#### IMMIGRATION.

A statement has been issued by the Department of Immigration showing the number of arrivals and departures of immigrants at Ottawa, Toronto, Kingston, and other places, for the first seven months of the year. During the above months there landed on Canadian whom, 21,881 arrived by Halifax and St Lawrence River, and 43,713 by New York and other American ports; of those who entered the country by way of the States a very small proportion settled in Canada, the rest having been merely registered at Immigration Agencies on their route through the Western States.

The above return shows a decrease on that of the same months in 1882, in which, the total arrivals amounted to 69,998 persons, of whom 24,111 came by Halifax and the St Lawrence, and the balance by the United States. Out of the total arrivals for this year 40,150 persons, or nearly two-thirds of the whole passed through, and took up land in the States; of the remaining 19 574 have settled in Ontario; 5,661 in Manitoba; and the remaining 179 in Quobec. There has been an increase in the influx of settlers in Ontario, and the that during the corresponding months of last year by 4,383 persons, showing an increase of nearly one-third. The predominating class of settlers in this Province have been English yeomen who have come out mainly for the purpose of hiring as farm hands, with ultimate object of securing homesteads of of their own. The moneyed class have been well represented. The English settlers in Ontario this year, number, so far, 8,168 persons, as compared with 7,158 during the corresponding months of last year. Irish, number 7.331: against 4,278 of last year; Scotch, 1,859; against 2345; German 941; against 599; Scandinavian, 177; against 166; Swiss, 8: against, 12; Icelandic, 24, against no arrivals last year; Americans, 574; against, 540. There has been an increase in this year's immigration among English, Irish, Germans. Scandinavians, Icelanders and Ameri-

A week later; a medico's 'den', post-prandial pipes, the two friends, two or three casual visitors, the sound of a dreamy waltz from the piano in the drawing-room at the other side of the hall, all combined to produce that feeling of contentment and quiet pleasure which can be experienced in its completeness by those only who enjoy perfect physical health, and whose balance the banker's is on the right side of the led

You must know that close by the college grounds an old gentleman lived in a charming cottage situated in a perfect gem of a garden. He had several fascinate ing daughters; and many a harmless flirtation was carried on with them by the boys in the western halls, from the end windows of the corridors. Well, one of them had been away for some weeks, and was sadly missed; for, being the most provoking little coquette of them all, she was the greatest favorite. One day C, came into my room, and said, So-and-so came home last wouldn't it be a good thing to serenade her?' 'Just the thing,' was my reply. Arrange-ments were soon made. 'Home again! Home again !' Home, Sweet Home,' other suitable melodies were run over; but when the time came C. excused himself on the plea of sudden indisposition. He was the best tenor we had; but we were compelled to go without him, as he declared it was impossible for him to accompany us. OUR CIVIC HOLIDAY.

SUCCESSFUL & PLEASANT TIME.

We are unable, owing to our going to press early, to give a very full report of the proceedings of Wednesday, suffice it the New York Daily Sun. to say, the full program was carried out, the day being pleasant and enjoyable and a large crowd from neighboring villages and elsewhere being present

In the morning an exciting Football match took place between the married and single men of the village, and when time was called each side had scored one game, after which a Lacrosse match was played between the 2nd twelve of the 'Stars' of Markham village, and the 2nd twelve of the "Young Canadians," three straight games being taken by Richmond Time, 1st in 4 minutes; 2nd in 11 minutes, and the 3rd in 33 minutes,

In the afternoon a grand Lacrosse match was played between the Orillia Lacrosse club and the "Young Canadians" of Richmond Hill, our boys being successful in carrying off the victory, taking the 1st game in 30 seconds; 2nd in 4 minutes, and 3rd in 70 minutes The Orillia team, in our opinion, were the heavier and larger by long odds No doubt the fact of playing upon new ground and among strangers made a difference with the losing team. Both clubs played an exceptionally fine game, and many applauses were noticeable for fine throwing, expert dodging, etc, and without doubt was the best game ever played on our grounds. The "Young Canadians" are delighted with their vietory, as well they may be, and not only have the honor of keeping the Silver Cup, which is a beautiful one, but atso of ealling themselves Champions north

of Toronto. The silver cup was carried in the torch light procession at night by two members of the team.

All thanks are due to the Firemen for the success of the day I'be display by the Brigade reflected great credit upon all parties connected with it, from the Captain down, the turnout at night being particularly noticeable.

The Band added much to the pleasure ing well and hearty. of the day by rendering many choice selections of music, and also put the finishing topoles to the Procession in the evening. We will give the particulars of the races, etc., next week

Presentation.

About one hundred and twenty of the members and friends of the Canada Methodist Church, Victoria Square, assembled at the residence of Mr. Joseph Perkins, on Monday evening Aug. 27th. with their baskets well filled, and arranged their tables; on the lawn belonging to Mr. David Eyer. After partaking of the good things the tadies had provided, and spending a most enjoy able evening, Mr. Lawson, in behalf of the Church, presented Mr. Perkins with a handsome Wainut Secretary, costin r twenty-eight doltars, accompanied with the following

Address:

We, the members and attendants of Wesley Church, Victoria Square, in appreciation of your valuable services as Organist of our Church, present you with this Secretary as a small token of our esteem and regards for your scheentmusical performances, which have been rendered regularly and cheerfully without remunovation, and often denriving yourself of the rest which overtaxed nature requires, and would have formed a just excuse for less faithful services, even if such services were purchased with a liberal salary. Yet, with a devotion worthy of the good cause of religion, and the Church, of which you are an honored member, you prefered unrowarded labor in God's service to your own case and comfort. We therefore hope you will receive this inconsiderable token which we present to you, not as remuneration for the services you have done our Church, but as a souvenir presented by us to you in remembrance of our admiration of your musical talents, and unselfish devotion in the cause of our Church.

Dear friends of the Canada Methodist Church, Victoria Square — I would say in reply to your very kind and fiattering address, that I am very happy to welcome you here this evening, and only sorry that I am not better able to entertain you. ou. I heartily thank you for the valuable present

You.

Theartily thank you for the valuable present which you have brought me this evening, not alone for its intrinsic worth but more especially because I believe it to be an expression of regard and also a token of appreciation of my services as Organist during the past eleven years. Believe me, dear friends, I have ever considered that one essential part of public worship was the service of song, and I have ever been willing to render what assistance I could, thinking, that as we sang the songs of Zion, we might lead some wanderer in the way to that home above, where they sing to Him that has washed them in His own blood. The hours, therefore, that I have thus spent in our weekly practice, in preparation for Sabbath worship, have been hours of pleasure, ever finding the other members of the choir agreeable, faithful and willing in the discharge of their duties, making my burden very light indeed. I therefore trust, that as we have so oft sang together in hymns below, we may one day join with the great congregation of the Redeemed, and there sing the Lamb in hymns above.

In conclusion, I would also heartily thank you for your kind mention of Mrs. Perkins, and I, with you, trust that our union may prove a happy one, and when we are called here to part, may we again meet in heaven, where parting is unknown.
