HARD.

A Canadian magazine is on the project to be started at Ottawa: A doubtful proceeding, failure we are afraid will be the outcome. Projectors will grow tired after sinking their money. An exchange says —" There is no popular demand for a Canadian magazine, and the comthis kind to succeed. It may keep wisely. afloat so long as its promoters are willing ventures is its publication in Ottawa, manifestation. - World. where there are so many Civil Service officials who will no doubt be glad to write for its columns gratis, just to relieve the monotony of idling behind their desks, smoking cigarettes and reading Tory papers." The above referencewe would at least hope—is not strictly shange for the better was made.

The Hon. P. Carteret Hill, late entitled 'England's Heritage in the pect of the Canadian Pacific abandoning West," gives this advice to young men intending to emigrate. "My advice to a young man going into the new life of the Colonies, would be to avoid politics until he has attained independence, or at least feels assured that he is on the path to it. By all means, let him vote as he sees best at an election, but beyond park, and perhaps a methodist college recording his vote, he will, I think, find near by. With these will come an upit better for his own interests to leave politics to others, there will always be men and to spare who will look after his political rights. He may for the present safely leave them in their hands. Like all idle weeds, politics grow apace, and, as has been said with too much truth more politics to the acre grow in Duncan McIntyre and Mr Donald A The police are hunting him up. tries." The advice, all right-thinking Canada Pacific Railway, have concluded men must confess, is sound and whole-some. Politics has been the ruin of Edinburgh, for the purchase of that many a young man who might otherwise gentleman's stock in the Globe news-have done well, and if all young men paper." If the above is true it is but tise the goods he had on sale because the the Church by the Rev. J. E. Starr, of abstained from taking too active a part reasonable to think that the Globe's newspapers would give him enough free the Church by the Rev. J. E. Starr, of in them until they were assured of insevere strictures upon the Canadian

How Irish Manufactures Were Destroyed.

In a letter to the New York Tribune RICHMOND HILL POST OFFICE. Mr. Justice McCarthy tells the story of how Irish manufactures were destroyed for the benefit of England. The story is ng North, South, East, at...... 7.40 | Suppression was entered upon two hundred until attractions for Sight—seers have good very attractions for Sight—seers have good very good to them all excepting the linen manu-

> duties in Germany. Irish manufactures were not killed off 8.00 hostile legislation and active war against them. Now that they are destroyed, English free traders will not hear of any pressing weight of free trade taken off.
> But for the destructive policy, the history of which is related by Mr Me Carthy, the Irish problem would to day have been an easy one compared with later than the Union Station, and after some forty-eight hours searching for one another from the Exhibition boys and men playing Lace. what it actully is.

Conservatives of Ontario shall have a most sanguine grand rally in Toronto during November, when an endeavor will be made, if not to eclipse, to at least equal the are numerous, and the Water-Works' Com-Mowat demonstration, by way of showing that the majority of the electors of
this province are not the devoted Oliverwater that we drink tested by Prof. Carthis province are not the devoted Oliver-

the Dominion should contribute a dollar from all impurities. By the addition of to be placed in the bank to the chief - peculiar chemical compound the water asto be placed in the bank to the chief-tain's credit. This suggestion does not present itself as being in the best of taste. Although the veteran of forty years of political warfare has not en-riched himself by his opportunities, he is not in need. It is not so very long

The grayish has which the sample of water ago since his party friends paid him a taken from the lake inside the water-works handsome and substantial tribute, suffi-cient to give his busy mind freedom from those more sordid cares which so often distract the energies of genius, for genius is seldom a good shopkeeper. A water-works' conduit, the final test was more graceful application of any such future fund would be its devotion to the petition with English and American endowment of some educational, charit- brilliancy that of the standard. publications of the kind suited to every able, or other public institution, which taste, and giving a great deal more for would thenceforth be associated for all the money both in quantity and quality time to come with the name and fame than any native serial can possibly give of one who has always loved his country. There is going a little out of his line of calling as is ome talk of another match this season Toronto ink-slinger to have anything to between these Clubs. It is claimed that renders it impossible for a venture of well, and in many instances served her

It is not for us to say so positively, affoat so long as its promoters are willing to sink money in it month after month, but we think that Conservatives generably there is no chance that it will ever ally, including Sir John himself, would turned from the North-West, and in answer reach a paying basis. The only adprefer some such course of action as to a question by a city reporter said:—'The

Fall Exhibition.

Oct. 2nd and 3rd. North York and Whitchurch Tp. Union, at Newmarket—Oct. 7th and 8th. Georgina and North Gwillimbury, Union,

TORONTO LETTER.

WHAT OUR CORRESPONDERT SAYS OF THE EXHIBITION - THE FLUIDS TOROR TONIANS DRINK-THE LAND OF THE SETTING BUN.

The Industrial Exhibition of 1884, of fore, but never so forcibly as it is now talked of closed on Saturday, Sept 20th—in told by Mr. McCarthy. The policy of fact, it might be said on Friday. The sumdred years ago, and was continued until attractions for sight-seers have good reason to look back and feel proud of what has American war of independence and the been accomplished. The Semi-Centennial loss of the thirteen colonies. During celebration was deservedly patronized by some eighteen years Irish manufactures visitors from all-over, and thany who had advanced, but after the act of union, in not been in the city for years, and others 1801, the old policy was revived, and never before were well pleased at Toronto's the result was to give the finishing blow appearance, and returned to their houses with the deep conviction that we live in a city of no mean pretentions. And followfacture in Ulster. And now even that ing in the wake of the Semi-Centennial manufacture, which has so long survived through many trials, is most unfairly Exhibition of previous years. The exput upon a hard struggle for existence hibits were more numerous in every class, quested. by the free admission of German goods, and the side attractions of special feature while Irish linens have to pay keavy dustrial nature on this Continent could fall to make the affair anything else but a success. Some five thousand follars more (in by being left without protection, but by round figures) were taken at the gates this year than last, which means some twenty thousand people were on the grounds during the ten days than were there last year. To name any leature of the whole display measure for restoring them through protection. The "Emerald Isle" could into home suffice to say litelifying little to say litelifying little to say litelifying little say little say litelifying little say litelifying little say litelifying little say litelifying little say little say little say litelifying little say little sa tection. The "Emerald Isle" could inuch space, suffice to say the mood lill scarcely have been expected to do much in iron manufactures, not having ad in displays and genuine exhibits. There vantages in that line like those possessed were some few incidents of note associated by the great iron districts of England with the Exhibition that might be mentioned and Scotland. But for textile manu-factures of all kinds her natural advantages have long been of the best, and would prove so even now were the restreet to street and through the Exhibition grounds, are at last brought face to face. Any quantity of people had to walk the Sir John's Forty Years.

The indications are that the Montreal banquet will not be the only expresal banquet will not be the only expression and to wark the possibly find sleeping accommodation; one gentleman told your Correspondent to possibly find sleeping accommodation; one gentleman told your Correspondent to possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to true and the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told your Correspondent to the possibly find sleeping accommodation; one gentleman told yo sion of esteem by which the admirers of couch and a blanket. And so we might Sir John A. Macdonaid will mark the directly associated with the Industrial Ex-

THE CITY WATER. The complaints of bad water in Toronto this province are not the devoted Oliverites that some people say they are.

A correspondent of a city contemporary suggests that every Conservative in procured a bottle of distilled water free nandsome and substantial tribute, suffi-wharf assumed under the chemical influence,

THE LAND OF THE SETTING SUN.

Perhaps your Correspondent may be about the North-West, but the people of Richmond Hill and its vicinity are like other folk and read with pleasure any article magnificent resources, and I am convinced has a magnificent future. As an agricultural country it realized my expectations. Thousands of the surplus populations of England, Ireland, and Scotland may find With the new front that the Canadian new homes, new hopes, new opportunities in your North-West. I visited the experi-Pacific has given the city, Toronto is mental farms and found evidences to satisfy Dr Wilson is attending the patient, and true, if it is, then it is about time a town feathers.
