CATARRH, CATARRHAL DEAFNESS—HAY FEVER

A NEW HOME TREATMENT.
Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N.B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent on receipt of ten cents by A. H. Dixon & Son, 303 West King Street, Toronto, Canada.—Toronto Globe.

Sufferers from Catarrhal troubles should carefully read the above.

Local and General.

Legal suits made at the Conerco.
FULL SWING.—Two in a hammock.
Very dressy things in dress goods at the Conerco.

SEE Atkinson & Switzer's new advt. All aim at it.

The favorite family grocers—Atkinson & Switzer.

WEDNESDAY'S Daily Globe did not reach this office.

The brick-work of Mr. John Palmer's new house is nearly completed.

The Methodist parsonage is being re-carpeted and some new furniture added.

SERVICE will be held in the English Church here, next Sunday morning at 11 o'clock.

The Orangemen of Thornhill attended the demonstration at Toronto on the 12th.

SEE Brown's new ad. This week. You can get fruit of every kind, also the best groceries, etc.

TWO CANS of McColl's machine oil five gallons each, for sale at the HERALD office, at 50c.

BASEBALL.—A game of baseball will be played at Unionville to-day between the senior clubs of that place and Richmond Hill.

THE new pavement on the street leading to the park is an exceptionally good one and reflects credit on Mr. Brown's ability.

COME to the HERALD Book and Cheap Fancy Store for your books, stationery, embroidery, silks of all kinds and shades, Berlin, zephyr, Andalusian and Saxony wools in all colors.

HON. BEN.—We have to acknowledge receipt of the speech of Hon. Benjamin Butterworth, of Ohio, in the House of Representatives U. S. A., upon the Tariff. It was mailed free as being part of the record of Congress. But why should it pass through Canada free?

NEW POTATOES AND CHERRIES.—It is very thankful we are to think we had a dish of fine new potatoes this week, for which we are indebted to our immediate friends to the south. And then afterwards comes the nice cherry pudding, the cherries for which the kind friends immediately north placed at our disposal.

RUNAWAY.—A horse belonging to Mr. J. Glass which was attached to a hoserake ran away on Monday last. It succeeded in getting clear of its burden and driver and came dashing down the sidewalk on Yonge Street at a furious rate. The horse was captured in front of the Grand Central Hotel without doing serious damage, although, we are informed, several ladies and children had narrow escapes of being run over.

LACROSSE MATCH.—On Saturday last as per announcement the Maitland Lacrosse club of Toronto, visited Richmond Hill for the purpose of playing a friendly game with the club of this place. At about 3:30 p.m., the visitors arrived and after donning their uniforms at the Grand Central proceeded to the park grounds, where a large number of the villagers had congregated to witness the sport. The ball was faced shortly after 4 o'clock and after a hot contest of 20 minutes duration, the visitors were successful in putting the rubber between the home team's flags. This, however, did not tend to dishearten the "Rose Buds" in the least, but rather wakened them up, for when play was resumed they went to work with more determination and won the day by taking three successive goals in 17, 11 and 23 minutes respectively. The play through out was very good on both sides, and to their credit, very little rough play was indulged in. Great enthusiasm was displayed by the spectators and the boys were naturally quite jubilant over their victory against such formidable opponents.

The best you can buy is what we sell. Try us—Atkinson & Switzer.

FOR SALE.—6,000 Mails, Empires and Globes which will do for house cleaning or wrapping purposes if for nothing else, for sale during this and the next week at 30 cents per hundred.

POOR HUMANITY.—One of the incidents of the 12th happened on Yonge street, Toronto, as we were going up that thoroughfare we espied a poor inanimate flower, commonly known by the name of Orange Lily, beneath the heel of a workman from a building near by. Poor fellow! he seemed to enjoy the crushing of the poor inanimate flower beneath his heel for want of the owner or wearer of it to serve the same cause or to reap to wreak their vengeance upon things that injure them not, and it simply shows what the poor fellow's feelings must have been to make such a foolish show of himself as he did.

A MYSTERIOUS FIRE.—Early on Thursday morning last a fire was discovered in the store of Mr. E. Gallanough, Thornhill; damage was done to the extent of about \$200. It commenced in a drawer in the counter, in which it was the habit to throw bits of twine and odds and ends. The commencement of the fire can only be accounted for on the supposition that a house had carried matches into the drawer and set fire to the contents. It being the habit of some person to sleep in the store, the discovery of the fire was brought about by the sleeper being aroused by the smell of smoke and the suffocating feeling induced thereby. Having been discovered in time a serious conflagration was avoided.

A FREE TRIP TO EUROPE.—The Publishers of THE CANADIAN QUEEN will give a free trip to Europe to the person sending them the largest number of words constructed from letters contained in the name of their well-known Magazine. "THE CANADIAN QUEEN." Additional Prizes consisting of Silver Tea Sets, Gold Watches, China Dinner Sets, Portiere Curtains, Silk Dresses, Mantel Clocks, and many other useful and valuable articles will also be awarded in order of merit.

Webster's Unabridged Dictionary to be used as authority in deciding the contest. This is a popular plan of introducing a popular publication. Every one sending a list of not less than ten words will receive a present. Enclose thirteen 2c. stamps for illustrated Catalogue of presents and three months' trial subscription to THE QUEEN. Address—THE CANADIAN QUEEN, Toronto, Ont.

THE BUTTERMILK CURE.—Buttermilk as a remedy for dyspepsia is likely to receive a big boom, now that ex-Congressman Scott, of Pennsylvania, has added the weight of his testimony in favor of its use, afforded by an increase of eight pounds in two weeks. A New Orleans man recommended it to him, who had used it for forty years, and his method of preparing it may interest some dyspeptics. Here it is:—You put the buttermilk in a pan, which is set in hot water. The milk is brought to a boil, but not allowed to boil.

Every little while the milk is set aside to cool. I drink a glass of it three or four times a day, as hot as I could bear it in my throat. After you get used to it you will like it better than champagne. It has a delicious acid taste. I have been a great sufferer for years with inflammation of the mucous membrane, which caused my dyspepsia, and this is the only thing that has ever permanently helped me.

AN EFFICIENT EYE WASH.—Irritable eyes, due to strains, dust, cold, and a variety of other causes, are quite common. Among the domestic remedies which are the most popular are applications of warm milk, tea, sassafras, pith water, etc. Borax and camphor water, an agreeable and efficient remedy, has long been used by physicians. An eye wash, very nearly, if not quite as serviceable, can be made by adding one drachm of the crystals of boric acid to a pint of soft, boiled water. This should be boiled and kept in a cool place. Three or four times a day half a cupful of the solution should be heated, and the eyes bathed with it as hot as can be borne. Apropos of this, people will do well to remember the fact that some kinds of sore eyes are highly contagious. And the infectious poisons, not being easily killed, are often transmitted from one person to another on towels, wash basins, etc., used in common. Probably all know that skin diseases are often conveyed in that way, but few, however, can know that the same is true with diseases of the eyes, which are much more to be feared.—Toronto Globe.

The 12th at Woodbridge.
The greatest twelfth of July that Woodbridge has seen took place on Saturday. The lodges of North York and West York selected it for their annual meeting, and from early morning till noon the lodges kept coming in, accompanied by their bands. The last to arrive were the lodges from the south of the county, which came on the C. P. R. and took seven cars to accommodate them. After dinner the procession started from the old fair ground to Smith's charming grove, near the station. The lodges taking part in the procession were Nobleton, Proctor's Aurora, Schomberg, Springhill, Maple, Woodbridge, Purpleville, West Toronto Junction, Eglinton, Grouse Hill and Weston. The procession was half a mile in length and was enlivened with the music of seven excellent brass bands. Stirring addresses were made by Bro. Connor, Rev. Bro. Lloyd, Sibbald and others. A handsome illuminated address was presented by the county lodge to N. C. Wallace, M. P., supreme grand master of British America, for the stand he took on the Jesuit Estates Bill and the successful effort he made to get the Orange body incorporated. Mr. Wallace made a suitable reply. The village made a gala appearance.

School Board.

A special meeting of the School Board was held here on Saturday, July 12th, at 6 p.m., in the school house.

Members present: Messrs. Marsh, Switzer, Lynett, McConaghy, Wilson and Glass.

Minutes of previous meeting were read and approved.

Communications were read in regard to school repairs.

Moved by Mr. Marsh, seconded by Mr. Lynett, that the following accounts be paid: T. F. McMahon, supplies for the High School.....\$4 10

Moved by Mr. Marsh, seconded by Mr. Glass, the sum of \$150 be levied on village of Richmond Hill for High School for 1890.

Moved by Mr. McConaghy, seconded by Mr. Marsh, that the sum of \$1300 be levied on the Union School Section No. 3 Markham, No. 4 Vaughan and the village of Richmond Hill, for the year 1890.

Fire Brigade Meeting.

The Richmond Hill Fire Brigade held their regular monthly meeting on Monday evening, July 14th, 1890, after five practices.

In the absence of the Secretary, fireman McAlhoun took the minutes.

The minutes of the last regular meeting and subsequent special meeting of June 10th, were read and approved.

Upon coming to the rule of order, "Business arising out of the minutes," it was moved by fireman W. E. Wiley, seconded by Edward McLean, the fireman C. Wright's resignation be accepted—Carried.

The Secretary of the band handed in a report showing that he had collected fees and dues up to May 1st, amounting to \$13. This amount was handed over to the Treasurer.

Mr. W. Sheppard's bill of \$8, for two months' tuition of hand up to July 1st, 1890, was read, it being certified to as correct by Engineer Browlee, seconded by fireman Trevelthan, that the above bill be paid—Carried.

Moved by Foreman Sheppard, seconded by Engineer Browlee, that the Treasurer be and is hereby instructed to settle all unpaid bills in connection with the Galt and Toronto Tournaments—Carried.

A lengthy discussion took place relative to reports of the recent tournaments. The Secretary's book showed that a statement of the expenses and receipts of Galt Tournament had been handed in at a special meeting and had been seen by the Finance committee. The Treasurer explained that as all the accounts had not yet been handed in, he was unable to give a full report in reference to the Galt tournament.

It was therefore moved by Foreman Heditt, seconded by fireman W. Wylie, that the reports relative to the receipts and expenses of the two tournaments referred to above be left over till next regular meeting—Carried.

The ballot was then passed for Master James Wright, proposed at the last meeting as an apprentice fireman. It was found favorable and the candidate was declared a member of this brigade.

The roll was then called and the meeting adjourned.

VERY strict orders regarding the forts of Halifax have been received from England by the military authorities. They are as follows:—1. No private citizen will be admitted to any of the forts under any circumstances whatever. 2. No naval officer will be admitted unless on business. He must then be accompanied by a military officer. 3. Military officers in plain clothes are prohibited from visiting the forts. 4. Information of any character regarding the forts must not be given to visitors. Vast fortifications are being erected at York redbout and at MacNab's Island, on which fabulous sums of money are being expended. This fact, in connection with the arrival of the two torpedo boats, shows that the British Government is preparing for any eventualities in this locality.

Brutal Attack on a Cripple Who is Seriously Injured.

For the simple offence of wearing a strip of Orange ribbon, in honour of the 12th of July, James Downard, of 102 Stafford street, Toronto, received a very serious beating from a gang of roughs near his home on Saturday night. While passing along King street, not far from Strachan avenue, the gang pounced upon him, beating him in a fearful manner. He would likely have been murdered but for a couple of gentlemen, who rushed in and rescued him from the violence of his cowardly assailants. What makes the assault all the more serious is the fact that Mr. Downard is a cripple. He was found to be seriously injured, and has since been confined to bed. Acting Detective Porter has the case in hand.

ALL AT THE IS OUR STORE.

We aim to make it, you aim to save it. That's all right. Our place to trade is where the merchant is willing to divide profits so that you save while he makes. That place

IS OUR STORE.

We prefer a small profit on a big trade to a big profit on a small trade. Ten cents profit from ten people rather than \$1 profit out of one purse. DO YOU OBJECT that it takes more time to serve ten people than one and so costs more? We answer that good goods at small profits sell quickly. It's the haggling over large profits takes the time.
