

BALDNESS.

WINTERCORBYN'S

HAIR RESTORER

Neither Gasoline, Vaseline, Carboline, Allen's or Hall's Hair Restorers have produced so important Hair on bald heads. That great discovery is due to Mr. Wintercorbyn, 114, King St. West Toronto, as can be testified by hundreds of living witnesses in Toronto and the Province. The Restorative is put up in bottles at one dollar each or six for five dollars. To be had of all respectable Druggists. Testimonials will be furnished in future issues. Send for Circular and Testimonials.

CHALLENGE—I will deposit \$500 to be given to charitable purposes in the City of Toronto, if any of the so-called "restorative" manufacturers will place a like amount for the same purpose to give satisfactory evidence to me that they can produce results to compare with mine.

Local and Other Intelligence.

Rain is needed.

Rain has come.

Whew, isn't it hot?

The Comet is waning.

Cherries are almost ripe.

Three days also are waning.

Fine weather for bathing.

The Comet excitement dying away.

Building operations are brisk here now.

The new sidewalk on Richmond Street is quite an improvement.

Dominion Day

Passed off very quietly here, being no celebration.

Ice Cream.

Master Bert Savage is rushing the ice cream business. Splendid weather for it. Give him a call.

Personal.

Mrs. D. C. Richmond of Woodstock is visiting her friends in this village. We wish her a pleasant time.

Landed.

We are glad to hear that the vessel on which Mr. H. B. Dewsbury sailed to England arrived safe and sound.

Personal.

Mr. John Rowe of this village is going to the Old Country, on a visit, in a few weeks. We wish him a safe voyage.

Cattle Fair.

The monthly Cattle Fair on Wednesday was not as largely attended as usual but good prices were realized for stock.

Entrance Examinations.

The entrance examinations are being held here yesterday and to-day. The number of candidates are exceeding small.

Who's next.

Who's going to have the next Strawberry and ice cream festival surely they will not be let cool down this hot weather.

Fecundity.

A Tennessee woman gave birth to seven babies at one time two weeks ago. It is said the husband is so tickled that he spreads his mouth from ear to ear and smiles.

Intermediate Examinations.

The intermediate examinations will be held here next week commencing on Monday at 2 p. m. J. A. Stewart, Presiding Examiner.

Symmetrical.

The spire on the Methodist Church is rapidly assuming shape and proportions. Judging from present appearances it is going to be one of the nextest and most symmetrical we have seen.

Journalistic.

The Canadian Agent's Record, published in Hamilton, is before us, and is full of interesting matter to agent. It is a well got up, neat looking little eight page journal which every agent should have. It is published fortnightly at 50 cts. per annum.

The Crops.

In this vicinity the crops are looking exceedingly well, except fall wheat, which is light. The hay which is being saved, is splendid, barley prospects are excellent as well as all other crops. It is to be hoped

no blight or other destructive element will spoil the prospect.

The Festival.

The strawberry and ice cream Festival, on the evening of Dominion Day, in the Methodist Church was a grand success. The only difficulty was, provision was not made for such an immense crowd, and the inevitable consequence followed, much to the chagrin of many whose throats longed for the cooling element. About fifty dollars were realized.

A Rare Chance.

In order to introduce the LIBERAL into many homes that it has not yet reached we make the following extraordinary offer. We will send the LIBERAL, post paid to any address in Canada or the United States for the remainder of the year for the nominal sum of 25 cents. Three cent stamps can be sent by mail. Address, THE LIBERAL, Richmond Hill.

Resigned.

Mr. Thos. Carscadden, Head Master of the High School, handed in his resignation to the secretary of the school board on Monday. He has accepted the position of first assistant in the Galt Collegiate Institute at a salary of \$1,200 per annum. We, in common with all interested, have to regret losing the services of Mr. Carscadden in the High School, as under his efficient management the school has rapidly advanced to the foremost ranks of schools in this Province. Though we regret his departure from our midst, yet we cannot but wish him prosperity and success in his new position.

Correction.

We are very glad to correct a statement made through our columns two weeks ago, concerning that sad affair, the Futerbaugh suicide. It was stated by us on what we thought good authority that the probable cause of the act was unsatisfactory writings drawn by his father on Saturday previous. We are now in a position to say that such is not the case, as the writings alluded to were drawn up on Friday, and as John was an only child they were exclusively in his favor, he having been given a deed of most of the property, except a portion reserved by the father for his own benefit, and was given full control of everything with which he expressed himself highly satisfied. They were in very comfortable circumstances, and the utmost harmony prevailed in the family. There can therefore be no possible cause assigned other than temporary insanity. He had been doctoring for some time, and his health was not the best, which fact gives more plausibility to the solution. From a personal acquaintance we entertained a high degree of respect for the family, and desire hereby to express our sympathy in their hour of affliction.
