

The License Law.

The following are some of the features for regulating the sale of intoxicating liquor, which the Committee of the House of Commons, appointed for that purpose, recommend:—

The measure which has been devised by the Committee, goes far in advance of any existing legislation, in the direction of restriction. One of its provisions will be to place the control of licenses in the hands of a Board, to be composed of the County Judge, Warden, and an appointee of the Dominion Government, outside the cities of Montreal and Quebec, the Board of which will consist of the Recorder, Judge of Sessions, and an appointee of the Government. A majority, it will be thus seen, would be strictly impartial. Inspectors of licenses are to be appointed by these Boards, whose duty it will be to visit licensed places every three months or more. The Inspectors of the Provincial Governments, whose duty it will be to determine whether liquor is being sold by unauthorized parties or not, will necessarily remain. The duty of the Board of Commissioners will be to limit the number of licenses to be granted, within the limitation provided by the Bill. Restriction is given to a majority of the electors to say whether a license may be granted or not within the license district. Such districts are to correspond with the polling sub-divisions in the Parliamentary elections for the Dominion.

The applicant for a license must get the signatures of at least one-third the number of electors of such district. The number of hotel and saloon licenses in cities, towns, and incorporated villages is to be one for every 250 of population, up to 1,000, and one for every additional 500 of population. Of shop licenses the number is to be, in cities and towns, and in the country, one for each 400 of population, up to 1,200, and one for each additional 1,000 of population. There may be granted by the Board one further license for summer resorts. Then there comes licenses for steamboats, liquor on which can only be sold to passengers and at meal times. Five classes of licenses are defined: Wholesale licenses, for the sale of liquor in unbroken packages, or in quantities of not less than one imperial pint, and not to be consumed on the premises; hotel and saloon licenses, for the sale of liquor in quantities of not more than one quart, and to be consumed on the premises; and vessel licenses. No license is to be granted to any shop in which other goods are sold.

The Meetings of the Board of Commissioners are to be open to the public, and notices of all applications for licenses are to be published, and a record of each license, the conduct of the license, &c., kept. Hotels in the country must have at least three bedrooms, and accommodation for six horses, and in cities and towns not less than six bedrooms, and both hotels and saloons must have provision for meals for travellers, with the exception of a certain number in cities and towns, which may be exempted from this requirement at the discretion of the Commissioners. In addition, municipal councils may prescribe further conditions for hotel licenses. An applicant who has been refused as being unfit, is to be disqualified for three years. Provisions are framed to prevent disorderly or improper conduct in any licensed place. No part of a saloon can be used for the purposes of a concert or dancing hall, and no hotel or saloon keeper is permitted payment for liquor, except in cash or by check. The hours of closing are the same as those prevailing in Ontario. The sale of liquor is prohibited to minors, while another clause declares, when it is proved that any person wastes his estate, injures his health, or interrupts the peace of his family by drinking, the Judge may prohibit the sale to him, for one year. It is further permitted the husband or wife, and the parents and guardians of minors, in the case of excessive drinking, to give notice in writing to an hotel or saloon keeper, to prohibit the sale of liquor to the party proceeded against, under penalty, if such notice is not observed. Provisions against the adulteration of liquor are also made.

An appeal from the decision of the Commissioners can be made to a Superior Court Judge. It is proposed to bring the Act into operation January 1st 1884, except licenses that do not expire until a subsequent period. Shop licenses, which are now in force, will be exempt from the operations of the Act until May 1st, 1890.

Returns, lately published by order of Parliament, give the enormous quantity of one hundred and eighty three and a half million gallons of spirits and malt liquor manufactured in the Dominion during the past fifteen years, besides imports amounting to some thirty millions more. The duty alone, is in the neighborhood of sixty five million dollars. The quantity of grain, molasses sugar, etc., used in the manufacture of the above is something great.

Fortunes for Farmers & Mechanics. Thousands of dollars can be saved by using proper judgment in taking care of the health of yourself and family. If you are Bilious, have slow complexion, poor appetite, low and depressed spirits, and generally debilitated, do not delay a moment, but go at once and procure a bottle of those wonderful Electric Bitters, which never fail to cure, and that for the trifling sum of fifty cents—Tribune—Sold by R. The New Franchise Bill.

The Franchise Bill, now before the House of Commons, at Ottawa, takes the manipulation of the Voters' Lists out of the hands of clerks of municipalities altogether, and appoints "Revising officers" for the purpose of preparing such lists. These Revising officers are to be the County Judges, or Junior County Judges or Barristers, of five years standing. They will have the power to appoint clerks and bailiffs to aid them in the discharge of their duties. The Act provides that their remuneration shall be fixed by order of the Governor General in Council. The clerks of municipal councils will squirm, as there is no provision made for the extra duty imposed upon them, to furnish a "Certified copy of the last revised assessment roll" to the Revising officer. It may be that Sir John will provide for this. One thing is certain, if this Bill becomes law, political clerks will find their occupation gone, so far as Dominion elections are concerned.

A London correspondent writes, that the temporary buildings of the Fisheries Exhibition cover 23 acres, and the departments for which exhibits are daily arriving include America, Canada, China, India, Ceylon, Straits settlements, Japan, Tasmania, New South Wales, Isle of Man, Portugal, Bahama, Hawaii, Austria, Switzerland, Chili, France, Italy, Greece, Newfoundland, Norway, Sweden, and the Netherlands. The Chinese are first in the field. They are creating a pagoda and building a curious bridge. In the United States Department an extensive array of cases are in position, and exhibits are daily expected from the docks, where they are being unloaded.

The British section will contain many private collections of strange fishes and other things. Lord Walsingham is lending 1200 specimens of live fish for the tanks. The Zoological Society will contribute many birds and animals that live upon fish.

The Marquis of Exeter's famous skeleton whale has already been set up in the grounds. A number of fish are swimming about in the aquarium. The show is to be made popular in the widest and best sense of the term. It will be open until ten o'clock, three nights a week, specially for the workmen. The display of electric lights will be a splendid exhibition in itself. The exhibits from Canada weigh 600 tons. Yesterday very remarkable consignment arrived from Norway on Monday. A free fish market and cheap fish dinners will be among the other attractive features, and in addition to the Fisheries Exhibition, visitors will find open doors to the adjacent museums of art, and the industrial and natural history treasures that crowd the superb galleries of South Kensington.

According to the "Factories Act of 1883" no child under 12 or 15 years of age, and no woman whose health might be impaired by the factory work, can be employed. It is also unlawful to keep any factory in such a condition that life or property are placed in jeopardy through any reason. The ten-hour-a-day plan is embodied, and each child and woman is to get a full hour at noon. The rest of the bill provides for the cleanliness of the factories, and for the allowance for increased time for sudden great demands of business. The factories are to be regularly inspected, and heavy fines are provided for any Company breaking the law.

If Mr. Mowat has one characteristic more than another it is that his caution is so extreme as to border on timidity. A portfolio in his Cabinet has been vacant for several months, or if not vacant it is held by one who no longer retains it by virtue of the people's confidence; and yet no public effort is made to fill it. What a storm of indignation would burst from the Reform press at this conduct were the tables turned and the Government a Conservative one! Either the public service suffers by this delay, or it does not. If the latter, there is no justification for continuing the portfolio as a separate one; or if the former, then the Government's conduct is reprehensible. Now, Premier Mowat, be brave, and don't show the white feather.—Tribune.

Highly Satisfactory. Impure blood and low vitality are the great sources of most diseases for which Burdock Blood Bitters is the specific. S. Perrin, Druggist, of Lindsay, writes that Burdock Blood Bitters give more general satisfaction than any blood purifier in the market.

Good Programme. C. M. CHURCH DINNER, TEA AND CONCERT.—The Annual Dinner, Tea and Concert of the C. M. Church, of this village, will be held on the 24th inst., Queen's Birthday. We are requested to inform the public that they will find the meals provided by the ladies, all that they could wish for, as no pains will be spared to make everyone comfortable. Special attention is drawn to the Concert in the evening, which is under the supervision of Mr. F. Warrington and Mrs. Bradley, supported by Mrs. Blight and Mr. Taylor, all of Toronto. The public may rest assured that the treat in store for them will be well worthy of their patronage, and everyone should endeavor to attend. The following is the programme:—

Warrington; "Tenor Solo," "If with all your heart," Mr. Taylor; Alto Solo, "The way to Paradise," Miss Hardman; Baritone Solo, "The Sailor's Grave," Mr. Warrington; Soprano Solo, "So shall the lute and harp," Mrs. Bradley; Duett, "Love Divine all loves excelling," Miss Hardman and Mr. Taylor.

LOCAL ITEMS.

Go Bang for sale at the HERALD Store. The Fire Company will meet for practice on Friday evening next, 18th inst., at 7.30 p. m., sharp.

IMPROVEMENT.—Mr Skeele is making an improvement in his premises, by getting a new front put in.

Our Lacrosse boys are not going to Woodbridge on the 24th, as the games and amusements advertised to take place, have fallen through.

The weather is exceedingly backward, for the time of year, being sufficiently cold for an overcoat, especially in the mornings and evenings.

CANCELLED.—The Markham Sun will not issue this week, as the Editor intends placing a new foundation under his press. We hope to see it to hand as usual, on the 25th inst.

LOTS OF MUSIC.—The Aurora Brass Band, composed of 22 performers, has consented to visit our village on the 24th, and from their great reputation we may expect lively times.

MORTGAGE SALE.—Oliver Coate & Co. will sell valuable properties in the Village of Unionville, at their premises, Toronto, on Saturday, May 26th, commencing at 2 o'clock. See advertisement.

EARLY.—As the 24th comes on Thursday this year, the day we publish the HERALD will be issued on Wednesday next, so as to give the staff a chance of enjoying the Queen's Birthday the same as other people.

GOOD ASSORTMENT.—Reynolds has on hand a large Assortment of bobby hats, scarfs, collars, hosiery, etc. etc.; also a large stock of groceries, garden seeds, glassware, spices, etc., which he is determined to sell. Look out for his new advertisement next week.

BY LAW.—The village Council, of Woodbridge, are down upon the setting off of fire balls, squibs, crackers, the ringing of bells, blowing of horns, &c., in the streets, or public places of the village. They have issued posters, making it unlawful, also, injuring or destroying shade trees, in any manner, is forbidden.

MORE LICENSES.—At an adjourned meeting of the West York License Commissioners the following additional licenses were granted:—Shop, Thomas Johnston, York; Thomas Booth, Parkdale; Wm. Keppen, Brockton. Tavern, Wm. Taggart, Vaughan. The total number of licenses granted in this Riding is forty nine. Five have been refused and three are under consideration.

TEMPERANCE SERMONS.—The proclamation issued by the Reeve, setting apart Friday last, as a tree planting day in this village, was fairly responded to. At an early hour a number of our villagers turned out, and secured about 125 young maples, from the woods on the Elgin Mills Farm. About 75 or 100 were planted along Yonge St. They will soon commence to sprout and improve the appearance of our village.

VENOR ON WEATHER.—According to Mr. H. G. Venor, winter will continue to linger. On May 2nd he said the swallows had not yet returned, and until they do, we shall not have warmer weather. He also says they are the surest bird weather-signs he knows, and that the prospects are we shall have more cold and probably wet weather. Why will Canadian prophets persist in being so disagreeable?

PRESBYTERIAN DINNER AND TEA.—The ladies in connection with the Presbyterian Church, in this village, intend having their usual Dinner & Tea on the Queen's Birthday, Thursday, May 24th. Dinner served from 11 a. m. to 3 p. m., and Tea from 5 to 7 p. m., in the basement of the Church. The ladies of this Church cannot be excelled in the culinary line, as far as preparing tables is concerned, and we would advise strangers from a distance to patronize either their Dinner or Tea, if they would wish a first class meal.

CRICKET CLUB.—The young men around Buttonville, have organized a Cricket Club, which is progressing favorably. There are now upwards of 30 members, and more are coming in every night of practice. The following are the officers elected:—President, Wm McKinnil; Captain, John Craig; Sec. & Treas, Geo. Padgett; Managing Committee, Messrs. J. Padgett, K. Douglas, J. Galloway, J. Walker, and W. Brown. The Club expect to be able to accept challenges shortly. All communications to be addressed to the Sec.

LACROSSE MATCH.—The first grand Lacrosse Match of the season will take place in this village, on Saturday afternoon next, between the "Stars" of Markham, and the "Young Canadians" of Richmond Hill. Considerable excitement is shown over this match, as both Clubs are in pretty good condition. The "Young Canadians" will be represented by the following players:—A. Pugsley, B. Brown, S. S. Searle, W. E. Wiley, D. Pugsley, A. Watson, C. Savage, W. Major, F. Powell, T. Young, J. McConghly and J. Piper. The ball to be faced at 2 p. m., sharp. Seats will be provided for ladies. Admission to grounds, 15 cents; children 10 cents.

SPORTS FOR THE 24TH.—The Queen's Birthday will be celebrated in this village by the ninth Exhibition of the Richmond Hill and Yonge Street Agricultural Society, at which prizes amounting to nearly \$1,000 will be offered in the different classes. Besides, the day will be celebrated by Dinner and Tea at the Presbyterian and C. M. Churches. In the evening a Grand Concert will be given under the supervision of Mr. F. Warrington and Mrs. Bradley, supported by Mrs. Blight and Mr. Taylor, in the C. M. Church. A grand contest in Football between the Weston High School club and the High School boys of this village, will also take place.

The Band and Agricultural Society.

To the Editor of the Herald: Sir,—In handing you the Prize list for our Fair, I used last year's Prize list, with the additions and alterations attached to it. But in doing so I did not strike out the notice about the Richmond Hill Band, as I had a conversation with a leading member of the Band, and from that conversation, was led to believe that some arrangement could be made, whereby the village would get their services on the 24th. When I learned that they intended going somewhere else on that day, it was too late to alter our Prize list, as it was in print. I have learned since that the members of the Band are very indignant on account of the notice of them in our Bill. I can assure them that I am the only person accountable for its appearing there, and for the above reasons, and that the Society had nothing to do with it. I can also assure them that on former occasions the Society engaged the Band, more for the purpose of encouraging the members of it, than for any benefit they expected to receive, or did receive from it.

Yours &c., ROBERT MARSH, Sec. R. H. & Y. St. Ag. Soc'y. Lorridge, May 16th, 1883.

The 24th and the Band.

To the Editor of the Herald: Sir.—As the day is fast approaching that we live to celebrate annually,—on account of its being Her Most Gracious Majesty's Birthday,—and as we expect a great influx of visitors, as well as all of our country cousins, to come and see us on that day, it might be well to ascertain what is to be done for their entertainment. The Churches are doing their share; the pupils of the High School are going to assist by getting up a Football match with the pupils of Weston High School; the Agricultural Society has issued an extended and increased prize list, offering a large amount of money for competition, and the citizens, generally, seem anxious to make a pleasant day of it. But what about our Band? I understand that they intend deserting us on that day, and they have got very much upon their air, because the Fair Bills contained a notice of their intending to be at home and delight their fellow townsmen with their dulcet strains on that day. The Secretary of the Agricultural Society will have to explain about that, and make his peace with them as best he may, it is none of our fight. But what we do think is this, that after the Band has been assisted by the villagers in so many ways during the past,—their Concerts have been always well attended, and they received every encouragement,—that they would, with their fellow citizens in making our great annual holiday pass off pleasantly. Hoping that we may survive the effects of the cold shoulder they are going to turn to us, and that our holiday may be a grand success for all that,

I remain, Yours Respectfully, VILLAGER. Richmond Hill, May 14th, 1883.

Temperance Sermons.

To the Editor of the Herald: DEAR SIR.—Will you kindly allow me to avail myself of the medium of your paper, to express my appreciation of the noble efforts of the Rev. J. H. Barkwell, B. A., to arouse the people of this village to take a correct view of the Temperance Question. I think he has earned the thanks and respect of all who had the privilege of listening to his eloquent, earnest and fearless appeals on behalf of what much abused theme. My own convictions are, that God will surely bless such efforts, by causing the seed so faithfully scattered to bring forth an abundant harvest, and that many young men, ay, and those of riper years who have listened to his solemn warnings, will pause, and seriously consider to what this habit of frequenting bar-rooms, and treating friends to the so-called "Social Glass," will lead them. I think that if we were to have more Temperance Sermons, from the pulpit, we would have Temperance better exemplified in the lives of those who occupy the pews, and indeed of some who hold high positions in Church affairs.

While agreeing with all Mr. B. said on the subject of Prohibition, I would like to know why the present law cannot be enforced in regard to Sabbath drinking. The law, I understand, says, "Intoxicating liquors shall not be sold between the hours of seven on Saturday night, and six on Monday morning." Now, Mr. Editor, I have seen within the past month, in this, our fair village, justly noted for its beautiful churches and its observance of the Sabbath, proof visible to the eye, that if intoxicating liquor had not been sold, it had been given away. Surely we can have a better state of affairs than this. Will not the people of our village rouse themselves, and see to it that, on the Lord's Day, no drunken man will be seen in our streets.

Thanking you for the space accorded me in your columns, and hoping that the crusade so nobly opened by Mr. Barkwell may be faithfully followed up,

I am, Sir, Yours, ONE INTERESTED. Richmond Hill, May 15th, 1883.
