All the remedies I tried proved useless, until Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was brought under my notice. I have used two bottles with the best results, and can with confidence recommend it to those afflicted in like manner."

Phonography.
Now is the time for our boys to take up short-hand writing. Mr. W. V. Huntsman, a thoroughly practical hand is going to give lessons on this very important study. He

will give five lessons, with a book of exercises and a key, to each scholar, for two dollars. Now boys, this is undoubtedly the best chance you will ever get. Application to be made at THE LIBERAL Office.

Visitors.
Having noticed an unusual number of young ladies in this end of our village on Tuesday, we made an investigation into the matter, and found that the commotion was caused by the genial teacher of Patterson school escorting a bevy of his blooming pupils on an educational tour of inspection to our village schools. We wish for their sake that they had waited until our school year was in a better condition, or that they had brought a few planks with them which they might have left behind for the benefit of our school.

Runaway.
On Thursday evening of last week, while Master Robt. Thompson, of Thornhill, was taking some parcels off the bus, in front of Atkinson's the horses got frightened and started at a fearful rate down street. They were stopped below the Hill some distance. There was no damage done, farther than Robt., who was on top of the bus, being somewhat frightened; but notwithstanding his awkward position performed the very dangerous feat of climbing down the back and getting inside, thence to the front and the reins being on the ground had to climb out and get them by the head.

A GENEROUS ACT.—A gentleman who was leaving the vicinity for Winnipeg on Wednesday, called upon one of the Trustees of the Methodist Church on Tuesday and presented him with \$100 towards the Methodist Church building fund. This was a noble and generous act, which will doubtless be truly appreciated by the members of the Methodist Church in this place. It may not, however, create much surprise when we state that the gentleman was Mr. Wm. C. Patterson.

SURPRISE AND PRESENTATION.—In view of the very efficient services rendered as organist of the Methodist Church here, the members of the Choir decided to give Miss Electa Hewison some tangible expression of esteem and otherwise show their appreciation of those services. They accordingly proceeded to the residence of Mrs. Hewison on Monday evening, taking with them something to palliate the cravings of the inner man, and took possession of the house. During the evening, which passed exceedingly rapidly, the small hours arriving very early, the leader of the Choir, Mr. J. A. E. Switzer, in behalf of the members presented Miss Hewison with a purse containing \$25 upon which occasion he addressed her as follows:

DEAR ELECTA,
On behalf of the members of the choir, the most of whom are present here to night, I desire to state that we are very thankful to you for the way in which you have discharged your duty as organist of the Methodist church of this place, we know the duties connected with this position are not very light. It is a great tax on the time and patience, and a great deal of self denial to attend all the practices and Sunday and other services in connection with the church. So far as I know you have done this quite satisfactorily, not only to the choir, but to the whole congregation. The best of good feeling has existed between you and myself, and between you and the other members of the choir. It is pleasant when this is the case. I believe that the congregation are well pleased with the way you have discharged the duties of organist. As a small token of the respect in which the choir holds you, I desire to present to you this purse and its contents, and hope that you will continue to discharge the duties of organist so long as it is in your power to do so, and that we will all enter readily into the discharge of our duty not only in the choir, but duty in every part of the Master's blessed service.

Miss Hewison replied in feeling terms, and stated that what she had done, she had done with pleasure, and she would strive in the future even more earnestly to perform the duties of the position of responsibility which she held.

After an exceedingly pleasant evening being spent by all present they took their departure for home at an early hour.

SCIENTIFIC ENTERTAINMENT.—Professor W. V. Huntsman gave a scientific entertainment in the Masonic Hall on Monday evening, which was fairly patronized, but not as largely as the merits of the entertainment deserved. It was, without doubt, one of the most interesting and instructive entertainments held here for some time. Mr. Huntsman's practical illustrations of the fascinating art of Phonography were beyond all description, and delighted all present with the simplicity he threw about an art which has heretofore been regarded as complicated and to a degree, useless. He had, in fifteen minutes after he had broached the subject, the entire audience, down to the little children, reading shorthand sentences, almost as quickly as he could write them. The gentleman showed himself completely master of the art. He also gave a number of Scriptural views which were very interesting, especially his diagrams on Astronomy were exceedingly interesting and instructive. Altogether we think we have fully sustained our reputation as a prophet, in the verification of all we foretold last week. Professor Huntsman proposes getting up a class on Phonography or shorthand writing, provided he can get twenty or more pupils. This is a rare opportunity which every young man

ought to embrace. Terms are very reasonable. Any wishing to take advantage of this opportunity can apply at THE LIBERAL Office for full particulars, where Testimonials as to Mr. Huntsman's ability can be seen from Mr. Thos. Bengough, Official Reporter of Courts, Mr. Ballantyne, M. P. P., President Canadian Dairymen's Association, Professor Arnold, President American Dairymen's Association and others. He will give a FREE exhibition of the method of teaching the art in the Masonic Hall on Monday evening, to which parents and children are invited to see Mr. Huntsman's ability in fledging the winged words of phonography.

TOMB.

RODELL.—At Elgin Mills on Tuesday 22nd inst. Andrew Rodell, aged 180 years.

PERSONALS.

Messrs. W. T. Storey and W. Cook purpose leaving for Manitoba in a few days. Their genial faces will be missed in our midst.

Mr. James Robinson has left this village for Etobicoke, where he intends managing the farm his brother has been on, while he returns home.

Mr. W. C. Patterson, having found Manitoba to be a healthy climate, physically and financially, took his departure for Winnipeg on Wednesday, where he intends making his home for a time. Mr. Patterson will be very much missed in this section. Mrs. Patterson will follow later in the season.

We regret to hear that Mr. James Tully, who has been employed for a number of years by the firm of Patterson & Bro., Patterson on Wednesday, where he is engaged in one of the stores. He will be greatly missed, being leader of the Richmond Hill Band and also one of the most popular young men in this neighborhood.

COUNTY GLEANINGS.

Willowdale.

(From Our Own Correspondent.)

An entertainment was given in the School house, Willowdale, on Thursday evening, March 23rd, by Prof. W. V. Huntsman. The principal part of his discourse was on Phonography. This he delivered in such an amusing and instructive manner as to make it appear quite easy. There is no doubt that a little application, together with the instruction received would render a person capable of writing in that way with considerable rapidity.

Parkdale.

(By our own Reporter.)

On Friday night, while the unabated nuisance of being delayed at the Queen Street crossing here by the shunting of cars on C. V. R. was being patiently endured by crowds on either side of the track, a shot was fired into the cab of the locomotive through the window. The engineer and fireman barely escaped. The man escaped in the darkness. Intense excitement prevailed.

A man named Brownlee an unemployed carpenter arrested while in the act of pilfering wood from the yard of Mr. Colby on Friday night. The pilfering has been going on for some time.

Kleinburg.

(By our own Reporter.)

A Public School Concert was held in the School house here on Friday evening 24th inst. The programme consisted of Dialogues, Recitations and Singing by the school, who acquitted themselves creditably and furnished entertainment very satisfactory to the large audience in attendance. A collection amounting to fifteen dollars and a half was taken up to be applied to Sabbath School purposes. A subscription list was opened to provide funds to lay sidewalk to the school-house, but it did not meet with a very hearty response. The subscription list is still open and the promoters hope to have the co-operation of all interested in the children attending school.

York Township.

(By our own Reporter.)

YORK TOWNSHIP APPEAL.—Judge Mackenzie made the announcement last week that he with Judge Davies, of London, Ont., and Sheriff Jarvis, of the County of York, would form a Court of Revision to adjudicate on the appeal of York Township. The appeal is against the equalization of assessment made by a Committee of the County Council. The Court will sit on the 15th of April.

When will North West Colonization Companies go out of date. They are springing up like mushrooms all round us, and we fear some of them will not have a much longer existence than that of the mushroom. Messrs. Strango and Jackson of this place have gone to Ottawa to take steps to organize a farmers colonization Company and obtain a charter.

Yorkville.

A new Baptist church is to be built on Bloor street, west, for the new pastor, Rev. Mr. Harris, and his congregation.

A sleighing party on wheels passed through the village en route to Thornhill last week and returned next morning about six o'clock with a broken wheel.

The promenade concert was largely patronized at Bloor-street Methodist church last evening.

from M. J. McArthur's premises on Roxborough-street last night. The gang of poultry thieves seem to have the way open to them to do as they see fit. More police protection is asked for.

Mr. Hannigan, who keeps a boot store on Yonge-street near the Red Lion Hotel was started on Saturday evening about nine o'clock by a bullet crashing through his store window. He at once proceeded to look for the perpetrator, but could not find the guilty party.

Willowdale.

(From our own Correspondent.)

Mr. J. Gibson, of Yorkville has sold his farm in this place to Mr. Jas. King, Lessee of the Toronto Market, for the handsome figure of \$100 per acre.

Mr. P. S. Gibson, Provincial Land Surveyor, is now preparing a map of the village of Weston. The lettering is being executed by Mr. A. Vanstrand, one of Mr. Gibson's pupils. Though under the special supervision of Messrs. Gibson & Sanderson, it speaks well as to the ability of that gentleman as a draughtsman.

Mrs. and Miss Warren of Coldwater, Mich. and Mrs. Armour, wife of Mr. W. Armour of the firm of Armour & Co., Bankers, New York, are visiting here, the guests of Mrs. P. S. Gibson. Mrs. Dr. Douglass will shortly return from Florida where she has been spending the winter.

Mr. P. S. Gibson, Provincial Land Surveyor, met with a serious accident while surveying in King, injuring his back to such an extent as to render him unfit for business. He was therefore obliged to attend Court to give opinions as an expert at \$20. per day as the statutes allow. We sympathize very much with Mr. Gibson in his severe affliction.

Riverside.

(By Our Own Reporter.)

On Thursday evening a lad named J. Brauner, a nephew of Mr. Geo. Logan, met with a painful accident. He was driving up to his uncle's house when the axle of his wagon snapped throwing the lad from the wagon, breaking two of the bones in his right arm, and causing a contusion on the left forehead. Dr. Ross, was called in and set the fracture.

Mr. W. H. Doel, J. P., has purchased the whole lot on Josephine-street, extending from the corner of Hamilton-street to the Mill Road.

A petition to the Warden and members of the County Council of York is in cir-

ulation praying that no notice of any application be taken praying for a census of the village, with a view of its being incorporated. The petition has received the names of the best known and largest property owners in the neighborhood. This is as it should be, and the irrefragable few, who for selfish purposes desire incorporation, will find themselves badly left.

A largely attended and very enthusiastic meeting was held at Mr. Wood's Hotel on Friday evening in the interests of the Reform party in East York. A splendid working committee was formed, and the unanimous opinion seemed to be that H. A. Mackenzie would be returned by an overwhelming majority.

Toronto.

THE BURNT CONTRACT ENQUIRY EXPENSES.—In consequence of the City Council refusing to pay Mr. Fenton his fees for conducting the enquiry on behalf of the city into the circumstances connected with the loss of the now famous Yonge-street block paving contract, that gentleman intends bringing an action against the city immediately. Mr. Fenton has likewise been retained to act for Mr. Bengough in an action for the amount of the latter's charges for reporting the evidence.

A well-known Torontonian, who has a big railway contract in the Northwest, has gone to the scene of his work taking Dr. Constantides with him as his medical adviser at a salary of \$2000 a year.

Mrs. Davidstone, who was injured by the sudden starting of a church Street car, while she was in the act of getting off a few months ago, obtained a verdict for \$3000 damages against the Company last week at the Assize Court.

The annual inter-denominational exchange of pulpits took place Sunday, all the denominations but the Church of England participating. The spirit of the liberality evinced by this pleasant feature in the Christian calendar is one of the steps—a long one—towards the Millennium.

REPAIRS AT THE COURT-HOUSE.—The county treasurer's and surrogate clerk's offices have been newly papered and painted, the alterations in the western court-room are completed, the vault in the surrogate office has been enlarged, and a new vault built for the county clerk. Altogether the county seems inclined to make the best of a bad job.
