**WEST YORK.**

The Reformers of West York are now in a position to go to work for the con- ingelection. The delegates to the Con- vention held in Toronto on Thursday, by their unanimous and hearty choice of Mr Thomas Hodgins, Q. C., have placed be- for the constituency a man whom West York will delight to honor by returning him at the coming election by a large majority. The wisdom of the choice at that Convention is already manifest, as Mr. Hodgins has already made a tour of the riding, visiting Kleinburg, Richmond Hill, and other places. It is scarcely necessary for us to say a word in favour of a man who is so well known, not only in West York, but throughout the Pro- vince. In Mr. Hodgins we have not only a man of large amount of ability, and who in this respect would do credit to West York in the House of Commons, but in him we have also a man of sterling worth, of Christian integrity, of undaun- ted courage, ready to give strong and hearty support to every measure which is for the weal of the country and in the inter- ests of the masses. In him every tem- perance man will have a true representa- tive to whom he can conscientiously give his hearty support, knowing that in him the grand and noble cause has a true friend who will stick by it through storm and shadow, and be relieved from the disgrace the cause in West York has had brought upon it by the present (mis)rep- resentative, whom every true temperance man must blush and hang his head in shame to acknowledge as his representa- tive. In him every lover of truth and honesty will have a representative of whom he need entertain no fear of desec- rating those principles which every Chris- tian holds dear, an element which every honest man in the riding has many times had to regret the entire absence of, in the records of the acts of our present M. P. In Mr. Hodgins every true and patriotic Canadian in West York who loves his country first and party after- wards, and is unwilling to see an un- just Government so thoroughly forget its high calling, that because one pro- vince shows a determination to think for itself, it is to dismembered and half its territory taken from it, in order that party ends may be accomplished, and gratify another that is willing to be wound around the Government thumb, will find a man after his own heart. On that most important subject of the Bound- ary Award, than which a subject more fraught with interest to the people of Ontario, and in fact to every province in the Federation, has never engrossed the public mind and on which the entire election in Ontario will turn, Mr. Hod- gins above all other men, is capable of enlightening the public mind, from the fact that he was chosen associate counsel with the Attorney-General to defend and work up the interests of Ontario before the Boundary Commission. He is therefore the proper man to represent West York instead of one who, in his doubly blind party prejudices, would vote away the interests of our province, as N. Clark Wallace did. We have therefore no hesitancy in saying that every voter in West York who has the interests of our province at heart, and who is desirous of having an able, hon- orable representative in the House of Commons, will, irrespective of party feelings, give their hearty support to Mr. Hodgins.

**SAINT AND SINNER.**

At the Easter Vestries in connection with All Saints Church, Toronto, a reso- lution was passed requesting the Rector and Church-Wardens to petition the On- tario Legislature to extend the provisions of the Act respecting the observance of the Lord's Day so that the same will apply to Good Friday. A peculiar phase of the matter was the statement that "There was not so much harm in the theatrical entertainments on that day, but when the churches and individuals calling themselves Christians choose Good Fri- day to have their entertainments it was simply disgusting." There are doubtless many who will look at such a resolution as somewhat peculiar. It is something unheard of, to petition the Legislature to restrain the churches from holding enter- tainments on Good Friday, and to com- pel Christians generally to observe the

day as they would Sunday, but to let the sinners attend the theatre and dancing parties, and conduct themselves as they please. There is certainly something peculiar about this view. Tie up the saint, and let the sinner go free!

**THE GENERAL ELECTIONS.**

It is stated on good authority that the General Elections will take place at an early date, probably in June, almost immediately at the close of the present session. One thing is certain, the supporters of the Gov- ernment are working with might and main, and it behoves Reformers to take the advice given by Sir John Macdonald a few days ago to some of his followers, "Make your calling and your ELECTION sure." Awake! Awake!

It is stated that the marriage of Prince Leopold with Princess Helena of Waldeck has once more been post-poned on account of the Royal Highness hav- ing sprained his ankle. As this is the second time the marriage has been post-poned for frivolous (or apparently so) ex- cuses, we would not be at all surprised to learn that there was something more than sprained ankles &c., at the bottom of the affair causing the post-ponements.

The British Government is consider- ing the advisability of giving a constitu- tion to the island of Cyprus. It is probab- le that its Government will consist of a Commission composed of Christians and Moslems, the former element predomi- nating. Scotland is also beginning to agitate for home rule. Ireland has long been fighting for it. We do not ex- actly see why Ireland and Scotland could not have home rule as well as Canada, India, Australia and other parts of the British Empire. Of course there are difficulties in the way, but such has al- ways been the case, but they have been overcome before, and why not now.

**RICHMOND HILL COUNCIL.**

The Council met in the Council Chamber, on Tuesday evening, April 4th.

Members present, Messrs. Redditt, Duncumb and Pugsley. The Reeve in the chair.

Minutes of last meeting read and con- firmed.

A communication was read from the County Clerk, notifying the Council that a court will be held for hearing an appeal against the equalization of the County Assessment of 1882, at the Court House, Toronto on the 17th inst.

Moved by Mr. Pugsley, seconded by Mr. Duncumb, that the Reeve be autho- rized to attend the meeting on the 17th inst., as appointed by the County Judge for the purpose mentioned in the County Clerk's notice.—Carried.

Mr. Redditt introduced By-Law No. 88, authorizing that a survey and plan be made of the continuation of Church Street to Markham Street, and a street from Arnold on the east side of Yonge to intersect the proposed Church Street.

The By-law was read a third time and passed.

The Council then adjourned until Tuesday, May 2nd, 1882.
