**CATARRH,**  
**CATARRHAL DEAFNESS—HAY FEVER**  
A NEW HOME TREATMENT.  
Sufferers are not generally aware that  
these diseases are contagious, or that they  
are due to the presence of living parasites  
in the lining membrane of the nose and  
eustachian tubes. Microscopic research,  
however, has proved this to be a fact, and  
the result of this discovery is that a  
simple remedy has been formulated where-  
by catarrh, catarrhal deafness and hay  
fever are permanently cured in from one  
to three simple applications made at home  
by the patient once in two weeks.

**Local and General.**  
PEOPLE who have tried the Con-  
crete's bargains cry for more like Oliver  
Twist.  
WHO originated the saying "You  
can't please everybody." We do it  
every time at the Concrete.

STAMPING of all designs on cloth,  
plush, or any other material done at the  
HERALD Office, cheap. Leave your  
orders.

POPULATION.—The publishers of  
the city directory for 1890 estimate that  
the population of Toronto is over  
216,000.

IN FASHION.—If you want to be in  
style now-a-days you must be sure to  
get the "La Grippe," and your clothing  
at Will D. Atkinson. See adv.

FLOODING.—The new skating rink is  
being flooded as fast as possible. If the  
cold weather of the last few days con-  
tinues the ice will be ready by the mid-  
dle of next week. May it continue.

TOYS.—Toys can be seen and pur-  
chased at the HERALD Store cheaper  
and better than has been ever hitherto  
sold. Kindly give us your countenance.

SPREADING.—The Influenza is rapidly  
spreading in the city. Several candi-  
dates for municipal honors had it so  
bad on Monday that they could not  
leave their houses to help at their election.

GOOD ICE.—On Saturday last about  
fifty of the young people of the village  
took advantage of the good ice and fine  
weather to enjoy a skate on Wilson's  
pond. The ice this year is far ahead of  
last winter.

VETERINARY.—Mr. F. J. Gallanough  
of Thornhill, gold medalist and honorary  
member of the Ontario College of Veteri-  
nary Surgeons, is at Richmond Hill  
every Wednesday and Saturday after-  
noon to attend to all calls. See card.

CISTERN.—A cistern has been put in  
on the south side of the Methodist  
Church to hold the large quantity of  
water which comes off the building.  
This is a good turn, before the water  
run down by the sidewalk in a perfect  
stream.

ALLOWED TO PASS.—The Department  
has allowed Tina McLean, Edith  
Switzer, Katella Sheppard and Laura  
Brown to pass the late Entrance Ex-  
amination held here. This makes 14  
who have been successful under the  
teaching of Mr. J. E. Clubine, for the  
year 1889.

AXLE BROKE.—On Friday last the  
hind axle of Mr. Proctor's bus broke  
while coming from the station. Six  
passengers were on board but no one  
was hurt. The roads have been very  
bad this season and it is a wonder more  
accidents have not happened.

ENTERPRISING COUNCILLORS.—The  
members of our Village Council are  
what we call economical and not afraid  
to "soil the hands." They have just  
finished the creation of a large waiting-  
room for the accommodation of skaters  
and others who attend the rink.

GOOD ANCHORAGE.—If you are in  
search of good anchor ground where the  
best and cheapest teas are to be found  
just "tie to" the Concrete docks. A  
good tea gratifies the palate, and re-  
freshes the body, and you bless the man  
who keeps the best quality which is Wm.  
Atkinson of the Concrete House. See  
change of adv.

SCHOOL RE-OPENING.—The High  
and Public Schools of this village re-  
opened on Tuesday morning. Miss  
Newton, late of Patterson, takes charge  
of the second department in the Public  
School in place of Miss Waters. All  
the other teachers have been re-engaged  
for 1890. The number of students at  
the High School this term is 50, an  
increase of 6 on last year.

COMPLETED.—Messrs. Innes & Sons  
finished the work on the new Agricul-  
tural Hall Tuesday morning. The  
building looks splendid, being high and  
roomy. We have no doubt but that the  
work has been done satisfactorily.

HAD NO VOICE IN THE MATTER.—  
The Tribune attempts to make capital  
against the Mayor and Council out of  
the fact that the statement of accounts  
for the year shew \$6 paid to A. Bruce  
for attending the Court of Revision.  
The same statement shews \$43.90 paid  
to a Toronto constable and \$85.84  
paid to Town Clerk R. J. Leigh. These  
amounts were paid under an order from  
the Judge and the Mayor and Council  
had no option in the matter. The Judge  
gives this order under one of Mr.  
Mowat's statutes, of which, of course  
the Tribune approves. Mayor Clendenan  
advocates doing away with all this  
expensive and troublesome ma-  
chinery for getting up voters' lists, both  
in Ontario and Dominion elections.  
Registration of voters three months be-  
fore an impending election would simpli-  
fy matters very much.—Comet.

TORONTO BEATEN.—The Methodists  
of Victoria B. C., recently built a large  
and handsome church, the old structure  
being altogether too small to meet the  
requirements of the rapidly growing and  
prosperous congregation. The new site  
cost \$12,250 and the building \$45,000.  
To meet this expenditure they had the  
proceeds of the sale of the old premises,  
which yielded only \$22,600, leaving a  
balance of \$34,750. The pastor of the  
church, Rev. J. E. Starr, son of Rev.  
J. H. Starr, of Toronto, a very energetic  
and popular man, appealed earnestly to  
his congregation to do their duty to the  
church and pay the debt, and on the  
next Sunday morning the response to his  
appeal was most liberal and satisfactory,  
the amount subscribed that day reach-  
ing the handsome sum of \$24,000,  
leaving a trifling balance of a little over  
\$10,000 still due. This is said to be  
the largest sum raised in one day by any  
Methodist church in the Dominion.

TO OUR SUBSCRIBERS.—THE SPECIAL  
ANNOUNCEMENT which appeared in our  
columns sometime since, announcing a  
special arrangement with Dr. B. J.  
KENDALL CO., of Enosburgh Falls, Vt.,  
publishers of "A Treatise on the Horse  
and his Diseases," whereby our subscrib-  
ers were enabled to obtain a copy of that  
valuable work FREE by sending their  
address to B. J. KENDALL CO.,  
(and enclosing a two-cent stamp  
for mailing same) is renewed for a  
limited period. We trust all will avail  
themselves of the opportunity of obtain-  
ing this valuable work. To every lover  
of the Horse it is indispensable, as it  
treats in a simple manner all the diseases  
which afflict this noble animal. Its  
phenomenal sale throughout the United  
States and Canada, make it standard  
authority. Mention this paper when  
sending for "Treatise," No. 23

THE LUCKY GUESSESS.—The guess-  
ing and gift enterprise at The Fire  
Proof closed last week. On Thursday  
evening twelve of the business men met  
at the residence of Mr. Wm. Atkinson,  
broke the seal on the jar, and  
counted the beans. The counting was  
very carefully done and it was found  
that 3,547 beans were in the jar. The  
box containing the guesses was then  
opened and all over or under 3,000 were  
thrown out, then all outside of 3,500,  
and so on until the lucky numbers were  
found as follows:—The exact number,  
3,547, was guessed by Miss Helena  
Wiley, winning the \$40 gold watch.  
The next nearest guess was 3,549, by  
Miss Jennie Wiley, taking the \$30 silk  
dress. Three guesses of 3,550 were  
found to be the next nearest but the  
preference was given to the one guessing  
this number first. By taking them ac-  
cording to date Mrs. A. R. Innes won  
the dinner set, Mrs. H. Rumble the  
handsome dress robe, and Mr. W. D.  
Powell the chamber set. After this  
was finished the gentlemen present were  
treated to an oyster supper and a very  
pleasant time was spent. This enter-  
prise of Mr. Atkinson has certainly  
been a grand success in every way;  
everything has been done fairly and we  
are sure all are satisfied.

CHURCH RE-OPENING.—The re-  
opening of the Richmond Hill Metho-  
dist Church after being cleaned, kalso-  
mined and varnished, will be held on  
Sunday and Monday, Jan. 19th and  
20th. The Rev. J. C. Speers, of Mono  
Road, who will, most likely, be the com-  
ing Superintendent of this circuit, has  
kindly consented to conduct the services  
both morning and evening. On the  
Monday following a grand tea-meeting  
will be held in the Lecture-Room, after  
which an interesting program will be  
rendered, but as full arrangements have  
not been completed we cannot give the  
particulars. There has been a great  
improvement in the appearance of the  
building since Mr. Warren Hewison and  
his men have completed their work.  
The Church, which is cruciform in  
shape, with a splendid gilded gothic  
ceiling, has been treated in a most taste-  
ful manner. The panels are tinted a  
very light buff color with a slight green-  
ish tinge, while the groins are in quite  
contrast of colors, which has really a  
beautiful effect; the hollow part is done  
a rich maroon color while the mouldings  
on both sides are filled in with a pure  
terra cotta shade. The cornice around  
the top of walls is also terra cotta, while  
the truss blocks are done a stone color,  
the quiet shade of which shows off the  
cornice to great advantage. The roses  
at the junction of the groins are also the  
color of the groins as are the stone color  
ventilators are done a pale celestial blue,  
which seems quite in harmony with the  
stained glass of the windows. The large  
gothic arch separating the church pro-  
gram from the organ chamber has been  
done up in party shades which harmoni-  
zes well with the rich pale green of the  
walls, a shade which has a pretty effect  
against the varnished wood and the rich  
terra cotta of the cornices. The walls  
of the organ loft are colored a salmon  
tint, but a gloom pervades the organ  
chamber which is quite a contrast from  
the well-lighted church. The Lecture  
Room ceiling is treated in the panels a  
little lighter than the church, but the  
groins are different, viz: The hollow

part of the groins are a deep wine color  
while the mouldings are tinted a rich  
olive green; the roses are done in  
terra-cotta and the walls a clear salmon  
color. The room being capitally lighted  
has a very chaste appearance. The  
halls and lobbies are done in a warm  
stone color tint. The woodwork has all  
been re-varnished. Altogether the place  
has an appearance of comfort and ele-  
gance that in even large cities would be  
hard to find its equal. Considering the  
vast amount of scaffolding required, and  
the dangerous nature of the work, it says  
much for the carefulness of Mr. Hewison  
and those under him that no accident  
has happened. The Methodist congrega-  
tion have really great reason to be  
proud of their church, and they deserve  
credit for their energy in going on with  
a work which other churches might do  
well to copy.

THE CONCRETE is offering big dis-  
counts off the balance of their Fur  
Goods. Remember this—our prices are  
always lower than any others, so a dis-  
count of 10 per cent. on the Concrete is  
equal to 20 per cent. offered by two  
profit stores.

**THE BEST  
BIGGEST  
BARGAINS**  
ever offered in Furs will be made.  
Don't suppose that this is the old chest-  
nut sale of the snap variety. Come and  
see the genuine reductions and be con-  
vinced that we do all we claim.

**Well Pleased.**  
DEAR SIRS.—I can recommend Hag-  
yard's Yellow Oil as a sure cure for  
rheumatism. I had it for sometime and  
was cured by two bottles, and I must say  
it is the best thing I can get for general use  
as a pain reliever. J. MUSTARD, Strath-  
aven, Ont.

**Fire Brigade Meeting**  
The Richmond Hill Fire Brigade met on  
Monday evening, Jan. 6th. Captain Pugs-  
ley in the chair. In absence of the Sec'y  
W. E. Wiley acted as such.  
Drill Sergeant Sheppard reported as to  
attendance at drill, being on average, about  
15, and also advised continuance of drill  
for a time.  
For. Redditt moved, seconded by Wm.  
Atkinson, that drill be continued until fur-  
ther notice.—Carried.  
This being annual meeting the election of  
officers was proceeded with and resulted as  
follows, For. Redditt in the chair, with For.  
Sheppard and Aud. McMahon scrutineers:—  
Captain, W. H. Pugsley; Lieut., P. G.  
Savage; For. of Hose, B. Redditt; For.  
of H. & L., C. E. Sheppard; Treasurer,  
P. G. Savage; Secretary, H. A. Nicholls;  
Auditors, T. F. McMahon and W. D. At-  
kinson; Steward, C. McLean.

The newly elected Captain again took  
the chair and made a very neat speech.  
The Treasurer then paid the Firemen  
their annual salaries less fines recorded  
against them.  
On motion of C. Wright, seconded by A.  
Ashion, a vote of thanks was tendered to  
those ladies who so kindly gave their  
assistance on New Year's and the following  
day.  
Moved by C. McLean, seconded by A.  
Wright, that a hearty vote of thanks be  
tendered to those parties in the village and  
ad towards the supply of provisions on New  
Year's night.—Carried.

**Sudden Change.**  
MRS. GEORGE FLEWELLING, St.  
John, N. B., writes:—I suffered  
from weakness and constipation, so I bought  
a bottle of Burdock Blood Bitters, and be-  
fore I finished it, noticed a change. After  
using three bottles I am now entirely cured,  
and recommend B. B. as a positive cure  
for constiveness."

**To the Electors of West York.**  
Your Vote and Influence is requested at  
the next election in West York for the  
Ontario Legislature on the following plat-  
form:—  
1. Equal Rights for all classes and  
creeds. Stand for Canada before party in  
resisting French and clerical aggression,  
2. Provincial Rights should be subordi-  
nated to the interests of the Dominion at  
large.  
3. Abolish the Separate Schools and  
have the English language taught to all  
citizens.  
4. Abolish School Book monopoly and  
make Schools more efficient.  
5. Prohibition of the Liquor Traffic and  
the placing of Licenses, so long as they  
continue, and civil service appointments in  
the hands of a Non-Partisan Commission.  
6. A Registration shortly before Elec-  
tions to save the expense and complications  
attending present system and also a secret  
ballot.  
7. The continuance of the National  
Policy, so long as the United States main-  
tain present attitude.  
8. The preservation and development of  
mineral and timber interests.  
9. Make Elections come on a fixed day  
so that neither party could surprise the  
other by springing an election on the  
country.  
10. Place the redistribution of constitu-  
encies in Ontario with the Judges of the  
Court of Appeal.  
11. Before capital gets the hold upon  
our country that it has upon the United  
States, the position of those who labor  
should be made unassailable.  
12. Honesty, economy and efficiency in  
all departments.  
With the above amendments the strong  
holds of the bootlickers, office-seekers and  
those who trade upon race and creed for  
place and power would be broken down,  
and many a home now desolate and de-  
serted would be made comfortable and  
happy.

Yours, &c.,
