### TESTIMONIALS.

MISSES. R. S. WILLIAMS & Son's.

GENTLEMEN-I have much pleasure in testifying to the great excellence of your Pianos. 1 Lave put them severely to the test, and find them possessed of those qualities of tone and touch so acceptable to the true musician and lover of clussical nunio-a charming singing tone, easily praducted from the most delicate primissimo to every degree of loudness and fulness, and a touch which answers readily to every shade of feeling.

I consider these instruments a great acquisition in musicial society, and am much pleased at finding a piano which I can recommend with perfect confidence.

I am, Gentlemen, yours very truly, CHAS W.EWING, (Of London, England,)
Organist of St Peter's Church. Coburg, On

Massie R. B. Williams & Boys—

Gents—Having thoroughly examined the Workmanship of your Pianos, I have no hesita.

stating that, in my opinion, they are equal to those of any others of the best Maker; that I have seen I can only speak in the same high terms regarding their musical qualities; for their fine rull singing capability of tone, pleasant touch, &c. tre such, that there so must to be no necessity to purchase foreign instruments, when our home enterprise can produce such Pianos, and at one-third less cost I am glad to hear that the extensive sale of your instruments shows that you are meeting with the

I am glad to hear that the extensive success that I think you justly deserve.
I am, Gentlemen. Your Obedient Servant, GEO. W. STRATHY, Mus Doc.

We make a special style of Organs in large quantities, and are therefore able to offer them at exceptionally low rates. Payments arranged to suit the convenience of purchasers and spread over a term of years. For full particulars write to

R. S. WILLIAMS To A J White, Isag. Yonge St. Toronto.

#### CATARRH -- A NEW TREATMENT.

CATARRH--A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully nikety per cent. have been cured of this stubboth malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the discase is due to the presence of living parasites in the tissue. Mr Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically oured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the mujority of cases being cured at one treatment. Sufferers should cyrrospond with Messra A H
DIXON & SON, 3 5 King street, west, Toronto, Canada, and enclose stamp for their treatise on Gatarrh.—Moutreal Star.

#### An Alarming Disease Afflicting a Numerous Class.

The disease commences with a slight deangement of the stomach, but, if neglected, in time involves the whole frame, embruch sthe kidneys, liver, pancreas, and in fact, the entire grandular system, and the afflicted drugs out a miserable existence until death gives relief from suffering. The disease is often mistaken for other complaints; but if the reader will ask himself the following questions, he will be able to determine whether he himself is one of the afflicted :- Have I distress, pain or difficulty in breathing after enting? Is there a dull heavy feeling attended by drowsiness Have the eyes a yellow tinge? Does a thick sticky, mucous gather about the gums and teeth in the mornings, accompanied by a disagreeable taste? Is the tongue coated? s there pains in the side and beet ? Is there a fulness about the right side as if the liver were enlarging? Is there costiveness Is there vertigo or dizziness when raing suddenly from a horizontal position ? Are he secretions from the kidneys scanty and ymptoms may not be present at one time, but they torment the sufferer in turn as the drendful disease progresses. If the case be one of long standing, there will be a dry, hucking cough, attended after a time by exnectoration. In very advanced stages the skin assumes a dirty brownish appearance, and the hands and feet are covered by a cold, sticky perspiration. As the liver and kidreys become more and more diseased, theumatic pains appear, and the usual treatment proves entirely unavailing against this latter agonising disorder. The origin of this malady is indigestion or dyspensia, and a smale quantity of the proper medicine will remove the disease if taken in its in ciniency. It is most important that the disease should be promptly and properly rented in its first stages, when a little vestige of the disease is eradicated, until the appetite has returned, and the digestive or gains restored to a healthy condition. The surest and most effectual remedy for this distressing complaint is "Seigel's Curative Syrup." a veretable preparation, sold by all Chemists and Medicine Vendors throughout the world, and by the projectors, A J White 1 --- " A CENT A DAY FOR STATES | SALES |

Chemist—Dentist.

To Mr. A. J White. Merthyr Tydvil.

Preston; Sept. 21st. 1883.

My Dear Sir.—Your Symp and Pills are still very popular with my costomers, many saming they are the best family medicines possible.

The other day a customer came for two hottles of Strup and said. Mother Seigel' had saved the life of his wife, and he added. "One of these hottles I am sending fifteen miles away to a friend who as very ill. I have much fairh in it."

The sale keeps up wonderfully, in fact, one would fancy almost that the people were beginning to breakfast, dime, and sup on Mother Seigel's Symp, the demand is so constant at d the same factor.

The constant at d the same factor so great.—I
