Consistency.
The timber limits sale by the Ontario Government yesterday was a prodigious success.—Toronto Globe.

And yet at this sale there was wine—the best of champagne—flowing like water, at the expense of the government. The honorable the commissioner of crown lands, assisted by his colleagues, did the honors in princely style.—Toronto World.

The above two extracts are taken from two papers. One of them is pushing for all it is worth the candidature of Alderman Rogers for the majority of Toronto, and upon the temperance and moral question does it base its arguments in favor of his election. The other paper argues in favor of Alderman DeFoe, and contends that there are other reasons besides temperance to be considered in electing a chief magistrate for Toronto. The Globe to have been consistent should have pronounced against the use of liquor at the timber limits sale. But no it refers not to the fact of champagne being given to the buyers—we will not say for the purpose of influencing the bids—but nevertheless given. Perhaps the auctioneer may father all the blame if Sir John Macdonald's Government had been guilty of like acts, the changes would have been rung from one end of the province to the other, led off by the Toronto organ of the party "who can do no wrong!"

We have been asked our view of the temperance book being used in the schools. We say, by all means use it, if it does not interfere with other work of the school. The youth of the country cannot too soon be taught the fully of being led away for an over fondness of that "stinglike like an adder and bieth like a serpent." But what respect can they have for a Minister of Education, the member of a government who prescribes the wine that is read by the cup and then talk to the youth of the country upon temperance. Why should the poor man be blamed for taking his glass of beer or whiskey when men of a Christian statesman's government provideth champagne (at an auction sale) that flows like water.

We, for our part, care not if every gallon of whiskey any other liquor was prohibited being sold for a beverage from this time forth. It is right, and it is a question with us if it is right, this licensing of the sale of an article that is acknowledged to be a curse when used to excess, or even as it is by some condemned when taken moderately. Dollars and cents seem to gild in the way of doing away with licenses to sell liquors and bills and cents seemed to influence the Ontario Government in providing champagne for the sale, as it gladdened the hearts of the bidders that better prices were obtained than ever before.

Political Notes.
An election for member of the Commons held in Shelburne County, Nova Scotia, has secured the return of General Laurier, Government candidate, by a majority of 6 over Thomas Robertson, Liberal. This is the first time in the history of the county that Shelburne has returned a Conservative. At the election last February, Robertson received 1194 votes, and Laurier 1160.
An election has also been held in Yarmouth, N. S., between Lovitt, Liberal, and Crosby, Conservative. The total vote polled was 2531, a less number by 542 than was polled in February last. Lovitt's majority was 667, a decrease of 125 from his February majority. Of the 542 less polled than was polled in February, the Conservatives lost 213 and the Liberals 129.
Dr. Platt, the Liberal member for the Commons, has been unseated for Prince Edward. The judge declared that corrupt practices had been made out, and that the election must be voided as against John Millin Platt with costs. At the general election, Platt's majority was 71.
Nomination has been held at Warkworth

for vacancy caused by the unseating of Albert E. Malloy for East Northumberland. Malloy was again nominated by the Liberals on the Commercial Unionist ticket and E. Cochrane by the Conservatives. Election takes place this day (Thursday).
The trial of the election petition against the return of Dr. Chamberlain for the local for Dundas, has been declared against the sitting member, James Cooper of Irena, was examined, who confessed to having given \$5 to the wife of George Barton, presumably to influence his vote in favor of the Reform candidate, in view of the nature of the evidence the sitting member threw up the sponge. The personal charges were not pressed.

NATIONAL PILLS are unsurpassed as a safe, mild, yet thorough purgative, acting upon the bilious organs promptly and effectually.
NATIONAL PILLS are the favorite purgative and anti-bilious medicine; they are mild and thorough.
HOLLOWAY'S PILLS.—Any dyspeptic sufferer aware of the purifying, regulating, and gently aperient powers of these Pills, should permit no one to cloud his judgment or to waste his time. Write to a box of Holloway's Pills, and attention to it accompanying "Directions," he may feel thoroughly satisfied that he can safely and effectually release himself from his miseries without impairing his appetite or weakening his digestion. This most excellent medicine acts as a nerve and bodily tonic by aiding nutrition, and banishes a thousand annoying forms of nervous complaints. An occasional resort to Holloway's remedy will prove highly salutary to all persons, whether well or ill, whose digestion is slow or imperfect, a condition usually evidenced by weariness, languor, listlessness, and despondency.

ON TARIO COUNTY now bids fair to rival Orangeville and vicinity in furnishing instances of lawlessness and deeds of violence. Recently, when serving summons at Brechin, Constable McBain was warned not to leave any papers at a hotel, the warning being emphasized with a drawn revolver. Later, at Uptergrove, this constable was brutally beaten while in discharge of his duty, and left in an insensible condition. When he recovered consciousness, he made his way to the station and was about to board the train when he was arrested on a warrant charging him with attempting an assault upon the person of the wife of the hotel-keeper whom he endeavored to serve with the papers. After being locked in a room of the hotel all night, with wounds undressed, he was brought up for trial and induced to sign a paper exculpating all concerned in the outrage upon himself, upon condition of the charge of assault being dropped. The hotel-keeper who so brutally beat him was subsequently arrested, after a desperate resistance. These incidents, perhaps, sufficiently indicate the lawless character of a class of people in that county, and the Myrtle tragedy is a fitting climax. The Myrtle Chronicle says: "The news from Myrtle Wednesday that George Brown had been shot twice by whiskey detectives McKee and Dennis, who recently raided this county, caused great excitement. These detectives had been at Brooklin giving evidence and had procured for the crown evidence of about fifty violations of the Scott Act. Their detective work had raised strong feelings against them by the supporters of the traffic, and Brown and some other Port Perry fellows came down to Myrtle station and met them as they took the train for Toronto, about seven o'clock in the evening. Brown asked Dennis to come out of the station, and, catching hold of him asked him to one side. This Dennis refused to do and Brown attempted to pull him along. A scuffle ensued in which both men drew revolvers, as did also McKee. A few shots were fired and Brown fell down shot twice in the breast. Dennis having also secured Brown's revolver. Then some other parties who had been hiding behind the station came running up, fired some shots but without hitting any person, and ran away again. Brown was removed to the station house just as the train came along and took the detectives to Toronto where they were arrested and detained at the request of the Myrtle station agent."

The salary, however, is very small, and the trustees should be ashamed of themselves offering or accepting services at such small compensation as \$205 per year.

THE great Jubilee Gift Sale at the Concrete has been a magnificent success and Atkinson has given away already over \$150 worth of presents and he expects and will give away over \$200 more before New Year's.

The remains were conveyed to Brampton where the interment took place, the funeral procession being very large. The mourners comprised over 200 employees of the Patterson Works, besides a very large number of personal friends of deceased. There were many floral offerings. A GOOD BUSINESS CARD.—The following business card is very often found in some of the business places of America: "Come about your business. Do your business. And go about your business." How do you like it?

FATAL ACCIDENT.—On Monday last, a young man named James McBride, while working in Marsh's saw mill, was adjusting a belt on a pulley when he was caught in the revolving machinery and instantly killed. The remains were interred yesterday with the honors of the I. O. O. F., Aurora lodge being present at the ceremony.

YORK ROADS.—On Monday next, nomination day, would be a good time for the Ratepayers of Richmond Hill to meet together and by discussion of toll-gate abolition and the future maintenance of the York Roads, give their future Reeve an idea of their wishes in respect to these important questions. Meetings with a similar object in view are being held in other municipalities. These matters will probably be decided at the next meeting of the Co. Council, and it is eminently desirable that our reeve, whoever he may be, should fairly represent the views of a majority of his constituents.

Tickets, 25c; children, non-members, 15c.

Atkinson can sell crockery cheaper than any man in town can buy them wholesale, and he can afford to give a gift with all he sells.
PERSONAL.—Mr D H Lent, who has occupied the position of assistant teacher in the High School here during the past year, left on Wednesday for Bradford where he has secured the position of Principal in the Model School. Mr Lent takes a pride in his profession and no doubt will succeed in accomplishing his expressed desire, that of making Bradford Model School one of the best in the country. We wish him every success in his new position. Miss McLaughlan, for the past two years teacher in the fourth department of the Public school, has returned to her home in Woodstock, and will take a Normal course next year. Her position here will not be filled, as only three teachers will be employed in the Public school next term.

A PROPHECY.—The "prophet" Baxter made an extensive tour of Canada about the year 1860, predicting the end of the world, and last year a second time visited most of our principal towns. It may be of interest to know that Baxter's present forecast is that this age will close precisely at three o'clock on Tuesday, April, 11, 1901. A universal war will rage from Oct., 1896 to August, 1897; this will be followed by three and a half years' tribulation, in which millions of Christians will be benighted (Baxter possibly among them); and sometime between March and October, 1890, one hundred and forty-four thousand watchful Christians will ascend to heaven. The millennium will begin on the date first mentioned.

INDUCTION.—The Induction Service in the Presbyterian Church on Tuesday afternoon last, was attended by a large congregation. The service was highly interesting and very impressive. The Rev Mr McLeod presided. The sermon was preached by the Rev Mr Grant who chose for his text the 17th verse of the 13th chapter of St. John, "If ye know these things happy are ye if ye do them." A practical, pointed and instructive discourse was listened to by all present with every attention. The Rev Mr Milligan followed by an address somewhat lengthy upon the duties of the minister, which was followed by the Rev Mr Freeman addressing the people in an eloquent manner upon their duties to the pastor. The singing was very enjoyable, Miss Coulter ably presiding at the organ. At the conclusion of the service the Rev Mr Percival, the newly inducted minister, was introduced to the congregation. A social was held in the basement of the church. The good things of this life were provided by the members of the congregation, at which a large number attended.

I say not to Adam, but to his descendant who are a greater crowd than he saw, come every one of you and get your confessions and other Xmas goods at Kirkby's. He has a grand stock. Just come in and buy Spanish Onions, Almeria Grapes, Sweet Oranges, Figs, Dates and many other things just received.
