THURSDAY, OCTOBER 19, 1882.

Mistaken Again.

Last Spring there was a boom in Colonization Companies, and almost any man could be induced to become a stockholder in almost any kind of a Company. The organizer painted a beautiful picture of a country being held back for want of just such a company as he was interested in. "Money in it?" The scheme was full of it, and running over.

So general was the excitement, and so credulous the people that over three hundred companies were formed for the purpose of colonizing the North-West. Of course, among the stockholders were many shrewd men who clearly foresaw the result,—the weak institutions must go when the time came for meeting the Government stipulations. All that could manage to pull through for a few years would reap a rich harvest, besides assisting materially in building up the country.

But the Opposition organs and their supporters took very strange positions in regard to these colonization companies. They were a curse to the country; it was a case of the Canada Land Company over again; they would retard settlement; the land would be locked up for extortionate prices; settlers would get into the clutches of these corporations and have the life-blood squeezed out of them; another Ireland, with all the attendant horrors of landlordism, would be established in the North-west.

When such statements as the above were worn threadbare the strain changed to—wholesale bribery by the Government; the companies were made a present of the land; corrupt politicians enriched at the public crib; the regulations would never be carried out, and the Government did not care whether they were or not; the Government were bribing voters by means of these schemes, etc.

But it seems that all the organs have made another mistake. Out of the three hundred companies formed only twenty-two are now in real existence. The remainder failed to meet the instalment of forty cents an acre on the lands applied for. The successful twenty-two are:—The North-West Belt Co. Co.; the Temperance Col. Society; the Primitive Methodist Col. Company; the Qu'Appelle Land Company; the Farmers' North-West Land Co.; the Dominion Land Col. Company; the Dundee Land Investment Company; the Montreal & Western Land Company; Alexander Scott, and Timothy Hay; the York Farmers' Col. Company; the Fertile Belt Western Agricultural Co.; P. D. Valin; H. W. C. Meyer; C. F. Ferguson; A. Blackburn & Co.; H. D. Smith; Prince Albert Col. Company; William Sharples; G. G. Duxton, and W. B. Scarth; Patrick Purcell; Shell River Col. Company; the Scottish, Ontario & Man. Land Company; the East Durham & Qu'Appelle Land Company.

This should silence the Opposition organs' statements that the Government did not mean to make the Companies fulfil the bargain. It also disposes of assertion that the lands were given as a bonus to political supporters. Seeing that such is apparent, some of the papers have turned around and are taking the Companies under their protection. They sympathize with the unfortunate ones; the Government should have given more time; it was impossible to fulfil the agreement in such a short season; the Companies have been defrauded by the Government, and so on ad infinitum.

Meanwhile the work of settlement goes on. The companies who have started with sufficient capital, are improving their lands and assisting settlers, and the Grit editors cannot conceal their disgust.

The Hon. John Hamilton, Senator, whose death is announced, was called to the Senate at the time of Confederation. Previous to that he held a seat in the Legislative Council, as a life member, from 1841. His death leaves another vacancy at the disposal of the Dominion Government.

GRIP ON "THE CATHOLIC VOTE!"—Mr. Mowat is advised to last week's Grip, how to influence the Catholic Vote. The leading cartoon represents the Premier of Ontario in the act of shaving off his whiskers, in one scene, and in the next he is dressed as a priest, bearing a striking resemblance to Archbishop Lynch. Grip knows that Mr. Mowat does not need any advice about securing this vote. He has made a particular study of the matter for years, and no doubt the idea given in the cartoon suggested itself to him long ago. The reason he did not adopt it doubtless being that he thought it would prove even a worse "give away" than Crook's deal on Marmion. Just leave Mr. Mowat alone for doing all that mortal can do to catch the Catholic Vote every time,—and any other votes that can be caught.

Brown and Mackenzie Monuments.

The monument to be erected in memory of the late George Brown is now in the hands of the sculptor, Mr. Birch, A. K. A., of London, England. The statue is to be made of bronze, ten feet high, will cost £1000 sterling, and will take about a year to complete. There is an agitation going on in favor of erecting a monument of a similar nature to the memory of William Lyon Mackenzie. We long ago,—when the Brown monument was first mentioned,—expressed the opinion that if public sentiment was in favor of expressions of esteem in this manner, no one better deserved the tribute than Mackenzie, and we have not yet heard of any one dissenting from such an opinion. It is not necessary to approve of all of the dead patriots' acts and sayings, but he certainly accomplished a great deal of good for his country, although the means to which he resorted in the last instance,—through bad advice,—were hasty and questionable. He meant well for Canada, and we owe, in a great measure, many of the privileges and liberties of today to the agitation he aroused. The misery and suffering caused by his allowing hot-headed advisers to influence him in resorting to armed force, can afford to be over-looked and forgotten, and every Canadian should heartily join in honouring one of our greatest sons.

The Arabi Conundrum.
The English Government have a white elephant, in the shape of Arabi Bey, on their hands just now. He was secured at the expense of hundreds of valuable lives, and millions of dollars, and now that they have got him, there seems to be too much of him. The Khedive of Egypt is eager to kill Arabi, but as England is responsible for his defeat and capture, she is also, in honor, bound to see that he has fair play. He can hardly be treated as a rebel, as there are good grounds for believing that the Sublime Porte encouraged him in its usual sublime and underhand style. If he is to be tried for his life, he should have every advantage given to men in civilized countries. The Khedive would prefer quietly strangling him, but probably the better way to dispose of him would be for England to utilize St. Helena, a la Bonaparte.

Masonic Funeral.
THE LATE BRO. WM. FRENCH.
On Wednesday last, 18th inst., the funeral of the late Wm. French, of Niagara Falls, who died on Monday, 16th inst., at the homestead, near Thornhill, took place, and the remains were escorted to the Thornhill cemetery, by the Masonic brethren, and a very large number of friends, deceased having been a member of the Richmond Lodge, No. 23, G. R. C., for over twelve years. Although the notice of the funeral was necessarily very brief, there were a large number of Masons present, from Richmond Lodge, Richmond Hill; Vaughan Lodge, Maple; Patterson Lodge, Thornhill; and York Lodge Eglinton. After the usual services at the house of the deceased brother, the brethren drove to Steele's Hotel, Yonge Street, where a procession was formed in regular order, and headed by the Richmond Hill Band, they marched to the cemetery, the Band playing appropriate airs. The procession was a very long one, including friends and acquaintances from the neighborhood and other sections of country. At the cemetery the Rev. I. Campbell read the burial services of the Presbyterian Church, and V. Bro. J. Reynolds, W. M., Richmond Lodge, read the concluding portion of the Masonic services. The burial was beautiful and impressive ceremonies being performed, the remains were consigned to the vault, whence they will be removed to the family burying ground in Toronto.

Newmarket.
RUNNING AGAIN.—The Maraden Mills commenced on Monday running night and day again. Altogether about \$1000 have been expended in improvements and repairs to the above Mills by the Messrs. Reesor among which is the placing in of an Air Pump and Condenser, at a cost of about \$450, which is calculated to save about 25 per cent in fuel; also a new Garden City Purifier, costing about \$300.

Fortunes for Farmers & Mechanics.
Thousands of dollars can be saved by using Judgement in taking care of the health of yourself and family. If you are Bilious, have a sallow complexion, poor appetite, low and depressed spirits, and generally debilitated, do not delay a moment, but go at once and procure a bottle of those wonderful Electric Bitters, which never fail to cure, and that for the trifling sum of fifty cents.—*Tribe.* Sold by R. E. Law.

NOT DROWNED.—It was reported that the wife and four children of Mr. James Morley of Whitchurch, were drowned in the "Asia" while on their way to Winnipeg to join their husband and father who went to Manitoba last spring. Mrs. Morley and her children were not on the "Asia," owing to the boat not touching at the point where they were embarked. Mr. Morley's parents reside on Lot No. 3, 4th Con. Whitchurch. Mr. Morley's brother Benjamin was a victim of the disaster.

HOLLOWAY'S PILLS.—In order that the slightest indisposition may not rapidly run its disastrous course from bad to worse, the afflicted of every age and class should give it immediate attention. A few doses of these thoroughly purifying and strengthening Pills will always be beneficial when the least disorder reigns, or when nervous fears oppress. Two or three Pills at bed time have the happiest effect in promoting perspiration, whereby the muscles are rendered more vigorous, the spirits more buoyant, and the entire frame more hardy. Holloway's medicine increases the quantity of nutriment derivable from a given quantity of food, and so the quality of the blood is improved, the tone of every fibre throughout the body is heightened, and the disposition to fall into disease is reduced to a minimum.

AURORA

One day last week, while Mrs. Wm. Tue, of Vaughan, was carrying a child up the stairs she burst a bloodvessel. A doctor was immediately summoned, and it was thought she would recover. The vessel again gave way, however, when she only lived a few hours. She leaves a husband and several children to lament her sudden departure.

Dr. Langstaff of Springhill, has sold his practice to Dr. Gould, from an Eastern town, and leaves on the 1st of November for Thornhill, to fill the vacancy caused by the death of Dr. Reid. A cordial welcome is extended to the new practitioner. —*BONAEALIS.*

The Springs Did No Good.
The following item is given for the consideration of those of our readers who are in search of just such an article as that referred to in the statement of Mrs. Geo. A. Clark, of the town of St. Catharines. "I cannot refrain," says Mrs. C., "from bearing testimony to the wonderful effects produced by the use of the very best remedy in the world, St. Jacobs Oil, for rheumatism. I had rheumatism and drapay and did not walk a step for fifteen years. I tried nearly everything our most skillful physicians prescribed,—Clifton Springs,—St. Catherine Springs, etc., residing with a celebrated German doctor, who pronounced my case incurable. Thinking everything of no use I was induced to try St. Jacobs Oil, and it has certainly done wonders for me. I heartily recommend it to any who may be suffering as I did. I have not had any use of my right arm for more than a year; now, however, I can raise it very nearly to my head."

Markham.
LAD ON OUR TABLE.—Mr. J. D. McPhee, of Whitevale, laid on our table a Peerless potato weighing 24 lbs. and measuring 7 1/2 by 1 1/2 inches. This potato has a solid delicate flesh and not hollow, protruding eyes, smooth and thin skinned—a most desirable variety.

Free of Cost.
All persons wishing to test the merits of a great remedy—one that will positively cure Consumption, Coughs, Colds, Asthma, Bronchitis, or any affection of the Throat and Lungs—are requested to call at R. E. Law's Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption free of cost, which will show you what a regular dollar-size bottle will do.

Scarboro Fall Fair.
Scarboro fair, held at Woburn Wednesday Oct. 11, was this year, as it always has been, a great success. The day was all that could be desired—very bright. Among the three thousand of the fair were the Rev. Alex. Mackenzie and lady, and G. W. Badgerow, M. P. P., and lady. The entries in the various classes were:—In imported horses 7, Canadian draft 20, and general purpose 48; Cattle—20 Ayrshire 21 grade, 32 Durham; Sheep—long wool 20 short wool 8; Swine—large breed 4, small 14; Poultry—16; Grain—fall wheat 13, spring wheat 2, peas 2, barley 11, corn 12; beans 5; Hocks—19, turkeys 3, mongrels 16, carrots 15, beets 6; Fruits—apples 23, peaches 16, other fruits 18; Vegetables, 33; Butter, 28; Cheese, Bread and honey, 8; Implements, 9; Ladies' work, 144.

The show of horses was good especially in heavy draft and buggy horses. S. Beattie J. Storey, Jas. Lawrie, J. Cunningham, W. Crawford, Alex. Doherty, and Jas. McConaw showed noble specimens in heavy draft. In cattle the most of the classes were well filled, Jas. Lawrie showing a very fine herd of Ayrshires. The show in sheep, swine, and poultry was rather small. Grain, roots and vegetables were well represented, and comprised a magnificent display. There was also a beautiful display of ladies' work, which occupied a large portion of the tent. In dairy produce the show was below the average except in butter. If there is anything the ladies of Scarboro are celebrated for it is butter making.

Bucklen's Arnica Salve.
The Best Salve in the World for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles. It is guaranteed to give perfect satisfaction, and money refunded. Price 25 cents per box. Sold by R. E. Law.

REFORM ASSOCIATION.—The annual meeting of the E. K. York Reform Association will be held at Beulton's hotel, Milliken's Corners, on Saturday, October 21st, at 10 o'clock a. m., for the election of officers and the transaction of other important business; also the selection of a candidate for the Local House will be taken into consideration.

Small Beginnings and Great Endings.
It is a trite remark that it is better to begin in a small way, and enlarge in a steady and healthy manner, than to attempt too much and fail. But such is the remark, it bears the impress of truth. No matter how small the beginning, if there is real worth at bottom, the result will be all that can be hoped for. Let the history of Holloway's celebrated Ointment illustrate this point. In an obscure street in London he commenced the manufacture of his Pills. He mixed the ingredients and rolled the Pills with his own hands. Their sale at first was small, but as their efficacy became known it increased, at first slowly, then more rapidly, until now the demand for them has become so great that the iron muscles of the steam engine are called in to requisition to grind up and mix enough to supply the increasing calls for them—calls which come from all parts of the world. This success has rendered Holloway famous in every clime, and he is now the wealthiest man in England. In no part, however, are they more justly appreciated than in South and Central America, where their comprehensive benefits, and the strength of their remedial properties, have been most severely tried. When winter sits enthroned among the Andes, where torrid summers evoke disease and death from the marshes near the coast, and where eternal spring beautifies the table lands, there is no more certain remedy with equal and invariable success to all classes, colours, and conditions.

To the superficial thinker it seems inexplicable that the same medicine should cure diseases which bear no similarity to each other. We believe, however, that for the reason above given, has been given for the phenomenon. Symptoms differ, but the effects of disease, not its cause. The cause, it is argued, is a morbid and poisonous principle in the blood, which may be of great variety, but the remedy—a difficulty which Holloway has surmounted. If this is not the rationale of the cures accomplished by his Ointment, let the faculty give us a better. We are indifferent as to the theory may be adopted in explanation, so long as the facts themselves remain unshaken.—*BROOKLYN EMANCIPATOR.*

LOCAL ITEMS.

We have to pass thanks for a Complimentary Ticket to the Woodbridge Fair.

CHEAP EXCURSIONS.—The excursions from Toronto to Detroit and Chicago, on Tuesday and Wednesday, for \$3.50 and \$10.50 were largely patronized. Several persons from this village took them in.

DELEGATES TO BRAMPTON.—Mr. D. Fotheringham, of Aurora, requests us to announce that delegates to the Ontario S. S. Convention at Brampton, on Oct. 24th to 26th, should send their names at once to Mr. R. P. Campbell, the local Secretary.

CONCERT AT WOODBRIDGE.—A concert will be held in the Orange Hall, Woodbridge, on Wednesday, 25th inst. A splendid programme has been prepared. For particulars see bills and programmes.

A FINE TEAM.—On Wednesday last, Mr. G. Headip, of Markham, sold a team of bay and brown mares, aged four and five years, to Mr. Donald McLean, of York, for \$575, cash. They are a fine team, and well worth the handsome price given for them.

A GOOD FARM.—Major Elliott, of Buttonville, we are informed, has one of the best farms in the neighborhood. There is not a farm in Scarborough, Markham or Vaughan, that is kept in a better state of cultivation, or more clear of thistles. Many of the farmers do not give as much attention to the thistles as they should, and their neighbors with clean farms have to suffer through such negligence.

INCREASE IN MEMBERSHIP.—The Secretary of the Mechanics' Institute informs us that there has been quite an increase in the membership for the ensuing year. The year began on Oct. 1st, and members are entitled to free admission to all the Re unions held during the year. Many a young man, and men who are not young, might do worse than invest one dollar in a ticket, and spend some of the long winter evenings reading useful information, from a library containing over 1200 volumes.

A fair girl of about sixteen summers, and not over an hour's walk from the Palmer House, received some time ago a ring as a birthday present from her father. One evening shortly after her father noticed that the ring was not on the accustomed finger and inquired the cause of the change. "It hurts my hand so, papa, when it is squeezed." What! do you allow anyone to squeeze your hand? "Well, no, papa, but you know I like to have it in a squeezable condition."

MUSICAL AND LITERARY RE-UNION.—The Directors of the Richmond Hill Mechanics' Institute have issued posters announcing that they intend to hold one of their popular Re-unions in the Masonic Hall, on Tuesday evening next, Oct. 24th. We are informed that the Re union Committee have arranged a good programme, and expect that this entertainment will be one of the most pleasant of the season. The Band will give their able assistance. The chair will be taken at 8 o'clock. Admission 15 cents; children 10 cts.; members free.

RE-OPENING SERVICES.—On Sunday last, 15th inst., the re-opening and anniversary services in connection with the P. M. Church, at Carrville, took place. Rev. W. Booth, of Toronto, and Rev. P. Addison, of Richmond Hill, occupied the pulpit, at morning and evening, respectively. The Tea-meeting on the following Monday evening, was well attended. Rev. J. W. Jolliffe, of Toronto, lectured on "The Rock upon which young men split." On Monday afternoon, a game of Foot Ball took place, between five young men from Patterson, and about twenty-five full-grown Carrvillers. The latter team played a stirring game, and made every kick tell, but they could not stir around lively enough for their youthful opponents. The game was very amusing at times, particularly when a muscular Carrviller aimed a ferocious kick at the ball, and hit a stone instead. His pent up feelings could only find expression at such times, in the real pure Arabic, and as he grabbed his wounded toes in one hand, he slowly elevated the other, and muttered, with the strength of his whole nature, "Great Caesar!" The score stood, Patterson 2 games and Carrville 1.

RECKLESS DRIVING.—On Monday night last Mr. Wm. Marsh, 2nd Con. Markham, was thrown from his buggy and had the vehicle badly broken by a reckless driver running into him. Mr. Marsh was driving to the village, and when about a quarter of a mile east of Yonge street, on the Duncomb side road, he met a young man, accompanied by a girl, driving at a furious pace. He turned out and gave the gay Lothario three-fourths of the road, but the clumsy fellow was either too excited or too stupid to see straight, and ran into Mr. Marsh. Both buggies were upset, and the fellow and his girl were pitched into the ditch. His horse did not run, and they righted the girl, jumped in and drove back through this village. Mr. Marsh was thrown violently on the road, alighting on his left shoulder. His horse ran for some distance, before stopping, and wrecked the buggy. He drove up to the village, and found that a man named Wilson Waites, of Whitechurch, had met with an accident while driving, a few minutes before. Mr. Marsh was eager to interview the aforesaid Waites, but he drove off at a rapid pace when he heard that some one was looking for him. Waites says that he was run into, but the tracks of the wheels on the road show that he is the offending party. Such carelessness, or down-right delinquency, as it is in some cases, should be severely punished, and where the guilty person refuses to pay for damages, the public naturally feels inclined to sympathize with the man who takes the law in his own hands, and endeavors to knock some sense into such a person's head by giving him a good thrashing.

LOCAL ITEMS.

Those parties who have paid up their subscriptions, will please accept our thanks.

MAIL AND GLOBE.—The advertisements of the *Globe* and *Mail* will be seen on the second and third pages.

COURT.—A court will be held in this village, on Saturday next, to hear complaints of errors and omissions in the voters' list. A lively time is expected.

About 100 subscribers are due from 3 to 4 years, or more, for subscriptions. In self defence, if not soon paid, our means will have to be applied to raise the amounts.

WOODBRIDGE FAIR.—This fair will be held on Tuesday and Wednesday next, Oct. 24th and 25th. An unprecedented success is anticipated this year. Take it in, the last fair of the season.

SERENADE.—Mr. John McCaffrey and bride, who returned to Patterson, a few days ago from their wedding trip, were serenaded on Wednesday evening last, by the Richmond Hill Band. The happy groom thanked the boys, and invited them to partake of refreshments. After spending a pleasant evening the band departed, every unmarried member taking a piece of the wedding cake, in hopes of drawing aside the veil, which hides the future from us, and beholding while locked in Morpheus' arms, the future sharer of their joys and sorrows.

GO IT BAD!—There is a young man in this town, who, in the elegant and classic phraseology of the almonder-eyed Celestial, is "ailee samee bloke up!" Judging from appearances no one would ever suspect that this young man was a disciple of the long-haired chief of the ethetes, or that he strove to follow in the footsteps, at a distance however great,—of the immortal Walt Whitman. We have always watched, with a certain degree of pleasure, the development of the average youth into a live business man, and staid, respectable citizen, but in this particular instance no such pleasant hope will ever be realized. There can be no future ahead of the fellow who writes such poems as the following, which he placed in our hands the other day, with a mournful, sunflower-and-lily-smile, and requested us to publish it. We give it up; we don't know what it means. There is no solution to the conundrum, unless it means that the dog took a good grip, or old man's boots are made a trifle heavier this fall. It is time enough for him to weep when his credit with the washer-woman is gone, and the boarding-house keeper hands him a bill.

THE END OF IT ALL.
For this the end of it all—the love I fondly deem?
Would prove a sweet fruition of the priceless thing it seem'd?
Only a walk in the starlight—a stroll by the moonlit river—
An angry word—a low "Good-night," that meant "Good-bye forever."
"Good-night!" Your pale lips echo'd the cold words of my own;
A chilling clasp of your fingers, and I stood there alone;
Alone by the trying willow—alone with my broken dream—
Alone with the gleam of a dead love, in the moonlight's pallid gleam.
Only a word; but 'twas spoken in a moment of jealous pain—
A word that ended love's romance, and left on its memory a stain.
Only a walk in the silence—a stroll by the sleepng river—
An angry word—a low "Good-night," that meant "Good-bye forever."

MARRIED.
TELLY-DURHAM.—On Saturday, Sept. 30th, at the residence of the bride's brother in law, Rev. Robinson, Philadelphia, Pa., by the Rev. J. Wesley Harkins, Methodist Minister, B. P. Richardson, of Toronto, Ontario, was united in matrimony, Miss Annie John Robinson, of Whitechurch, to Miss Annie John Robinson, of Whitechurch.

DEATH.
NEWTON.—At Elgin Mills, on Tuesday, Oct. 17th, Maggie, eldest daughter of Mr. James Newton, aged 21 years and 6 months.

FRANCIS.—At the Homestead, Thornhill, on Monday, Oct. 16th, Wm. French, of Niagara Falls, aged 37 years.

SEAGER.—At Thornhill, on Tuesday, Oct. 17th, Edward Seager, aged 40 years.

Best and Comfort for the Suffering.—"BROWN'S HOUSHOLD REMEDY" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Ribs, Rheumatism, Toothache, Headache, Neuralgia, and any kind of a Pain or ache. It will most surely quicken the Blood and heat, as its acting power is wonderful. "Brown's Household Remedy," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir of Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cuts in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle.
