THE Globe, in introducing Erastus Wiman as the leading speaker at the Young Men's Liberal Ctub meeting on Thursday evening, asks for a fair hearing for "a man who has been foully misrepresented and maligned. Well, who has done the misrepresenting? The Globe. Wiman has been held up by the Liberal organ as a friend to Canada, a seeker after the welfare of the Dominion, a man who would cut off his right hand for the good of people on this side of the border. The blunt truth, as The World border. The blunt truth, as The World (near Purpleville) on Wednesday, October 16th, 1889. has shown, is that Wiman is a renegade.

A Foreign Estimate of Sir John.

Sir John Macdonald, who is a statesman of the first rank, has adopted the only policy by which confederation could have been saved from premature dissolution. The high tariff introduced by him has replenished the treasury, equalized expenditures and receipts, and enabled the Government to undertake public works by which all the provinces have been benefited. The railway system which now unites Victoria with the Maritime provinces would have been impossible without confederation and the tariff. Equally impracticable would have been the canals, custom houses, docks, post offices and other public works constructed with lavish expense.-New York Tribune.

The Streams.

The Peterboro' lumbermen are said o be very much exercised because the of that province which regulation has called forth the wrath of those interested in speeches made and resolutions passed at public meetings. But, nevertheless, terested should adopt. An exchange says: They will have to burn it or get rid of it in some other way. This regulation should have been enforced long ago. Had it been, there are streams innumerable which were once prolific source of the fish supply which would have been completely ruined by sawdust. A great many of the rivers emptying into the St. Lawrence which were once salmon streams are now realizable.

Well, may the Mail write and condemn the machine for doing that that will be found fault with in another. It may be said Mr. Mackenzie voted on the ground of pro-vincial rights. What then becomes of the Globe's contention that it was the Pope's name being introduced into legis-Pope's name being introduced into legis-lation passed in a British province that gave the sting to the whole matter: As regards provincial rights we have under our hand, acts passed by the provinces which were vetoed by the Government of Mr Mackenzie when he was in power.

Reactinis extract from the scientific papers of Great Britain and Europe: A NEW DEPARTURE IN MEDICINE.

A NEW DEPARTURE IN MEDICINE.

The four greatest medical centres of the world are London, Paris, Berlin and Vienna. These cities have immense hospitals teeming with suffering humanity. Oxowds of students throng the wards studying under the Professors in charge. The most renowned physicians of the world teach and prætice here, and the institutions are storehouses of medical knowledge and experience. With a view of making this experience available to the public the Hospital Remedy Co. at great expense secured the prescriptions of these hospitals, prepared the specifics, and although it would cost from \$25 to \$100 to secure the attention of their distinguished originators, yet in this way their prepared specifics are offered at the price of the quack patent medicines that flood the market and absurdly claim to cure every lift from a single bottle. The want always felt for a reliable class of domestic remedies is now filled with perfect satisfaction. The Hospital Remedies make no unreasonable claims. The specific for Catarrh cures that and nothing else; so with the specific for Fronchitis, Consumption and Lung Troubles: Rheumatism is cured by No. 3, while troubles of Digestion, Stomach, Liver and Kidneys have their own cure. To these is added a specific for Fever and Ague, one for female: weakness—a general tonic and blood-maker that makes blood and gives form and fulness, and an incomparable remedy for Nervous Debility.

NO. 1—CURES CATARRH, HAY FEVER, ROSE COLD, CATARRHAL DEAFNE.S—The only authentic cure emanating from scientific sources now before the public. This is not a snuff or ointment—both are discarded as lujurions. \$1.00.

NO. 2—COUGHS, COLDS, BRON^HITIS, ASTHMA, CONSUMPTION—An incomparable remedy; does not riverely stop a cough, but eradicates the disease and strengthers the lungs and restores wasted tissues, giving a new lease of life. \$1.00.

NO. 3—RHEUMATISM—A distinguished and well-known specialist in this disease in Paris, who treats nothing else, built his reputation on this remady. \$1. IMPORTANT!

From the few of the hundreds of letters we have received from those who have been restored to health and strength by the use of that wonderful discovery, Paine's Celery Compound, we make a few extracts. We hope that the thou-

are suffering from nervous and wasting diseases, will profit by these true and plain statements of facts.

D. S. Davidson, of Montreal, suffered for years with nervous dyspepsia, pain in his back, and sleeplessness. He tried doctors without relief, was losing flesh rapidly, and had about given up heart when he commenced the use of Paine's Celery Compound. "Now," he says, "I am a new man. I sleep well and my food does not hurt me." Mr. Jas. Johnson, 302 St. Charles Bor-

romee Street, Montreal, was weak and nervous, had no appetite, and could not rest at night. His nerves were soothed and strengthened by Paine's Celery Compound, and he soon became well and

Annie Gourley, of River Beaudette; P. Q., found the Compound a certain cure for weakness, and now feels as well as she ever did.

A customer of Harrison Bros., druggist, Hamilton, Ont., told them that he was entirely cured of nervous weakness by the use of two bottles of the Compound, after everything else has failed:

The little child of Mrs. G. E. Merédith, 76 D'Arcy St., Toronto, was cured of St. Vitus' Dance by Paine's Celery Compound.
