We are told that ice formed on the water on Tuesday night half an inch thick by actual measurement.

#### Forgetful.

The Truth's Aid forget that the fixing of Hymn Book prices is something over which they have no control. Deviation is suicidal.

#### The old People.

The Chicago Tribune says: The Princess Louise is returning to this country in about two weeks. She will be remembered by old people as the wife of the Marquis of Lorne.

#### Rifle Match.

Mr. S. H. Lundy requests us to announce that the Annual Rifle Match of the 12th Battalion will be held on Howard Landing Rifle Ranges on Oct. 10th. For full particulars see posters.

#### Monthly Fair.

The regular Monthly Cattle fair was held on Wednesday when a large quantity of excellent stock of various kinds was on the grounds, and most of which was bought up by our home and other butchers.

Dr. Carson's Stomach and Constipation Bitters, are in every sense of the word, a *worthy family medicine*, and we are glad to learn that they are rapidly taking the place of those nauseous little pills. F. E. Law, special agent for Richmond Hill.

#### Monthly Sale.

Reid's Monthly Sale was held at the Palm House on Wednesday, and was successful, as it usually is. A good list of stock &c. was put up and sold. The next will be held on the first Wednesday of November.

#### Cold.

On Tuesday night and Wednesday the cold weather appeared to have set in in earnest. There was a heavy frost and it caused a general rattling among rusty stoves and dusty stove pipes on Wednesday morning.

#### Lost.

There was lost between Richmond Street and Trutch's Carriage works on Thursday night of last week a gold bracelet clasp by Mrs. Goldie, of Chicago. The finder will kindly leave the same at this office for the owner.

Robert Lybster, *Canada rapist*, writes: "I have used Dr. Thomas' Electric Oil both for myself and family for Diphtheria with the very best results. I regard it as the best remedy for this disease, and would use no other."

#### Completed.

The grounds in front of the new Methodist church were finished on Wednesday, except the fencing, which will be gone on with shortly. They look very neat, but they would have been greatly improved by dispensing with the hump on the north side.

Symptoms of Dyspepsia, or Indigestion, a dull heavy feeling in the stomach with a frequent disposition to vomit, Heartburn, Loss of Mental and Physical Force, Dr. Carson's Stomach Constipation Bitters is the *certain remedy* for this distressing complaint. In large 8 oz. bottles at 50 cents. R. E. Law, special agent for Richmond Hill.

#### Social.

A 10 cent social was held in the lecture room of the Methodist church on Tuesday evening, to dispose of the surplus of abundance provided for Monday evening. There were a large number took tea, and yet a good deal of the stuff had to be disposed of by auction.

Ample warning is given us by our lungs when they are in danger. If fool-hardy enough to neglect the warning signal, we incur imminent peril. Check a cough at the onset with Dr. Thomas' Electric Oil—which is a sovereign pulmonary—besides being a remedy for soreness, lameness, abrasions of the skin, tumors, piles, rheumatism etc.

#### Disappointment.

The Charles street church choir had a little fun this week. They went to Maple for the purpose of joining in a church social, but unfortunately, a wheel came off the conveyance, causing a heap of fun and a delay of 30 minutes. They arrived in time however, to find the church closed and the social over. They had their little sing notwithstanding. *City Ec.*

In the month of October Typhoid, Diphtheria, and Malarial Fevers are very prevalent. For a sure preventive take, according to directions, Dr. Carson's Stomach Bitters. They purify the system and cool the blood. They are used to great advantage in Fever and Ague districts. In large 8 oz bottles at 50 cents. R. E. Law, special agent for Richmond Hill.

#### Quoting.

This game is becoming quite popular here and we can boast of having some boss pitchers. Mr. H. B. Dewsbury carries off the palm. He pitched a game at Weston two or three weeks ago with Mr. Taggart and got beaten. On Saturday last he pitched another game at Maple with Mr. Taggart, best two in three with the following result:—Dewsbury, 19, 21, 21; Taggart 21, 14, 10. It will therefore be seen that Dewsbury gained an easy victory. He also pitched a game at Weston, Palmers of Maple, the same day with the following result:—Dewsbury 21; Palmer 11. The tickets were for \$5 and \$1 respectively, the previous one being for \$10. We understand that Dewsbury and Taggart are going to have another match here shortly.

#### Wrights Works.

The following is a list of the rigs shown by Wright's Carriage Works at the Industrial Exhibition, and for which they took the highest medal in their class. The only money prizes given were for market waggons. The above firm took 1st prize for

both one and two horse market waggons. The collection of light work for which they took the highest medal was as follows:—1 buggy without oil or paint; Covered Phaeton; open, Phaeton; covered buggy, end springs; open buggy, end springs; covered luggy, on Tinkin springs; open buggy, on Dexter Queen springs; one man buggy, on Tinkin springs; trotting sulkey; Albany cutter; Portland cutter; Square body cutter. This firm also received the high enjoyment of Mr. Harvey of the firm of Harvey & Wallace of Buffalo, one of the judges, who reported to Mr. McGee, Manager of the Association, that the display would have been creditable to any shop in Canada or the United States.

#### Mechanics Institute.

The Board of Directors of the Mechanics Institute met in the Committee room of the Masonic Hall on Tuesday evening, when a considerable amount of important business was transacted, among which was the appointing a committee of ladies, consisting of Misses Hewison and Moody, to canvass the village with tickets of membership for the ensuing year, which commenced Oct. 1st. As it is intended to hold its annual meeting this winter to which members will be admitted free, we have no doubt they will secure a large number of new members, as well as all of the old ones. It was also decided to hold a debate on that all-absorbing question of the day in our villages, The School and its interests. This is a very important question just now, and will, no doubt, provoke warm and interesting discussion. It was also decided to hold an Art Exhibition on Saturday and Monday, December 24th and 26th, and a concert on the evening of the 26th. The success and entire satisfaction given by the Exhibition two years ago, will, no doubt, go far towards ensuring success for the one now in contemplation.

When General Garfield passed through Cleveland a year ago, he rode out to Luke View cemetery, and after talking cheerfully and philosophically of the beauty of the spot, said: "I think I shall make my home here in the end."

Mr. C. M. Walton, the architect for the Methodist Church, and wife, spent Monday and Tuesday here, and attended the last exercises in connection with the completion of the church, of which structure he has just reason to feel proud.

Mr. Egerton Wilson, of Thornhill, who spent his summer in the North West has returned. He has taken up a large quantity of land and likes the country so well that he is going to take up his abode there in a year or two. Mr. W. Woods, who went with him remains in Winnipeg for the winter.
