## The Sparrow.

That immoral and impudent bird, the spatrow, is in trouble again. He is a bird of notoriously bad character. He is a fighter, a thief, and an incurable glutton. The indictment, which the Chester Farmers' Club has brought against him, is enough to make more self-respecting birds thank their stars that they are not as he. The Cheshire farmers have been calculating that he eats one tenth of all the grain that is grown in the country, and the cost of killing him is about a pound a thousand. If a farmer wants to exterminate birds, he must expect to be at charges for the salt to put on their tails-which in this case happens to be saitpeter. But the accusation of gobbling up the grain which ought to go into the barns is more serious. In the winter, too, the sparrows go into the farm-yard and eat the grain intended for the poultry and feed at the pig trough with the pigs-which is surely a mark of great in elligence on their part. Still the Cheshire farmers must remember that all the world is not agreed as to the ingrained immorality of the sparrow. There are those who believe that they consume an enormous

A Ritualistic minister once said to an Evangelical one, " It would be a sin in me to lay my Saviour on ham and eggs." Realthis extract from the scientific papers

of Great Britain and Europe: A NEW DEPARTURE IN MEDICINE.

The four greatest medical centres of the world are London, Paris, Berlin and Vienna. These cities have immense hospitals teeming with suffering humanity. Crowds of students throng the wards studying under the Professors in charge. The most renowned physicians of the world teach and practice here, and the institutions are storehouses of medical knowledge and experience. With a view of making this experience available to the public the Hospital Remedy Co. at great expense secured the prescriptions of these hospitals, prepared the specifics, and although it would cost from \$25 to \$100 to secure the attention of their distinguished originators, yet in this way their prepared specifics are offered at the price of the quack patent medicines that flood the market and absurdly claim to cure every ill from a single bottle. The want always felt for a reliable class of domestic remedies is now filled with perfect satisfaction. The Hospital Remedies make no unreasonable claims. The specific for Gotometric remedies is now filled with perfect satisfaction. The Hospital Remedies make no unreasonable claims. The specific for Catarrh cures that and nothing else; so with the specific for Bronchitis, Consumption and Lung Troubles: Rheumatism is cured by No. 3, while troubles of Digestion, Stomach, Liver and Kidneys have their own cure. To these is added a specific for Fever and Ague, one for female weakness—a general tonic and blood-maker that makes blood and gives form and fulness, and an incomparable remedy for Nervous Debility. NO. 1—CURES CATARRH, HAY FEVER, ROSE COLD, CATARRHAL DEAFNE: S—The only cuthentic cure emanating from scientific sources now before the public. NO. 2—COUGHS, COLDS, BRON HITIS, ASTHMA, CONSUMPTION—An incomparable remudy; does not merely stop a cough, but eradicates the disease and strengthens the lungs and restores wasted tisues, giving a new lease of life. \$1.00.

NO. 3—RHEUMATISM—A distinguished and well-known specialist in this disease in Paris, who treats nothing else, built his reputation on this remedy. §1. NO. 4—LIVER AND KIDNEYS, DYSPEPSIA AND INDIGESTION, CONSTIPATION, BRIGHT'S DISEASE—A favorite slaughter-field for the quack who has ruined more stamachs than ale hol. Use a remedy sanctioned in high places. \$1.00.

NO. 5—FEVER AND AGUE, DUMB AUGE, MALABIA, NEURALGIA—Few know what grave damage this does the sys. em; it le treated to break it for a time. Use a remedy that eradicates it. \$1.00.

NO. 6 — FEMALE WEAKNESS, IRREGULARITIES, WHITES—Many women are broken down because they neglect these diseases until (hronic and sealed. Use No. 6 and regain health and strength. \$1.00.
