What's the Use of Advertising?

who, in response to his eloquent appeals, ship in the road. cannot be got to see their advantage in well selected publicity. To all such, we would simply say (says a contempor-ary) that the man who advertises anything that is reasonably good, and advertises it well, is sure to succeed. The reader does not need to go far in search of an example, and one among many, of the worldly wisdom of courting all the publicity the Press affords for a good marketable commodity, when the proprietor or vendor really means business. The late Mr. Perrins, of Worcester,—a great benefactor to his native city-left by his will a fortune of £700,000, which he amassed by the manufacture of the famous "Worcester Sauce." secret of making the sauce is said to have been brought from India some years ago by a Mrs. Grey. It was secured by Messrs. Lea & Perrins, who proved it to be of precious value. The firm manufactured the article; they made it well. advertised it extensively in every part of the Globe, and succeeded in making themselves famous as well l as rich.

It is rather a curious fact that the They discover a fairly good marketable article, and, if they have sufficient capof others, stand forth in corroboration of the saying that "a good thing must not be hidden," but publicly blazoned wherever and and in whatever language printers' ink can carry conviction to people's mind. If we want conspicuous illustrations in these days of modern advertising enterprise, Pears' Soap," "Eno's Fruit Salt," "Cadbury's Cocoa," "Hop Bitters," "Lamplough's Pyretic Saline," and numerous other household words suggest themselves to the mind, and the list might be continued ad infinitum. Clearly, the principles of good advertising is first to get a good thing, and then let all the world know you have it.

A Remarkable Case.

Frederick Wieze, of Minden, Ont, suffered with running sores on both legs which the best of physicians failed to cure. Two hottles of Burdock Blood Bitters cured him completely. Scrofula always due to bad blood, is curable when timely treated with

Of Creat Utility.

There is no other medicine of such general usefulness in the household as Hagyard's Yellow Oil for the cure of rheumatism, neuralgia, sore throat and all internal and external pains and injuries.

THE STOVES TO GO .- The Grand Trunk Railway has decided to test the new system of heating the cars direct from the locomotive, abolishing stoves, which have been so disastrous to wrecking trains. The "Martin" system will shortly be tried on the Cornwall Branch and the "Sewail" system on the Ottawa section The apparatus has been severely tested on the Maine Central Railway, and the results are said to have been most satisfactory. Steam is taken from the locomotive and transmitted through pipes the whole length of the train. The arrangements are very simple and effectual. The coupling of the pipes is perfect, allowing free passage without any obstruction, and the system has proved its adaptability to all degrees of temperature. The cars are thoroughly independent of one another. A single valve in the centre of each car regulates the degree of heat. drainage of the condensed steam to prevent freezing. It is the intention to ultimately adopt the system on all successful.

ADVICE TO MOTHERS. ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain or cutting teeth? If so, send at once and get a bottle of Mas WinsLow's Scotthing Syrup rou Childent Teething. Its value is incalculable. It will relieve the poor little sufferer immediately Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the guins, reduces inflammation, and gives tone and energy to the whole system. Mas Winslow's Soothing Syrup for Childent Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world Price twenty-five cents a bottle Be sure and ask for "Mas Winslow's Soothing Syrup "and take no other kind.

HOLLOWAY'S PILLS .- The ills of life are

increased tenfold by the mode of life so many have to lead; most especially is this case amongst the toilers in our factories and huge workshops of the manufacturing districts whose digestions become impaired and nervous systems debilitated by the pro-tracted confinement and forced deprivation of healthy out-of-door exercise. The factory workers may almost be said to have diseases of their own, readily amenable, however, to treatment if not allowed to proceed unchecked. Holloway's Pills are the most effectual remedy ever discovered for the cure of liver and stomach com plaints, as they act surely but gently, reguthe secretions without weakening the nerves or interfering with the daily

42 YEARS.

Steadfastly for forty-two years the WEEKLY WITNESS has held to principles which have stood the tests of time, ridicule and of opposition, fair and unfair, and the witness to-day speaks to sixty where in 1846 it spoke to one. Its growth has been both rapid and steady. Its publishers, desirous of still further increasing its circulation, have this year gone to large expense to secure a reproduction of THE LATEST MASTERPIECE of Davidson Knowles (who was selected by Queen Victoria to paint the scene at Princess Beatrice's wedding), entitled

Suffer the Little Children to Come Unto Me.

UOME UNIO M.6.

It depicts the memorable scene with startling realism, reproducing in oils all the richness of ORIENTAL COLORING. The picture, executed by the greatest art furn in Fighand, would bring \$1.50 if sold, but is reserved EXCLUSIVELY FOR SUBSCRIBERS to the WITNESS.

The price of the WEEKLY WITNESS and picture is \$1.25; the paper alone, \$1.00.

In 1860 the DAILY WITNESS was launched, and like the WEEKLX, to advocate the same principles regardless of cost. The picture, Suffer Little Children to Come Upto Me," and the DAILY WITNESS, \$3.25 a year; the paper alone, \$3.00.
