### Montague Elected.

CAYUGA, Nov. 12 .- Full reports re-Montague a majority of 17. Perhaps the most strenuous and hard

fought political battle ever waged in long the excitement throughout the county was intense. It was known that both sides were thoroughly organized, and that a big vote would be polled, but are felt no more than near Torontoformers were decidedly in the ascendant. The first trains brought in voters from No. 19; Whole No. 1632; Volume 29. loss resulting from the lists not being THURSDAY, NOVEMBER 17, 1887. revised, is taken into consideration the but with work on the railways, the canal, polled last November is exceeded.

Naturally the Conservatives, and especially the opponents of Commercial Union, are jubilant at the result. Dr. Montague fought the battle from the platform single handed, opposed by the whole oratorical strength of the Reform party. His epponent made Commercial up of spring with considerable enthusiasm Union a prominent plank in his platform and one of his chief appeals to the farming population. This was expected to have a decisive effect. Outside of this he had the platform help of Hon. Wilfrid Laurier, Sir Richard Carttion touther resolutions of the recent wright, Wm. Paterson, M. P., John Charlton, M. P., and a host of others, favor of Commercial Union between the Commercial Union; and when it is considered that Haldimand has nominally from the Government upon the matter of from two to four hundred Reform his daties, and we'think Mr. Wiman majority, Dr. Montague's victory can exceeds, the boundary, oversteps the only be taken as a decisive defeat of the Wimanic fad and a glowing tril ute to mark, when he attempts to influence the member representing the British Government in the Commission about to the personal popularity of the candidate himself and the strength of the devotion of all classes to the principle of

All attention has been fixed on Bureau of Industries states that the sending this class of people as far west as is 16 bushels. Spring wheat may be set down as a general failure. The esti-place. Here his energies, his business mated yield is 5.633,117 bushels against abilities, all his powers could be turned t

many places west.

Algoma is well watered, both by small lakes and streams. Maple birch, elm. &c., any injury from discoloration, but the grow on the banks of these streams, and on farmers as a rule, finding that it pays ation were excellent, and secured deserved the mountains, but a fire having swept better to sell here than to haul their ed applause. Rev Mr. Rutledge degrain to the slight advance livered a brief address, and emphasized less than last year, and 2.031,583 less hemlock, and spruce, with an undergrowth

against 58 last year. The estimated exhibit, which was highly praised by the year will, no doubt, remember the Algoma papers. That was merely a small sample of what Algoma is capable of. Vegetable and grain crops are seldom or never a failure. It is a common thing to raise turnips, feet high, and potatoes also are proportion coived to-night from all parts of the ately large. Notwithstanding the drouth county give Dr. Walter Humphries of last summer, the grass remained as green as in the spring, while, as you are aware. the herbage of south-eastern Ontario was almost killed.

Among some of the drawbacks to the Haldimand closed to-night in a victory country may be mentioned its inability to -which, though the majority is not grow the larger fruits, such as pears, plums, large, may be taken to be decisive—for apples, &c. In this district, at least, the the Conservative candidate. All day almost a complete failure. Small fruits, such as gooseberries, currants, etc., do

well, as do also crabapples.

The winters are long and very cold, but until the ballots were deposited very few had any idea of the tremendous extew had any idea of the tremendous ex-6 03 ertions that had been put forth. In 6 15 getting in the outside votes the Re getting in the outside votes, the Re- mouth, after which little time is left for rall plowing. No fall wheat is sown, as

the winters are too severe. Sault Ste. Marie, were it but as the capital Chicago from Rochester, and from dif- of Algoma District, would be a place of ferent parts of Canada, who polled for some importance, but being situated on Mr. Colter. But many outside resi the line of the great water-course between ham, one 96 one 86, and one 80 years dents came in from Hamilton, Simcoe the East and West its importance is in-and other points to vote for the Conservative candidate, and the total vote With the C. P. R. branch almost completed, recorded shows that in probably no two other rullways coming in the course of 80 years. other constituency in Canada could it a year or two, and steamers running from be equalled, just as certainly as that in several ports in Ontario, every facility is ever been equalled. To-day's voting communication with lower Ontario. Very at wholesale figures. shows that if the strength, deducting the far the demand has been in excess of the supply. More grain is being raised yearly, magnificent record of 85 per cent. and the new docks, besides other enterprises, will still keep the demand good and prices high. Oats are selling at 50 and 55 cents per bushel, with the prospect of a grains are going at proportionately high to, if possible secure this end.

> The building trade is prospering, and the people are looking forward to the opening much more might be said on this subject, but as I have already written a rather long letter. I will close Perhaps, sometime soon, I will give your readers some more facts concerning Algoma and the coming city, the "Soo."

E. E. L. I. N. Marshall, Barrister, Brockville, Out., states:—I was so troubled with a cold in the heap that I could not speak plainly. One application of Nasal Balm gave immediate relief, and thoroughly cleaned out my head.

FREEMAN'S WORM POWDERS are safe is all cases. They destroy and remove worms children or adults.
