TESTIMONIALS.
Messrs. R. S. Williams & Son's, Toronto, April 12th, 1881.
GENTLEMEN—I have much pleasure in testifying to the great excellence of your Pianos. I have put them severely to the test, and find them possessed of those qualities of tone and touch so acceptable to the true musician and lover of classical music—a charming singing tone, easily graduated from the most delicate pianissimo to every degree of loudness and fulness, and a touch which answers readily to every shade of feeling.
I consider these instruments a great acquisition in musical society, and am much pleased at finding a piano which I can recommend with perfect confidence.
I am, Gentlemen, yours very truly,
CHAS. W. EWING, Organist of St. Peter's Church, Coburg, Ont.

Messrs. R. S. Williams & Son's—
GENTLEMEN—Having thoroughly examined the Workmanship of your Pianos, I have no hesitation in stating that, in my opinion, they are equal to those of any other of the best Makers; that I have seen; and I can only speak in the same high terms regarding their musical qualities; for their fine fall singing capability of tone, pleasant touch, &c. are such, that there seems to be no necessity to purchase foreign instruments, when our home enterprise can produce such Pianos, and at one-third less cost. I am glad to hear that the extensive sale of your instruments above that you are meeting with the success that I think you justly deserve.
I am, Gentlemen, Your Obedient Servant,
GEO. W. STRATHY, Mus. Doc.

Agricultural Returns.

Summary of Agricultural returns to the Ontario Bureau of Industries—Aug 1st, 1884.
The Fall Wheat appears to have made steady improvement throughout the season, and in localities where it was regarded as hardly worth sowing in May, good harvests have been reaped.
Spring Wheat, though not extensively cultivated in the Lake Erie Counties, is giving a remarkably good account of itself this year.
It is reckoned the Barley Crop will fall short this year half-million bushels. In the parts of the Province where the drought prevailed the Barley was short in both straw and heads, but the berry was plump and heavy. The most serious injury to the crop was caused by the showery weather of the harvesting season, and over large areas the grain is more or less discolored.
Oats—it is not expected that this year's crop of oats will equal last year's which was one of the best that the country has ever produced; yet for the greater part of the Province, the yield promises to be very satisfactory.
Rye is by no means a popular cereal among the great mass of the farmers of Ontario, owing to its unprofitableness as compared with other grains, and there appears to be little or no disposition to increase the area devoted to its cultivation.
Peas—this crop unless the prospects should be marred by very unfavorable weather, will be by far the largest and best that has been reaped in the Province for a good many years.
Corn—the prospects this year are not very promising.
Beans—the prospects of the crop where sown are good.
Roots—the reports on the root crops of the Province are varying. The Potato Crop promises to be very considerably above the average, both in quantity and quality.
Hay and Clover Crops has not quite fulfilled the bright anticipations entertained of it. Yet, taking the Province as a whole, the yield, though inferior in bulk to last year, is very satisfactory.
The Fruit growers of the Province are not likely, by a long way, to realize the high hopes they entertained of the Fruit crop early in the season.

Gold Production in Australia on the Decline.
The yield of gold for 1883 as reported by the Inspector of mines for New South Wales was 123,805 ounces, being less by 6717 ounces than that of the previous year. The number of men employed in the gold fields of New South Wales during the past year was 6742, not including 1008 Chinese. The production of silver showed an increase of 39,417 ounces over 1882, and the silver belt is stated to extend over twenty-five miles. A profit of from £8 to £17 per ton can be made by sending the silver ore to England for reduction. A very considerable quantity of small diamonds (obtained by washing) besides coal, iron, antimony and lead, are also included among the mineral exports of the colony. Of coal, the output last year was 2,500,000 tons, which was small, considering that the coal area extends to 23,590 square miles.

Terrible Surprise.—A terrible story comes from Shrewsbury, Province of Quebec, which will long be remembered in that village. A short distance from Shrewsbury there resides a farmer named LeBlanc, a French-Canadian. On leaving home a few mornings ago to work in the woods he told his wife to send their daughter, who was twelve years of age, with his dinner at noon. After waiting until 3 o'clock in the afternoon he concluded to go home, as no dinner had arrived. He shouldered his gun and started but before he had gone far he noticed an immense bear apparently eating something. He watched for a moment and fired, missing his mark. While reloading he could see that it was a human being the bear was devouring. He then rushed up to within easy gunshot, discharging his rifle into the bear, which rolled over, to reveal the body of his little daughter, disfigured and almost beyond recognition. The flesh had been torn off her legs and face, while she still sat in her little bed. The tin can containing her father's dinner.

John R. Vert, Hamilton, says:—"McGregor's Speedy Cure for Dyspepsia and Indigestion is cheap at fifty times the price asked for it. I am a commercial man, and travel continually, and would no more think of leaving home without a bottle of McGregor's Speedy Cure, in my valise than I would of leaving my team at home and going on foot." A Sad Neglect.
Neglecting a constipated condition of the bowels is sure to bring ill health and great suffering. Burdock Blood Bitters regulate the bowels in a natural manner, purifying the blood and promote a healthy action of the stomach, liver, kidneys and bowels.

An Ex-Alderman Tried It.
Ex-Alderman Taylor, of Toronto, tried Haggard's Yellow Oil for Rheumatism. It cured him after all other remedies had failed.
