Marriage Aid Societies.

The Montreal Witness says these societies only aid those who promote them. There are, perhaps, a few exceptions to this rule—a few people are "aided," perhaps, at first, as a sort of bait. These societies undertake to pay those who join them, and who pay a yearly premium, a certain sum of money when they marry.

An examination of the statement of these societies will convince any ordinarily shrewd person that they cannot carry out their undertakings. In the first place there is no basis on which they can calculate the amount of the annual premium which will enable the company to carry out their undertakings. In the second place, if they encourage marriage, as they pretend to do, they are working against their own interests, which, of course, no society is likely to do, and live very long. The fact is, that in the United States these societies have been found to be of the same character as bucket-shops of the worst kind, where the aim of the promoters is to get all the money they can out of their dupes, and then fail or decamp. Hundreds of these societies were started a few years ago in the Southern States, and they were all of the same character, and were denounced unsparingly by all respectable journals.

A correspondent of one of our exchanges gives the following "scene" at Ottawa. The member for the East Riding of Grey, who is a mechanical speaker, with any amount of wind, commenced to make some explanations regarding lands in the North-West in which, some people say, he has a solid interest. When the New Lands Bill was brought up for discussion, he "struck in," having been properly wound up for the occasion, and it was evident, that midnight would not see the end of his speech, which he was making in defence of the Government policy. Having a pretty good idea, by past experience, of what was coming, the Opposition joined with the Ministerial party, to snuff out this would-be follower of Demosthenes. So, as he warmed to his subject they fanned the air with their desk lids, letting them down with a bang in such numbers, that, from the galleries and corridors, it sounded like the long roll of distant musketry. His rasping, and not very loud voice was not inaptly imitated by foot splappings on the rungs of chairs, etc., whilst the air was rendered thick with paper balls, blue books, and other handy missiles. Bedlam broke loose, is the term generally used to express those little ebullitions, which, after half an hour, had the desired effect of quelling the unwelcome speaker.

The Montreal True Witness rises to very properly remark: "Our covetous M. P.'s want another increase in their salaries to the extent of \$100,000, or an additional \$500 each to their present indemnity of \$1,000. The usual round-robin is circulating for signatures, and it appears very few are refused. It is, no doubt, very hard to be able to increase one's salary out of the public crib by one's own vote, but our members should not abuse the privilege. The Dominion is doing very well in paying \$1,000 a session to over 200 members, without forcing it every few years to increase the amount fifty per cent."

Hon. Mr. Bowell, Minister of Customs, laid on the table of the House of Commons a statement of the agricultural implements, carriages, wagons, and sleighs shipped in bond to Manitoba from the other provinces of the Dominion during the fiscal year ending the 30th of June last. At Winnipeg there were in all \$673,407 received and at Emerson \$785,885. From the 1st of July to 31st December last there were in all received at Winnipeg \$311,704, and at Emerson \$98,699.

A number of circulars have been received in Montreal and other parts of Canada, offering a thousand dollars in counterfeit bills for a hundred dollars in genuine money. The circulars are post-marked Carlow, Ont. It should not be very difficult to find the person in this little West Huron village, who is using the post for this purpose.

The Ottawa Free Press states that the Government has affidavits in reference to the mystery attending the murder of D'Arcy McGee, which, if published, would bring about the unravelling of the whole affair. It is to be hoped, if this is true, the public good may be furthered, by the real criminal being punished.

An Act to encourage the manufacture of Pig Iron in Canada, from Canadian ore, has met with the approval of Parliament. It grants a bounty of one dollar and a half per ton, from July 1st to June 30th, 1886, and a bounty of one dollar from July 1st, 1886, to June 30th, 1889.

THE 24TH.
WHAT IS GOING ON IN RICHMOND HILL AND ELSEWHERE.

The 24th of May is upon us once more, and as we write, the weather is cold and cheerless, and the prospects of having fine weather (to-morrow) are not by any means reassuring.

We have reason to believe the Exhibition this year will be equal to any former year, in the way of exhibits.

The Ladies of the Presbyterian Church will again, this year, add to the pleasure of the day, as also the Ladies of the Canada Methodist Church.

The concert in the evening will be one of the grand events of the day. Every one should endeavor to go.

FOOTBALL MATCH.
A grand Football Match will take place in this village, at 11 a. m. between the pupils of the Weston and Richmond Hill High Schools. Both Clubs have been practising for some time, and an interesting game is expected.

PRESBYTERIAN DINNER AND TEA.
The ladies in connection with the Presbyterian Church, in this village, intend having their usual Dinner & Tea on the Queen's Birthday, Thursday, May 24th. Dinner served from 11 a. m. to 3 p. m., and Tea from 5 to 7 p. m., in the basement of the Church.

The ladies of this Church cannot be excelled in the culinary line, as far as preparing eatables is concerned, and we would advise strangers from a distance to patronize either their Dinner or Tea, if they would wish a first-class meal.

C. M. CHURCH DINNER, TEA AND CONCERT.
The Annual Dinner, Tea and Concert of the C. M. Church, of this village, will be held on the 24th inst., Queen's Birthday. We are requested to inform the public that they will find the meals provided by the ladies, all that they could wish for, as no pains will be spared to make everyone comfortable. Special attention is drawn to the Concert in the evening, which is under the supervision of Mr. F. Warrington and Mrs. Bradley, supported by Mrs. Blight and Mr. Taylor, all of Toronto.

The public may rest assured that the treat in store for them will be well worthy of their patronage, and everyone should endeavor to attend. The following is the programme:—
PART 1st.—Quartet, "God is a Spirit," Mrs. Bradley, Miss Hardman, Mr. Taylor, and Mr. F. Warrington; Tenor Solo, "If with all your heart," Mr. Taylor; Alto Solo, "The way to Paradise," Miss Hardman; Baritone Solo, "The Sailor's Gaze," Mr. Warrington; Soprano Solo, "So shall the lute and harp," Mrs. Bradley; Inset, "Love divine all loves exceeding," Miss Hardman and Mr. Taylor.

PART 2nd.—Quartet, "In the Street by and by," Mrs. Bradley, Miss Hardman, Mr. Taylor, and Mr. F. Warrington; Soprano Solo, "A little with me," Mrs. Bradley; Tenor Solo, "Wait her Angels through the skies," Mr. Taylor; Duett, "Gracious Comfort," Mrs. Bradley and Mrs. Warrington; Alto Solo, "Oh! rest in the Lord," Miss Hardman; Trio, "Ti Provo O Padre," Mrs. Bradley, Mr. Taylor and Mr. Warrington; National Anthem, Mrs. Blight, Accompanist.

MARKHAM.
The ladies in connection with Grace Church, Markham, purpose holding their annual Tea Meeting, Bazaar and Entertainment in the Town Hall.

NEWMARKET.
A Pic-Nic under the auspices of the pupils and ex pupils of the Newmarket High School takes place in Mr. Geo. William's grove.

WOODBIDGE.
The members of Christ Church intend celebrating the day by holding a grand Pic-Nic in the Agricultural grounds. At 10 30 a. m., morning service will be held in the Church. In the evening a grand Concert will take place in the Orange Hall, conducted by Mr. H. G. Collins, Organist of All Saints Church, Toronto; assisted by Messrs Seadding Parker, Hutchinson, and a number of Toronto ladies.

COOKSTOWN.
Cookstown intends celebrating the day by a Calithunpian Procession, Lacrosse Matches, Horse Races, Shooting Match, Croquet Match, Athletic Games and Rural Sports, to wind up with a grand Concert in the evening.

SUTTON.
Thursday will be a gala day at Sutton. A Cricket Match will open the proceedings, to be followed on the arrival of the morning train, by a grand procession of the New Voters, under the Woman's Suffrage Bill, headed by their female band from Utah. In the afternoon, besides the customary games, such as races, catching a greased pig, climbing the greasy pole, etc., an Art Exhibition will be held. A grand Concert in the Drill Shed, in the evening, will wind up the proceedings in a fitting manner.

LOCAL ITEMS.
Read Reynolds' new advertisement.
Go Bang for sale at the HEALD Store.

The price of bread, in Newmarket, is 11 cents.

MUSIC.—The Aurora Band, composed of 22 members, will be here on the 24th, and it is also rumored that the Downsville Band intended coming.

FIRE CO.—The Fire Company were out on Friday evening last for practice. They filed a number of tanks, &c., after which they adjourned to the Fire Hall.

OPENED.—The Royal Hotel is about completed, and will be ready for active business on Thursday, 24th inst. A considerable amount of money was expended on this Hotel, and it now has as good an appearance as any house north of Toronto.

A REMINDER.—A spicy exchange says:—"How easy it is to forget; how hard it is to remember. We would all be glad if we were never troubled with forgetting. One of the things that is often forgotten is to pay the poor printer. The weekly arrival of the paper should help the memory, but some people require a ballot to move them."

PATTERSON LACROSSE CLUB.—The Patterson Lacrosse Club was re-organized on May 10th, with a membership of twenty-five. The following officers were elected:—President, John P. Martin; Vice-President, T. McBrien; Field Captain, Thos. F. Kelly; Captain, John Tully; Treasurer, Geo. Derry; Secretary, John D. Patterson.

COMPARISON.—The latest phrase is the attempt of the Liberal man to put his job in comparison with, or superior to city work. That horse bill, "What Care I," for instance, that he turned it, and the only one of the kind he did this year, is of such superior workmanship that we would not be surprised if he received a leather medal for it.

PARADE.—The Band came out on Saturday evening, and took a march through the village. When they reached the residence of Mr. John Duncan, they made a halt, and played a number of fine tunes, to which Mr. Duncan kindly responded by making a handsome donation to the funds of the Band. The music seemed to wake up the town, and if the Band would frequently take a trip of this kind, it would be appreciated by the villagers.

FIRE.—An alarm of fire started the villagers on Tuesday afternoon, and brought the firemen in quick style to the scene of action, which was discerned to be in the building of the Liberal, it having caught through a defective chimney. The damage was not much, except it was through water. The quickness and alertness of the Fire Brigade cannot be praised too highly. Whilst upon this subject, we think it would not be amiss to recommend the putting down of either a larger tank than the one opposite the school, or else put another one close at hand. There is no place requiring water for fire purposes so much as in the vicinity of the three hotels.

BIG RUSH TO PETLEYS.—The Toronto World says:—"Large numbers of people might have been seen on Saturday evening, wending their way in the direction of St. Lawrence Market, the attraction being the new stores of Petley & Petley, which are handsomely fitted up, and beautifully lighted with over two hundred gas jets, and filled with an immense stock of silks, dress goods, millinery, mantles, ribbons, laces, etc., etc., in fact, all the leading novelties for the present season. The very low prices at which the above firm are selling the many different articles in their line of trade, is causing much comment among the large number of buyers who crowd their stores."

PROMOTED.—Promotions in our Public School should be made only at the close of each half year, but owing to the Junior Department being over crowded for some time, it was thought advisable to promote a number of the pupils to the Second Department, which was done on Friday last. The total number of pupils on the Daily Register during the last quarter was 203, with an average attendance of 54 in the 1st Division, 44 in the 2nd, and 60 in the 3rd, making a total average of 158 for the three teachers, but for some weeks past there has been an attendance of over 80 in the Junior Division; hence the following were promoted according to merit:—Minnie Redditt, Eddie Lynett, Nellie Datson, Jos. Blanchard, Emma Sivers, John McKenzie, Jos. Keefer, Dora Platt, Gertrude Davis, Everett Law, Pheba Soules, John Good.

LACROSSE MATCH.—On Saturday afternoon last, the Lacrosse Match between the "Stars" of Markham, and the "Young Canadians" of Richmond Hill, came off on the Fair Grounds, in this village. A large crowd of spectators was present, among whom were many of the fair sex. The game commenced about 2 p. m., and from the outset it was clearly seen that the home team were the better players. When the game started, the ball was thrown upon the Markham goal, and after a minute's play, was sent flying through, securing the first game for Richmond Hill in 2 minutes. The second game was immediately commenced, and it was but a short time before the rubber was again shot through the Markham flags. Time, 6 minutes. After a short rest, the third game was commenced, and after 7 minutes play was again put through the visitors' flags, securing three straight games for the "Young Canadians." The Markham boys are of good size, and well proportioned, but they are "fresh" at the game, this being their first match. Cheers were then given, and both clubs retired to the Palmer House, where a first-class supper was supplied, and heartily partaken of. The Markham boys left for home about 7 p. m., feeling in as high spirits as could be expected over their defeat.

We do not hold ourselves responsible for the opinion of our Correspondents.

The Agricultural Society and the Band.
To the Editor of the Herald:

Sir—The Secretary of the R. H. & Y. St. Ag. Socy. has placed himself in a rather unfavorable position in his treatment of our Band. In the first place, solely on his own account, and when he knew that the Society had decided not to engage the Band for the 24th, advertised that the Band would be present on that day. How could he possibly believe that the Band would be engaged when the Society had decided not to employ them? In the second place, he states that he never learned that the Band was going elsewhere, that he took steps to have the error corrected, when we doubt if he ever learned anything of the kind, as the Band never did contemplate leaving the village on that day. And now he puts the finishing stroke to it, by stating that on former occasions the Society patronized the Band merely for the sake of encouraging the members of it, rather than for any benefit the Society might derive from it. This is surely adding insult to injury, or, perhaps it is to encourage the Band that the worthy Secretary gave it such prominence in the Bill. Now, the truth of the matter is this, the Band had an opportunity of being engaged for the 24th, but considering it their duty to do all in their power to make the Fair a success, refused to do so, believing that their services would be required by the Society. Thanking you for space, I remain Yours, &c.,
T. YOUNG.

Even the patience of Job would become exhausted were he a preacher and endeavoring to interest his audience while they were keeping up an incessant coughing, making it impossible for him to be heard. Woodbridge Jottings.
(From our own Correspondent.)

The Agricultural Works here are running at full blast, and expect to turn out an immense lot of work this season.

The Woolen Factory, which was formerly run by Mr. John McIntosh, has been lately purchased by Messrs. Leadley & Barber of Toronto. It has been remodelled and fixed up to turn out a lot of work during the season. There are now over 30 hands working, and the machinery is nearly all new. Mr. McIntosh is to remain for the firm, and pays us a visit two or three times a week.

The annual celebration of the Queen's Birth-Day, in our village, promises a good programme for the day, but there has been some talk about having a Lacrosse Match between Richmond Hill and Woodbridge, which has fallen through, by some mismanagement on one side or the other. We won't say whose. It will be quite a disappointment to many.

A large number of people paid a visit to our village on Sunday last, from Richmond Hill, Patterson, and Brampton, and seemed to spend an enjoyable day, but were not fully prepared for the cold drive home, in the evening, as the breezes came on very suddenly.

Capt. N. Wallace, one of the oldest residents of our village, has been very ill for a couple of weeks, but I am glad to say, is getting around again.

Thursday last, the 7th inst., was Division Court day, and quite a number of cases were disposed of, very agreeable to some and quite the reverse to others. His Honor Judge McDougall occupied the Bench. The Court is now held in the Orange Hall, and not in the Hotel as formerly.

Our new Hotel and Store has been slowly coming to a finish. The sheds and stables are not yet, consequently no license can be granted.

A large number of people paid a visit to our village on Sunday last, from Richmond Hill, Patterson, and Brampton, and seemed to spend an enjoyable day, but were not fully prepared for the cold drive home, in the evening, as the breezes came on very suddenly.

Our village Band, under the leadership of Mr. Thomas Foster, is doing good work this season, considering the small membership it has at present. We hope to see the numbers increasing.

Mrs. Mackie and son returned from England last week, after spending a few weeks on the old sod. Mr. Mackie went to church Sunday, with a plug hat on.

The Toronto Evening News, of Saturday, says Mr. John McCullough is going to spend the 23rd in Georgetown.

The family of Mr. Joel Reaman took their departure from here on Wednesday last, for the great North-West. Mr. Reaman was Post-Master here for many years. The Office is now in the hands of Mr. R. T. Wallace, who, we hope, will give general satisfaction.

A new Parsonage is about to be erected here, for the English Church clergyman, on a site near the Church, which will make a very beautiful place. Work has commenced at the building. We have four or five clergymen here in connection with the church, but I am sorry to say, not one has yet taken unto himself a wife, to accept this beautiful mansion, when built, and it is not because some of them are too young either.

The New Liquor Bill.
At a well attended meeting of the Toronto branch of the Dominion Alliance, in Shriftebury hall, at which Rev. John Smith presided, the following resolutions were carried unanimously, and copies of the same were forwarded to John A. Macdonald and Senator Vidal, president of the Dominion Alliance.

1.—That whilst not expressing any opinion upon or approval of the action of the Dominion Government in assuming the right to deal with the licensing of the sale of liquor, the Dominion Government and authority, we recognize that the draft of the Government bill as at present in the hands of the public, contains many valuable provisions which commend themselves to all temperance reformers, and more particularly to those who are desirous of effecting local option by giving the power to a majority of rate-payers in any district to prevent the granting of licenses.

2.—That whereas clause 88 of the proposed liquor traffic bill provides that "no shop license shall be granted to any person to sell liquors in any store, shop, place or premises where groceries or other merchandise are sold or exposed for sale, or any store, place or premises connected by any internal communication with such first-mentioned store, shop, place or premises," and whereas it has been reported through the City press that the grant of such license to a place until the year 1890, this meeting urges that these are the strongest reasons why such a concession should not be made to the present holders of shop licenses. To provide that grocers' licenses shall not be prohibited until 1890, will be to give a seven years' lease to the holders of such licenses, thereby recognizing a vested interest in the liquor traffic which does not exist by right, and would prevent the operation of public opinion, which is now in favor of the immediate repeal of all shop licenses, and the total separation of the sale of liquor from other commodities.

One of Many.
Mr. R. W. Carmichael, Chemist and Druggist of Belleville, writes as follows:—"Your sardonic Blood Bitters have a steady sale, are patronized by the best families here and surrounding country, and all attest to its virtues with unqualified satisfaction."
