Auctioneers and Pedlars—J. K. Macdonald.

The York Herald,
Richmond Hill, Ont.

No. 33; Whole No. 1333; Volume 26.

THURSDAY, JANUARY 17, 1884.

NOTICE TO SUBSCRIBERS.

The date printed on each paper denotes the time when the subscription expires.

HUMBER RELIEF FUND.

Is Richmond Hill going to do anything in the way of collecting for the 'Humber Accident Fund'? If only for the sake of showing sympathy for the bereaved, we think a subscription list might be started. We suggest that the new Council, at its first meeting, start a list & let it be taken around among the subscribers. We notice the town of Malton subscribing \$33.50, surely a like sum might be got in Richmond Hill. It would also tend to show our good will in the cause of these bereaved, if nothing more.

We understand the idea is to pay the families of the killed and injured a rate per week—equal to what they had been in the habit of getting—for the space of one year, and any balance remaining would go to form a permanent fund for any future accidents &c., that would require to be helped in the same way. Let the good deed go on we say. We are perfectly well aware that many people are opposed to giving, some perhaps from the idea that they cannot afford it, and others again think they should be just before they are generous. We would like to see a mammoth concert given, and the proceeds paid to the fund, but unfortunately we have not a hall suitable for the purpose.

Let us Have Proof.

The Economist in writing upon the Municipal Elections, makes use of the following:—"And the Dominion Government armed Mr. Williamson with certain appointments to be used with the weak-kneed to coerce them." We are inclined to the opinion that the above is made out of pure imagination. Does not the Economist know right well that appointments now are only made by "Civil Service" examination. We are as fully willing to condemn such conduct on the part of the Dominion Government as any one, but we are far from crediting the truth of the statement made, and should be glad to see proof. It is easy to make assertions to serve a purpose at election times, but far from easy to establish the truth of the same. By all means, let us have the names of the parties that Mr. Williamson tried to influence by the promise of certain Government appointments. Such conduct on the part of the Dominion Government should be frowned down by all free men.

The idea of the Government at Ottawa taking such an interest in our Municipal Elections is something really surprising, and we trust Mr. Williamson will give the whole story a flat denial. Such yarns have been repeated too often, and it is about time now to clap them on the head. We, therefore, beg the Economist, in the interest of free elections, to give to the public, through its columns, the truth, the whole truth, and nothing but the truth, and, as we have already said, we shall be only too glad to side with the Economist in condemning such conduct on the part of any Government.

The following letter on the question whether hanging is painful appears in the Pall Mall Gazette:—"The following facts, as related to me by a late distinguished officer who died high in rank in Her Majesty's service, may be of some public interest: Many years ago, when a fag at a public school, was ordered by his master to get his silk stockings ready for an evening party, but unfortunately, only one could be found. Vain were the excuses offered by the poor little fag. His master in a rage, threw the silk stocking round his neck, and held him suspended in the air a sufficient time to produce unconsciousness, and to make it a doubtful matter if vitality could again be restored. He therefore experienced all the sensations of being hanged; but he suffered no pain, and used to say he had no recollection of anything happening to him from the moment the stocking was thrown round his neck until he felt life returning.

The seating of Mr Mills for Bothwell by Judge Galt's decision on Saturday, shows that the Liberal boom is still in force. It began with the "redemption" of Lennox; the redemption of West Middlesex in the local and its retention in the federal legislature; the election of Sir Richard Cartwright for South Huron by acclamation; the decision in the Hodge case; and now the award of the seat for Bothwell to Mr Mills. But what appears to please many Liberals more than anything else, and what they consider the best part of their present boom, is the advent of hard times. If the Globe would only commit suicide the Liberals might be in power before any of their hair has turned black.—World.

A Failure in Crops.

A species of worm is eating all the leaves from the chestnut and hickory nut trees in many sections, and the crop will be a failure. Worms that afflict children or adults will prove a failure to Dr. Low's Pleasant Worm Syrup is used. It is a safe and sure cure for all worms that live in the human system.

Northwest Development.

At a banquet given to Hon. Joseph Royal, at Winnipeg, a short time ago, that gentleman gave an interesting account of the remarkable progress of the Northwest. It was only permitted, he said, once in a lifetime to see a city and country like Winnipeg and Manitoba develop as they had done in so short a period. The first session of the Local Legislature was held in 1871, and Mr. Royal was elected Speaker. The ideas of legislation were so crude that some of the members had to be instructed as to what was a motion and a bill. Two Ministers used to have their offices in one room, and in one or two cases the Ministers had their bedrooms in their offices.

But lo! what a revolution had been effected by the signing of the contract with the syndicate and the subsequent progress of the Pacific Railway. Mr. Royal spoke of the vast amount of good done the Northwest by that enterprise. There was a great increase in the influx of immigrants. The assessed value of the property in Winnipeg had increased from \$8,000,000 in 1881 to \$20,000,000 in 1883. There was also a great increase in the customs revenue. The speaker did not deem the present depression as any occasion for alarm. The business of the country was, in fact, being established on a sound financial footing. The policy of the Government at Ottawa, he said, was pursued for the best interests of the Northwest. He advised all to stand true to the country, and all would be well.

His Excellency the Governor General has been pleased to summon to the Senate, by Letters Patent under the Great Seal, the following gentlemen, to wit: In the Province of Ontario, Donald McMillan, of Alexandria, Gregary Co. Esquire, Doctor of Medicine. James Turner, of the city of Hamilton, Esquire. George C. McKindsey, of the county of Halton, Esquire.

In the Province of Quebec, James G. Ross, of the city of Quebec, Esquire, and to appoint him for the Electoral Division of Les Laurentides therein, vice the late Hon. D. E. Price, deceased. Alexandre Lacoste, of Montreal, one of Her Majesty's Counsel learned in law, and to appoint him for the Electoral Division of De Lorimer therein, vice the late Hon. J. O. Bureau, deceased.—Gazette.

The Faith Cure.

One who tried the faith cure declares she was cured—of her faith—Burdock Blood Bitters cures by works, not by faith alone. It is the grand specific for all diseases of Liver, Kidneys and Bladder, purifying, regulating and strengthening the vital fluids.

Fun and Facts.

(From an Occasional Correspondent.)

Accidentally I happened to be passing through School Section No. 5, Vaughan, and feeling tired I stopped to rest for a while. While there I was informed that a special meeting was being held in the school house, for the purpose of electing a trustee in place of one that had gone where politics and elections are at an end. (In that beautiful land above!) Feeling a little interested I sauntered down to the place, and found that the meeting had just adjourned, and the majority of the ratepayers had taken their departure, when, lo and behold, a man from the 2nd division appeared on the scene, and demanded why the meeting had adjourned before his arrival. He stormed like a maniac, whirled around, and was going to upset the whole proceedings. As he appeared to have something important to say, and as he was never known to be in a passion before, the few that remained were taken greatly by surprise, and thought he was mad, but when they took into consideration that he had eaten so much turkey the day previous, and was laboring under indigestion, they excused the poor jock knife blacksmith from Leander Lane.

I then took a trip down to the Post Office at Maple, and found the Post Master was still above ground, and in his place as usual, but since my previous ramblings had added a second hand lumber yard to his store, composed chiefly, I am informed, from the leavings of a great Reform Picnic, held at Teucara a few years ago. After sojourning in the vicinity a few days, I made my way to the combination villages of Teston and Hardscrabble, when, to my great surprise, the genial Postmaster of Maple was in the latter place, and on enquiring the cause of his presence, found that he had been appointed Returning Officer for sub-division No. 4. I was also informed that D. Kinree was one of the scrutineers, and on enquiring the other, found that they had dismissed the man with the book of lamentations, and appointed in his place a man that did not know goose from turkey. Considerable foul play was indulged in as a number that were put on the Assessment Roll by the Court of Revision were not allowed to vote, and others that had never been asked for their taxes were treated likewise. The Council is paid for attending to the business of the township, and not for saving who shall be a Tory or who shall be a Grit. I hope they will be dealt with according to their deserts, and will endeavor to inform you of their actions from time to time.

Long Sermons.

The rector of St. James' hauled his people over the coals last Sunday night—at least that section who did not like long sermons. In St. Paul's time, said he, a sermon was often four hours long, when the pulpit rose round the twenty-minute corner the congregation began to pull out their little chronometers and assume a look of martyrdom. Perhaps the spread of one-term journalism has educated the people up to short sermons.

Another of the Boys Gone.

We copy the following from the Bay View Herald, of the 5th inst:—"At the residence of Postmaster Parkes, father of the bride, Mrs. Florence Warden was married to Mr. Sylvester Savage, on Thursday morning, Rev. B. F. Sanford officiated. The wedding was private, none but the relatives of the bride being present. Mr. and Mrs. Savage left on the noon train for Chicago. They will return to-day and take up their residence in Bay View. The groom, who is well known in the village, holds a position with the rolling mill company. Mrs. Savage has been for three years past, assistant postmaster, in which position she made many friends by her kind, accommodating treatment of all."

Sylvester is well and favorably known around here, as he worked at Patterson for a number of years, in which place his parents still reside, and is a brother of Mr. P. G. Savage, in this village. All his old friends will, no doubt, join with us in wishing the happy couple many, many years of prosperity and happiness.

What Does It Mean?

What is meant by "Secretion," in a medical sense? "The secretions are the powers of certain glands and organs of the body to hold and distribute the healthful fluids of the system, such as bile from the liver, etc. Burdock Blood Bitters regulate all the organs of the secretions to make pure blood."

Newmarket.

SALVATION ARMY.—The barracks continue to attract immense crowds, especially on Sunday, and several "rough seeds," as they are pleased to call themselves, profess conversion and have turned over a new leaf. The meetings are so interesting that they do not close till 11 or 12 o'clock.

THE STANDARD.—The price of first-class dry cordwood has fallen to \$4.25, but \$4.50 is the ruling price. Green cordwood is offered at \$3.60 and \$3.75. Two foot wood is fifty cents more in either case. Good hickory bark commands \$5 per cord. Quite a quantity delivered at the tannery this week.

FARKWELL SUFFER.—It was intimated in a previous issue that the Royal Hotel was about to change proprietorship—Mr. James McClintock stepping out and out, and Mr. Alex. McKinnon, formerly of the Mitchell House, taking his place. On Monday evening, and a few hours previous to the transfer, Mr. McClintock invited the boarders, and a few guests, to an supper. The arrangements in detail were all that could be desired, and right heartily were the bachelors agreed. After the removal of the cloth the Warden proposed the first toast of the host and hostess of the Royal, accompanied by a few remarks—alluding respectfully to the genial hospitality of both Mr. and Mrs. McClintock, and expressing the wish that a large measure of prosperity would attend them in future life. Songs, toasts, speeches, &c., while away the time till the "witching hour," when Mr. Gower, in a few well-chosen remarks, gave the mystic benediction. "Happy to meet, sorry to part—happy to meet again." It was a very pleasant social gathering. Mr. McKinnon took possession on Tuesday.

AURORA

Some contemptible crook stole a milk ticket from a desk in the Borealis office recently, that the milk-man had left as copy for an order. It would afford us infinite pleasure to know that the thief choked when swallowing the ticket.

James Wyle the champion checker player, left here on Tuesday last for Toronto. During his trip he played 109 games in Orillia, winning 107, and in his own 117 out of 119; at Alliston 301 out of 304, and at Aurora he played 44 games, winning 38. Of the whole number the champion lost only one game which was at Alliston, the fortunate player winning one and losing thirty-nine.

The Borealis puzzle is settled at last. It was intended to have the grains counted at New Year's; the festivities and election excitement, however, induced us to hold it over for a time. On Tuesday evening the following committee was appointed to count the grains: J. Anderson, Concessor Lloyd, Geo. Wilkinson, L. Appleton and Wm. Davidson. The result showed that the jar contained 229 peas. Thos. Stevens, Township of King, secured last prize—carving knife and fork—with a guess of 4,460, being within 231 of the right number; Wm. Newberry took second place, with 3,979—just 250 off. His prize is a pair of boots in Lord's store, to value of \$1. J. Crossley, Springfield, took third prize, his guess being 4,501, being 272 of the number; prize, the Borealis for one year. R. Hughes carried off the 4th and last premium—silver-plated butter knife—with 3359, being 870 astray.

THE THIEF ARRESTED.

The party who burglarized the Post-office in Bradford has been captured in Toronto. It appears that the postmaster was at a mining establishment over the post office, and had in his employ a young man named "Conrad" McDonald, who was considered to be trustworthy. By some means he managed to secure the safe key, and took the key from an impression in putty, and also marked the outline on paper. From these keys were made, and then the rest was easy. He will probably serve a term in prison.

THE QUIKKEST THING ON RECORD

Is Kraus' Fluid Lightning for Neuralgia, Headache, Toothache, &c. It does not blister or discolor the skin; requires but one application to banish all pain magically, without using any greasy liniment or carrying your head in a poultice for weeks. Try a twenty-five cent bottle from H. Sanderson & Sons, Drugists.

LOCAL ITEMS.

THE Cheap Cash House have another very nice line of gents' Colored Wool Gloves at surprisingly low prices.

COUNTERFEIT \$5 bills of the Bank of British North America—issue of 1st July—are in circulation.

LIST.—The list of Licensed Auctioneers and Pedlars, for the County of York, will be found in another column.

THANKS.—P. Patterson, Esq., will be kind enough to accept our thanks for complimentary tickets for the grand Oyster Supper to be given this (Thursday) evening, at the Dominion Hotel, to Messrs. W. Cook and G. Elliott.

CORRECTION.—In last week's issue we stated that the new Council would meet on Wednesday, 16th inst. It should have read at noon on Monday next, 21st. The members will please take notice.

THE COMET.—Did you see the comet of 1812 yet? It is said to be visible in the early evening to the naked eye, and will continue to grow brighter till the 25th inst., when it will make the perihelion passage.

TEMPERANCE LECTURE.—The lecture held in the Temperance Hall in this village, on Wednesday evening last, was not very largely attended, although the subject was handled in grand style by Mr. T. McMurray.

CONCERT AT MAPLE.—The inhabitants of Maple intend giving a grand Concert in aid of the distressed of the Humber disaster, this (Thursday) evening. Excellent talent from Toronto, Brampton, Maple, and other places, will take part. Rev. J. E. Starr will occupy the chair.

CENTRAL BANK OF CANADA.—A meeting of subscribers to the capital stock of the Central Bank of Canada, will be held on Monday, Feb. 11th, at their offices, 51 Yonge street, Toronto, at 2 p. m., for the election of Directors and other purposes connected with the organization of said bank.

FRIENDLY VISIT.—The members of the I. O. G. T. Lodge paid a visit to their sister Lodge at Thornhill, on Monday evening last. A very pleasant and enjoyable evening was spent, and after partaking heartily of the nice refreshments supplied, the members returned home, well pleased with their visit.

OFFICERS.—The annual meeting of the York Farmers, Colonization Company was held on Tuesday last. The following were elected Directors for the ensuing year:—N. C. Wallace, M. P., President; S. James, Vice President; John Aikens, John J. Cook, R. McPhail, R. N. Taylor, John Duncan, James Armstrong, Managing Directors, and A. G. Lighthouse, Secretary.

BEEDLES AND PRINDLE PARTY.—The entertainment given in the Temperance Hall in this village, on Saturday evening last, by the Beedles and Prindle Troupe, was well attended. The performance, although not equal to their former ones, was very creditable, and the inimitable Prindle afforded the crowd many loud smiles during the evening. The Beedles performed some difficult pieces of music on a number of instruments, and drew forth a good share of applause. The "hit of the evening" was entitled Heuben Chandler, in which Johnnie Prindle, C. C. Beedle and Eva Feather took the parts, and delighted the audience to a great extent.

NOW'S YOUR CHANCE.—The proprietor of the Skating rink in this village, intends having the first grand Fancy Dress Carnival of the season on Saturday evening next, 19th inst., commencing at 7 o'clock, p. m. The Richmond Hill Band will be in attendance and render choice selections. A large number have signified their intention to mask, and we think our readers can rely on this being one of their best chances to attend a Carnival this winter. Mr. Stevenson will endeavor to make it pleasant and agreeable for all who attend. None but those in costume allowed on the ice until 8.30 p. m. Parties appearing in costume, will give their name and character represented at the door. Admission—Members, 10c.; Non-members 15c.; All in costume free.

MISSIONARY MEETING.—The annual Missionary Meeting was held in the C. M. Church in this village, on Sunday evening last. The attendance was very large, a number coming from Patterson, Headford, and other places. The speaker of the evening was Rev. Mr. Jerman, a Northwest missionary, who occupied a large portion of the time relating interesting facts concerning missionary life in the great prairie province. The speaker was eloquent, and listened to with pleasure and attention by the large audience. Rev. J. E. Starr also made a number of witty and interesting remarks, and did his best to interest the people in the missionary cause in this village. Dr. Wilson was appointed chairman, and performed the duties in a very creditable manner. The Choir sang a few appropriate anthems, and enlivened the proceedings to a great extent. The collection amounted to about \$15, and the subscription list to \$105.

5000.00 Reward

For any Testimonials recommending McGregor's Speedy Cure for Dyspepsia, Indigestion, constipation, flatulency, etc., that are not genuine, a note of which are from persons in the States or thousands of miles away, but from persons in and around Hamilton, Ont. We give trial bottles free of cost, so that you cannot be deceived by purchasing a worthless article, but know its value before buying. Trial bottles and Testimonials given free at H. Sanderson & Sons' Drug Store.

Full particulars, directions, etc., sent free. Fortunes will be made by those who give their whole time to the work. Great success absolutely sure. Start now. Address 5727-28 St. Co. Portland, Maine.

LOCAL ITEMS.

A FEW Diaries for 1884 for sale at the HERALD Book Store.

WHAT is the matter with Grip? We did not receive it last week.

FRESH Oysters, Oranges and Figs, also Salt Salmon Trout and Herrings at the Cheap Cash House.

LIBERAL.—We notice H. H. Warner & Co.,—Warner's Safe Cure—of Rochester, N. Y., gives \$100.00 to the Humber Accident Fund. Whilst very glad to see them so liberal, we cannot but think it is intended in a great measure as an advertisement of their patent medicines, which they so liberally advertise through the country press at out-throat prices.

HOLLOWAY'S PILLS.—The Great Need—The blood is the life, and in its purity our health as well as our existence depends. These Pills thoroughly cleanse the blood from all contaminations and by the means strengthen and invigorate the whole system, healthily stimulate sluggish organs, repress over-excited action, and establish order of circulation and secretion throughout every part of the body. The balsamic nature of Holloway's Pills exercises marvellous power in giving tone to debilitated and nervous constitutions. These Pills dislodge all obstructions, both in the bowels and elsewhere, and are, on that account, much sought after for promoting regularity of action in young females and delicate persons who are naturally weak, or have from some cause become so.

ANOTHER OF US GONE.

Two old York pioneers on Saturday walked down Yonge street, Toronto, and turned into King. Instinctively they cast their eyes toward the dome of St. Lawrence Hall. They saw the flag at half-mast, and almost in the same breath they exclaimed, "Who of us is gone now?" They soon learned that Noah L. Piper, one of their oldest members, had died the night before at his home in Yorkville. Mr. Piper was 69 years old and had resided in Toronto since 1831 when he came to Little York. He was of an old New England family and was born in Bristol, Conn. He engaged in the tin and store trade with his brother Hiram on Yonge street near King, where they carried on business for forty years. He was for a long time a member of the volunteer fire brigade. During the rebellion he rode on horseback from Toronto to London with dispatches. His constant companion was the late Peter Harty. Mr. Piper leaves a widow, three sons and a daughter.

A Fortunate Escape.

Mrs. Berkeushaw, 26 Pembroke St., Toronto, at one time was about to submit to a surgical operation for bad lameness of the knee joint, all other treatment having failed when Haysard's Yellow Oil was tried, and speedily cured her.

The Printing Press.

How wisely events follow each other in proper order! Just at the time when the mind of Europe was waking from a thus and so, and when the student which resulted in the production of his celebrated Pills and Ointment saw at once the immense advantage, to the world as well as to himself, which might be drawn from this source. He laid his discoveries before the world, showing his seed broadcast, wherever a written language is read, and modestly awaited the result. His confident statement of his scientific excellence was once tried, established the firm in the confidence of the public of both hemispheres, and Professor Holloway stands now, in the estimation of the people, as the most powerful opponent of all disease. For disorders of the liver and stomach, the Pills are claimed to be a swift and sure specific, and the claim is verified by an overwhelming mass of testimony. Now we all know how entirely the bodiless health depends upon the condition of these two important organs. If the digestion is impaired, the bowels disordered, and the liver torpid or congested, the whole frame suffers; the strength declines, the spirits droop, the complexion becomes cadaverous, the flesh wasted, supineness and despair take the places of energy and hopefulness, the sick man becomes as dead to the great objects and pursuits of life as if he were entombed alive. Out of his misanthropic state, as it were, this powerful remedy, this King of the medicine, few timely doses of the Pills bring back digestion, appetite and physical energy. These statements are too plain, and too easily contradicted if untrue, to admit of the slightest doubt. On the contrary, we know them to be nothing but the literal fact. They are not founded merely upon common report, but upon the testimony of parties occupying high positions in society—men of unblemished reputation and mature judgment. If it were not confirmed by circumstances within our own immediate knowledge.—Insert Telegraph.

John R. Vert, Hamilton, says: "McGregor's Speedy Cure for Dyspepsia and Indigestion is cheap at fifty times the price asked for it. I am a commercial man, and travel continually, and would not now think of leaving home without a bottle of McGregor's Speedy Cure in my valise than I would of leaving my team at home and going on foot." Free trial bottles at H. Sanderson & Sons' Drug Store. Regular size fifty cents and one Dollar.

A Cure for Cuts, Sores, Etc.

The finest healing compound under the sun is McGregor & Park's Carbolic Cerate. There is no sore but will succumb to its wonderful healing properties. It is an invaluable dressing for scalds, fevers, etc. Price twenty-five cents at H. Sanderson & Sons' Drug Store.

DEATH

Brown.—On Tuesday, 8th inst., at the Parsonage, Bloomfield, Alfred Percy, son of the Rev. A. Brown, aged 5 months and 10 days.
