

Let us have a Change.
The Free Press says:—"The fact that none of the bribers in chief who invaded Muskoka, could be found when wanted to give evidence in the Election trial, is, in itself, a proof of the nefarious means employed by the Conservatives."

We agree with the Flesherton Advertiser on the School Book question, and consider it an outrage on the part of the educationalists at Toronto to authorize two series of readers. Anybody with a grain of common sense can see that there will be no end to the strife between the rival publishing houses. Had only one of these series been authorized, no one could have raised any great objections; but as it is, a great mistake has been made, which will be a constant source of annoyance and irritation to the public.

The long continued, though highly interesting debate on the question of Methodist Union has been brought to a close at the Conference in Belleville, by the adoption of the basis of Union by a vote of 123 to 88. An amendment by Rev. Dr. Williams of practically shelving the question was previously voted down by 40 to 117.

A Good Move.
In Halifax, N. S., the city school Board has recommended all the teachers in the Public Schools to give instructions as far as practicable from Dr. Richardson's Temperance lesson book, to all pupils under their charge.

The farcical policy of hiring informers to catch unlicensed dealers in liquor, and those who are licensed in breaking of the Crooks' Act, is to be continued, according to an advertisement for such, published by Inspector Dexter. That official hired two young men to do such demoralizing work, and the result was, that they reported to him that they had caught certain parties, which report turned out to be false. He then prosecuted them for obtaining money from him by false pretences, but failed to convict them. One of the grand juries of last year, entered a strong protest against the system, as having a demoralizing tendency on the informers, and the community generally.

His Excellency the Governor General has been pleased to make the following appointments in the department of the Secretary of State of Canada, at Ottawa, on the 4th inst., the appointment being Archibald Evans, of Chester, in the County of Lunenburg, in the Province of Nova Scotia, Esquire, to be Harbor Master for the Port of Chester, in the said Province, and on the 23rd of August, David Nathaniel Black, of Toronto, in the Province of Ontario, gentleman, was appointed to be Landing Waiter and Searcher in Her Majesty's Customs.

Kram's Fluid Lightening.
Is the only instantaneous relief for Neuralgia, Toothache, Headache, etc. Rubbing a few drops briskly is all that is needed. No taking nervous medicines for weeks but one minute's application removes all pain and will prove the great value of Kram's Fluid Lightening. Twenty-five cents per bottle at H. Sanderson & Sons' Drug Store.

233 Richmond Street West, Toronto, Sept. 3rd, 1883.
Having been instructed by the Ontario Government to make certain inquiries relative to the desirability of tree-planting and forest preservation, I should be much obliged if you would send me word if any plantations of forest trees have been established in your neighborhood, whether only a few trees or many, as even the experiment of a solitary tree is valuable. Also, if you happen to know or can readily ascertain, when such were planted, what varieties have been found to thrive best, and on what soils, and what method of planting has been used. I may be passing your way, and would be glad to see and inquire personally into any improvements of the sort; but circumstances may forbid this, and a line from you would be valuable in the meantime. At the same time, I would gladly know whether, in your neighborhood, any change in rainfall, or drying up of creeks or rivers, seems to have followed the clearing of the forest. An early answer will greatly assist. Yours truly, R. W. Phipps, Clerk of Preservation of Forests Ontario.

Mr. Phipps is sending out above circulars, and it would be as well, if any of our readers could send him information, to further his work.

The Public School Trustees of Newmarket have adopted the Campbell series of Readers at its last meeting. We also notice that the Acting Minister of Education reports in favor of the same series of Readers being used in the Normal and other schools of the Province. Our Trustees, we hope, will not be in a hurry to change the present readers now in use in the public schools here. Let them wait a little longer. Experience thus can be obtained of how the matter works in other places.

The Greatest Healing Compound.
is a preparation of carbolic acid, vaseline and cerate called McGregor & Parke's Carbolic Cerate. It will cure any sore, cut, burn or bruise when all other preparations fail. Call at H. Sanderson & Sons' Drug Store and get a package. Twenty-five cents is all it costs.

HERALD STORE, Richmond Hill.

There is one path open to woman that they have not apparently recognized. An intelligent woman ought to be specially adapted to the position of a druggist's clerk. She is neat, precise, careful, and not being likely to acquire the habit of taking nips either from the bottle labelled with a Latin name in the store, or whiskey straight with-out, is less liable to give arsenic for arrow root, or strychnia for alum. The services require little in the direction of physical strength, and the position ought to be one agreeable both to her and her employer.

TORONTO EXHIBITION.
The following is a list of the special attractions of the Toronto Exhibition, which opened on Tuesday last, 11th inst., and continues until Saturday, 22nd; and the most important days for visitors to see Canada's Great Fair:
FRIDAY, SEPTEMBER, 14th.
Manufactures departments all complete. Speeding in the Horse Ring. Horse Race Contest for the Championship of the County of York, at 11 a.m. Band of the Garrison Artillery. Evening—Grounds and Buildings open till 10 o'clock. Organ Recitals, Electric Light, Electro-Hydraulic Fireworks etc. Band Concert by the Garrison Artillery Band.
SATURDAY, 15th.
Great attractions for this day. Exhibition departments of first week all open. Steeplechase and Pacing in the Horse Ring. Donkey Races. Meet of the Toronto Hunt Club in the Ring. Whitchurch Agricultural Society holds its Annual Fall Show at Stouffville, on the 27th and 28th of Sept.

Newmarket.
SEPARATION.—The Requisition sent out for signatures calling a public meeting for the discussion of the above subject are assuming enormous dimensions. We had the pleasure of seeing about twenty-four feet of paper full of names the other evening, and but a few have been returned. The Committee wish those holding the balance to send them in at once. Already about 500 names have arrived, a number which fully justifies the Warden in calling the proposed meeting. The interest taken in this matter is in marked contrast to the apathy during the former agitation. Many who were opposed to separation at that time are supporting it now.
Diarrhoea among children is rather prevalent just now. Mr. Geo. W. Rader had the misfortune to lose a child from it last week and there are several other cases in the town. Are not new potatoes in fault?
SHARON FEAST.—The Annual Illumination and Feast in connection with the "Children of Peace" at Sharon, came off on Friday and Saturday evening, of last week, and was well attended. The services in connection therewith were conducted by Elder W. Peet, an were listened to with marked attention by those assembled. We understand that upwards of 3500 partook of the very excellent dinner always provided upon these occasions.

Entrance Examinations.
To the Editor of the Herald.
Sir,—On my return to Richmond Hill after the holidays, I learned that Mr. McBrice, H. M. High School, had, during my absence, circulated through the HERALD, misstatements concerning me, by which he made an attempt to prove that I had endeavored to mislead the public by making false assertions, in a letter which was published on my signature on July 26th. Permit me to say, I made no false assertions, and the letter in question was not misleading, but was the plain truth in every respect, which any person knowing the circumstances of the case will admit.
In justice to myself as well as to my pupils, I feel compelled to refute Mr. McBrice's statements, and show you that he is willfully endeavoring to lay before you statements which he knows to be untrue.
1st.—He takes up fully a quarter of a column of your valuable paper in quibbling about dates, endeavoring to show that I made a false statement by saying that the exam papers were re-examined since your publication of the 19th of July. Any school boy with ordinary intelligence can see at a glance, that the idea meant to be conveyed was, that the papers had been re-examined by Messrs. Fisher, Graham and Dickson after they had passed through the hands of Mr. McBride, and with a much more satisfactory result. However, it is a matter of minor importance to the public, whether they were re-read previous to or after the 19th, but it was a matter of great importance to the pupils to have them re-read by gentlemen who were willing to give them justice.
2nd.—He states that I called on Mr. Fisher, Graham and Dickson, on seeing the papers before they were forwarded to the Department. This is also incorrect, and I feel satisfied Mr. F. will bear me out in the assertion. What I did ask for was a copy of Mr. McBrice's marking as compared with Mr. F.'s, and had received it I cannot see where any injustice would have been done to any person. Mr. F., however, preferred to retain it till after the meeting of the School Board.
3rd.—He says, "I met Mr. F. in Toronto and personally submitted our reports to the Ed. Department." Here again he is endeavoring to deceive, as he is evidently trying to make the public believe that Mr. F. accompanied him to the Department, and that they together personally submitted their reports to the High School Inspector. This is untrue, as Mr. F.'s letter to the Richmond Hill School Board showed.
4th.—He says that Mr. F. gave him permission to state that not one more would be able to enter the High School in consequence of the papers being re-read. Mr. F.'s letter to the School Board—spoken of above—gives in one column the names of those passed by Mr. McBride, and in an opposite column the names of those passed by himself, and a look will show that there are just twice as many marked passed in Mr. F.'s list as in Mr. McBrice's column.
5th.—He states that I, in my letter, conveyed the idea that Mr. F. recommended 6 of my pupils but that he did not recommend any. I ask, what could be plainer than Mr. McBrice's published report of the 19th of July, in which he gives the number sent up, and the names of those who were successful? not a word was said about any being recommended, and the names as was done in Newmarket and other places, and which Mr. McBrice did at the previous exams held here?
6th.—He states that Mr. F. did not recommend a single pupil at Newmarket, at the last exam, who failed to get the percentage, which is 33 per cent on each subject and 50 per cent of the total. This is in accordance with his other statements. By referring to the report in the Newmarket Exam you will see that no less than seven were recommended, and those must have fallen below the percentage in one or more subjects. One was recommended who made only 20 per cent in Arithmetic; another who made 22 marks in History and 6 in Dictation, &c.
Mr. McBrice states that he went to the Department on two different occasions, and exerted himself on behalf of my pupils. That he went to the Department twice I will admit. As to his exerting himself on their behalf I cannot admit. On the contrary, I have every reason to believe that the papers being forwarded direct from Mr. F., every one of the ten passed and recommended would have received their certificates, and that Mr. McBrice's "personal interviews" were the means of having one at least of the candidates rejected, and I challenge him to deny the fact.
These are truths which cannot be disputed, and it does not require a very close observer to perceive that the course Mr. McBrice is pursuing is one not calculated to advance the interests of our village schools, but shows that he is willing to sacrifice all principle and honor, provided he is enabled to carry on a persecution against the Public School, which he would wish to control—and give vent to his pent-up malice.
Apologizing for this lengthy communication, I am
Respectfully Yours,
T. F. McMAHON,
Principal P. School.

Fortunes for Farmers & Mechanics.
Thousands of dollars can be saved by using proper judgment in taking care of the health of yourself and family. If you are ill, have a slow complexion, poor appetite, low and depressed spirits, and generally debilitated, do not delay a moment, but go at once and procure a bottle of those wonderful Electric Bitters, which never fail to cure, and that for the trifling sum of fifty cents.—Tribune Sold by R. E. Law.

PERSONALS.
Mrs. A. Polly, of Forest, was on a visit to her parents last week.
Miss Pearce, of Markham, is spending a few days visiting friends in this village.
Miss Vester, of Blenheim, is visiting friends at the Grand Central Hotel.
Miss Alice Teely left here last week, for a visit to friends in Owen Sound.
Miss Eroughton, of Toronto, is visiting friends and relatives in this village.
Rev. Mr. Westover, of Pickering, preached in St. Mary's Church on Sunday last, to a large congregation.
The editor of the Barrie Gazette was in town on Sunday last, and was visiting the Rev. Mr. Bates, of Thornhill.
Miss Willmott, of Buttonville, Miss Sumnerfield and Miss Shaw, of Toronto, have been visiting friends at the residence of Mr. B. Willmott.

LOCAL ITEMS.
ARITHMETICS.—Mental Arithmetic 1 and II parts for sale at the HERALD Store.
COURT DAY.—Division Court will be held in this village on Friday, 21st inst.
HOUSEKEEPERS! Buy your Gem Jars and Preserving Sugar at the CHEAP CASH HOUSE. Sneath & Grennan.
GOOD DISPLAY.—Patterson & Bro. have a large number of their Agricultural Implements entered at the Exhibition, which make a good display, and no doubt will take their usual large number of prizes. The self-binder will likely attract as much attention as ever.
BARGAINS.—The Cheap Cash House is the place for bargains in dress goods, velveteens, cashmeres, flannels, winceys, cottons, etc. Fall trends, ready made clothing, groceries fresh and cheap. Remember the place, Sneath & Grennan. See new advertisement.

TO SUBSCRIBERS.—As nearly all of the papers in the County have cancelled one or more weeks during the week, we have decided to take our turn next week, in order to give the staff an opportunity of attending the Toronto Exhibition. Our subscribers, therefore, may not look for any HERALD next week.
CANADA'S GREAT FAIR.—The Toronto Exhibition commenced on Tuesday last, and so far, has been favored with beautiful weather. Large crowds have already gone, but next week will, no doubt, be the better time to visit it, as the exhibition of live stock commences on Monday, and many special attractions will take place during the week.
S. S. PIC-NIC.—The scholars in connection with the Presbyterian Sabbath School in this village, held their annual Picnic to Bond's Lake on Saturday last. Upon arriving at the lake, boating and other amusements were indulged in, after which all were treated to a very sumptuous repast, which was thoroughly enjoyed. The scholars returned home early in the evening, well pleased with their day's outing.

LACROSSE MATCH.—The Orillia Lacrosse Club do not seem satisfied with the quick way in which they were defeated by the "Young Canadians," of this village, on Wednesday, 5th inst., and have made arrangements to meet the same team in Aurora on Saturday next, 15th inst., and have another tussle for a Silver Cup, to be given by the villagers of Aurora. The "Young Canadians" need to have their best team on hand and bring home the Cup. The "Stars" of Markham and Aurora Club will play their return match the same day.
DAILY PRACTICE.—The Hose department of the Fire Brigade is daily practising for their contest at the Toronto Exhibition, which takes place on Friday next, 14th inst., at 11 a. m. From diligent practice and the quick time that is made, we expect our men to gain the Championship of York, and bring home the Silver Medal. The following are the names of those who will represent the Department;—J. H. Sanderson, W. Pugsley, G. Trenoh, W. Storey, A. Linklater, F. Rinder, C. Soules, J. Piper, O. Brown and E. Glover. Mr. B. Redditt is general manager. We wish them every success.

UNFORTUNATE.—Mr. Pemberton, of the Uxbridge Guardian, has been very unfortunate. In May he was burned out and lost nearly all his plant in the fire. He took steps to continue his paper and built an office, 60x21. Later the bottom fell out of the building. Mr. Pemberton promises in a few weeks to give his readers a full sheet again. He deserves all the sympathy possible under the very adverse fortune he has sustained. We sincerely trust he may at last succeed in establishing his paper on a sure foundation, as the energy he displays is highly commendable.
FIRE COMPANY MEETING.—The regular meeting of the Fire Company was held on Friday evening last, and a very large number of members were present. The Brigade were unable to practice owing to the unfavorable weather. In the course of some remarks, it was moved and seconded that a hearty vote of thanks be tendered to the villagers and community for their liberal patronage at the demonstration held on our Civic Holiday, also to the Constables for the efficient manner in which they performed their duty, under the able management of Capt. McConell, and to the Committee for the way in which they performed their part. The meeting then adjourned.

A GREAT DROP.—Men may of often be seen parading the street with sign boards, but the latest dodge a Toronto umbrella shop does to ladies who borrow umbrellas is this: Saturday night a young lady applied for the loan of one. The umbrella fellow raised it up so nicely that the young lady did not see the outside of the umbrella, which contained his advertisement in large letters. She took it and departed happy. She paraded Yonge street and could not see why she was so attractive, until at last a policeman informed her, and she wound up suddenly at the 7c store. She was not mad, nor did she get angry, of course not.
HARVEST HOME FESTIVAL.—The congregation in connection with Trinity Church, Thornhill, intend holding a grand Harvest Home Festival on Thursday, Sept. 27th. Service will be held in the Church at 1.30 p.m., by Rev. E. Horace Muesen, M. A., after which an adjournment will be made to the delightful grounds of John Langstaff, Esq., where tea will be served from 3 p.m. An address in connection with the history of Trinity Church will be given by the Rev. Dr. Scadding, of Toronto. Amusements will be provided for those present, and games for the children. If the weather is unfavorable the Festival will be held in Victoria Hall. Tickets 25 cts.; Children under 12 years, half price. Proceeds to be devoted to church purposes.

LOCAL ITEMS.
PARTIES indebted to this office will kindly oblige by settling.
2ND AND 3RD Books of School Readers, also 1st and 2nd parts of the first books, for sale at the HERALD Store.

STOVES.—The cold weather is coming and Mason has the largest stock of coal and wood stoves ever shown on Richmond Hill, cheap for cash. See new advertisement.
PROGRESS.—The New York Sun published an interesting sketch of its own rise and progress since the issue of the initial Sun just fifty years ago. The Sun was started on Friday, Sept. 3rd, 1833 by Benj. H. Day, who is still living.
TENDERS WANTED.—Sealed Tenders will be received by Mr. J. H. Sanderson, Chairman of Committee, for part or the whole of the drainage and carpenter work to be done on the east and west side of Yonge street, in the village of Richmond Hill, as per By-Law No. 99, up to noon on Saturday, Sept. 15th. The lowest or any tender not necessarily accepted.

EARLY BUS.—During the second week of the Toronto Exhibition, Thompson will run an Early Bus from Elgin Mills Corners to Toronto, commencing on Monday morning next, Sept. 17th. The Bus will leave Elgin Corners at 5.45 a.m., and Richmond Hill at 6 a.m., arriving in Toronto at 9 o'clock. Returning, leaves Toronto at 6 p.m., arriving in Richmond Hill at 9 p.m. Return Tickets, 75 cents; Single, 40 cents; children half price.
LACROSSE CONCERT.—The members of the "Star" Lacrosse Club of Markham, gave a very successful Concert in the Town Hall in that village, on Tuesday evening last. The following excellent talent comprised the programme, which was rendered in a first-class style:—Miss F. Coulter and the Misses Wilson of Richmond Hill; Mr. and Miss Collins, Thornhill; Miss Meltae, of Newmarket; Mrs. A. Fleury, Miss Anthony, Miss Wilson, Miss Speight and Messrs. Bell Fleury, Wilson, Rescor, White, and Lacrosse Club of Markham. The proceeds amounted to \$40.

HOLLOWAY'S PILLS.—The stomach and its troubles cause more discomfort and bring more unhappiness than is commonly supposed. The thousand ills that settle there may be prevented or dislodged by the judicious use of these purifying Pills, which act as a sure, gentle anti-acid agent, without annoying the nerves of the most susceptible or irritating the most delicate organization. Holloway's Pills will bestow comfort and confer relief on every headache, dyspeptic, and sickly sufferer, whose tortures make him burden to himself and a burden to his friends. These Pills have long been the popular remedy for a weak stomach, for a disordered liver, or a paralyzed digestion, which yield without difficulty to their regulating, purifying and tonic qualities.
