A YOUNG man by the name of George
Mitchell, about 23 years of age, was
drowned in the Lumber river Sunday
afternoon. What makes the accident
more sad is that for some time past he
has been the main support of his father

did not consider an inquest necessary.

INDUSTRIAL EXHIBITION.—The To-
ronto Industrial Exhibition was formally
opened on Tuesday in the presence of a
large number of visitors. Short ad-
dresses were delivered by Mayor Clarke,
Ald. Dadds, G. B. Smith and others,
after which Sir John A. Macdonald, in
a happy speech, declared the exhibition
open.
SALARY RAISED.—The salary of the
pastor of the Wood Green Methodist
Church (Rev. W. F. Wilson) has been
raised by the official board from \$1000
to \$1500 and a bonus of nearly \$100 has
been presented to him for his services
last year. This is a practical way of
showing the appreciation of a loving
membership to a worthy pastor.

that we told you about has arrived direct

turers, Linton, near Stoke on Trent,
Staffordshire, England, and comprises
the most complete and beautiful lines of
dinner, luncheon, breakfast, tea and
toilet sets in ivory, printed, enameled
and plain ware ever brought to our
town, at the Fire Proof this week.
Will D. Atkinson.

O'CONNOR BEATEN.—In the great
race on the Thames on Monday between
Wm. O'Connor, of Toronto, and H. E.
Searle, of Australia, for the champion-
ship of the world and £1,000, Searle
won easily by six lengths. It is esti-
mated that \$75,000 of Toronto money
has been lost on this event, and the dis-
appointment is intense, as great hopes
were built on O'Connor and Canadians
generally had the fullest confidence in
his ability to outrow the Australian.

ENTERPRISING BURGLARS.—In New-
market last Wednesday night an at-
tempt was made to burglarize the house
of Mr. Thos. Gardner, on Prospect Ave.,
which was, however, unsuccessful. The
next night the residence of Mr. J. H.
Mader was visited, but after gaining an
entrance the thieves were disturbed and
fled. Again, at 3 o'clock on Tuesday
morning, prowlers were observed around
Mr. Jos. Bogart's stables. They have
thus far been unsuccessful in their
efforts.

LADY TO REST.—The funeral of the
late Mr. Young on Friday last, was at-
tended to by the Presbyterian Church, by
a large number who listened to the re-
marks of the Rev. Mr. Cameron upon
the occasion with every attention. The
Rev. gentleman took for his text, at the
request of the deceased made to him two
years before his death, the words from
4th chapter of Amos and 12th verse:
"Prepare to meet thy God, O Israel."
Rev. Mr. Simpson took part in the ser-
vice. Messrs. J. Hart, J. Coulter, J.
Gray, J. Kennerley, J. Hall and P.
Crosby were pall-bearers. The remains
were interred at Brown's Corners, Mark-
ham.

ONIONS FOR CHILDREN.—A promi-
nent physician, says the Buffalo Express,
was sent buying a barrel of onions, and
being grieved about his purchase said:
"I always have boiled onions for dinner
for the benefit of my children. I like
onions, too. They are the best medi-
cine I know of for preventing colds.
Feed onions, raw, boiled or baked, to the
children three or four times a week, and
they'll grow up healthy and strong. No
worms, no scarlatina, no diphtheria,
where children eat plenty of onions
every day."

CHINESE SACRED NARCISUS.—Oriental
Lily, or Joss Flower. This beautiful
variety is grown by the Chinese, accord-
ing to their ancient custom, to bloom at
the advent of their New Year. It is
highly prized and called by them "Joss-
Flower," or "Flower of the Gods." The
bulbs are specially grown by a method
known only to themselves, whereby they
attain great size and strength, insuring
luxuriant growth and remarkable pro-
fusion of bloom in a very short period.
They are generally flowered in shallow
ornamental bowls containing water, the
bulbs being surrounded by bright colored
pebbles to prevent them from toppling
over when in bloom. The flowers, which
are borne in clusters on tall spikes, are
white, with a golden yellow center, and
deliciously fragrant. The bulbs bloom
in six to eight weeks after planting.—

BADLY BRUISED.—A few days ago
Mrs. Wm. Hueston met with a very
serious accident which confined her
to her bed for several days. Mr.
Thos. Wray, of King, was bringing her
home in a buggy to which was at-
tached a two-year-old colt. They had
reached the end of the sidewalk on Oak
St. just at the dusk of the evening, when
something started the young animal
and it gave a sudden jerk, turning the
buggy so short that Mrs. Hueston was
thrown out against a barbed-wire fence.
Only that her hands were protected by
gloves one of them would have been badly
lacerated. A barb pierced her side, cut-
ting the blood to flow and her back and hip
were bruised so bad that the flesh turned
black and blue, besides a very severe
shaking up. It was very fortunate that
no bones were broken. When last heard
from she was improving nicely. Mr.
Wray did not lose control of the horse
neither was the buggy overturned.—Eva.

Our Washington Letter.
From our own Correspondent.
Treasurer Huston contemplates a radical
change in form of the national debt state-
ment, issued monthly, a change that is
doubtless for political and may or may not
aid the republican party before the people.
Mr. Huston says that on the entrance of the
democratic administration, Secretary Man-
ning and Treasurer Jordan altered the
form of statement that had been in use for
decades, for political purposes. During the
terms of Senators Chase, McCullough,
Boutwell, Richardson, Sherman, Windom
and Folger, every treasury had counted
among the available assets the one hun-
dred millions set aside for the redemption
of the United States notes and the twenty-
five millions of fractional silver. At pre-
sent these one hundred and twenty-five mil-
lions do not appear as available assets.

The Republicans claim that Secretary
Manning withdrew these from the statement,
as he was opposed to the purchase of bonds
and well knew on the other hand, that the
excessive demand for a reduction of the
surplus, and that this alarm at the sur-
plus must be quieted. The new statement
will show the surplus as about two hundred
and twenty-five million dollars.

Speaking of the surplus, the return of the
famous surplus reducer Corporal Tanner has
started new rumors of his resignation. The
rabid utterances of the Corporal on his re-
cent junketing tour have left his best friends
without a defense for him. It is feared
that should he be retained, his utterances
regarding Senator Sherman and other lead-
ing lights of his own party will block his
administration after Congress meets. The
trouble seems to be to find a place for him.
The position he now occupies is second
only in importance to a cabinet position.
It would not do to give him a much in-
ferior position, though he is hardly com-
petent to be a chief of division. He might
be given a consul but he cannot be in-
duced to go abroad. Thus Sunday, the
sailor, in the person of president Harrison,
is bound to carry this doughty old man of
the sea about on his shoulders, until the
old man's grip gives out. The failure of
Corporal Tanner to convince that Grand
Army at Milwaukee that investigation of
his personal conduct of the Pension Bureau
is a direct blow at the Grand Army was,
however, his Waterloo.

The English syndicates that are buying
American breweries have perchance for-
gotten that the larger beer drinker is not an
Anglo-American. He is apt to be quite the
opposite. Apropos of this is the case of one
of the leading breweries of West Virginia,
which, after long negotiation, falls into the
hands of the British, the former proprietor
being retained as manager and receiving a
large part of the stock for his plant. The
purpose of organizing a company is to ex-
tend operations by increasing capital. But
a local mining paper, acting no doubt at
the feishish suggestion of an opposite
brewer, publishes glowing accounts of the
meetings of the London stockholders and
the talk is enough. For the greater num-
ber of the saloon keepers who have patron-
ized the recently purchased brewery are
Irish or Irish sympathizers, and the beer is
dropped by scores of them. Within the
week the trade has fallen off wonderfully,
and the English owners will wear crepe at
their next meeting.

The records of the War department show
the steady increase of desertions from the
army—a record that is but poorly account-
ed for by the statement of officers to the effect
that better times encourage the deserter to
look for easy work and big wages in civil
life. The army needs a few law-abiding
deserters, but only one story. They say
that every year the food grows worse and
the treatment harsher. During the year
ending June 1 out of an army of 22,000
men, there were nearly 3,000 desertions, in
other words during the twelve months a
man deserted from every guard of seven.
The deserter is just as much of a nuisance as
he ever was and his price are as exorbitant.
The soldier of to-day is only a shy and
over-disciplined laborer. The recent re-
velations at Jefferson barracks exhibit only
a condition that has been well-known as ex-
isting for years there and elsewhere in the
western posts. The story is no new one.
The officers have no sympathy for the men
who are daily becoming more degraded, and
the relationship is that of slave and slave
driver.

Sept. 6th, 1899.
McConaghy of Ottawa Reinstated.
St. CATHARINES, Sept. 9.—James S. Mc-
Conaghy, of the Ottawa Lacrosse Club, was
yesterday notified by Secretary O'Loughlin,
of the C. L. A., that the Reinstatement
Committee had favorably considered his
appeal for a reconsideration of his applica-
tion for reinstatement. It will be remem-
bered that at the first meeting of the com-
mittee, held in Hamilton, McConaghy's
case was with some others laid over for
future consideration, so that his old club—
Young Canadians, of Richmond Hill—could
father his application at the second meet-
ing held at Woodstock, a communication
was received from last year's officials of the
Richmond Hill club, stating that there
would be no lacrosse club in that town this
season, but as ex-officials recommending
McConaghy's reinstatement. After con-
siderable discussion by the members of the
committee, it was decided to refer to the
application owing to McConaghy's record
of playing with several clubs last year.
Lately McConaghy, through his solicitors
Garvin & Garvin, Toronto, made an appeal
to have his case reconsidered, and amongst
other facts stated his desire to be freed
from any taint of punishment at the hands
of the C. L. A., and giving his word of a
strict adherence to the rules in future. The
committee, in its report, stated as follows: In
favor of the office: Messrs. J. Vanu, T.
Pheonister, J. E. Bell, J. McCutcheon, D.
A. Rose—Total, 5. Against: J. H. Baird
—1. The president and secretary did not
vote.—Empire.

CATARH.
CATARRHAL DEAFNESS—HAY FEVER
A NEW HOME TREATMENT.
Sufferers are not generally aware that
these diseases are contagious, or that they
are due to the presence of living parasites
in the lining membrane of the nose and
eustachian tubes. Microscopic research,
however, has proved this to be a fact, and
the result of this discovery is that a
simple remedy has been formulated where-
by catarrh, catarrhal deafness and hay
fever are permanently cured in from one
to three simple applications made at home
by the patient once in two weeks.
N.B.—This treatment is not a snuff or
an ointment; both have been discarded by
reputable physicians as injurious. A pam-
phlet explaining this new treatment is
sent on receipt of ten cents by A. H.
Drexel & Co., 303 West King Street,
Toronto, Canada.—Toronto Globe.
