bro. Reynolds, the scroll, Masonic apron, and sprigs of evergreen were deposited in the grave, a funeral hymn was sung, the benediction pronounced, and the public grand honors were given, concluding with the salutation, "We treasure his memory in our hearts; we commend his spirit to God who gave it; we commit his body to the earth."

Sherwood.

Mr. Wm. Robinson, the popular young bachelor, is going to the North-West. We are sorry to lose him, for even a few months, and all the girls around here seem downhearted, apparently afraid that he will fall in love with some of Manitoba's dark-browed daughters, or that some of the fair-faced lasses of Winnipeg will steal away his heart. His friends all wish him success, and hope he will secure a good homestead for the future Mrs. Robinson, whoever she may be. Sherwood, March 21st, 1882.

Mr Speight and the N. P.

In a recent speech in the house of Commons, Mr. Boulbee said: "It was alleged that the carriage-makers were opposed to the National Policy, but Mr. Speight, a carriage manufacturer at Markham, had stated to him (Mr. Boulbee) that the Canadian manufacturers in this line could never have held their home market but for the National Policy, and he had the satisfaction of announcing that gentleman who had been a life-long Reformer, had decided to support the National Policy and Government at the next election."

When Doctors disagree, who shall decide?

Nothing is more variable than the different opinions of the medical men, but when they fail to agree, or to perform a cure in a chronic disease, the patients often decide for themselves, and take Burdock Blood Bitters, and speedily recover. It is the grand key to health that unlocks all the secretions and liberates the slave from the captivity of disease.

The Port Hope, Daily Guide says Mr. B. V. Fairbairn, general agent for the Midland Railway at Port Hope, leaves on Monday for a three week's trip to the west and south west, partly on business and pleasure. Mr. F will go as far as Denver and Omaha before he returns. We doubt not he will have a pleasant time. He is a gentleman who makes friends with all persons with whom he comes in contact. No doubt his trip over the extensive railway system of the north will be of great advantage to him and to the country. Mr. Fairbairn is in charge of the Port Hope station, and Mr. Walker of the Grand Trunk Junction during Mr. Fairbairn's absence. He leaves his work in good hands.

SAWING MATCH.—On Wednesday 15th inst., a very exciting sawing match took place at Whitevale, there being upwards of two hundred present. The event, besides five prizes and sweepstakes, viz. \$5, \$5, \$4, \$2, \$1, and sweepstakes \$2. After a sharp contest Rennie and Morgan took first, Thompson and Simpson, second, Snowball and Lyon 3rd, Hackney Brothers, 4th and McDowell and Fretz 6th. The sweepstakes were captured by Rennie and Morgan.

Dissecting the "Whale."

To the Editor of the Herald: Sir.—It was my intention not to notice Mr. J. P. Rupert's letters in the future, as there is but little satisfaction in replying to a man who can not, apparently, hold a consistent line of argument. He makes an assertion one week, denies it next, repeats the original again, and once more denies that he ever stated such a thing, but I suppose, look plain at Maple, a few days ago, I am simply anxious that the public should be kept in the dark, as to what he is driving at in his last letter. If he means anything, let him say so, and let him stand by it. It is a childish contumaciousness, it is that "scarceness" is a medical man, and that he was at a fire which, I suppose, took place at Maple, a few days ago. Well, in justice to whoever he suspects, I wish to inform Mr. Rupert that I was not "in, or into" the fire.

What was a fire in Maple got to do with the management of the Post Office, anyway. I did not accuse Mr. J. P. Rupert of starting the fire. I am sure, and I cannot see why he devotes so much space to writing about it, when he does not accuse Mr. J. P. Rupert of starting the fire. I am sure, and I cannot see why he devotes so much space to writing about it, when he does not accuse Mr. J. P. Rupert of starting the fire. Parties to whom accounts have been rendered will oblige by giving the same their kind attention, as the object of sending them out may thus be realized. ADMINISTRATORS NOTICE.—The Creditors of the late Wm. Mapes, Headford, are requested to send in their claims and all indebted are requested to pay up. See advertisement.

What Comes of Our Money.

The License Fund. Sir.—In the Treasurer's Accounts for the village, just printed, I notice under the head of "Tavern License Fund," that this village only receives \$239 17 from this fund. We have three licensed hotels, at \$150 each, making a total of \$450. Of this amount \$60 goes to the Government, leaving a balance of \$390. The Treasurer has only received \$239 17 and I would like to know what has become of the other \$150 83. I am aware that there is a certain amount goes to the Inspector and Commissioners, but it is hardly probable that the \$150 83, is all used up in that manner. It is a very curious matter. The old system was much preferable if the present is so costly. I do not say that there is anything wrong, or any mistake made. It may be all correct, but I would like some one to explain this, if they can. One of the Councillors, the Reeve, or the Treasurer might be able to do so. Yours, etc., ANXIOUS ENQUIRER. Richmond Hill, March 22nd, '82.

Woburn.

A meeting of the E. R. Y. Young Men's Liberal Observance Association will be held at Mrs. Johnston's hotel, Woburn, on Saturday, the 25th March inst., at 2 p. m., for the purpose of enrolling new members, and other important business.

Cranberry Marshville.

Mr. Duncan McMullen purchased a fine roadster stallion a few days ago. His house was broken into not long since, and some articles stolen. A portion of the goods have been found in the bush owned by "the Township Official," who made such a remarkable trip to Scamilton's Corner, recently. Mr. Anthony Crockett is off to the land of blizzards and town lots. Times are lively around here, and all the Cranberry's are in good humor.

Our schoolmaster is back again, and some one is happy. The school master intends changing his place of residence from this aristocratic neighborhood to the sylvan shades of Hardscrabble, as the "little terrier," who recently got married, has rented his house. We will be sorry to lose him, but the Testonians will be pleased at the change, and the band boys will rejoice, as "the master" is an excellent musician.

Mrs. McKay, formerly of Maple, has moved to our village. Old Mr. Taylor went "the way of all flesh" recently. Cranberry Marshville, Mar. 22nd, 1882

Vaughan.

MYSTERIOUS DISAPPEARANCE. Frank Kehler, a lad aged 16 years, who lived in the township of Vaughan, near Thornhill, has disappeared mysteriously. He had been living with his grandmother, as on the evening of the 13th inst. last, having been going to work with Mr. S. C. Snider. Since the evening in question there have been no tidings of the lad.

Farms are changing hands in quick succession near Weston. Mr. Geo. Card sold his farm of 36 acres, lying on the Humber bank, for \$5,500. Mr. Geo. Rowntree was the purchaser. Henry Peter, Esq., has disposed of his farm for which he realized \$4000.

"What every one says must be true." And every one who has tested its merits speaks warmly in praise of Hayward's Pectoral Balsam as a positive cure for all throat and lung complaints, coughs and colds, sore throat, bronchitis and incipient consumption.

Division Court will be held at Woodbridge, to-day (Thursday), at Weston, to-morrow, (Friday), and the next Court at Richmond Hill will be held on the 1st of May.

Mr Ritchie, the manager of Mr John Palmer's farm, had one of his feet badly crushed by getting it in the machinery of a horse power, while cutting out sheaves, on Wednesday last.

SPRING.—It is about time Spring was showing up, and Moodie seems anxious to catch right when it comes along, as he has a fine stock of Spring goods, for sale cheap. His teas and sugars are hard to beat. See his new advertisement.

EDUCATIONAL FUND.—The Rev. Prof. Burwash, of Victoria College, Cobourg, will preach in the C. M. Church, in this village, on Sunday next. The collection will be in aid of the C. M. Church Educational Fund.

WEIGHTS AND MEASURES.—Mr. D. Kinne, Inspector of Weights and Measures, made us an official visit this week, (Wednesday and Thursday) inspecting the weights and measures used by our business men.

We had the pleasure the other day of seeing the very fine stock of Southdown sheep belonging to Mr. Marsh Esq., both imported and home bred, and in our opinion there is no perceptible difference between them. He has been very successful this season, in breeding, the weather being so very favorable.

PLENTY OF IT.—Every person that likes a good cup of tea can surely enjoy that luxury now. Brown is selling the seductive beverage at 6lbs for \$1. He also offers immense bargains in Boots and Shoes, Groceries and Seeds. See advertisement.

IMPORTANT TO FARMERS.—The Agent of Messrs Fenton & Co (Inc) Estate Agents Hamilton, will visit the Eagle House, Weston, Tuesday March twenty-eighth; Palmer House, Richmond Hill, Thursday March 30th; and the Queens Hotel, Aurora, on Friday, March 31st, for the purpose of securing a number of good farms in this county, for English Agriculturists about to remove to Ontario during the coming season. This is a first-class opportunity of disposing of farm property at good prices. This old established firm have agents in all the principal cities of Great Britain.

TRENCHVILLE.—Mr. Robt. Trench of Aurora, a brother of our worthy Reeve has returned from a trip to Winnipeg, where he invested in several lots. He likes the piece and is selling out to return with his family. Some of these days we will hear of a village called Trenchville, up in the North-West, and the guileless Robert will be down in Toronto, trying to shove off town lots on this long-suffering and innocent people. When you are a millionaire Robert, just remember that we were good to you in the days of your youth.

SCIENTIFIC ENTERTAINMENT.—Prof. W. V. Huntman will give an entertainment in the Masonic Hall, in this village, on Monday evening next, consisting of Illustrations, Astronomy, Writing by Sound, Short Hand, Picturesque Canada, Foreign Lands, etc. He is highly recommended by the newspapers, Reverend Gentlemen, and School Inspectors throughout the Province. The lecture cannot fail to be interesting and highly instructive.

PROCTOR VERSUS GRANT.—Prof. Proctor, the eminent astronomer, says a comet will fall into the sun in 15 years, and this will frizzle us all up like flies in a furnace. If the Professor has got the drop on us this time, it will be extremely unpleasant for those who are alive in 15 years. But with all respect to the Professor, we have good reason to believe he is a little off, as Prof. Grant, a local authority on chemistry, astronomy, and other sciences, has distinctly stated his opinion that the comet would not make things too hot for us, even if it should fall into the sun, which he is inclined to doubt.

HOLLOWAY'S PILLS.—Dysentery, Diarrhoea and Disordered Bowels.—These maladies are ever present, and if left unattended frequently terminate fatally. It should be everywhere known that all these complaints originate in the presence of some undigested substance in the stomach or bowels, or of some deleterious matter in the blood, and that Holloway's Pills can eliminate either with ease and expedition. They combine in a surprising degree, purifying, alterative, regulating, and strengthening qualities, and thus exert over every internal organ the wholesome controlling influence so necessary for subduing excessive action in the human frame. Holloway's medicine may be advantageously taken as a means of keeping the blood pure and the body cool—the only practicable plan of maintaining health in youth, in manhood, and in old age.

Woodbridge.

AN IMPUDENT FORGERY. The name of Mr. Joseph Hodge, of Woodbridge, was impudently assumed by a drunken man who appeared at the Toronto Police Court on Monday, the 13th inst., and was discharged. Mr Hodge was not in Toronto at all that day and had not been in the city for a month before.

ART AND OIL.

The Norfolk (Va) Virginian of Jan. 16, 1881, refers to the remarkable cure effected by St. Jacobs Oil in the case of Prof. Cromwell, known the country over for his magnificent Art Illustrations—who had suffered excruciating torments from rheumatism, until he tried the Oil, whose effects were magical.

York Township.

A POULTRY TRIP IN TROUBLE. Several thefts of poultry have been chronicled of late throughout York Township. One of the victims, Mr Thomas Gooderman, literally "laid a trap" for the marauder, he ingeniously fixed a steel trap to the door of his hen-roost in such a way that any intrusive hand would be caught in it. It might be added that the teeth of the trap were well sharpened. One morning quite recently on the hen roost being visited it was seen that the thief had been around and had fallen into the trap, for the door near where it was fixed was besmeared with blood. It is needless to say that the occupants of the hen-house were all in their places, and that no visits have been made on the premises since. It is not unlikely that the officers of the law may trace the marauder, who is undoubtedly well marked.

Rest and Comfort to the Suffering.—"BROWN'S HOUSEHOLD PAIN-EXPELLER" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lambrago, and any kind of Pain or ache. "It will most surely quicken the blood and heal, as its acting power is wonderful." "Brown's Household Pain-Expeller," being acknowledged as the great "Pain-Expeller," and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, as it really is the best medicine in the world for Cramps in the Stomach, and Pains and Aches of all kinds, and is for sale by all Druggists at 25 cents a bottle.

AURORA.

Many in Aurora will be surprised to learn that the general Peter Wilmot, with his family, have packed up bag and baggage and removed to Toronto. They made many friends here who will regret their departure. We trust the change may be for the better, both financially and otherwise.
