## Local and Other Intelligence.

Full wheat is out in head.

### Accident.

Master Arthur McKinnon while playing on some boards, slipped and fell breaking his arm. The injured limb is doing as well as can be expected.

### Narrow Escape.

During the heavy wind on Monday evening the pinnacles on the new Presbyterian tower were almost blown off. They need more support to hold them.

G. A. Dixon, Frankville, Ont., says:—He was cured of Chronic Bronchitis that troubled him for months by the use of Dr. Thomas' Electric Oil.

### Annual Festival.

The Methodist Church and Sunday School at Victoria Square, intend holding their annual Festival on Dominion day. Further particulars next week.

The coughing and wheezing of persons troubled with bronchitis or the asthma is excessively harassing to themselves and annoying to others. Dr. Thomas' Electric Oil cures all this entirely, safely and speedily.

### A work for Farmers.

It will be to their interests if farmers will read and digest the testimonials found elsewhere in this issue, concerning Dr. Manning's Stock Doctor and Live Stock Encyclopedia. It is an excellent work.

### The Troops.

The Oak Ridges Cavalry troops, under the command of Captain McConnell, paraded here on Monday morning, previous to starting for Niagara for their annual drill. The boys looked well and the troop made a fine appearance when mounted.

### Oak Ridges Troop.

We learn that the troop under Captain McConnell arrived at Niagara by steamer *Chicora* on Tuesday afternoon. We believe the No. 3. Muskham troop under Major Elliott, is the largest Cavalry troop in the camp, and the Oak Ridges troop comes next in order.

### On the tramp to Muskoka.

On Thursday afternoon of last week, an old negro of about seventy years of age, passed north through this village with a gun and a large bundle on his back and a dog by his side. They both looked pretty well worn out with fatigue. His story says he is going to Muskoka on a hunting expedition.

### Accident.

On Monday, while the cavalry troops were proceeding to Toronto on their way to Niagara a serious accident occurred a few miles south of this. The horse on which John Jordan was riding bolted, throwing him and injuring him very seriously. He went contrary to his mother's wishes, as he is subject to take fits.

### Thornhill Christian Temperance Club.

The Newton Brook Glee Club, and parties from Toronto, have promised to entertain in the Thornhill Christian Temperance Society, next Saturday evening. This entertainment is expected to be the best they have ever had. Admission: 5 cents.

### Just a Mistake.

A Dutchman once met an Irishman on a lonely highway; as they met both smiled, thinking he knew the other. Put on seeing his mistake remarked with a look of disappointment: "Faith an' I thought it was you an' you thought it was me, an' it's nathur of us." "Yax, Dat is true; I am an under man, and you is not yourself—we pe both some other bodies."

### Carelessness.

Through some carelessness or other, when the windows were put in the Methodist Church there was nothing put in to fasten those which open, and when the wind storm came up on Monday evening one of them was blown out and broke a large hole in the glass. By the time three or four more are broken, action will be taken to fix them in.

### Just too late.

The *World* in commenting on the Soldiers in Toronto on Monday says: The Oak Ridges troop of cavalry, numbering 36 men, arrived at Yonge Street wharf just in time to miss the boat. They had ridden into town and as they stood disappointed on the wharf they spat heaps of dry dust from their parched mouths. The men will have a hot sun to endure while in the martial camp.

### Dominion Day.

At a meeting of the reunion and concert committee of the Mechanics Institute on Monday evening it was decided to get up a concert if a suitable program can be provided. There seems to be a difficulty in this direction, as the attractions, elsewhere on that day draw the crowd away from Richmond Hill. The secretary of the committee is authorized to correspond with a number of performers to see what we can do. The matter will be finally decided on Saturday evening.

### The Wind.

On Monday evening the blackened sky portended a terrific storm of some kind,

which burst upon us in a terrible gale which amounted to almost a hurricane. For several minutes the air was blackened with dust etc, so that you could not see ten feet at times. Considerable damage was done through various parts of the country. The worst we have heard of here was the blowing out of part of the large front window of the Methodist Church and breaking it, and a shaking of one of the pinnacles on the Presbyterian Church Tower.

### The Temperature During May.

From the monthly weather review issued from the Meteorological office here the following facts are taken regarding the temperature at Toronto during May:—The mean temperature was 58° 10', or 6° 10' above the average. The highest temperature (91°) occurred on the 12th at 2:30 p. m., and the lowest (28° 8') at 5 a. m. on the first, giving a monthly range of 62° 2'. The warmest day was the 12th mean temperature 75° 10', and the coldest the 3rd, mean temperature 39° 70'. On each of 24 days the mean temperature was above the average on that particular day, and below on 7 days."

### Decamped.

W. Arnold, of the late firm of Watkins & Arnold, Marble dealers, has absconded, leaving his creditors to whistle to the tune of several hundred dollars. He might at least have said "good bye" to the *LIBERAL* man, as the only thing he ever did to him was to ask him to pay his honest debts in default of which he told him he would have to make him acquainted with Division Court Law. Mr. D. McDonald from whom Arnold borrowed nearly \$300 a few weeks ago, will perhaps be the heaviest loser. It looks as though this step had been in contemplation for sometime.

### Liquor Case.

At the Yorkville Police court on Friday morning Messrs. Carr and Dobson, J. P., gave judgement in the case of John Palmer, hotel keeper, Richmond Hill, who was charged with selling liquor in rear of his premises on May 24th. The same not being within the limits of the license claimed by Inspector McConnell, a fine of \$25 and costs, or in default thirty days was imposed. Mr. N. Murphy appeared for defendant, said this would be a test case and would be tried at the Court of Queen's Bench.

### Journalistic.

The May number of the *Agents Herald*, published in Philadelphia, to hand. It appears in entirely new dress and is a beautifully got up and well edited paper of 16 pages, devoted to the interests of agents. It is death on frauds of every kind, and does not hesitate to expose them. No better evidence of its worth can be given than that through comparatively a new enterprise, it boasts a circulation of about 75,000 copies. The June issue will contain an appeal to the agents of America, which calls on organization against fraud and imposition not only for the benefit of agents, but employees and the public generally. Every agent should subscribe for it. See specimen copy at the *LIBERAL* NEWS DEPOT.

### TOMB

### CARVILLE.

(From Our Own Correspondent.)

The S. S. Anniversary held here, June 9th was a success in every respect. A large number took and tea, the church was completely filled at the concert. Mr. Wm. Harrison occupied the chair. The programme, consisted of readings, recitations, singing by the school and others, was given with much satisfaction to the audience. The proceeds were quite satisfactory.

Mr. T. Sterling who has been miller here for some time is leaving, as he and his brother have leased a mill at Buttonville. He has the well wishes of the neighborhood with him. Mr. M. Hoover fills his place.

The Rev. Mr. Laird, preached his farwell sermon here last Sabbath evening. He intends joining the Minn. Conference of the M. E. Church.

Some person or persons probably wishing to appear creditably, on the birthday of our "Glorious Sovereign" took advantage of the absence of all the family from Mr. R. Graham's of the 2nd con. Vaughan, to enter and possess themselves, of clothes, belonging to Mr. Graham and his hired man, and also a watch of the hired man's, about \$60 worth in all.

The farm of 33 acres belonging to the late Mr. Lund, was sold lately to Mr. Jones for \$4,370.

Mr. T. Cook, miller, is having a Turbine water wheel put in the place of the old wooden one.

### MAPLE.

(From Our Own Correspondent.)

The committee appointed by County Council to select a farm for Industrial Home, visited Maple last Saturday, and inspected three different farms in the neighborhood.

The General Purpose Stallion, Trotting Jock, which took 1st prize at Richmond Hill Fair, belonging to Mr. D. Watson, of Maple, died at Little Lake in King township.

BEAT IT WHO CAN—Mr. John McKinnon of Lot 20, 5th Con. Vaughan, had a three year old Filley weighed on Maple Weigh Scales, which drew the beam at 1,574 lbs. This is thought to be an extra weight for a colt that age.
