We do not hold ourselves responsible for the opinions of our Correspondents.

Mr. Cleveland and Free Trade.

It is a noted fact that Mr. Cleveland in accepting the nomination of the Democratic Party gave no assurance of his views on the Tariff question. His friends are whispering around where it may be safe for them to do so, that he is certain on the Tariff side for support.

As it has always been looked upon as favoring Free Trade we are sorry that the issue upon which the Democratic Party and Republican is not one pure and simple of Protection or no Protection. But so far as we can see this will not be done, the friends of Mr. Cleveland evidently being afraid to meet the issue squarely upon the tariff.

An Old History Badly Put.

The Globe the other day writes: "As a result of this interview the following despatch was sent by Dr. Wickwire to Dr. Tupper, at Ottawa. 'Hon. Mr. McNab votes to-day for disfranchising bill. Can you guarantee Peter an office if his father is put right?'

Dr. Tupper being at that time a member of the Dominion Government, answered promptly as follows: "Your telegram received; anything Hill engages to do I will carry out."

"The man Hill was a political friend of Dr. Tupper, and had just been dismissed from the Assembly on a charge of bribery; but being away from Halifax at the time, the carrying out of the details of the plot was entrusted to others."

"The man Hill" referred to in the above is the Hon. P. C. Hill who at the time of the Pacific Scandal squabble left his friends, the Tories, and allied himself with the Grits and entered the Grit Local Legislature as Provincial Secretary, deserting his own friends. No doubt, fully forgiven for all he had said or done. The office in question was given to Peter by the Grit Government. We fancy Mr. Hill will not relish being indicated in the above fashion. But it is ever so. For the sake of the supposed strong point to be made, the writer of the article in the Globe evidently was not aware that "the man Hill" was one of their own friends.

We read every day of personalities indulged in against persons running for public positions, it is a great pity that personal abuse cannot be kept out of the press during political campaigns. The States press are now fully occupied in abusing either one or the other of the candidates running for President and Vice-President.

A Cure for Cholera Morbus.

A positive cure for this dangerous complaint, and for all acute or chronic forms of Bowel Complaint incident to Summer and Fall, is found in Dr. Fowler's Extract of Wild Strawberry; to be procured from any druggist.

The Toronto "Globe" and Its Mission.

Published by Request.

The Toronto Globe has the assurance to allege that in its slanders of the Canadian Pacific Railway Company, "it states only what it believes to be true and in the public interest." It goes further and declares that "the statements we made as to the character of a portion of the country through which the road runs were unquestionably correct." In several recent issues it has maintained that it published nothing in regard to the Canadian Pacific Company that was intended to injure the Company or their property or the North-West. As late as Saturday last, commenting on a letter addressed by President Stephen to Hon. John Carling, of London, it said that "the assertion that the influence of the Globe has ever been used for the injury of Canada or of any Canadian interest is wholly untrue."

It is not a little remarkable that such unblushing falsehoods can find a place even in the columns of the Toronto Globe. It is indeed astounding that after years devoted to slandering the country which is expected to support the Canadian Pacific Railway by its traffic—slandering the leading stock holders of the company—slandering the character of the work done by the company—slandering the credit of the company; after years spent in stirring up strife in Manitoba and the North-West, and exaggerating the grievances and troubles in that quarter, this same Globe should now pay its readers' and the public's memories so poor a compliment as to absolutely deny that it ever thought of doing anybody any harm, or had, in fact, shown anything but the most angelic regard for the various interests which it had assailed. As well might Judas Iscariot or Benedict Arnold repudiate the infamies with which their names are associated, or Aaron Burr in his dying hour pretend that he never imagined a conspiracy against his country. In the history of Canada there has been no such shameless example of journalism devoted to the destruction of public confidence in an enterprise in which the welfare of the Dominion is bound up; and no episode in Canadian journalism equals in baseness and meanness these constant, malignant attacks on private capital, unless it be the meanness and baseness of the Globe's denial of its own words and acts.—Montreal Herald.

The Privy Council has rendered its decision in the Ontario Boundary Case. The despatch announcing the decision is meagre and vague, so that it is impossible to say just how much the decision covers. The despatch states that the boundaries of Ontario by the decision are practically the same as those laid down by the Canadian arbitrators. If the Privy Council has laid down the Northern boundary as did the arbitrators, then Ontario includes all the territory east of the Lake of the Woods, and south of the English and Albany rivers which latter empties into James' Bay at a point about midway between the head of this Bay and Hudson's Bay. Had the Western line been run straight north to Hudson's Bay, it would have included a much larger part of the south coast of Hudson's Bay including the mouth of the Nelson River and Fort York, which is to be the terminus of the Hudson's Bay railway. The Lord Chancellor was understood, however, to announce that the Committee would not deal with the Northern boundary. If it has not done so, then, the result of the appeal to the Privy Council has been to extend Ontario's frontier to the west coast of Lake of the Woods, and to leave the Northern boundary unsettled.—Witness.

According to Parliamentary returns, in the year ending September, 1882, there were in Scotland, out of a population of 3,735,673 persons, 2,530 arrests for Sunday drunkenness, or 1 out of 1,476. In England and Wales, where no Sunday closing at that time existed, the number of arrests for the same period out of a population of 25,968,286 was 15,931, or in the proportion of 1 to 1,631. Again in England, during the six years from 1877 to 1882, there has been a decrease of convictions for Sunday drunkenness of 53 per cent, while in Scotland there has been an increase of 10 per cent. It appears therefore that, despite the Forbes-Mackenzie Act, England is more sober than Scotland.

The Royal Commission appointed to enquire into the alleged attempts to bribe certain members of the Ontario Legislature, resumed its session on Monday last in the lower Chancery Court Room, Osgoode Hall. Hon. Justice Proudfoot, chairman; His Honor Judge Sinclair and His Honor Judge Scott comprising the committee, took their seats on the bench promptly at twelve o'clock. Sir David Macpherson, Minister of the Interior, Hon. Alex. Morris, M.P.P., Mr. C. W. Bunting and many others were present.

A Rare Plant.

The Wild Strawberry Plant possesses rare virtue as a cleansing, cooling, astringent, antiseptic, and healing medicine, and when combined with other valuable vegetable extracts, as in Dr. Fowler's Extract of Wild Strawberry, it is an unfailing remedy in all bowel complaints.

Fall Exhibition.

Industrial at Toronto—Sept. 10th to the 20th. Provincial at Ottawa—Sept. 22nd to 27th. East York and Markham Tp., at Markham Oct. 2nd and 3rd. North York and Whitechurch Tp. Union, at Newmarket—Oct. 7th and 8th. Georgina and North Gwillimbury Union, at Sutton—Oct. 9th and 10th. Bradford, at Bradford—Oct. 16th and 17th. King at Leithville—Oct. 16th and 17th. South Simcoe, at Simcoe and Jarvis—Oct. 16th and 17th. West Simcoe, at Barrie—7th, 8th and 9th of Oct. Earl Patrick Fall Show at Yorkton, Assiniboia, N. W. T., on Sept. 25th.

Richmond Hill Council.

The Council met on Wednesday evening last, 3rd inst. Members present, Messrs. Crosby, Hopper, Law and Moodie. In the absence of the Reeve, Mr. Law moved, sec by Mr. Hopper, that Mr. Crosby take the chair.

The minutes of the 6th of August were read and adopted.

An account for printing bills, amounting to \$1 25, was read and ordered to be paid.

A list of certain members of the Fire Brigade was presented to the Council to be certified by the Committee on fire and water.

Moved by Mr. Hopper, seconded by Mr. Law, that the chairman be and he is hereby requested to sign the said certificates, and that the Clerk is instructed to attach the corporate seal to the same.—Carried.

The Clerk read the communication from the Clerk of the County, dated 3rd July, relating to the sums to be levied for the current year for County purposes, amounting to \$160.20

The following petition was read:—To the Municipal Council of the Incorporated Village of Richmond Hill, in the County of York;

GENTLEMEN.—We, the undersigned Freeholders of the Village of Richmond Hill, request that you will submit a By-Law to the Freeholders of said village, for their approval, for the purchasing of the land North of Centre Street on the East side of Yonge Street, owned by James Langstaff, M. D., to be used as a Public Park for the benefit of the Village, and also the leasing of Debenues running the term of twenty years, for the purpose of paying for said land and fitting it up in a proper state to meet the requirements of the public, and as in and to be contained in the petition, &c., &c.

Signed by James M. Lawrence and 47 others.

Moved by Mr. Hopper, seconded by Mr. Moodie, that in the opinion of the Council it would be more advisable to call a public meeting of the ratepayers of the village, with a view to obtaining their consent to appropriate a portion of the Surplus Distribution Fund for the purchase of land for a Public Park and improvements thereon.—Carried.

Moved by Mr. Law, seconded by Mr. Moodie, that a public meeting of the ratepayers of Richmond Hill be called for Wednesday, 10th inst., at 8 o'clock in the Council Chamber, in accordance with the above resolution.—Carried.

The Council then adjourned.

M. TEEFY, Clerk.

A Strong Endorsement.

The Clergy, the Medical Faculty, the Press and the People all endorse Burdock Blood Bitters as the best system renovating blood purifying tonic known. Its work bears out their best recommendation.

Ontario W. O. T. U.

A CALL TO PRAYER, ISSUED BY THE WOMAN'S CHRISTIAN TEMPERANCE UNION, OF THE PROVINCE OF ONTARIO, IN VIEW OF THE APPROACHING VOTE ON THE C. T. ACT.

TO ALL CHRISTIANS:—"Righteousness exalteth a nation, but sin is a reproach to any people." Our Canadian homes are to-day in danger from the liquor traffic.

Believing that the passage of the Canada Temperance Act would be for the good of the people, we mothers and sisters, wives and daughters of Ontario, do earnestly request all who believe in God to unite with us in earnest prayer for the adoption of this Act in the different counties where a contest is now in progress.

We name Monday Afternoon, September 8th, as this Time of Prayer, and urge all our local unions to observe this date, enlisting all pastors and churches to cooperate, so far as possible, with us, and respectfully requesting pastors to preach on this subject on the Sunday preceding or following this day of prayer.

We suggest the following programme:—Monday, September 8th, 2 to 3 p.m. Subject for the leaders in this contest:—"That they may have the wisdom that cometh from above, and that divine patience and charity may be theirs under all circumstances."

3 to 4 p.m., for the voters of these Counties. "That they may listen to the voice of right, to the pleadings of innocent helpless ones, to the loud appeals that come from the homes of our land, and resolve to protect these homes by voting for the Canada Temperance Act."

Yours for God and Home, and Native Land, M. S. FAWCETT, A. C. CHISHOLM, Corresponding Sec. President.

In compliance with the request of the Provincial Union, the W. O. T. U., of Richmond Hill, earnestly entreat all Christians to meet in the Temperance Hall, on Monday, Sept. 8th, at 4 p.m., for the purpose of uniting in prayer to Almighty God for His blessing on all efforts which are at present being made in behalf of that noble cause, for the promotion of which we are banded together in this Union.

J. Sterling, Pres.; E. F. L. Langstaff, 1st. Vice-Pres.; M. P. Sanderson, 2nd. Vice-Pres.; M. Wiley, Cor. Sec.; E. A. Switzer, Rec. Sec.; M. J. Skeele, Treas.

A SALVATIONIST KILLED.

A party of Salvationists went up on the Northern Railway on Tuesday last, taking the midday train. They passed the time in prayer. One of the party was bound for Aurora, but he was so wrapped up in his devotions that that station was passed before he realized it. When he discovered this he made a break for the door and jumped from the platform, the result being that he struck a fence, was thrown back onto the track, run over and killed. His name could not be learned.

A Rare Plant.

The Wild Strawberry Plant possesses rare virtue as a cleansing, cooling, astringent, antiseptic, and healing medicine, and when combined with other valuable vegetable extracts, as in Dr. Fowler's Extract of Wild Strawberry, it is an unfailing remedy in all bowel complaints.

Fall Exhibition.

Industrial at Toronto—Sept. 10th to the 20th. Provincial at Ottawa—Sept. 22nd to 27th. East York and Markham Tp., at Markham Oct. 2nd and 3rd. North York and Whitechurch Tp. Union, at Newmarket—Oct. 7th and 8th. Georgina and North Gwillimbury Union, at Sutton—Oct. 9th and 10th. Bradford, at Bradford—Oct. 16th and 17th. King at Leithville—Oct. 16th and 17th. South Simcoe, at Simcoe and Jarvis—Oct. 16th and 17th. West Simcoe, at Barrie—7th, 8th and 9th of Oct. Earl Patrick Fall Show at Yorkton, Assiniboia, N. W. T., on Sept. 25th.

LOCAL ITEMS.

A lot of Crocery on hand of every description at the Ontario House.

PAINTING UP.—Mrs Soules and Mr. Lush have been cleaning and improving their premises by giving them a coat of paint.

FINISHED.—The farmers in this section have nearly all finished harvesting, and those who have already threshed, report the yield as abundant.

BRIGADE.—The monthly practice and meeting of the Fire Brigade will take place on Friday evening next, 6th inst. A large attendance is requested.

MEETING.—The Municipal Council of the Township of Vaughan, will hold their September meeting in the Town Hall, on Tuesday next, 9th inst., at 10 a.m.

REEL.—The Fire Brigade have purchased a new Hose Reel, with which they are practising nightly for their race at the Toronto Exhibition. It looks very handsome.

DIVISION COURT.—The next session of the Division Court will take place in the Court Room, in this village, on Saturday next, 6th inst. It is expected that His Honor Judge McDougall will preside.

ANOTHER lot of Sugar just arrived at the Ontario House, selling cheaper than ever.

CATTLE FAIR.—The Cattle fair held here on Wednesday last, was very small indeed, as there was only about twenty head of cattle on the ground. Mr. A. Marsh offered a few head of fine-looking animals for sale.

IMPROVEMENT.—Mr. W. Atkinson, of the Concrete House in this village, is about making great improvements in the appearance of his store. He intends extending the front almost as far out as the sidewalk, and having a plate-glass front put in, which will make a decided improvement in the appearance of his place.

SCOTT ACT.—On the 9th inst., a vote on the repeal of the Scott Act will take place in the County of Halton. The temperance folks have the County thoroughly organized, and they claim the Act will carry. Dozens who before either voted against the Act or stood neutral, will now vote and work in favor of it.

EXECUTORS' SALE.—There will be sold by Public Auction on Thursday, Sept 11th, on Lot No 26, in the 5th Con. of Vaughan, a quantity of valuable property, belonging to the late Isaac Murray. Terms.—For the Hay, Grain, Roots, and all sums of \$10 and under cash, over that amount four months credit will be given on approved joint notes. Sale to commence at 1 o'clock. James C Stokes, Aucr.

SUCCESSFUL CANDIDATES AT ENTRANCE EXAM.—The following are the names of all the candidates approved of by the Education Department:—T. Kirby, A. Jaffrey, J. Haffey, L. A. Claffey, F. Brackin, W. T. Klinek, H. Lloyd, M. Lloyd, G. F. McDonald, C. McLaughlin, R. McLaughlin, C. McLean, I. A. Morrison, W. J. Mulholland, J. Noble, W. H. Reamman, W. G. Richardson, W. Trench, W. R. White, T. V. Carscadden, J. Fisher, A. M. Hamilton, L. Hennessey, L. Powell. Four recommended by the Local Board were disallowed by the High School Inspectors.

PATTERSON AND MARKHAM.—The return Lacrosse Match between the Patterson and Markham Clubs, took place on the grounds of the latter on Saturday afternoon last, and witnessed by quite a number of spectators. The match commenced at 3 o'clock and was finished at 7 p.m., the Patterson boys taking the 1st and 4th, and the Markham Club the 2nd, 3rd and 5th games. The match was very keenly contested, but the Patterson boys have lots of pluck and are certain that they can defeat the Markhamites, and have again challenged them to play on Saturday next.

CHEAP PROPERTY.—The balance of the Duncumb Estate, in this village, Lots No 3 and 5, were disposed of by Public Auction on Wednesday afternoon last. Lot No 3, containing 1 and 3/4 acres of land, on which is erected a frame dwelling house, stables, driving house, and all requisite out buildings, was purchased by Mr. John Duncan, for \$1200, and Lot No 5, containing 1 and 1/2 acres of land, with a brick block of four tenements, was bought by Mr. Mathew McNair, for \$1010. These were both very cheap lots, and we congratulate Messrs Duncan and McNair in securing such bargains.

CRICKET MATCH.—The Richmond Hill Cricket Club say that they have been endeavoring for some time past to arrange the return match with the Maple boys, but as that Club seemed a little afraid to connect, our boys had to turn their attention in another direction, and have consequently arranged a match with the Victoria Square Club, to be played on Mr. A. Law's field in this village, on Saturday afternoon next, 6th inst. A number of seats will be provided for ladies, and as there are a number of beautiful trees on the ground, it will be a nice place for an afternoon's outing. All are invited.

GOSSIP.—What is the cure for gossip? Simple culture and education. There is a great deal of gossip that has no malignity in it. Good-natured people talk about their neighbours because—and only because—they have nothing else to talk about. Gossip is always a personal confession of either malice or imbecility, and the young should not only shun it, but should with the most careful watchfulness guard themselves against every temptation to indulge in it. It is low and frivolous. There are country neighborhoods in which it reigns like a pest. Churches are split in pieces by it, neighbors made enemies for life by it. In many persons it degenerates into a chronic disease practically incurable.

LOCAL ITEMS.

CHURCH Hymn Books for sale at the HERALD Book Store.

JOHNNIE Cake, Chewing and all kinds of the best Tobaccos at the Ontario House.

PRESENT.—The Cricket Club of this place has been presented with a very handsome ball, valued at \$3.50 by Mr. C Duncumb.

NEXT MATCH.—The next Championship Lacrosse Match will take place between the Fergus and Richmond Hill Clubs, on Friday, 12th inst.

CREDITABLE.—Mr. Wm. Norman, a pupil of our High School, passed successfully the Matriculation Examination in Victoria University, Cobourg, and will attend lectures there next term.

A STUDENT wants to know how perfection is caused? Well, when you ring the bell Sunday night, and "her" father appears at the door instead of "her." You will understand the causes that petrify the human frame, better than we can explain them to you.

CALL at the Ontario House, and get a sample of that splendid Tea, 25c a pound.

RE-OPENED.—The schools re-opened in this village on Monday last, with the following attendance:—High School, Mr. J. McBride, Head Master, 41 pupils; Public School, form I, Miss Sprague, 30 pupils; form II, Miss Rutherford, 37 pupils; form III, Mrs. Wiley, 22 pupils; form IV, Miss Cruickshank, 67 pupils. The great disparity between the two Junior Forms is owing to no promotions having been made, and till the Inspector's visit none can be made.

WORKING.—The Hose Reel and Hook and Ladder Departments of the Fire Brigade, in this village, are at present working very hard in order to get into good shape for their contest at the coming Exhibition. They have a quick spin every evening down Richmond Street, and the short time it takes them to crawl over three hundreds yards of ground is something surprising. If the Aurora, Newmarket, or other Brigades around this section want to give our boys a dash, they will have to be something like the "lightning express." The contest will take place at the Industrial Exhibition in Toronto on Monday and Tuesday the 15th and 16th inst.

TORONTO EXHIBITION.—Canada's great Industrial Fair and Toronto's Semi-Centennial Exposition will be held in Toronto from the 10th to the 20th of Sept. The show of horses, cattle, sheep, swine, poultry, dairy, horticultural and agricultural products, machinery, implements and manufactures of all kinds will eclipse that of any Exhibition yet held in the Dominion of Canada. His Honor the Lieut-Governor of Ontario and Mrs. Robinson, and His Excellency the Governor-General and the Marchioness of Lansdowne, will be in attendance. The special attractions this year will far surpass, in extent and novelty, those of any previous year. Cheap rates and excursions on all Railways. Don't miss the Exhibition this year, as it is expected to be the finest ever held.

The Uses of Paper.

A VISIT TO A LARGE TORONTO FACTORY.

On the east side of Jordan street and flanked by Melinda street, Toronto, stands the spacious warehouse bearing the name of the Barber & Ellis Company, manufacturers of envelopes, account books, manila, etc. and general dealers in stationery. The outside appearance, however, gives no adequate idea of the size of the building or of the large and varied business carried on within.

The frontage on Melinda street is about 60 feet, and along Melinda the building extends 120 feet, occupying Nos. 10, 12, 14. In the centre of the building is a quadrangle which divides it into two sections, which also serves as a platform on which to cross from one portion of the building to the other.

On the top flat of the front building the envelopes (previously cut into shape by a machine which will be mentioned later) are folded, gummed, and bound ready for use. The greater part of this work is done by a wonderful machine invented by Mr. Bouvier, a foreman employed by the Barber and Ellis Company. Each machine has a capacity of 60,000 PER DAY, and one girl can attend it. Six machines are used by the Company. In the same room girls are employed in folding special sizes of envelopes. The capacity of the establishment is half a million envelopes per day. Twenty-five hands are employed in this department.

The next flat contains the bindery, where account books are manufactured and bound and a general bindery business is also carried on. A special room is allotted for the delicate operation of gilding. The reporter was shown a very fine set of deposit ledgers for the Canadian Bank of Commerce, just finished, in full bound calf, with Russian heads. The marbling on the edges was very neatly executed. In a room devoted to the lighter styles of binding, such as copy books, etc., was noticed the wire stitching machine, which makes so durable a binding for school books. In another room was seen a ruling machine, the only one of the kind in America, in which the paper is fed at one end, perfectly blank, and comes out ruled on both sides. The reporter was then shown the establishment in half a million envelopes per day. In this department the Company manufactures all sorts of paper boxes, including those used in its own business. Continuing his tour through the building he saw the machine which cuts the envelopes into shape ready for the folder. On the second flat are rooms devoted to the manufacture of manila. The stock of envelopes is also kept on this flat. The first flat contains the offices and a large

STOCK OF GENERAL STATIONERY, manufactured in the establishment and elsewhere. The rear part of this flat is set apart for shipping and for storing paper. On the ground floor is a large stock of ink, manila, heavy papers, &c. The boiler and furnace are in this portion of the building and the engine, which supplies motive power for all the machinery, is in the quadrangle between the two portions of the building.—Globe.

PERSONALS.

Mr. B Willmott was in the village yesterday, from Toronto, and called at this office.

Miss Stevenson, of Toronto, is spending a short time visiting friends in this village and neighborhood.

Conny Engineer Stokes passed through the village Monday last, on his inspection trip of the York roads.

Mrs. Jas Andrews and daughter left here Wednesday last on a visit to friends in Springfield and other places north.

Rev. Mr. Walker, of Springfield, is expected to preach here, on Sunday afternoon next, in St. Mary's (English) Church.

Miss Falconbridge left here on Wednesday morning to attend Bishop Strachan School, Wexham Hill, Toronto.

The Misses Brooks, of Hamilton, and Mr. Taylor, of Scotland, were spending a few days visiting at the residence of the Rev. Mr. Dick this week.

The Misses Trench, and Mr. Wm. Atkinson, Jr., left this village on Saturday last, for a few days recreation in the beautiful town of Barrie.

The Richmond Hill Band and Young Canadian Lacrosse Club were entertained at the residence of Mr. Wm. Proctor on Friday evening last, and a most enjoyable evening spent.

Mrs. P. G. Savage, Mrs. Wm. Sheppard, Miss Weir, Mr. N. Davis and Master Bert Savage, left here on Tuesday morning last for a visit to their friends and relatives at St. Andrew, near Montreal.

Rev. Father Egan being absent on his holidays, his duties are being fulfilled by Rev. Father Teefe, St. Mary's Chapel was crowded on Sunday morning last, and the congregation was very large, being delivered on the occasion, which was listened to with marked attention.

N. C. Wallace, Esq., the respected Member for the West Riding of York, is on an extended trip to the North West Territories and British Columbia, and whilst we are free to say we envy him his trip, we are glad he is able to enjoy it, and trust the benefit to his health will be commensurate with the expense.

ARRESTED.—On Saturday last the Moulders' Union held a pic-nic at Victoria park. The last trip home, on board the steamer Gipsy, reached the city shortly after 11 o'clock. On the way from the park, the whiskey and beer which many of the 150 on board had imbibed, stirred up their fighting qualities. A general row broke out; to stop this the officers of the boat very indifferently turned a stream of water from a hose on the belligerents. This only had the effect of making matters worse. Several persons were injured, and four or five persons were arrested.

HOLLOWAY'S OINTMENT AND PILLS.—As winter advances and the weather becomes more and more inclement and trying the earliest evidence of ill-health must be immediately checked and removed, or a slight illness may result in a serious malady. Relaxed and sore throat, quinsy, influenza, chronic cough, bronchitis, and most other pulmonary affections will be relieved by rubbing this cooling Ointment into the skin as nearly as practicable to the seat of mischief. This treatment, simple yet effective, is admirably adapted for the removal of these diseases during infancy and youth. Old asthmatic invalids will derive marvellous relief from the use of Holloway's remedies, which have wonderfully relieved many such sufferers, and re-established health after every other means had signally failed.

It is said at Ottawa that Hon. Alexander Mackenzie intends entering the Government as Minister of Railways.
