Richmond Hill, Ont.

No. 6: Whole No. 1306: Volume 26.

THURSDAY, JULY 12, 1883.

NOTICE TO SUBSCRIBERS.

The date printed on each paper denotes the time when the subscription expires.

Rough on Subscribers.

A paper up west is down on its subscribers for not paying up. It publishes a black list of names of persons owing for subscriptions, advertising, &c. Whether this is a judicious proceeding or not is another question. But we suppose there is no doubt of its being a relief to the feelings of the poor fellow who runs the machine, to be able to have some slight revenge upon those who neglect to pay; too many of whom falsely imagine that a newspaper is merely run for the fun of the thing, and that the printer requires no compensation for his labor or outlay. It is about time to bring something to bear upon delinquents of this kind, and the proprietor of said paper is no doubt perfectly satisfied to take the consequences of his deeds.

As far as we are concerned, we somewhat think as a rule that the man who refuses to pay for his paper, and allows it to run on year after year without remitting the amount is about mean enough to allow his name to figure in the list of black sheep, without feeling the least shame upon its having so prominent a place as the columns of a newspaper to rest on. Perhaps he is so unwell to seeing his name in print that he rather glories in his shame than otherwise.

Business Troubles.

Messrs White & Co., wholesale ice-men, of Toronto, made an assignment on Saturday last. The direct liabilities of the firm are \$90,000, and indirect liabilities \$80,000. Although the style of the firm was White & Co., it was composed only of Mr. Alfred Reeves, who has gone to Europe for the purpose of making arrangements with his creditors who are principally in England. The difficulty seems to be too much credit and too heavy buying. We sincerely trust satisfactory arrangements can be made with his creditors. It appears the same party was in trouble in 1879, when he obtained an extension of time. It seems other homes were reported in trouble likewise, but so far as we write, there is no foundation for the rumors.

Every one must regret and be sorry for the financial troubles of their fellow-men, because every one, more or less, living in the community, suffer to a certain extent with the merchant or trader who, perhaps through no fault of his, has to suspend payment. We pity the man who glories in the troubles or downfall of even his greatest enemy.

The Free Library.

James Mason, one of the members of the Toronto Library Board, has tendered his resignation. He finds fault with the appointments of the librarian and first assistant. He therefore washes his hands clear of the whole concern, and resigns. Whether Mr. Mason is doing the proper and judicious thing is for him to say. But it appears to us that he ought to have stuck by the ship, and made the best of a bad bargain, if such there was, and not have deserted the Board. It is more than probable that other reasons influenced him as well as those given. The free library is going to be a costly business before the citizens are done with it. We sincerely hope the benefits to be derived from it will more than compensate the outlay.

Sick of the Salvationists.

We notice by the *World*, that the people of Toronto are getting sick of the Salvationists. The other night they paraded on Queen Street, and obstructed the sidewalks to such an extent that there was at one time likelihood of being a big disturbance. One of the Salvationists was quite a pugilist, in his way, peeling off and challenging any two of the large crowd to stand before him, but the great unwashed showed more reason and sense, if not Christian forbearance, by refusing to have anything to do with him. It is likely he will have the chance at playing the roll of a martyr, as the police took his name for a future interview.

Some remarkable facts are brought out in the blue book on criminal statistics of the Dominion for 1881, recently issued from the Department of Agriculture. Only 10 of the 41 persons charged with murder were convicted, and the whole of these 16 were from rural districts; four of them belonged to the agricultural class, eight to the domestic, two to the industrial, and two to the laboring. Nine of them were married, and seven were single. Nine were unable to read, and seven had received an elementary education. Fourteen were Canadian by birth, one English, and one from the United States. Over one half of the 9,575 convictions for drunkenness (or 5,238) were in the Province of Ontario, 3,027 were married, and 893 widowed. The convictions of all kinds for 1881 were 29,209, as against 28,209 for 1880. There were less in 1881 in Ontario and Nova Scotia, and more in the same year in Quebec, New Brunswick, Prince Edward Island, British Columbia, Manitoba and the Northwest.

The *Bobaygeon Independent* has discovered that the days of protection in the United States are numbered. The same thing has been discovered by free traders regularly every five minutes during the past twenty years. But the *Independent* has ample reason to be sure of it this time. The reason is found in the price of matches in the great republic. The United States Government imposes a duty of 35 per cent on foreign-made matches, and the *Independent* says, the bloated monopolists who make matches in the States, add this 35 per cent to the price, and force the consumer to pay that much more for his matches than he would have to pay under free trade regulations. This imposition is what is going to kill American protection. You see, this terrible 35 per cent might make a difference of a whole cent a year to the average American, and an industrious smoker might possibly enrich the match making monopolist to the full extent of five cents during the same period. When this frightful result is considered, it is evident that American protection must go.

Is the world getting worse? Is often in the thoughts if not expressed in words. The other day a negro was arrested in Boston for setting fire to the Bridgewater almshouse. He acknowledged to having carried a match for years to accomplish his purpose. He gloried in the deed, and threatened if he got the chance, to burn the town. He deserves to be fed on bread and water the remainder of his natural life, and to be made crack stones with a sledge hammer, for recreation.

The *World* is down on the "equire" business. It thinks the plain christian and surnames are enough in writing of most men, and the Mr. confers sufficient dignity upon any man addressed. The *World* is about right. It is perfectly sickening the way and to the extent this equire business is carried to. Some men are so full of shoddy and bad taste that they so far forget themselves as to write their own name with the equire after it.

Some Grit papers are asking the question "Do we want a Governor General?" Other questions might be asked. For example, Do we want Lieut.-Governors of the Provinces? Do we want annual sessions of the Provincial Legislatures? Do we want big County Councils as well as big Township Councils? Do we want the efforts of our best men maligned in the supposed interest of party? What do we want, anyway?

At the late session of the County Council it was decided to accept Parkdale in place of Yorkville, as a Model School location, provided the Minister of Education sanctioned the arrangement. We learn that Hon. Mr. Hardy, Acting Minister in the absence of Hon. Mr. Crooks, has given concurrence.

Newmarket P. O. Savings Bank.

The *Era* of the 6th inst., says that the amount of deposits in the Newmarket Post Office Savings Bank for the year ending 30th June is \$16,364. This is not so bad for Newmarket. We published last week a statement of the Richmond Hill P. O. Savings Bank for the half year ending 30th June, 1883. We have enquired of the Postmaster, and learn that the annual business for the past two years is as follows:—Total deposits up to 30th June, 1883, \$217,557; deposits in year 1882, \$24,651; deposits from July 1st, '82 to June 30th, '83, \$26,718. Thus it would appear that there is a larger amount deposited in our modest little P. O. Savings Bank than that of the ambitious town of Newmarket.

Vaughan Council.

The members of the Council of the Municipality of Vaughan met at the Town Hall on Tuesday, the 19th of June, at 10 a. m. as an adjourned Court of Revision. The Reeve in the chair, members all present.

The proceedings of last court were read, and on motion approved.

The following appeals were heard and disposed of:—

Robert Cameron, Thomas Hilliard, Jr., wrongly entered on Roll as owner; Robert Cameron, Wm. Hilliard wrongly entered on Roll as owner; Robt. Cameron, Jas. Hilliard, wrongly entered on Roll as owner; P. Patterson, J. P. Martin to be entered on Roll for 1/2 acre assessed to him; P. Patterson, Mathew Boynton to be entered on Roll for 1/2 acre assessed to him; John Craddock, Samuel Bredde removed and left premises assessed for; John McBride, self to be entered as owner of west half lot 22, con 7; B. T. McEwen, self to be entered as owner of east half lot 22, con 7; Thos. Fielding, self entered in wrong Municipality.

Moved by Mr. Reaman, seconded by Mr. Cook, that the Assessment Roll as received, be finally passed by the court, and certified by the Clerk as so passed, and that it shall be valid and binding on all parties concerned, notwithstanding any error or defect committed in or regarding said Roll.

The Court adjourned *Sine Die*.

The Council then met for general business.

The Reeve in the chair, members all present.

The minutes of last meeting were read and on motion approved.

Mr. Cook moved, seconded by Mr. Reaman that the Treasurer be and is hereby authorized to pay the following road accounts, the same having been certified to by the several road and Commissioners in their respective districts:—

District No. 2, Thos. Plyater for stone, \$23.00; Keys & Hallett, road scraper, \$9; Robert Rowntree gravel, \$8.80; Thos. Rid-dell, drawing stone and plank, \$18.00; Jos. Maxwell, repairing bridge, \$3.00.

Mr. Malloy, seconded by Mr. Webster, moved that the assessment of Jacob Williams be changed from the fourth to the fifth ass., also that his status labor be removed from B-B No 36 and placed on B-B No 29.

The Council then adjourned till Tuesday, 10th July next, to meet at 10 a. m.

A Hearty Recommendation.

Jacob A. Empey, of Cannanore, states that he has taken Burdock Blood Bitters with great benefit in a lingering complaint, and adds that he would gladly recommend it to all.

Confirmation.

On Tuesday, 3rd inst., the Lord Bishop of the Diocese administered the Rite of Confirmation in St. Mary's Church, Richmond Hill. The service was delivered by Rev. A. W. Spragge, B. A., rector of Newmarket, and the lessons were read by Rev. E. H. Musson, M. A. Incumbent of Aurora, who also acted as his Lordship's chaplain. The service being held in the afternoon the attendance was not large, but those present entered into it very heartily. This was especially true of the choir, which, under the skillful leadership of Miss Campbell, the talented organist, chanted the antiphons and sang the hymns with much taste and precision. The Bishop and other clergy were sumptuously entertained at the delightful residence of J. Arnold, Esq., lay delegate to the Diocesan Synod.

In the evening a similar service was held at Trinity Church, Thornhill. The attendance was at least six or seven times as large as that at St. Mary's, and the number of confirmands, (notwithstanding that several were kept away by sickness) exactly nine times greater. The Bishop's address to the candidates was admirable in every respect. Evening prayer was said by Rev. W. W. Bates, B. A., who also acted as chaplain. Miss Shanklin, daughter of the late lamented Rector of the parish, presided at the organ with her well-known ability; and the musical portion of the service was rendered with a heartiness and accuracy not often witnessed in a church. Before and after church several of the parishioners, including Messrs. Langstaff and Ellstone, church-wardens, met his Lordship at tea and supper at the Rectory; and were all charmed with his kindness and urbanity.

Do Not be Deceived.

In these times of quack medicine advertisements everywhere, it is truly gratifying to find one remedy that is worthy of praise, and which really does as recommended. They invariably cure Stomach and Liver Complaints, Diseases of the Kidneys and Urinary Difficulties. We know whereof we speak, and can readily say, give them a trial. Sold at fifty cents a bottle by R. E. Law.

Woodbridge Jottings.

(From our own Correspondent.)

A new moon and beautiful weather, which we have been blessed with these last few days, seems to have cheered up a good many, especially the farmers and gardeners, and we might say all hands and the cool-ies with the exception of a few of our "Echos" Lacrosse boys, who say the article which appeared in the *Liberal* last week, about the shabby way the "Young Canadians" of Richmond Hill were treated by them, is a falsehood from beginning to end. They say "they only played about 15 minutes, when they were put off the field, as it was wanted for other games." Now, the truth of the matter was, the game lasted for nearly an hour, between fouls, fights, &c., and as the "Echos" were pressing the "Young Canadians" for all they were worth, and a little more too, one of the latter threw the ball over the fence, which our boys say is an old trick of theirs, for the purpose of having a rest, and at the same time four of the Hill team went to the Judges and asked for the game to be stopped. Now what was that for? Can they deny doing this? An "Echo" told me he had it from one of the parties as true, and could also have the names published if required. In regard to having four players from Bolton club, the players from Bolton do not belong to any club, so I am informed. The "Young Canadians" cannot say much about that, as I believe they once called on some of the Woodbridge boys to help them in a match at Aurora. The "Echos" say they used to be in a manner far superior to those in which they were used while visiting Richmond Hill a short time ago. They met the Club when they came to the village which was not done at the Hill; had dinner with them, and, I believe, treated them as well as they knew how. As I said before, let the Clubs meet again, on neutral ground, and see which is boss. That will be the best way to settle the matter. Then sister Woody and sister Bibly Billy can shake hands, and say it is a shame we should be quarrelling about a small piece of rubber shinned around with a stick.

The Foresters have enough money on hand to keep them in cigars for a year.

The Good Templars s y they are going to have a grand demonstration here, some time in August, to make up for lost time on July 2nd.

The Orangemen are preparing for a big day on Thursday. The Hotels are doing like.

The schools are now closed for six weeks holidays, and our village, which is well supplied with children, is kept pretty lively through the day.

Tuesday was Division Court day, His Honor Judge Macdougall on the Bench. Quite a number of cases on hand. A jury case lasted till after dinner.

The heavy rain of Saturday did considerable havoc around our village, destroying gardens and cutting up the streets in a good many places, which should be seen after at once by the proper authorities. Who are they?

A little article I forgot to mention in the first part of my letter, in regard to the Lacrosse boys' expenses. What expenses do they want in playing a return match? They have, I believe, sent in a bill of \$10. Our boys paid their expenses, while here, and I think that is all any team expects, and all our boys get while at the Hill.

Wallace Bros are decorating the outside of their store with fresh paint. We would like to see others follow suit.

Business seems brisk all around.

Woodbridge, July 10th, 1883.

AURORA

At the church of the Redeemer in Bloor street, on July 4th. Mr. John Canavan, barrister, and Miss Virginia Caroline Lester, daughter of Mr. W. H. Lester of the Custom House, were married by Rev. Septimus Jones the rector, assisted by Rev. H. Musson, of Aurora. The church was well filled with ladies. The bridesmaids were the Misses Margaret Estella Lester and Hattie Bell Lester, sisters of the bride, while H. E. Caston and C. L. Ferguson, barrister-at-law, acted as groomsmen. The church choir furnished some nice music, and were each presented with a bouquet by the groom. After the wedding breakfast at the residence of the bride's father, the happy couple left for Europe, via New York.

When a ste was being selected upon location to build the postoffice, the present location was strongly recommended, owing to the supply of water said to be adjacent thereto. We are now told that a large amount of money was spent equally in hauling water to the building. What it will be when the dry season sets in it is hard to say.

—DECEASED.

LOCAL ITEMS.

READ Reynolds new advertisement.

RICHMOND LODGE, No. 23, A. F. & A. M., will meet on Monday evening next, 16th inst., at 8 o'clock, p. m.

REMEMBER the Strawberry Festival in the Lecture Room of the Presbyterian Church, this (Thursday) evening, commencing at 7 o'clock.

PRACTICE—A practice game of Lacrosse will take place on the Fair Grounds, in this village, on Saturday evening next, between the "Invincibles" of Patterson, and the "Young Canadians." The ball will be faced at 6.30. Admission free.

THE NORTH WEST.—The York Farmers' Colonization Company paid the Government on the 30th of June, \$2,000 as homestead and pre-emption. This sum represents nearly 200 settlers, and evidences great success for the colonization scheme and the Company.

C. M. CHURCH FESTIVAL.—A large number were in attendance at the Strawberry Festival held in the vestry of the C. M. Church, in this village, on Wednesday evening last. The strawberries were served in abundance, and seemed to be heartily enjoyed by both old and young. The receipts amounted to about \$25.

STURGEON POINT.—A suggestion might be taken from the following by the officers of the Richmond Hill Mechanic's Institute.—Wednesday, 18th inst., is Uxbridge civic holiday, and on that day the Mechanic's Institute have an excursion to Lindsay and Sturgeon Point, one of the most picturesque spots in Canada. Ample preparations have been made by the committee, and those availing themselves of this excursion may expect a very pleasant time.

GRAND SUCCESS.—The strawberry and Ice Cream Festival, held at the residence of J. Brown, Esq., on Saturday evening last, was successful in every way, notwithstanding the damp and chilly weather. The ladies supplied the provisions in abundance, which were good in the extreme, and the strawberries were punished in a manner, by the large crowd present, which indicated that they were "too delicious for anything." The proceeds, after all expenses were paid, amounted to about \$30.

A STRAWBERRY FESTIVAL.—The ladies in connection with the C M Church in the village of Thornhill, intend having a strawberry festival in the Victoria Hall, on Tuesday evening next, 17th inst., commencing at 6 o'clock. After the festival a grand concert will be given at which the following, with other well-known talent, will take part:—Mr. Mumery, of London, England, and Mr. J. Sheppard. Choice music will be furnished by the choir. Proceeds in aid of Church organ. Admission 20 cents.

CARD OF ACKNOWLEDGMENT.—The Teachers of the Public Schools in this village, desire to acknowledge their sincere thanks to the parents and friends of the pupils of the different departments, for their kind assistance in providing refreshments, and in carrying out the arrangements of their picnic on Tuesday last; to Mr. John Palmer for the use of his beautiful grove, and also to the members of the Richmond Hill Cornet Band, who kindly gave their services, and enlivened the proceedings of the evening by several choice selections of music.

FIRST CLASS.—The Strawberry Festival and concert, held in the C. M. Church at Maple, on Tuesday evening last, was first class in every respect. The strawberries were served by the ladies in excellent style, and the Concert was the best that has taken place in that village for some time. The Misses Reid and Mr. Mumery, of Thornhill, gave several beautiful songs, and Mr. Fax, of Toronto, in his humorous songs and recitations, was a whole concert in himself. A large crowd was present, many young ladies and gentlemen from this village going over, and a handsome sum was realized.

DESTRUCTIVE RAIN STORM.—The heavy rain of Saturday last, done considerable damage in Toronto, turning the streets into small rivers, and the roadways and block pavements being considerably damaged. Holes were made, in some places, large enough to receive a span of horses. The rainfall of the last two months has been greater, on an average, than we have had for some years back. This month has also set in with considerable rain, but we trust, however, that we are about over with the wet spell, for at least a reasonable time, so that the farmers can get to work with their hayings.

FIRE MEETING.—The Fire Brigade met in the Council Chamber, on Friday evening last, when nearly all the members were present. Messrs. Duncan, W. Urquhart, F. Brillinger and E. Brillinger were nominated and accepted as members of the Brigade. After considerable discussion, it was moved and seconded that a day be set apart as a holiday for the Brigade, and it was decided that the day of amusements be on our Civic Holiday. The following persons were appointed to act as a Committee to make all necessary arrangements:—Messrs J. Duncan, B. Radditt, W. Pugsley, P. G. Savage, J. Sanderson, J. McConnell, C. Mason, and H. A. Nicholls. The meeting then adjourned.

TEMPERANCE ASSOCIATION.—On Friday evening last, a meeting in connection with the Church of England Temperance Association was held in Thornhill. The attendance was very good indeed. Rev. W. W. Bates presided, and two admirable addresses were given by Rev. D. Hague, M. A., of St. James's Cathedral, Toronto, and Mr. Hoyle, B. A., of the parish of St. Stephen. Several of those present became members of the Association, and a meeting is to be called shortly for the purpose of organizing a Branch for the parish. A vote of thanks was given heartily and unanimously to the gentlemen for their excellent speeches, and also to the trustees of the school-room. The meeting was then closed by singing the National Anthem.

LOCAL ITEMS.

THE Wednesday afternoon closing movement in Bradford, has collapsed, through several of the merchants admitting customers by the back door during the hours business was supposed to be suspended.

SCHOOL PIC-NIC.—On Tuesday afternoon last, a picnic was held in Mr. Palmer's beautiful grove in connection with our public schools, and was in every way a decided success. At the appointed time, 2 o'clock, the pupils of the three departments, about 200 in number, were called together by the principal, Mr. McMahon, formed in procession in the school yard, and marched in good form to the picnic grounds,—about a quarter of a mile distant,—under the command of Capt. McConnell. On reaching the grove and receiving orders from the Captain to disperse, one could not imagine a gayer or livelier collection of youthful faces than was there present. Swinging, croquet, football, and various other amusements formed the sports for the afternoon, and from the fervent manner in which all appeared to take part, we feel confident all enjoyed themselves to their hearts content. About 5 o'clock the pupils were again called together, and partook of an excellent repast which had been beautifully provided, and although they proved themselves to possess good appetites, it was found that more than enough had been provided for them, and for the large number of visitors who had assembled and taken part in the amusements, as well as the younger folk. During the evening the Richmond Hill Band cheerfully responded, and by their excellent music added greatly to the enjoyment of the day.

Free of Charge.

All persons suffering from Coughs, Colds, Asthma, Bronchitis, Loss of Voice or any affection of the Throat and Lungs, are requested to call at R. E. Law's Drug Store and get a Trial Bottle of Dr. King's New Discovery for Consumption, PARK OF CHARON, which will convince them of its wonderful merits and show what a regular dollar-size bottle will do.

Newmarket.

INDUSTRIAL HOME.—A melancholy accident occurred at the Home during Saturday night of last week. A woman named Mary Richardson, of Maple, Township of Vaughan, who occasionally had fits of insanity, took very bad last week. The other inmates being somewhat frightened of her when in this condition she was removed to the room where the Sunday service is held, and comfortably put to bed Saturday evening. To prevent her from doing any damage her hands were tied with a soft cord, her feet tied with a sheet and then tied down in bed by a coverlid across the body, but during the night she worked herself loose and went over to the window so quiet that no one heard her. About 5 o'clock on Sunday morning Mr. Irwin, on going out of the back door, found that she had fallen out of the window, a distance of 23 feet and had evidently been killed instantly. The back part of the head was slightly crushed in, and the blood had flowed from both ears, but no bones were broken. When in her right mind she was a very affectionate and noble-hearted woman. Her friends removed the body on Monday, and interred her in the Methodist burying ground at Maple. The Auditing Committee met on Tuesday and passed the several accounts, and contractually having expired for supplying provisions, the Bread and Meat contracts were renewed at the same rate and part of the groceries, excellent satisfaction having been given. —E.A.

Burdock Blood Bitters

Cures scrofula, erysipelas, salt rheum, piles and all humors of the blood. Cures dyspepsia, liver complaint, biliousness, constipation, dropsy, kidney complaints, headache, nervousness, female weakness and general debility, when used in time.

The Crops in West York.

A World man had a talk yesterday with Mr. N. Clarke Wallace, the popular M. P. for West York, who was in the city on business. Mr. Wallace says the recent rains have not damaged the crops to any extent, and that the harvest will be a good one if the present fine weather continues.

Buckler's Arnica Salve.

The Best Salve in the World for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chibblains, Corns, and all Skin Eruptions, and positively cures Piles. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. Sold by R. E. Law.

HOLLOWAY'S OINTMENT AND PILLS.—During every break of wintry weather exertions should be made by the afflicted to recover health before unremitting cold and trying storms set in. Throat ailments, coughs, wheezings, asthmatical affections, shortness of breath, morning nausea, and accumulations of phlegm can readily be removed by rubbing this fine derivative Ointment twice a day upon the chest and neck. Holloway's treatment is strongly recommended with the view of giving immediate ease, preventing prospective danger, and effecting permanent relief. These all-important ends his Ointment and Pills can accomplish, and will surely prevent insidious diseases from fastening on the constitution to display themselves afterwards in those disastrous forms that will probably embitter life till death itself is almost prayed for.

CANAVAN—LESTER.—On Wednesday, 4th inst., at the Church of the Redeemer, Toronto, by the Rev. Septimus Jones, M. A., assisted by the Rev. E. Holmes Musson, B. A., of Aurora, John Canavan, Esq., Barrister at Law, to Virginia Caroline second daughter of Mr. W. H. Lester, of Her Majesty's Customs, Toronto.
