WM. FLEMING, AGENT,
MAIN STREET, - MARKHAM.

York County Council.

WEDNESDAY.

A communication was read from Mr. Yule, Reeve of Aurora, asking that the toll-gate on Yonge-street, near the C. P. crossing be removed, and alleging that it was a source of danger to teams waiting there. Letters were also read from the Farmers' Institutes of East and North York, asking for grants, and one from Col. Otter, asking a grant for the Ontario Rifle Association. The report of Mr. J. T. Stokes, engineer of

THREE ROADS

was then read and adopted. A motion was made by Mr. Evans, Reeve of Etobicoke, to introduce a by-law abandoning those portions of the York roads within the county to the various municipalities, on the expiration of each lease, which drew out a protracted discussion, which lasted until the Council adjourned for lunch.

The special committee appointed to strike THE STANDING COMMITTEES

reported the result of their work as follows: Roads and Bridges—Messrs. Brodie, Ough, Cherry, Wood, and Stonehouse; By-laws and Legislation—Messrs. Richardson, Jackson, Bruce, Ramsden, and Wadsworth; Finance and Assessment—Messrs. Yule, Morgan, Anderson, Hartman, Clendinning, and Lundy; Equalization of Assessment—Messrs. Evans, VanNorman, Frankland, Norman, Holburn, Lennox, and Armstrong; County Property—Messrs. Robinson, Steen, Understone, and Purcell; Education—Messrs. Foster, Wallace, Raman, Rose, Bentley, and Plygter.

A motion by Mr. Richardson that a by-law be introduced by the proper committee for the appointment of county auditors was carried.

A petition for the establishment of a High School at Aurora was laid before the Council.

The Council adjourned at 12:30 and met again at 2:30.

A petition was presented by Mr. Evans, Reeve of Etobicoke, from J. P. Gilmore and others, asking that a bridge be built over the River Humber at Scarle's-road, thus affording communication at that point between the townships of York and Etobicoke. The discussion on the abandonment of the York roads was then resumed.

The following resolution, which was moved by Mr. Richardson, and seconded by Mr. Purcell, was finally adopted:

"That a committee, composed of Messrs. Frankland, Yule, Robinson, Pugsley, Evans, Russell, Brodie, Jackson, Bruce and the mover, be, and are hereby appointed a committee to report to this Council at its present session as to the best means to provide for the future maintenance of the roads known as the York Roads."

The Council went into committee of the whole, Mr. Brodie in the chair, and adopted a by-law, which was afterwards confirmed in Council, granting the sum of \$400 to the Electoral Division Agricultural Societies in the County of York as follows:—To the West Riding Electoral Division Society \$125, East Riding Electoral Division Society \$125, and to the North Riding Electoral Division Society \$150.

In committee of the whole, Mr. Robinson in the chair, a by-law was passed appointing Mr. F. S. Jackson, Reeve of Newmarket, and Mr. Geo. Babin, Clerk of the Council, auditors for the county to act in conjunction with the County Judge at a salary of \$3 per day and 5 cents mileage while travelling. This was confirmed by the Council.

The Council then adjourned.

THURSDAY.

The following communications were read: From Mr. A. Foster, Chairman of the Markham High School Board, giving statistics for the past year; from T. R. Wadsworth, Chairman of the Markham High School Board, with similar statistics; from the County Clerk, asking for the withdrawal of a commutation, according to suggestions made by Judge McDougall; from Capt. W. M. Cooper, 12th Battalion, York Rangers, asking that the Council should grant \$225 to complete the purchase money still due on helmets for the regiment and tools for the pioneer corps; from Alex. Malloy, Chairman of the Commission appointed to repair the bridge on the Humber, opposite lot 35, Township of Vaughan, from Mr. J. K. Macdonald, County Treasurer, with statements of accounts and vouchers for same for last year. The Council then went into committee of the whole to appoint auditors of County accounts and school moneys, and selected Messrs. M. J. Jones and John P. Wheeler at a salary of \$40 each.

Messrs. John Ramsden and W. H. Pugsley were also appointed Commissioners of County and private entertainments, and events at home. The first report of the Property Commissioner, which recommended the removal altogether of the toll-gate on Yonge-street, near Aurora, which is within 30 feet of the Southern Railway track, was adopted by the Council.

Several notices of motion were given, the only one of importance being by Mr. Bruce, Reeve of Markham, who proposed to ask the Council to petition the Ontario Legislature to make a material reduction in the number of County Councilors.

The Council adjourned until Tuesday.

THURSDAY

After the minutes of the last meeting had been read and adopted, a number of communications were laid on the table. One of these was from Judge McDougall, on behalf of himself and Judge Morgan, asking the Council to provide accommodation for both outside of the Court House, and stating that he did not think that it was his duty to risk his life by occupying rooms in such an unsanitary building. Judge McDougall further stated that he could secure chambers, both for himself and Judge Morgan in the new building on the corner of Church and Adelaide streets at an annual rental of \$700. If proper accommodation was not provided he would have to require that the man who had business before him to go to his residence on Bloor street. A communication was also received from the County of York Law Association, asking for a grant for the purchase of more books for the Court House library. The special report of the Superintendent of York roads, giving the expenditure on the various sections, was also read and ordered to be printed.

A motion that the Council cable congratulations to Her Majesty on having reached the 50th year of her reign was carried unanimously.

The Council then went into committee of the whole on Mr. Bruce's motion to petition the Ontario Legislature to reduce the number of County Councilors. After a short debate the motion was lost on a division of 19 to 22.

The Council then adjourned.

Destroy The Worms or they may destroy the children. Use Freeman's Worm Powders, they expel all kinds of worms.

Our Washington Letter.
(From Our Own Correspondent.)

The United States Senate has done at least two notable things this week. It has given the British Lion's tail a vicious twist, and it has again refused to give the women

who want to vote a chance to submit the Constitutional amendment on Woman Suffrage to the State Legislatures.

It is interesting to be reminded now and then that the American Eagle can still soar, and that the fire of our revolutionary fires is not extinct. The belligerent oratory of Senators Ingalls, Frye and Hale has furnished ample proof of this. The occasion was debate on the bill empowering the President to trade with the ports of the United States against Canadian imports, as a measure of retaliation, in case Great Britain persists in violating her treaty obligations by subjecting American fishermen to indignities and outrages in Canadian waters.

Senator Ingalls thought it was time to settle the fishery difficulties either by negotiation or by war. The measure under discussion was distinctly one of retaliation. It was an eye for an eye, a fish for a fish, an insult for an insult. It had been introduced with blood on its nose.

Senator Frye declared that the annals of history—even of the Fiji Islands—might be searched without finding cases of outrages so brutal and inhumane. All these cases, he said, had been brought to the attention of the British Government. There was not a line in the history of England for the last 300 years that gave the slightest reason to believe that in the pursuit of gain, in the pursuit of trade, she would ever permit the right of another to stand in the way of her progress. Senator Morgan thought the law could be enacted without blood-thirsty threats, and Senator Vest advised caution.

When the cause of woman came up in the Senate on Tuesday, there were about a hundred ladies from all parts of the country—leaders in the woman suffrage movement—in the Senate gallery anxiously waiting the result of the vote. Frye and Hale, the British woman's best Senatorial friend, had promised to make an effort to get the question up for debate at this hour. The pet measures of several Senators were in the way as unfinished business, but they gallantly voted against their own bills in favor of the ladies. Senator Fleck was one of these. He had intended to bring up his bill preventing Members of Congress from acting as attorneys for either party in the Constitution may be submitted to the various State Legislatures. "The right of citizens of the United States to vote shall not be denied on account of sex. Congress shall have power by appropriate legislation, to enforce the provisions of this article."

Half a dozen Senators made short speeches for and against woman suffrage, and the hour of 3:34 for the proposed amendment was again rejected. The disappointed ladies in the gallery repeated immediately to the Metropolitan Church, where they opened their nineteenth annual convention in Washington. There they discussed man in general and the lawmakers of the United States in particular in language suitable to their outraged feelings.

It was sad to see Miss Anthony, that grim, resolute, and woman's fight for woman, just a little discouraged. After waiting and working so hard for forty years, she acknowledged that the promised had seemed yet a long way off. She knew that woman must have all her rights in time, but there was no telling how long it would have to wait.

Mrs. Shattuck, of Massachusetts, who is a fine speaker with a fine voice, thinks it worth the longest wait, and that all the women of the United States will be able to vote. She divides the women who do not want to vote into six classes: First, the prejudiced; second, the uninformed; third, those who are afraid of their gentleman friends; fourth, those who always shrink their duties; fifth, those who shrink from new duties because they fear their inability to perform them well; and sixth, those who fear the influence of the ballot on immoral classes of women, and who think there is too much voting already.

She gave an eloquent account of the good women are doing in temperance, in labor unions, in lifting up the degraded everywhere, and closed her speech by an earnest appeal directly to her audience, to enlist under the banner of those who ask for the ballot.

Jan. 28th, 1887.
