

# BALDNESS.

WINTERCORBYN'S

HAIR RESTORER.

Neither Gessline, Vaseline, Carboline, Allen's or Hall's Hair Restorers have Produced Luxuriant Hair on bald heads. That great discovery is due to **Mr. Wintercorbyn**, 144 King St. West Toronto, as can be testified by hundreds of living witnesses in Toronto and the Province. The Restorative is put up in bottles at one dollar each or six for five dollars. To be had of all respectable Druggists. Testimonials will be furnished in future issues. Send for Circular and Testimonials.

**CHALLENGE**—I will deposit \$500 to be given to charitable purposes in the City of Toronto, if any of the so-called "restorative" manufacturers will place a like amount for the same purpose to give satisfactory evidence to me that they can produce results to compare with mine.

**CHARLES MAITLAND WINTERCORBYN**  
144 King St. West, Toronto.  
Toronto June 20th 1881. 48-1y

## The Liberal.

Friday, Aug. 5, 1881.

### Local and Other Intelligence.

#### Harvest hands.

Hands for the harvest field in this vicinity are being offered from \$1.50 to \$2.00 per day.

#### Tenders.

Tenders for the erection of a spire on St. Mary's church here will be received to the 10th inst.

#### Coming Home.

Mr. H. B. Dowlsary, who has been off to the old country for the benefit of his health is expected home shortly.

#### An Inquiry.

"Pat, have you seen a stray pig this morning?" Sure, an how could I tell a stray pig from any other, Sur?"

#### Monthly Fair.

Owing to this being the most busy season of the year with farmers, the Cattle Fair on Wednesday, was very poorly attended.

#### Personal.

Mr. Lundy, Editor and Proprietor of the Aurora Banner was in town on Monday, and favored us with a call. He reports business good in Aurora.

Joseph Rusan, Percy, writes:—I was induced to try Dr. Thomas' Electric Oil, for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me.

#### Monthly Sale.

Rekardt's Monthly Sale on Wednesday was rather dull, caused no doubt, by every person being busy. We have no doubt the next will be more brisk, as the rush of work will be about over.

#### Pew renting.

There will be a meeting this evening in the Methodist church for the purpose of renting some pews that have been vacated, and some that have just been put in. All interested will please govern themselves accordingly.

**Sure but not slow.** People who have tried Dr. Thomas' Electric Oil to get rid of pain find that it is sure but not slow. A cough even of long standing, is speedily controlled and cured by it. Rheumatism, neuralgia, corns, lame back, and swollen neck rapidly disappear when it is used.

#### An Oversight.

In our reference to the Soiree held in the Masonic Hall in connection with St. Mary's church two weeks ago, we overlooked the name of Master William Atkinson, who should have been mentioned as taking part in the musical portion of the program.

#### Cushioned.

The cushions for the Methodist Church are all completed and most of them were in their places last Sunday. It is a wonderful thing both to the appearance of the church and comfort of the congregation. They are of crimson repp and black ticking and buttons.

#### Serious Accident.

An unusual fatal accident occurred at the corner of High Mills sidewalk, and the second concession of Yaughan on Monday. Miss McCaffrey, of Patterson was thrown from her buggy while going down a hill factoring her skull and otherwise injured. It is scarcely known yet whether it will prove fatal or not. Since writing the article we learn that she is likely to recover.

#### Query.

Will you please let me know if you have any more of the number of the Standard of 1st March? We should appreciate it very much, and the

profits go to reduce the rate of taxation, since they can grow all the requisite material on the public streets in the village. Some of the streets are literally overgrown with burdocks—so much so in some places that it is with difficulty that ladies can get along some of the walks. In proof of this it is only necessary to take a stroll on Church Street. The council should do something to abate this nuisance. (Later, Since the above writing we have learned that the council is likely to take action in this matter, for which the residents of some of the streets will be a devoutly thankful.

#### Organ Opening.

The Organ Opening, in connection with St. Mary's Episcopal Church, held last Sunday was a decided success. The three services, conducted by Rev. Septimus Jones, were very largely attended, and good collections in aid of the organ fund were realized. The musical part of the services was exceedingly interesting. Mr. W. P. Atkinson of Toronto presided at the organ, and did ample justice to the power, the harmony and the melody of the magnificent instrument placed there by W. S. Warren & Son. The vocal part was well sustained by several ladies and gentlemen from Toronto, assisted by a splendid array of home talent. We congratulate the congregation on their fine organ and the success of the opening.

#### A Midsummer Night's dream.

Was it a dream or was it a reality! 'Twas between one and two on Sunday morning, Hark! what is that? A distant rumbling sound is heard. Nearer and still nearer it comes. Louder and still louder its mutterings. Behold through the thick darkness a huge black mass, ever and anon emitting fire and smoke. Can it be that Jay Gould or Vanderbilt are outdoing the country with their iron horse. As it approaches through the darkness it assumes the appearance of a railway locomotive and train. The watchman cries "Who art thou and what thy business." The peaceful citizen, who has been roused from his midnight slumbers cries "What does this mean?"

When hark! from yonder lattice window, Come accents hushed with wild emotion; "First train of Pacific Railway," "Clear the track from sea to ocean." Now from balcony above us, Whispers soft on midnight breezes; "Jupiter from eastern heavens," "Lost her satellite, Orcus."

But list! From yonder tall vernal inn, Claims to come the true solution; 'Tis the tail of the two comets "Switching round in wild confusion." And now the scene is past, and all is quietness, and the observer is left to his reverie and dream once more. The correct solution, however, came in due time, when we saw standing at the Palmer House, an immense self-propelling engine manufactured by the Waterhouse Engine Co., of Bradford, and a Minnesota Chief grain separator, manufactured by McPherson, Glasgow & Co., of Piquet, Ont. We had the pleasure on Monday of seeing this machine work and must pronounce it as one of the most complete and efficient threshing apparatus we have ever seen. We understand that the rig complete is worth \$1,300. Mr. Simon Crockett is agent for these machines here.

THOUGH THE SICK COURT HEALTH, they frequently and fruitlessly seek to obtain it by irrational means. Misled by false representation and absurd pretensions, they neglect those genuine restoratives which true science has placed at their disposal. No proprietary remedy has met with greater approbation from their medical faculty, and more has given more satisfactory proofs of its efficacy than Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime Soda. The conjunction of these latter salts with Cod Liver Oil of warranted purity gives the preparation a great advantage over the ordinary cough mixtures, since the phosphorus, lime and soda are potent auxiliaries of the oil, invigorating the system, remedying poverty of the blood induced by waste of tissue, and increasing bodily substance. Price 50 cents and 1.00 per bottle. Sold by all druggists.
