NEW ADVERTISEMENTS. Lessons on the pinno & organ-Miss Etta Bailey Change-P. G. Lavggo.

C. P. RAILWAY.

Every man who enjoys the privileges Flag ought to be proud of the great other stockholders; and also that they Empire of which he is a subject; and have prid more for their stores there Flag ought to be proud of the great he is a traitor to England if he would willingly do anything to injure her influence either at home or in the Colonies. Canadians all know very well that the people of the neighboring Republic look favorably upon the Monroe Doctrine, and for many years have cast a longing eye upon Canada. Now all unbiassed men, almost without exception, who have considered the question of annexation, and who were best qualified to consider it believe thatn leaving all patriotic feelings out of the question -we are better in every way than we would be as a new and (for a long time) insignificant portion of the United It has raised many countries to such a position that they have been able to take the van in the work of the world's civilization; it has been an important factor in the formation of the characters of some of the noblest men that have ever lived; and - much as it may be contemned insome querters to-day-it has helped to give to the world some of the noblest herces of ancient or modern times, men whose names are "familiar patriotism and surely it has not been England, to forsake the breast whereon their strength was grown and to throw themselves into the arms of a stranger! ^{play} to sustain Sir John in spite of all been summoned as aforesaid. Never! The same proceedings shall be there-Yet there does seem to be a small but noisy section of - not Canadian office because of his C. P R. Policy, such judge or justice to be the owner or people, but-people living in Canada who intimate that such are their feelings inarmuch as they take every opportunity of trying to make others believe that we labor under great disadvantages, and purifier and liver and kidney regulator laid in the first instance against such who do all in their power to prevent the known. We refer to Burdock Blood Bitters. development and prosperity of the land which is making so many words ful cures party ; in which they live-one of the brightest and bringing the blessed boon of health to gems that sparkles, and glitters, and so many people. flishes in Victoria's Diadem For some years past they have carried on this unpatriotic conduct by their attacks on the delicate. - Lis difficult to determine which or justice shall not decide and apportion C. P. R. Every one knows that this is the more trying to the human constitution, the said damage against any person enormous undertaking is a most patrotia the damp, cold days of autumn and winter, enterprise-patriotic in every way, in or the keen, dry, easterly winds of spring. Throughout the seasons good health may giving to Canada the benefit of extensive he maintained by occasional dises of Holcommerce from ocean to ocean passing through her own land instead of that of the adjoining Republic in opening up stomach, liver, howels and kidners. This the great North-West to the industrious celebrated medicine needs but a fur trial emigrant from every clime; in giving to convince the aiting and desponding that the Mother Land a highway by which let trade with the East could be car-ried on cheaply and exp ditiously; in giving her a great military road whereby in case of necessity the British Lion could be transported to meet once more the Russian Bear on the plains or in the mountain fastnesses of Afghavis-tan, and to conquer him. too; as well as in other ways almost innuncerabla. Is it not antezing, therefore, that any man calling himself a British subject a the Mother Land a highway by which it will restore and cheer them without dangin the mountain fastnesses of Afghavis-tan, and to conquer him, too; as well as in other ways almost innumerable. Is it not annezing, therefore, that any man calling himself a British subject a dream of offering opposition to such an pndertakiog? Should we not rather

expect him to encourage such an enterprise by all the means in his power to that the unsettled regions between in To he Editor of it Herald Atlautic and the Pacific may enjoy the blessings of civilization. Yet before Sir. Your remarks in reference to

the first sod was turned, and up to the licious, have been made upon the C. P. R Co. by the Loyal (!) Opposition in the Dominion Parliament and by the Opposition Press throughout the country. Its route, its possible traffic, its probable subjects of fair criticism; but surely more the Geography of the country will in one case especially, were simply grand, something once seen could never be for-
