

The Liberal.

Friday, May 27 1881

Local and Other Intelligence.

And now the 21th is over, Business is booming this week. And the weather is exceedingly hot. Dust is again thickly covering the street.

Hymn Books. Fresh supply of Methodist Hymn Books at the LIBERAL Depot.

Frize List. The price list of the fair may be expected in our next issue.

Crowded out. Teston communication crowded out this week, will appear in our next issue.

Revised New Testament. Revised edition of the new Testament for sale in various bindings at the LIBERAL Depot.

No Service. Owing to the Presbyterian church opening on Sunday, there will be no service in the Methodist Church next Sunday evening. Service as usual in the morning.

S. Chudwick of Arcadia, Wayne Co. writes: "I have had severe attacks of Asthma for several years. I commenced taking Dr. Thomas' Electric Oil. The first dose relieved me in one hour. I continued taking it in teaspoonful doses for a few days, and have not had an attack since now nearly one year."

Sleeping in Church. Who was the man who went asleep in the Methodist Church on Sunday evening, and fell over the back of the seat? Several times when his head went back we were afraid for the safety of the gallery and its occupants, lest it should disappear in the deep vortex.

A neglected cough brings on consumption -- the most fatal and prevalent of all physical ills that flesh is heir to. To check the malady in its early stage before the deadly tubercles develop themselves in the lung, use Dr. Thomas' Electric Oil, which also annihilates bronchitis, asthma, catarrh, piles, kidney troubles, and soreness of the muscles and joints.

Monthly Sale. Eckhardt's Fourth Monthly Sale will be held at the Palmer House Richmond Hill, on Wednesday next, June 1st. The establishment of this sale has been a great boon, not only to purchasers but also to sellers. A very large number of entries of horses, cattle, sheep, carriages etc., have been made, and we anticipate one of the most successful yet held.

In darkness. It was with a great deal of dissatisfaction and chagrin that the congregation in the Methodist church sat in almost total darkness during part of the service last Sunday evening and were unable to use their hymn books. For the sake of the congregation we hope better provision will be made in future, either by lighting the gas or commencing service earlier.

NO Good Preaching. No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article, when he feels miserable and dug with sluggish brain and unsteady nerves; and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters see another column.

Removing. Mr. W. B. Brown, formerly of Wright's Carriage Works but who has been doing business for some years in Stouffville has sold his business to Messrs Addison & Latchford, and has with the Wheeler Bros. purchased a large flowering mill in Orangeville where they intend to carry on merchant milling. Mr. Brown is an energetic and thorough business man, and it is amid the regrets of many personal friends that he leaves Stouffville.

Alive a week without a head. While two of Mr. John Mapes' boys were playing at Wilson's pond more than a week ago they caught a fine large turtle. It had a beautiful shell and in order to preserve the shell, they cut the head off, and in doing so, also cut a leg off, and left it aside for the Tish to decay. When examined more than a week after the decease of the head, its tail and hinder parts were yet alive and if you would touch it it would draw itself quite away. His legs began to rot on the eighth day. This may seem almost incredible but Mr. Mapes vouches for the truth of it.

Prehistoric. On Monday afternoon of last week while Mr. Drury was digging post holes dug on his farm, lot no. 6 3rd Con. Markham, a human skull was turned up, and upon further examination several bones of them were discovered apparently in a trench running north and south. It created a good deal of excitement for a time, and Mr. Drury was going to make a money speculation by erecting a tent over the spot and charging an admission. A good many theories have been set afloat concerning the find, but only speculation. Professor Wilson who has devoted a good deal of attention to the study of prehistoric man, is to visit the spot.

WHAT THE CONSUMPTIVE NEEDS is a medicine which not only relieves irritation of the lungs, but makes up those losses of strength always entailed by lung disease. Recovery can never be hoped for so long as the vital current remains watery and impoverished, the nervous system weak and unquiet. It is the union of invigorating elements with a pulmonary of acknowledged potency that gives Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda such a decided preeminence over the generality of preparations designed to overcome lung throat and bronchial affections. The hypophosphites furnish the system with the most important constituents of blood, muscle and nervous tissue, and the highly prepared oil derived from the cod's liver acts as a subjugator of throat and lung irritation. Sold by all druggists. Prepared only by NORTHROP & LYMAN, TORONTO.

Canada Royal Benefit Society!

This Society is organized for the purpose of enabling persons between 16 and 70 years of age, becoming members, to make provision for old age, and in case of death, to secure a sum of money to their widows or orphan children, or to other relatives or persons dependent on them; and to secure to each member of the Benefit Branch, medical attendance and a weekly allowance in case of sickness or accident disabling him in his usual work. The great value of benefit societies to all classes who depend upon their personal efforts for the support of themselves and their families, is now universally recognized.

TWO FEATURES! EMINENTLY ADAPTED TO THE TIMES, NAMELY:

SMALLNESS OF COST AND THE SATISFACTORY SECURITY AFFORDED TO ITS MEMBERS.

INTELLIGENT EXAMINATION OF OUR STATUTES AND BY-LAWS
