Physical Training in Schools.

We take the following from an exchange, which, in our opinion, merits attention from those placed in positions of trust.

"It is proposed to introduce into all common schools a course of instruction in the mysteries of working in wood and metals.

First, that of fitting people to earn their living; second, that of gaining the culture of character that comes from labor with the hands.

The latter it may be answered, that manual training at school is not devoted to productive industry, because its interest is not to supply the market of the world.

The great moral culture that comes from the labor that earns one's daily bread is not derived from the muscular exercise of the hands and body, nor from the mental activity that directs the muscles, but rather from the subordination of one's self for the good of others, the earnest bending of all one's power to the task of producing something for the market of the world so as to share in the production of one's fellows by the process of exchange.

To earn one's living has therefore, a special educational value of its own. But manual training is not of this character. Hence the industry over books and science, which is genuine industry, is superior in character training.

To the former it must be replied that to train all pupils for the wood and metal industries is to overcrowd those occupations. In the twenty-five industries relating to wood work, and in the twenty-two relating to the metals, there are engaged, according to our last census, in the aggregate less than three in one hundred of the population, or counting in the families, about 8 per cent, or one in thirteen of the entire population. The number is not likely to increase, because the invention of machinery continually increases the production of each laborer. Now culture in taste, such as drawing gives, fits all laborers for more lucrative situations, and helps our productions to hold the markets of the world. Manual training schools should be provided everywhere in sufficient numbers to take the place of the wasteful and antiquated system of apprenticeship in the several trades and occupations. Natural science should be taught in oral lessons from the very first year of the school. One lesson a week, if a long lesson, is sufficient. Knowledge of natural science is of universal application to all human employments that deal with the conquest of nature. While manual training is useful to a few, a knowledge of natural science is useful to all, and this both in business and in culture. There should be one lesson each week in general history, given in all the grades of schools, like natural science orally. It leads to the habit of looking at humanity, while natural science leads to the observation of physical nature."

Reports in Advance.

The Dominion Blue Books are coming to hand before the session of Parliament. In speaking of this the London Free Press says: "This is as it should be. The members are thus informed long in advance of the state of the country's affairs. They are given ample time appointed for debate. It is an evidence of good faith on the part of the Dominion Government, and of an honest desire to serve public interests, as well as to serve the time of Parliament which is in every

sense commendable. It shows also that Ministers have nothing that they are desirous to conceal, hush up, or cause to be lost sight of in the rush of public business when the House meets. The latest of the reports in readiness is the Trade and Navigation returns, which is now on the point of being issued. It is therein announced that the volume of trade, as shown by the total imports and exports, exceeds \$200,000,000, which is the largest amount since 1885—a very gratifying fact. It would be well were this plan to be followed by the Mowat Government. Their habit has ever been to delay the departmental reports till the very last, and it has been a matter of frequent complaint that members are thus kept in ignorance of many important details of administration till the closing days of the session, when no proper opportunity is afforded for critical examination."

Village Council.

Council met in council chamber on Feb. 13th, the Reeve in the chair. Councilors present: Messrs. Atkinson, Sanderson and Savage.

Minutes of 16th Jan. read and approved. Mr. H. C. Clubine, of Stouffville, being present, was invited to address the Council and state the terms upon which he would construct asphalt sidewalks in the village.

Mr. Clubine said he would construct asphalt sidewalks, in a good substantial manner, at 45c per square yard, he finding all materials and labor, do all necessary grading to make a complete job, and would guarantee the work to stand for five years. But if the Council will undertake to do the grading, he will construct the sidewalk for 35c per square yard.

The following accounts were read and ordered to be paid:—

M. H. Keefer, printing, \$6 25; Jas. Brownlee, for aid to tramp, 80c.

Moved by Mr. Savage, seconded by Mr. Atkinson, that the said accounts be paid.—Carried.

The Reeve suggested the necessity of providing a lock-up.

Moved by Mr. Savage, seconded by Mr. Atkinson, that the Reeve and Councilors Atkinson and Sanderson be a committee to make enquiry and report upon a place and the probable cost of erecting a lock-up in the village.—Carried.

Moved by Mr. Sanderson, seconded by Mr. Atkinson, that the chairman of the Fire and Water Committee be instructed to procure a half-dozen hose-keys for the fire department.—Carried.

A committee composed of Mr. Savage, Dr. Wilson, and the Village Clerk was appointed to procure information as to the cost and advisability of using asphalt for sidewalks in the village.

Moved by Mr. Atkinson, seconded by Mr. Savage, that Mr. Trench be granted the use of the water-tank and wagon without charge, provided that he keeps them in repair.—Carried.

Council adjourned to meet on Monday, 5th March at 8 p.m.

M. TEEFY, Clerk.

County Clippings.

A new organ has been placed in the Presbyterian Church, Maple.

Mr. Joseph Lennox, of Downsview, has sold his farm and removed to Parkdale.

Markham sports are interesting themselves in the improvement of the game laws.

Mr. Thos. Cook, of Carrville, is going to put the latest improved roller process in his mill.

The Markham checker club in their recent match with Toronto beat this city club by twenty games.

The annual dinner of the Markham Farmers' Club, held on the 7th inst., was a great success.

Mr. Jas. Oliver, Maple, has the material on the ground for his new store and dwelling to be erected early in the spring.

The death is announced on Wednesday of last week of Jared Lloyd and Mrs. Robt. McKee, of Whitechurch, and Mrs. Jabez Cook, of King.

In testing 900 feet of hose at Newmarket last week, the hose stretched 67 feet when the pressure was put on, and many of the couplings leaked badly.

An elderly man named John Hanis, a native of Vaughan, died at the Home on Wednesday morning last. He has been bedridden for a number of years.

Mr. Geo. H. Hogaboom, of Newmarket, has sold his black roaster, Harry Naylor, to a Toronto man for \$850, and has sold four, the produce of his brood mare, for \$1,500.

Mr. L. Richardson, of Maple, has purchased the warehouse at King station, belonging to McGee, with the intention of utilizing the material in building on his corner lot in the village.

On the 5th inst. an attempt was made to burn the Stevenson Block in Aurora. Coal oil was plentifully sprinkled over some cloth, and lamps without chimneys were lighted and set near, but they failed to accomplish the purpose of the incendiary.

The next meeting of the North York Farmers Institute will be held in the council chamber, Aurora, on Saturday, the 18th inst., at 2 o'clock p.m. Subject for discussion: "Management of Poultry," led by Wm. Reynolds.

At the recent quarterly official meeting of the Methodist Church, Maple, it was found that the financial position of the circuit was very satisfactory. Invitations were extended to Rev. Jas. Pearen and his colleague, Rev. C. Routcliffe, to remain another year.

An individual struck town on Tuesday evening, evidently with considerably more money than brains. He gave a party in it, Hill \$10.00 to drive him here, where he treated the boys to the best the place afforded. He appeared anxious to catch the Pacific express and paid a livery man \$2.00 to drive him to the station. He is said to have been pretty well loaded with \$50 greenbacks. It is pretty shrewdly suspected that he is a Yankee bootler.—Borealis.

In the interview held with Attorney-General Mowat, by the York County and Toronto City Councils, in relation to redress from the cost of venue cases, the Premier stated that the County had a real grievance; but the city seemed to think they got paid by the business it brought to it. Hence, he thought the county had a fair claim, on this account against the city, which should be pressed for indemnity when county and city next arbitrate on the question of criminal justice expenses. Mr. Mowat thought the county quite right in pressing indemnity against the loss it yearly sustains.

Will Be Fully Met.

Indications of Dyspepsia, such as Sour Stomach, Heart-burn, Sick Headache, Rising and Souring of Food, Wind on the Stomach, or a Choking or Gurgling sensation at the pit of the stomach are fully met by Burdock Blood Bitters which has cured the worst cases on record.

LOCAL ITEMS.

A GRAND Oyster supper and entertainment will take place in Toston, on the evening of 29th February, for the benefit of the Methodist Church. See bills.

18 LBS. good clean sugar for \$1 at the Fire Proof.

THIRD SUNDAY—Next Sunday morning, being the third Sunday in the month, service will be held in the English Church at the hour of 11 o'clock.

A FEW Diaries at reduced prices for sale at the HERALD Store.

In this issue will be found the advertisement of the Scientific American—the best paper of the kind published in America.

ALL Wool Grey Flannels 25 inches wide, for 20 cents per yd. at the Fire Proof.

LENTEN SERVICES.—During Lent services will be held in St. Mary's Church in this village every Friday evening, at the hour 7.30 o'clock.

LADIES, call at Atkinson's and see the Dress goods he is offering at 7, 10 and 12 1/2 cents with 10 per cent. discount off, and you will not fail to get a Dress.

MECHANICS' INS.—A meeting of the Directors of the Mechanics' Institute will be held in the librarian's room on Friday evening. A full attendance requested.

A FINE CATALOGUE.—We have received a handsomely illustrated catalogue from the Patterson Bro. Co., Woodstock, advertising the various implements manufactured by them.

A LARGE assortment of Teas from 15 to 70 cents per lb at the Fire Proof.

AUCTION.—On Monday, Feb'y 27th, Mr. N. Kirby, lot 33, con. 1, Vaughan, will offer for sale his horse, vehicles, household furniture, etc. Sale at 1 p.m., sharp. Salem Eckardt, auctioneer.

MANTLES, Mantles, Mantles at Atkinson's, Concrete House, will be sold off very cheap. Children's Twill Mantles from \$1.25 up with 20 per cent. discount off.

BIG BREAK.—On Monday the machinery for raising the shutters which protect the windows of Mr. Hall's Ontario House, by some means, slipped a cog, and the result was six broken panes of glass. Mr. H. now says the "shuts" must go.

HEAVY all wool Canadian Tweeds at the low price of 35 cents per yd., splendid value, at the Fire Proof.

SALE.—On Monday, Feb'y 20th, Mr. John Snider, lot 6 in the 6th con. of Vaughan, will hold an important auction sale of valuable live stock, implements, machinery, vehicles, etc. Sale at 12 noon. A credit of 8 months on sums over \$10. Salem Eckardt, Auctioneer.

ATKINSON, the Direct Importer, will give to all cash purchasers of Winter Dry Goods a straight discount of 10 per cent, and to all cash purchasers of Furs a straight discount of 20 per cent. See new advertisement.

EXTRA Fine Stationery just received and for sale at the HERALD store.

A GOOD TROTTER.—E. Gallanough, of Thornhill, sold to Mr. Charlesworth, of Glenora Park, an interest in his Goldmont Colt for \$300.00. He dealt him off last week for \$150 and a horse from Kentucky that can trot down in the thirties. So the boys will have to look out for him.

CREDIT SALE.—Mr. Geo. Leaf will hold an extensive credit sale on lot 41, con. 1, Vaughan, on Tuesday, 6th of March, when he will dispose of the whole of his valuable live stock, implements, household furniture, etc. As Mr. Leaf is giving up farming, there will be no reserve. Sale at 1 p.m., Salem Eckardt, auctioneer.

RIGHTS AND WRONGS.—In the Presbyterian church on Sabbath evening last Rev. Mr. Percival preached a sermon on the rights of man. It was an exceedingly practical discourse, dealing with the rights of man in modern social and labor problems. Next Sabbath he will treat of the wrongs of man.

LADIES and Gentlemen give Wm Atkinson a call and see his fur coats at \$1.38 with 20 per cent. discount off, also those at \$2.00 with the 20 per cent. discount off, or \$1.60 net, and those at \$2.65 with discount off or \$2.10 net, so on up to our best caps, all with the discount.

REAL ESTATE SALE.—Col. A. Arnold offers for sale 190 acres of land, being lots 27 and 28 in the 1st concession of Markham, with buildings erected thereon. This property has a lease to run two years from 1st of April, 1888. Also, 25 acres on lot 29, in above township, with buildings erected thereon. For particulars, enquire of Col. Arnold on the premises. See bills.

WORTH KNOWING.—A correspondent of The Country Gentleman says if copperas and sulphate water is used around pear trees the tree will show the effects in a large yield of fruit. He tried his own a Bartlett pear tree that had yielded no fruit for two years previous. That very year it yielded 155 large fine pears, and the following year 250 large ones, and is still doing finely. If pear trees want iron, which most soils are deficient in, sulphate of iron or copperas is a good way to supply it.

A FINE lot of Melton Dress Goods from 7 cents per yard up, at Crosby's.

MUSIC AT MAPLE.—A first-class musical entertainment will be given in St. Andrew's Presbyterian Church, Maple, by the choir of Old St. Andrew's, Toronto, on the evening of Friday, Feb'y 17th. The programme will consist of solos, duets, quartettes, and choruses. There is talent of a high order in this choir, and no lover of good music should fail to be present. The choruses will be rendered by twenty five voices. Rev. Mr. Percival will preside, Admission 25c; children 15c. Doors open at 7.30, concert at 8.

Boys.—A party of boys, varying in age from 12 to 18, is expected to arrive from Barnardo's Home, London, Eng., early in April, for farm or other employment. Application for their services, accompanied by letters of recommendation from ministers or magistrates, should be addressed "Dr. Barnardo's Home, Hazel Brae, Peterboro."

TWO QUESTIONS.—The village Council have under consideration two important questions, viz., the erection of a lock-up and the desirability of asphalt sidewalks. Committees have been appointed to investigate both these projects, and will no doubt be prepared to report at the meeting of the Council to be held on the 5th of March.

THE ARMY.—The soldiers have papered, kalsomined, and generally renovated the barracks, completing their work on Wednesday. Yesterday evening there was to have been an exposure of the "biggest hypocrite in the village," but the affair was postponed. The captain in charge of the local corps is an earnest exhorter and should accomplish much good.

GREAT SALE.—Mr. Edward McKenzie, of Victoria Square, having rented his farm (lot 23, con. 4, Markham), will offer for sale on Tuesday, February 28th, the whole of his valuable farm stock, implements, household furniture, etc. Sale at 9 a.m.; lunch at noon. A credit of eight months will be given. This sale should attract many buyers. N. E. Smith, Auctioneer. See bills.

A FIRE.—The sky to the west on Saturday evening was illuminated by a fire that we have since understood was occasioned by the burning of a barn owned by a Mr. Dalton and owned by Mr. Lahmer, 3/4 of a mile beyond the village of Maple. Cause of fire supposed to be incendiary. The contents consisting of 25 tons of hay, 100 bushels of barley, 25 bushels of wheat, etc., were fully insured.

COMMITTED.—Magistrates Wingfield and Milloy held a court in Toronto on Saturday and heard evidence against T. Hope, who is charged with on May 23rd, 1887, fraudulently obtaining a promissory note for \$240 from Geo. Hollingshead, of King Township. Hope sold seed wheat to Mr. Hollingshead and other farmers which it is claimed did not turn out to be what was represented. A number of King Township farmers who had dealings with Hope were examined. The defendant was committed for trial.

BURNT TO DEATH.—Stinson's hotel Belle Ewart, which was leased by G. E. Nesbitt, was burned to the ground on Tuesday, 6th inst., and Mrs. Nesbitt, and her youngest child burned to death. Mr. Nesbitt being away from home, the task of rescuing the family fell wholly on Mrs. Nesbitt, who, after getting her six children safely out, took her babe of nine months in her arms and went back for some unknown reason, and both perished in the flames. The cause of the fire is unknown.

SET ASIDE.—Mr. Justice McMahon gave judgment at Osgoodo Hall on Thursday last in the Markham municipal election cases, holding that the regulator proceedings on which quo warranto summonses issued were irregular, and therefore that the summonses and all other proceedings should be set aside with costs. The application for leave to amend was refused. The relator, Mr. Chauncey, paid the costs, and will have fresh writ issued. His proceedings are against the seats of Reeve Zanzant, and Councilors Billings and Ash, upon the grounds of bribery and lack of due property qualification.

MARKHAM DISTRICT ELECTION.—On Tuesday, 7th inst., the regular annual meeting of Markham District Orange Lodge was convened in the Little York Orange Hall. There was a good attendance and encouraging reports. General business having been disposed of the election of officers for 1888 was taken up and resulted as follows:—W. D. M. Bro. John Forester, 348; D. D. M. Bro. Dr. Shaw, 215; D. Chap. Bro. B. Elliott, 228; D. Sec. Bro. John Boyd, 215; D. Treasurer, Bro. John Stephenson, 91; D. of C. Bro. J. Kelley, 228; D. L. Bro. Geo. Stunden, 91. The next annual meeting will be held at Highland Creek.—Economist

PERSONALS.

Mrs. McConnell, and family leave this week for Woodstock.

Mrs. Scannon, of Bradford, has been visiting at the residence of Mr. Chas. Holmes.

On Sunday evening Rev. Mr. Davey, of Newton Brook, preached very acceptably in the Methodist Church.

We are glad to learn that Miss Annie Curtis, of Oak Ridge, who took suddenly ill on the eve of her marriage recently, is now on the rapid road to recovery.—Borealis.

One by one our fellow citizens are leaving this pleasant little place, 16 miles from Toronto, and although as a writer in Lovell's Gazetteer once said: "It is admirably situated for manufacturers, being in the centre of the garrison of the province," still our manufacturers are leaving us, and consequently our citizens likewise. The latest rumor is that our worthy and respected townsman, Mr. W. Bricknell, is about to take his departure for the hills, it seems at this present to be abouting all the honey from outlying districts—Toronto

DEATH.

BORSTWICK.—On February 14th, at his late residence, No. 584 Church street, Toronto, George Borstwick, in the 75th year of his age.

MUSIC.

MISS F. M. COULTER, TEACHER OF Piano and Organ. Richmond Hill.

Public Opinion. A WHOLESOME REVOLUTION. Amid the conflicts of public sentiment it is pleasant to observe that there is one subject upon which all parties, sects and classes think alike. We refer to the beneficent reform in the practice of medicine which THOMAS HOLLOWAY is the author. Whatever may be the difference of opinion as to the best cures for political evils, there are none as to the best remedies for disease. The experiment has been made, and its success is assured by an uninterrupted series of triumphs extending over many years, and covering every human ailment. All plots of parties, all schemes of political aggrandizement, sink into insignificance when contrasted with the scope and objects of an enterprise which shows its remedial influence wherever death threatens or physical pain exists. To explain the uses of Holloway's Pills and Ointment, to point out the certainty and rapidity with which they operate upon the elementary germs of disease, to recount the cures which they are daily accomplishing in cases that have been pronounced incurable, and to advise how to reproduce here the proofs of their infallibility with which the public journals throughout the world continually teem, would be to fill our columns with information always familiar to an intelligent people. In the wooded wilderness and the inhospitable marsh, in the gilded saloon as in the lowly cottages, on the fishing grounds, on the borders of the inland seas, and in the pasture lands of the interior, as in the densely populated towns, everywhere these preparations are reckoned among the necessities of life. Fever and ague, biliousness and fever rheumatism, asthma, and all other complaints that are the concomitants of exposure and privation, or the effect of a vitiated atmosphere, are so readily and uniformly controlled by the Pills and Ointment, that all classes accept and use, and acknowledge them to be the one great world's remedy for disease. And thousands indulged of social life lead to many of the maladies produced by other causes in the country, the beneficial operation of these medicines has been no less marked and palpable; and their popularity, founded as it is upon the daily experience of the sick, must always continue to increase as ease is preferred to pain.—The Advocate

FOR CHEAP AND First Class Groceries GO TO THE LORNE STORE. A Very Fine Line of White Granite Ware Just opened—direct from England. Tea Sets, Plates, Cups and Saucers, Bedroom Sets, and are going to be sold at prices so low that they will astonish you. Call and see.
