Disgraceful Scenes.

By a letter that appears in the New York Witness some most disgraceful proceedings have taken place in Oberlin, Ohio.

The loss of the election to the Republicans by a less majority than the Prohibition Vote in New York, seems to have unsettled the minds of a large number of Republicans, putting them into a rage beyond control.

Mr. Trench referred to having got a new stove for one of the Public School rooms. He said he had been waited on late one afternoon in regard to one of the stoves being crammed full of wood.

The bill for twenty cents worth of paper was on motion laid over. Moved by Mr. Trench, seconded by Mr. Boyle, that John Sanderson be Retiring Officer at the annual School Election.

The Secretary's action in reference to the Insurance of school property was approved of. A Double Purpose. The popular remedy, Huggard's Yellow Oil, is used both internally and externally.

LASKAY.

(From Our Own Correspondent)

As you have not heard from me for a couple of weeks, doubtless you supposed I was kidnapped by Barney McKay, or some other man's dog.

New York, Dec. 8th.—In conversation with a reporter of the Telegram to-day, Sir John Macdonald said that a great many eminent men in England, such as Mr. Foster, Lord Rosebery and others, are moving for a closer union between Great Britain and her Colonies.

The Halifax Chamber of Commerce have lately had a meeting at which was passed a resolution asking the Dominion Government to take prompt and effective steps to arrange a reciprocity treaty with the United States on fair terms, and to make efforts to secure advantageous trade relations with the Spanish and British West Indian Islands.

Sir John Arrived Safely.

OTTAWA, DEC. 9TH.—At one o'clock to-day Sir John Macdonald arrived by the Canada Atlantic railway in the Government Official Car, being accompanied by Hon. A. P. Caron, and Hon. Mr. Kirkpatrick, Speaker of the Commons, and Mrs. Kirkpatrick.

Lady Macdonald met the Premier at New York, but waited over, and will likely return to the Capital to-morrow. At the station Sir John was met by all the members of the Cabinet and a large number of others. The President of the Liberal Conservative Association read Sir John an address of welcome, to which he made a suitable reply.

In conversation with a reporter, Sir John stated that the Canadian Pacific railway, to his knowledge had made no new financial arrangements. The money markets in England were very much depressed, and it was with difficulty that any money could be raised for either the Canadian or United States railway.

Well to Remember

A stitch in time—saves nine. Serious results often follow a neglect of constipated bowels and bad blood.

Board of Education.

The Board of Education met in the High School on Tuesday last.

Present, R. Marsh, (Chairman), Messrs. Switzer, Patterson, Naughton, Trench, Duncan, Savage, Skeele, McConghy and Boyle.

Minutes of last meeting read and adopted. Communications:—From Newmarket High School asking for information regarding salaries paid, etc., etc.

The bill of Mr. W. Atkinson for \$10.27, after some remarks, was ordered to be paid.

The bill for twenty cents worth of paper was on motion laid over. Moved by Mr. Trench, seconded by Mr. Boyle, that John Sanderson be Retiring Officer at the annual School Election.

The Petition for the change of stoves was discussed. Mr. Trench referred to having got a new stove for one of the Public School rooms.

Mr. Naughton thought that coal should be tried in the schools as wood was likely to be very high. After some further discussion, Mr. Duncan moved, seconded by Mr. Boyle, that the necessity of changing be left in the hands of the Committee of Management.

Mr. Trench moved, seconded by Mr. Naughton, that the wood stoves be replaced by coal stoves. The amendment was lost, and the original motion carried.

Woodbridge Jottings.

(From Our Own Correspondent)

Our little village is still improving. The Clerk tells me that he has had two men who had repaired, Margaret Josephine Wallace, and Frances Stewart.

On Tuesday night, the 2nd inst., some thieves went to the house of Mr. Booth, west half of lot No. 12 in the 6th Con. of Vaughan, and opening the door of the house, bled 8 large turkeys and carried them away.

Mr. Wm. McClure has dug a large cistern beside his barn for the accommodation of his stock. Mr. Sandy Black was the contractor.

So far the weather has not been very favorable for skating. One would want the new kind of skates. You can get them at Mr. John Elliott, blacksmith, of our village.

THE ROAD TO IMMORTALITY. WHAT WE BELIEVE, AND WHY. It was the remark of a distinguished physician of the last century, that the man who should discover a specific for physical pain, as certain in its neutralizing effects as water when applied to fire, would rank in the estimation of posterity, next to the inspired writers.

SCOTT ACT MEETING.—On Tuesday evening last the Temperance Hall was crowded to excess on the delivery of a Lecture by the Rev. A. K. Caswell on the Scott Act.
