Sabbath School Concert.

Mr. Win. Boyd Hill, Cobourg, writes: Having used Dr. Thomas' Electric Oil for some years, I have much pleasure in testifying to its efficacy in relieving pains in the back and shoulders. I have also used it in case of croup in children, and have found it to be all that you can claim it to be.

Where now?
An enterprising exchange stated to its readers last week that it had not room to give any account of the attempt at the life of our beloved Queen, but it could find room to devote parts of several columns to set-to's on its village cotons, and several columns of a sensational and largely nonsensical sermon by Dr. Wild.

Jabesh Snow, Canning Cove, N. S. writes: "I was completely prostrated with the asthma" but hearing of Dr. Thomas' Electric Oil, I procured a bottle, and it done me so much good that I got another, and before it was used, I was well. My son was cured of a bad cold by the use of a bottle. It goes like wild-fire wherever it is used.

The new treatment for rapidly conditioning Horses, Zock's Tonic Compound and Blood Mixture. Each package contains a good Purgative Ball which is given to the animal previous to using the strong tonic powder. This is the common sense treatment and will accomplish more in one week than the old system of Spices, Feeds and Condition powders would do in a month, ask your Druggist about it. R. E. Law, Agent.

Strays.
The law requires that every person who takes in a stray animal must notify the township clerk of the municipality of the fact in addition to advertising it, giving as minute description as possible of the animal. The clerk is required to keep a list of all such animals. Persons failing to comply with the provisions of the law, lay themselves subject to a heavy penalty, and besides cannot collect expenses of keeping, &c.

Alexis Cyr, of Grant Isle, Aroostook, writes: Having used Northrop & Lyman's valuable Emulsion of Cod Liver Oil with Hypophosphites of Lime & Soda, and derive great benefit from it, I take the liberty of asking you for quotations, and also whether you will be willing to give me the agency for this place, as I am confident there would be a large sale for in this vicinity when its merits were made known.

Anniversary Services.
The Anniversary services in connection with the Methodist Church here were held on Sunday and Monday. Rev. George Cochran, of Toronto, preached two excellent sermons on Sunday to large and appreciative congregations. On Monday evening the Anniversary Tea Meeting was held, which was very largely patronized by members of other churches as well as their own. After the Tea, Rev. T. W. Jeffrey, of Coburg, delivered his exceedingly interesting and instructive lecture on "How to Rise in the World" to an audience that thoroughly appreciated the high degree of merit which marked the sound advice contained in the Lecture. Altogether the Anniversary was eminently successful, the sum of about \$116.15 being netted.

A Religious Crank.
The usual quiet of our village was somewhat interrupted on Sunday last by the presence of a religious crank, whose name we are told, is Bush. During the service in the Presbyterian church, he attempted to address the congregation, at the close of the sermon by Rev. Mr. McIntosh, but was prevented. In the evening he made another attempt in the Methodist church, at the close of a sermon by Rev. Geo. Cochran of Toronto. He asked permission to speak but was refused, but determined to have his say, which was to contradict what had been said, he faced all opposition, and notwithstanding the remonstrances of the official members, he was determined to be heard, whereupon he had to be forcibly ejected from the church. He was served similarly in Brampton a week previous. He is lacking in the upper story.

A burning shame.
On Wednesday forenoon an Indian was seen staggering along the streets in our village, and being utterly unable to walk, he tumbled into the ditch, and was so dead drunk that he was unable to get up, and had he not been got up and helped to a stable in connection with one of the hotels, he would have frozen. It is somewhat uncertain where he got his liquor, but for any hotel keeper to have so little regard for either the provisions of his license or laws of land, is a want of principle to which should he meted out, in the severest manner, the full penalty of the law. If he was made sing to the tune of \$100 a few times, it would be a lesson. We earnestly hope this matter may be looked into by our License Inspector, as we are of opinion it would not be difficult to ascertain who the guilty party is. He is said, in duty to our own hotels, that he was drunk when he arrived in our village, though he states he got liquor after he came. We trust, however, this is not correct. If it is let them bear the result also.

COUNTY GLEANINGS.

Yorkville.

A meeting of the Reform Association was held on Friday night, the Vice-President, Mr. Thomas Hastings, presided in the absence of the President, Mr. Edgar. After the reading of minutes and adoption of reports of Committees, Mr. Jas. Macdonald, barrister of Toronto, delivered an able address on the political topics of the day, replete with facts concerning the constitutional history of the country. A hearty vote of thanks was accorded the lecturer at the close.

Eginton.

A musical and literary entertainment was held in the School House, Eginton, on Friday evening last, under the auspices of Union Star Lodge, No. 266, I. O. G. T. The program was an excellent one consisting of choruses, duets, readings, vocal, cornet, and piano solos, etc. Mr. George Ward officiated as chairman, and there was a good attendance. A pleasant evening was spent, the entertainment being highly interesting. It is the intention of the Lodge to hold a series of such meetings for the purpose of supplying regalia and other articles in place of those lost at the late fire in York Masonic Hall.

Thornhill.

(From Our Own Correspondent)
PAINFUL ACCIDENT.—On Tuesday evening of last week as Messrs Egerton Wilson and W. Woods of this place were preparing to start for Manitoba, where they have taken up land, Mr. Joseph Sinder of Aurora, brother-in-law of Mr. Wilson, was assisting them when in carrying something along an elevated place in the sidewalk, he fell, alighting on top of a picket fence which was in the hollow and received severe injuries. The Doctors for some days had very slight hope of his recovery, but he is now doing pretty well. Several ribs were fractured, but if he has not received any serious internal injury he will recover.

Riverside.

The straightening of the Don is becoming a burning question among the residents, who begin to appreciate the advantages of the scheme.

Mr. W. Woods, a former supporter of Mr. Bonitbee, has been elected chairman of No. 2 Division (Lusville) to promote the election of Hon. A. Mackenzie.

As Mr. Robert Lumbers of Mill-road, was driving homewards about twelve o'clock on Saturday night, and on nearing the Kingston-road bridge was confronted by two men, who seized the bridle of his horse and demanded money. He jumped out of the vehicle and after a struggle released his horse, receiving, however a serious blow over the eye.

Toronto.

One of the Peruvian passengers, who was sent to the smallpox hospital last week, died on Sunday evening from the disease.

The old county-court-room has been undergoing re-organization, and emerges from the hands of carpenters and painters looking spick and span, and more in harmony with the other court-rooms.

A preliminary meeting of trustees, inspectors, and teachers connected with Public, Separate, and High Schools—past and present—was held in the theatre or public hall, of the education department, on Tuesday afternoon, the 14th inst, at 4.30, to consider the proposal to erect a monument or other tribute of love and esteem to the memory of the late revered founder of the educational system of Ontario.

York Mills.

(From our own Correspondent.)
Mr. Calvert, also, is contemplating his immediate removal to Manitoba.

The principal topic of conversation is the mud, which, I think, is as affectionate as any Manitoba mud of which we hear so much.

Your correspondent of this memorable "Hollow" has been silent for some time, but will now send you a few items, which may be passed over as "hollow" news, if they do not prove to be of interest.

There has been quite an exodus from this place within the past three or four months,—no less than four families have left us in that time,—while Mr. Barrow, our enterprising citizen, is on the eve of his departure also; and, we understand, he, like all his fellow-emigrants, is to assist in the increasing of the population of the Queen City.

All this, you will rapidly see, must tend to lessen the attendance at our school, and so it does; but still we have an average of over eighty,—so that York Mills is fertile in more than mud. Miss Macklun, our new assistant teacher, is doing excellent work. Our trustees have just completed planking the school-yard, which has long been needed.

The Presbyterian congregation, on 2nd inst., held a social in their church, which was fairly attended. On the platform we noticed Rev. G. M. Milligan and J. M. King, Toronto; Rev. H. M. Manning, Eginton and Rev. Mr. Gray, the Pastor. The committee of management very judiciously hit upon the idea of securing the services of a city choir which delighted the audience with over a dozen pieces of music, songs and readings. At 10.30 p. m. the proceedings were brought to a close, all seeming well pleased with the physical and intellectual treat they had received.

Willowdale.

(From Our Own Correspondent.)
Messrs. George and Charles James are also going to the North West this week.

Messrs Joseph and Peter Jackson are to leave next week for the same place, with a number of others, too numerous to mention.

Miss Hattie Bell, the well-known and popular milliner of Western Ontario, from Blenheim, has favoured our town with a visit, while on business to Toronto.

LEFT FOR MANITOBA.—On Thursday, 9th inst., Mr. George W. Cummer, with his wife and family of nine souls, left here for Manitoba. Quite an increase to the population of that country.

PRESENTATION.—A large number of friends of Mr. George Cummer met at his residence last Tuesday evening and gave him a surprise and farewell party, prior to his leaving for the North West.

They also presented him and Mrs. Cummer with (among other things) a large Family Bible, with compliments. Mr. Cummer replied in suitable terms. After which all sat down to a very bountiful repast and a very enjoyable evening was spent. Mr. George Cummer is a grandson of one of Canada's first settlers, who came here when Toronto was a wilderness; and the fruits of his toils are still to be seen. Mr. Cummer is, we understand, to be one of the pioneer settlers of the district to which he is now going; and will, we hope with the assistance of his amiable wife and enterprising sons, prove to be a useful citizen, and a credit to his fatherland. The party broke up at eleven, after the usual farewells and wishes of success and happiness in their new abode.

Victoria square.

(From Our Own Correspondent.)
The Oyster Supper in connection with the I. O. G. T. came off on Saturday night, attended with grand success. The Oysters were dished up in the most recherche style, and were in big demand. After the Oysters had been disposed of an entertainment was given consisting of recitations, instrumental and vocal music by the members of the Lodge and others. The proceeds amounted to the nice little sum of \$23.50.

Three of our young men, Messrs. Joseph Forester, George Brown and Charles Lawson, left last week for Manitoba. Their intention is to take up land. We wish them success in their new home.

Special services are now being carried on in the P. M. Church. Quite a large amount of good has been done, and we hope it will continue. They are conducted by the Rev. Mr. Rodwell.

Mr. Joseph Hall expects to build an addition to his store. His business has increased so, that he cannot find room to put his stock.

Mr. Heak, who purchased the ground

where the old hotel stood, has commenced to build a new one. It will be a fine looking building when finished, and will add greatly to the appearance of the village. Mr. Bosford, of Newmarket, has the contract.

Mr. Colin McKenzie, sr., happened with a severe accident on Thursday of last week. He was attending a sale down at German Mills when they were in the house selling some furniture the floor, not being very strong, gave way letting them into the cellar. Mr. McKenzie happened to be near the stove when the floor gave way, he fell again it with his face, burning it severely.

Mr. Hiram Dixon intends to sell his real estate and then go to Manitoba.

Sidewalks are needed badly.

YELLOW AS A GUINEA.—The complexion, in a case of unchecked liver complaint, culminating in jaundice, is literally "as yellow as a guinea." It has this appearance because the bile, which enables the bowels to act, is directed from its proper course into the blood. In connection with this symptom there is nausea, coating of the tongue, headache, impurity of the breath, pains through the right side and shoulder blade, dyspepsia and constipation. There and other concomitants of liver complaint are completely removed by the use of NORTHROP & LYMAN'S VEGETABLE DISCOVERY AND DYSPEPTIC CURE, which is also an eradicator of scrofula, erysipelas, salt rheum, ulcers, cancers, humors, female weakness, jaundice, and lumbago. It tones the stomach, rouses the liver, and after relieving them, causes the bowels thereafter to become regular. High professional sanction has been accorded to it, and its claims to public confidence are justified by ample evidence. Price, \$1.00. Sample bottle, 10 cents. Ask for NORTHROP & LYMAN'S Vegetable Discovery and Dyspeptic Cure. The wrapper bears a fac simile of their signature. Sold by all medicine dealers.

POST MORTEM EXAMINATIONS have in some instances, led to the discovery of the scars of completely healed abscesses of sores upon the lung. This of itself shows that the lung tissue when diseased is susceptible of restoration to a sound and healthy condition. Persons afflicted with lung disease may reasonably hope to recover health by means of well-known remedies. Foremost among these is Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, a thoroughly tested and highly accredited specific for coughs, colds, asthma, bronchitis, spitting of blood and other affections of the throat, chest and lungs. Pulmonary irritation is promptly arrested by the Cod Liver Oil, and the hypophosphites, which are among the finest renovants used by physicians, revive the flagging energies of the debilitated system.
