

NEW ADVERTISEMENTS.

A New Milk Cow Wanted. J. P. Martin, Victoria To Toronto. -Petley & Felley.

The York Herald.

Richmond Hill, Ont.

No. 13: Whole No. 1313: Volume 26.

THURSDAY, AUGUST 30, 1883.

NOTICE TO SUBSCRIBERS.

The date printed on each paper denotes the time when the subscription expires.

Trade Strikers.

The Journal of United Labor, speaking of the strike of the telegraphers, expresses its profound belief in arbitration. It says:—Does it pay to go on a strike? Is there anything in a strike that is permanent or lasting? Do they settle for all times the question of wages between employer and employed? When once engaged in them, have we any certainty that after weeks of hard, stubborn endurance the victory, even if won, will be lasting or final?

The Journal points out that even in England, where there are no immigrants to disturb the labor market, strikes rarely succeed. Out of 2,352 strikes during the past ten years, only 71 appear to have been completely successful, and the cost of these struggles was \$22,234,750. On the continent, arbitration is the resort of the workman. In France, prior to the war with Germany, as many as 45,000 cases were brought before arbitrators in a single year, and as late as 1877 over 35,000 were heard. In 71 per cent of the cases a reconciliation was effected. In Belgium, between 1861 and 1878, the cases heard were over 3,000 yearly; the number conciliated ranged from 2,250 to 2,866 yearly; the cases taken to general council from 200 to 59 yearly; and the cases settled between the parties amounted to 656 in one year and to 494 in another, but generally averaged about 300, or one-tenth of the whole number of controversies arising.

The telegraphers realize the fact that the strike is a poor last resort.

The Algoma Election.

As the time for the election in Algoma approaches the Grit Local Government is making ready for the fight. Having resorted to so illegal and imprudent a measure as the seizure of the territory for the purpose of enjoining or intimidating the electors, the Local Government (we are not surprised to learn) will not stop short of sending out special instructions to the returning officers in regard to the course to be pursued towards voters at the election, especially in the unorganized districts. The object is, of course, to exclude as many Liberal-Conservative votes as possible.

We venture to give the returning officers fair warning that they can take no instructions from any source but the law of the land. They must and will be closely watched, and for any willful violation, or neglect of the law, they will be personally called to account by action. The Government's course, in this matter, will be strictly watched also; and all such accidents as the want of sufficient ballot papers or other conveniences for voting, will be noted for their condemnation. A considerable variety of such tricks as we have suggested was tried, in vain, at the last election in Muskoka. They will be tried by Mr. MOWAT in Algoma too, no doubt. But we give fair notice that they will be watched, and punishment will follow any violation of duty or of the law.—Mail.

The Cattle Trade.

The foot and mouth disease among cattle in Bristol and Glasgow was not affected Canadian exports, the decline in Canadian cattle being due to an overstocked market. Irish cattle have been, since last Monday, shut out for one month from the English markets, and as they brought the disease and spread contagion among the foreign imports, the market will be in a healthier condition. This exclusion of Irish cattle will be very beneficial to those coming from Canada and the United States.

There has been, unfortunately for Canada, an increased mortality in sheep. Mr. Pope, a large exporter, says that deaths last year were not over 1 per cent and a fraction, but this season they run from 3 to 5 per cent. He attributes the cause to a wet season, and rapid growth of grass, which has not the nutriment that a slower growth with finer weather gives. The sudden change from this to dry food increases gases and produces disease.—Witness.

In the Muskoka Election Trial, the Judges have declared two men guilty of corrupt practices, and the agents of Mr. Fauquier, the sitting member. They have also decided that votes were illegally polled in unorganized townships by those who had not property enough to qualify them to the regular way. If there is a serious large number of votes will be struck off under this decision, which was on a test case. The Judges have indicated that Mr. Shields and others will probably be declared respondents agents.

An order in Council has been passed authorizing a drawback on iron imported and manufactured into horse shoes and exported, 80 per cent of its value or 35 cents per 100 pounds. A drawback of 90 per cent of the value, or 10 cents per 100 pounds has been authorized on iron imported and exported again in the shape of nails.

Ontario Crops.

Mr. Angus Blue, Secretary of the Ontario Bureau of Industries, furnishes the following from his August report:

Wheat—Average yield per acre, 15.6 bushels, compared with 23 last year. Barley—Estimated produce less than last year by 3,670,000 bushels. Oats—Crop excellent; estimated product, 6,626,000 more than last year; average yield nearly 40 bush. per acre. Rye—Only moderately good. Pease—Estimated product, 775,000 bushels in excess of last year.

Wet weather has greatly injured the corn, but the bean and buckwheat crops are more favorable. The hay and clover crops are the largest ever grown in the country. Estimated produce, 4,127,419 tons, or about double of last year. The area under roots is in excess of last year by about 30,000 acres. The fruit crop will be, to a large extent, a failure in all parts of the Province.

Ontario Life Assurance Co'y.

The last annual report of this Company makes a good exhibit, showing not only a large increase in its assets, but also a large amount of new business. The Company is now attaining to large proportions, and if the same vigorous management is pursued in the future as in the past it promises to become one of the leading companies in the Dominion of Canada. We congratulate the Company on having discarded the lien plan in accordance with the advice of the Insurance Times. This has had the effect of preventing the large increase in the premium receipts being shown this year, as we understand the Company very commendably deducted the amount, which, last year, was incorrectly included in its receipts, as we pointed out. In reading over this report, we are struck with the good sound common sense of the management in pointing out to their agents and policy-holders all matter of interest to them and beneficial to the Company, while it is entirely free from disparaging references to its competitors.—The New York Insurance Times, July 1883.

The British Government have decided to assist 200,000 Irish to settle in Manitoba.

This gigantic scheme of State Aided Emigration originated with Mr. Stephens, chairman of the Canadian Pacific Railway, and has been assisted by the influence of Lord Dufferin. The conditions are extremely favorable, each settler is to have one hundred acres of land, a house, farm implements, seed and other things, necessary to make a fair start. They are to have the lands free of rent for three years, and then to pay three per cent. upon \$500, but they may at any time obtain a clear deed upon payment of the latter sum. It is intended to send the fifty thousand persons next spring, to be composed of ten thousand families, averaging five persons each. Although there is considerable opposition in certain quarters in Ireland to such a wholesale deportation, there is no doubt the change will be for the good of those who may take advantage of the very favorable inducements, and it is to be hoped that the first instalment will be assisted, and welcomed to their new homes in such a way as to encourage both the Government and the people to settle the balance of the 200,000 in this country.

The Canada Gazette of Saturday says, —Charles McCabe has been appointed a commissioner of Police for Ontario, Manitoba and the district of Keewatin.

He will be a commissioner under the Act of 1870, for the following places, viz.: from Algoma Mills to Calgary station; and from Sudbury Junction to River Pique. Peter Lelacheur of Martinique, Lennox passage, N. S., has been appointed Preventive Officer. George Alexander Jameison of Ship Harbor, N. S., has been appointed a preventive officer. Gen. Frye, landing waiter at Victoria, B. C., has been appointed surveyor of Customs at that place. Robt. Gillis has been appointed Harbor Master of East Bay, N. S.

A General Stampede.

Never was such a rush made for any Drug Store as in now at R. K. Law's for a Trial Bottle of Dr. King's New Discovery for Consumption, Coughs and Colds. All persons affected with Asthma, Bronchitis, Hoarseness, Severe Coughs or any affection of the Throat and Lungs, can get a Trial Bottle of this great remedy free, by calling at above Drug Store.

Commissioners' Meeting.

A special meeting of the York County Commissioners was held in the County Clerk's office yesterday, when Messrs. Merritt and James were present. A number of accounts were presented and ordered to be paid. An order was given for the erection of a check gate on Yonge Street, north of the toll-gate. This will prevent travellers from evading the toll by entering or leaving the city by a side street. A communication was received from the solicitors of John Smith, of Edlington, requesting the immediate removal of piles of stone on the roadside in front of his place. If the commissioners did not do so proceedings would be taken to compel their removal. In answer to this the solicitor will be notified that if the stone in question will be removed when it suits the convenience of the County Engineer. Another communication was received from the solicitors of the townships of Etobicoke and York, asking that the bridge on the Scarlet road, which was washed away, be replaced by the County. The commissioners could, however, do nothing in the matter without the consent of the council. It was stated that there is a difference of opinion as to the responsibility of keeping the bridge in repair, the county holding that the townships are liable and vice versa. Tenders for the supply of coal and wood for the county buildings during the coming season were opened, and the contract was awarded to J. M. Bailey & Co. The monthly amount is 100 tons of coal and 25 cords of wood.

East York Election Petition.

The trial of the East York Election Petition was begun on Tuesday last at the Adelaide street court house, Toronto, before Justices Burton & Galt. Mr. Foy, C. C., and Mr. Blacklock appeared for the petitioner, Mr. M. C. O'Leary and Messrs. S. Blake, W. M. Johnston and J. A. Proctor for the respondent, Mr. G. W. Badgerow. On the opening of the case, Mr. Foy moved to have several of the particulars in the petition amended. The court, however, refused peremptorily to do so, Mr. Justice Burton remarking that it was trifling with the court for the petitioner to furnish such meagre particulars as was now laid before them. The case was one in which the court would not be justified in extending any leniency to the petitioner who had deliberately refused to make known the particulars of certain charges, as he should have done in compliance with the statute. The following charges were consequently struck out: 6, 9, 10, 11, 15, 22, 24, 25, 26, 27, as not giving specified information regarding the charges.

The respondent was the first witness put in the box, being called by Mr. Foy. He detailed the manner in which his candidate in East York had been carried on, stating that he had made it a point to treat no one from the 1st of January till after the election was over on the 27th of February thus denying the charges as he had been alleged against him of corruptly treating voters on the polling day and at other times.

In support of charge No. 1, that Mr. Badgerow had treated a voter named John Strader at Malton, and on the polling day, Mr. Strader and John Entwistle were called by Mr. Foy. The former testified that he was a Conservative, and known to have been such by Mr. Badgerow; that on the day in question the latter gentleman asked Strader to have a drink, which the latter took in the shape of "hot Irish." The other witness gave corroborative evidence. Their lordships, however, had no hesitation in declaring that they placed no evidence in the testimony of these two witnesses, whose evidence to them was contradictory and inconsistent with common sense. The charge was dismissed, as was also the one next investigated, where James Montepens was charged with offering money to bribe Wm. Jones. The latter gave evidence that he was offered \$5 to go on the other side, but after two or three witnesses had been called it appeared that Jones was a fussy, pompous individual, and that by trying to make something big out of a conversation that was only meant for a joke.

So far, the charges against Mr. Badgerow have proved to be mere men of straw, which are being knocked down as fast as set up.

Newmarket.

SHARDY FEAST.—The Fall Feast of the Children of Peace will take place on Saturday, 1st prox., and the usual illumination services will be held next Friday evening.

TRIBUTES TO THE DEAD.—It is surprising the amount of floral tributes that are weekly deposited on the graves in our Cemetery. During Saturday afternoon and Sunday morning people are seen wending their way to the resting-places of departed friends and there beautifying the mounds with flowers, which seem to speak forth the happiness of those who lie beneath them. This city of the dead is becoming a favorite among all classes of people on Sabbath afternoons, and should be a memorable and sacred spot to all.

OUR EXPORTS.—Messrs. Cane & Sons shipped two more cars of woodenware to Winnipeg on Tuesday. One containing stoves and C. P. R. Another pair lathe was put in position last week, and they can now turn out 1000 pairs and 250 wash tubs per day. This department is under the superintendency of Mr. Frank Lundy, who appears to understand the business thoroughly. The clothes-pin branch is assuming large proportions. Mr. Timothy Trivitt has control of this department, and they are now turning out, boxed ready for shipment, 6900 pairs per day. When the washboards are once introduced we feel satisfied if they will also have an immense sale, as they can be placed on the market much cheaper than the present makes.

True to Her Trust.

Too faith cannot be said of the ever faithful wife and mother, constantly watching and caring for her dear ones, never neglecting a single duty in their behalf. When they are assailed by disease, and the system should have a thorough cleansing, the stomach and bowels regulated, blood purified, and material poison exterminated, she must know that Electric Bitters are the only sure remedy. They are the best and purest medicine in the world and only cost fifty cents. Sold by R. E. Law.

A Remarkable Feat.

A WESTONIAN AFFORDS SOME GOSSIP FOR A WATCHFUL "SENTINEL."

After commenting on the fact that during the past two months the 101 newly married couples had visited the picturesque town of Port Arthur, the Thunder Bay Sentinel goes on to say:—"The last of these left last night by rail for Winnipeg. Perhaps the fact that a hundred had preceded them, that the groom in question was born in the historical year of 1822, that he and his spouse had been married twice before, and that the division emanated from an event perhaps never before heard of in orthological history, are reasons sufficient for making more than passing allusion to the happy pair. Mr. John Eagle is the popular proprietor of the Eagle Hotel at Weston, a suburban rendezvous for pleasure-seekers of Toronto. Mr. Eagle had known for many years a Mrs. Nightingale, a widowed lady of considerable attractiveness, and the busy folk of Weston, soon after the decease of the wife of the gentleman in question, made up their minds that the lady Eagle should carry off the nocturnal wailer. The worthy host of the Eagle House could not venture abroad for a day but upon his return he would be greeted with the congratulations of his friends. Of course it was no good his denying it, others knew his business better than he did himself, and the result was that he was married by the public—so to speak—twenty times within the past two months. But a few days ago a well-known clergyman of Toronto was secretly visited by the lady and gentleman under notice, and this divine accomplished the remarkable feat alluded to above—that of transforming a nightingale into an eagle. An hour later and Toronto was miles behind the blushing bride and her companion, who made all haste for the little Arcadian town of Port Arthur, where secrecy is the predominant characteristic of her people, and where the conscientious press would seem to make known the particulars of this eventful episode. In the meantime the people of Weston are trying to crack the nut that has been thus provided for them, and there is little doubt that a right royal reception will be accorded the happy pair upon their return to the Eagle Hotel."

A Good Time Coming.

A grand Demonstration under the management of the Richmond Hill Fire Brigade, will take place on our Civic Holiday, Wednesday next, Sept. 5th, on the Fair Grounds in this village. The program for the day will commence with an Exhibition Practice of the Fire Brigade at 9 a. m., after which a grand Football and Lacrosse match will take place, the former at 9.30 a. m., and the latter at 10.30 a. m. The afternoon sports will open with a grand Lacrosse Match between the Orillia Lacrosse Club and the "Young Canadians," of Richmond Hill, for a Silver Cup, presented by the Fire Brigade. The ball will be faced at 1 p. m., sharp after which a large number of games, etc., will take place, for which good prizes are offered. No professional allowed to compete in any of the games. The Richmond Hill Band will be in attendance and render choice selections. The Fire Brigade intend making this demonstration a grand success, and those who do not attend will lose the best opportunity afforded this season for having a splendid time. Admission to grounds, forenoon, 10 cents; afternoon, 15c; children half price. For particulars, &c., see posters.

LOCAL ITEMS.

PARTIES indebted to this office will kindly oblige by settling.

TRY Sneath & Grenhans Extra Choice Mixed Tea. 50 cents per pound

WANTED.—A smart, intelligent boy for the printing business, wanted at this Office.

2ND AND 3RD Books of School Readers, also 1st and 2nd parts of the first books, for sale at the HERALD Store.

SCHOOLS.—The High and Public Schools in this village will be open on Monday next, 3rd Sept.

MONTHLY CATTLE FAIR.—The usual monthly cattle fair will be held in this village on Wednesday next, Sept. 6th.

OPENED.—The Grand Opera House, Toronto, was opened for the coming season on Monday evening last. "The White Slave" occupied the boards.

FAREWELL VISIT.—The Marquis of Lorne and Princess Louise will make their last visit to Toronto during the first week of the Exhibition. They arrive in the city about the 12th of September, and remain for several days.

ADDED.—The Committee of Management for the Demonstration to be held on our Civic Holiday, have added another game to the list, comprising a 100 yard race, open to all. 1st prize \$2, 2nd, \$1.

POSTAL NOTES.—It is only a few days before the public will have the new postal notes, the limit of their preparation being Sept. 3. They will prove a great convenience, as the sender can transmit any amount from three cents to five dollars.

MONTHLY SALE.—There will be offered at Eckardt's monthly sale, to be held at the Palmer House, in this village, on Wednesday, Sept. 5th, a quantity of household furniture and other effects, belonging to the late David Hopper. Sale to commence at 12 o'clock, sharp.

EXCITING.—The most exciting Lacrosse match this season is expected to take place between the Orillia Lacrosse Club and the "Young Canadians" of this village, on Wednesday next, Sept. 5th, Richmond Hill Civic Holiday. Do not fail to attend.

THE representative of Messrs. Parker & Co., Steam Dye Works, Toronto, called on us on Tuesday last. We are assured, and in fact can say that any orders given to them will be faithfully and well executed. They have no connection with any Yankee concern, or Yankee dodges.

WELCOMING A BRIDE AND BRIDE-GROOM.—Mr. John Canavan and his bride returned to Toronto on Thursday night last, after a summer tour in Europe. They immediately repaired to their residence at Oak Ridges, Yonge Street. The well-wishers of the newly wedded couple, headed by Mr. Wm. Mulock, M. P., presented Mr. Canavan and his bride with an address of welcome. This was followed by a few hours of social intercourse.

VISITORS TO TORONTO.—Petley & Felley announce this week that visitors to Toronto will find their stock replete with all the latest novelties for the present season. They invite the large number of persons who go to the city during the Holiday Season to visit their stores, and will consider it no trouble to show them through their immense establishment, which is admitted by all to be the finest of the kind in Canada. Don't forget the address, Petley & Felley, 128, 130 & 132 King Street, East, Toronto. See their new advertisement.

THAT TRIAL.—Notwithstanding the remarks of the Liberal in its last issue in reference to a certain trial wherein the Editor acted as defendant, and in which article he condemns most roundly and most strongly all those who had any connection with said trial in any shape or form. We have been informed that full justice was meted out to all parties. Although we are not a member of the Methodist Church, we have more respect and regard for the worthy chairman who presided on the occasion, as also for the five respected gentlemen who acted as the jury, (to them, no doubt, no pleasant task) than to think that either or any of them would do anything contrary to the profession to which they belong, or to the injury of a brother member of the Church. We cannot but think it would have been better to have accepted the inevitable, and refrained from making public through the press a subject that was far from pleasant, not only to his connections and friends, but to all well-wishers of the community generally.

A GOOD TIME COMING.—A grand Demonstration under the management of the Richmond Hill Fire Brigade, will take place on our Civic Holiday, Wednesday next, Sept. 5th, on the Fair Grounds in this village. The program for the day will commence with an Exhibition Practice of the Fire Brigade at 9 a. m., after which a grand Football and Lacrosse match will take place, the former at 9.30 a. m., and the latter at 10.30 a. m. The afternoon sports will open with a grand Lacrosse Match between the Orillia Lacrosse Club and the "Young Canadians," of Richmond Hill, for a Silver Cup, presented by the Fire Brigade. The ball will be faced at 1 p. m., sharp after which a large number of games, etc., will take place, for which good prizes are offered. No professional allowed to compete in any of the games. The Richmond Hill Band will be in attendance and render choice selections. The Fire Brigade intend making this demonstration a grand success, and those who do not attend will lose the best opportunity afforded this season for having a splendid time. Admission to grounds, forenoon, 10 cents; afternoon, 15c; children half price. For particulars, &c., see posters.

LOCAL ITEMS.

WHAT is the matter with our Woodbridge correspondent? Let us hear from him.

LADIES! See those beautiful Black Cashmères at 49, 70 & 90 cents, at the "Cheap Cash House."

DISMISSED.—The petition against Mr. Badgerow's election was dismissed with costs on Wednesday last.

MR. John Evans is back again at his old place, the Dominion House, formerly the Royal Hotel.

WANTED.—A New Milk Cow wanted. Must be first-class Butter Maker, young, gentle and right in every particular. See advertisement.

CLOSED.—Our readers in this neighborhood, also all the villagers, will do well to remember that Wednesday next, Sept. 5th is Richmond Hill Civic Holiday, consequently all the stores, and other places of business will be closed.

SERMON.—In consequence of the illness of Rev. J. E. Betts, the Rev. Dr. Sutherland, of Sherbourne Street, Toronto, preached in the Methodist Church in this village, on Sunday last, and delivered eloquent sermons, which were listened to with deep interest by the large congregation.

MATCH.—A Lacrosse match was played on the Agricultural Grounds, Markham, on Tuesday last, between the "Stars" of Markham, and the Patterson Club. The damp afternoon interfered considerably with the game, making the grass slippery, etc., but for all that excellent play was exhibited on both sides. The match was won by the Markham Club, they taking the 1st, 2nd and 4th games, and the Patterson boys the 3rd.

A JOLLY CROWD.—The Aurora Lacrosse and Baseball Clubs passed through this village on Saturday last, on their way to Markham, to play the Clubs of that place. The Lacrosse boys were "cleaned out" in three straight games by the Markhamites, in 16 minutes, but the Aurora Baseballers came off victorious, the score standing, Markham 14, Aurora 23. They seemed to have plenty of music on board, and were a jolly crowd.

PERSONALS.—The Rev. I. Campbell, pastor of the Presbyterian church in this village, intends taking a vacation next month for some weeks. The duties will be performed in the meantime by a student from Knox College, Toronto. Mr. J. Clarkson, of Barrie, is visiting friends in this village at present. Messrs. Daniel Snider, of Vaughan, and J. H. Snider, of Thornhill, were in town on Saturday last and gave us a call.

COMPETITION.—The members of the Hose Reel Department of the Fire Brigade intend competing at the Hose Reel race to be held at the Industrial Exhibition, in Toronto, on Friday, Sept. 14. Ten of the best men have been selected, and judging from the quick and expert manner in which they handle the hose, we will have to record a good account of them after that date. Go in boys, take the Silver Medal, \$40 and Championship of York.

A WANDERER FROM THORNHILL.—Jean Dean was charged at the Police Court, Toronto, on Friday last, with being a vagrant within the meaning of the Act. She was found loitering in the Queens park at a late hour the previous night. She said that she had just arrived from Thornhill and was arrested before she had been in the park ten minutes, which she considered extraordinary treatment for a stranger and tourist. She expressed a desire to return to Thornhill, but the Magistrate decided to detain her for thirty days.

THE LAST OF THE SEASON.—The members of the Teston Cornet Band intend holding their grand annual Harvest Home and Monster Picnic in the beautiful and picturesque grove of Mr. Isaac Murray, on the afternoon of Friday, Sept. 7, 1883. The grove is in a splendid locality, and well adapted for Picnics, as Mr. Murray, with the assistance of la nature, has made it one of the prettiest and most picturesque to be found in the West Riding of York. The Teston Band has met with such success on former occasions, and as they are not deterred for supplying the public with an abundance of luxuries, this Picnic, no doubt, will be up to the average. Games such as Quoiting, Jumping, Running, etc., will take place, for which liberal prizes will be awarded. A large platform will be erected, and an excellent Quadrille Band engaged for the occasion. A big time may be expected, as the committee are sparing no pains to make this the "Boss event of the season." Dinner served from 2 to 4 p. m. The public are cordially invited to attend. Tickets, including dinner and platform, 25 cents; children 15 cents.

HOLLOWAY'S PILLS.—No Mystery.—Whenever the blood is impure or the general health is impaired the human body is predisposed to attacks of any prevailing epidemic. The first indications of faulty action, the first sensations of deranged or diminished power, should be rectified by these purifying Pills, which will cleanse all corrupt and reduce all erring functions to order. These Pills counteract the subtle poisons in decaying animal or vegetable matter, and remove all tendency to bowel complaints, biliousness, and the host of annoying symptoms arising from foul stomachs. The fruit season is especially prone to produce irritation of the bowels and disorders of the digestive organs; both of which dangerous conditions can be completely removed by Holloway's corrective medicines.

FORTUNES FOR FARMERS & MECHANICS.—Thousands of dollars can be saved by using proper judgment in taking care of the health of yourself and family. If you are bilious, have slow complexion, poor appetite, low and depressed spirits, and generally debilitated, do not delay a moment, but go at once and procure a bottle of those wonderful Electric Bitters, which never fail to cure, and that for the trifling sum of fifty cents.—Tribune. Sold by R. E. Law.

Never Give Up.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents a bottle by R. E. Law.

Markham.

BARN BURNED.—About midnight last Thursday the large barn on Mr. Fred G. Percy's farm, rear of 5th Con. Pickering, was discovered to be in flames, and in a short time it was burned to the ground, together with the contents—a span of horses, harness, a quantity of hay, implements, thirty fleeces of wool, &c., belonging to Mr. Urias Percy, who is working the place. The origin of the fire is undoubtedly incendiary, probably the work of a tramp or drunken navy who may have gone in there to sleep. The building was insured for \$450 in the Royal.

BOARD OF HEALTH.—The officers of the Board of Health have commenced their duties with a mild determination that he speaks great improvement in the hygiene of Markham village. The Health Inspector, Mr. Bulbin, is making a careful inspection of every premises, and giving his instructions relative to carrying out the by-law in a very impartial manner. We trust every citizen will see the absolute necessity of conforming to the requirements of the law, and thus not only aid the officers in the honest discharge of their duties, but prevent diseases such as typhoid fever, diphtheria, and the much dreaded Asiatic cholera. Cleanliness is next to Godliness in every sense.

The most miserable mortal in existence is probably the confirmed dyspeptic. Burdock Blood Bitters cure Dyspepsia and all diseases of the Stomach, Blood, Liver and Kidneys. Do not trust our word simply, but address the proprietors for proof.

The Montreal Witness says:—"The swallows congregated last week, preparatory to a southern migration. The crows and blackbirds have been doing the same for the past few days. This is alleged to be an indication of an early winter."

Millions Given Away.—Millions of bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, have been given away as Trial Bottles of the large size. This enormous outlay would be disastrous to the proprietors, were it not for the rare merit possessed by the wonderful medicine. Call at R. E. Law's Drug Store and get a Trial Bottle Free, and try for yourself. It never fails to cure.

W. J. Guppy, druggist, of Newbury, writes:—"Dr. Fowler's Wild Strawberry is just the thing for Summer Sickness. I sold out my stock three times last Summer. There was a good demand for it." Dr. Fowler's Extract of Wild Strawberry is infallible for dysentery, colic, sick stomach and bowel complaint.

Dr. Fowler's Extract of Wild Strawberry will never fail you when taken to cure Dysentery, Colic, Sick Stomach, or any form of Summer Complaint. Relief is almost instantaneous; a few doses cure when other remedies fail.

Fall Fairs.

Industrial Exhibition at Toronto, Sept. 11th to 22nd. Provincial Fair at Guelph, Sept. 24th to 29th. Dominion Exhibition at St. John, N. B., Oct. 2nd to 5th. North York Fall Fair at Newmarket, Oct. 2nd and 3rd. East Riding of York Fall Fair at Markham, Oct. 4th and 5th. Pickering Agricultural Society will hold their Fall Fair in the village of Brougham, on the 9th and 10th of October.

THE MARKETS.

Table with columns: PRICES AT FARMERS' MARKETS, TORONTO, THURSDAY, AUG. 30, 1883. Lists prices for various commodities like Wheat, Barley, Oats, Peas, etc.

New Advertisements.
