That Bell.
The Town Bell has been kicking over the traces again. It jumped ten minutes some time between Monday night and Tuesday morning. What's the matter? Can't the bell ringer tell time!

Returned from Manitoba.
Dr. Robinson, of Aurora, has returned from Manitoba very much benefited in health, and likes the country. He will be at the Palmer House, here, on the 24th inst, to attend his patients.

John Hays, Credit P. O., says: "His shoulder was so sore for nine months that he could not raise his hand to his head, but by the use of Dr. Thomas' Electric Oil the pain and lameness disappeared, and although three months has elapsed, he has not had an attack of it since."

Good Friday.
Good Friday was observed in our village as a public holiday. There was a good deal of driving about, and the public seemed to realize a good deal of enjoyment. The firemen gave a few exhibitions of their skill, which were very creditable.

Mr. Pappetus Boileau, Ottawa, says: "I was radically cured of piles, from which I had been suffering for over two months, by the use of Dr. Thomas' Electric Oil. I used it internally and externally, taking it in small doses before meals and on retiring to bed. In one week I was cured, and have no trouble since. I believe it saved my life."

A Large Extra Edition.
Next week "THE LIBERAL" will issue an edition of one thousand extras, which will be sent over the country. This is a splendid opportunity for special advertisements. Our rates for the entire edition will be exceedingly low. Ads. received to Wednesday 19th.

Creditable.
We are pleased to notice by the Hamilton Times that William T. Ness, formerly of Patterson, has been successful in carrying off the First Prize for business manhood in the Canadian Business College. The prize was a handsome large album. The Times says the specimens were the best ever exhibited.

A cough or cold contracted in the month of April if not speedily arrested is liable to stick to one during the whole of the summer. Dr. Carson's Pulmonary Cough Drops speedily cure Coughs, Colds, Bronchitis, Pain and oppression of the Chest, and all Throat,

Chest and Lung Affections. In large bottles at 50 cents. R. E. Law, Agent for Richmond Hill.

British Columbia.
Rev. Thomas Crosby, of British Columbia, delivered an excellent lecture in the Church at Patterson on Tuesday evening, which was highly appreciated by the audience, which was not large. The proceeds of the lecture were to be appropriated to the Girls Home, at Fort Simpson, which is doing a good work.

Mr. George Tolen, Druggist, Gravenhurst, writes: "My customers who have used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure say that it has done them more good than anything they have ever used." It has indeed a wonderful influence in purifying the blood and curing diseases of the Digestive Organs, the Liver, Kidneys, and all disorders of the system.

Tea and Concert.
A Grand Tea and Concert in connection with the Methodist Church Sabbath School was given here on Good Friday evening, to a very good audience. The recitations and dialogues were grand, especially the Twelve Gates and The Angels of the Sunday School. The singing was good, especially the solo, "We're going Home To-morrow." The proceeds were over \$52.

The following is the common sense treatment for a horse out of Condition (in fact all horses require like treatment this time of year.) a good Purging Ball followed by a strong dose of tonic powder. There are both to be had in Zek's Tonic Compound and Blood Mixture, as each package contains a thoroughly good purging ball and over a pound of strong Tonic Powder. Ask your druggist about it. R. E. Law, Agent for Richmond Hill.

A Sad Affair.
About four or five weeks ago Mr. John Jeffrey, of Vaughan, with others, left for Manitoba. Information has just reached us that he was found dead on the prairie about a week ago. He was a promising young man, son of the late Wm. Jeffrey, of the 8th Con. of Vaughan. A few years ago his mind was slightly affected, but had apparently entirely regained its natural strength. The family are highly esteemed by all who know them, and have our heart felt sympathy, as no doubt, that of the entire community.

In the month of April almost everyone requires a good and reliable Blood Purifier. We know of none so safe and effectual as Dr. Carson's Stomach and Constipation Bitters. They act directly on all the secretions, their purgative action carrying off all impurities from the system, they invigorate the Liver and Kidneys, purify the Stomach, cleanse the Bowels, and give strength and tone to the whole system. Try a course of this valuable, safe, and reliable vegetable preparation, Dr. Carson's Stomach and Constipation Bitters. In large bottles at 50 cents. R. E. Law, Agent for Richmond Hill.

A peculiar Coincidence.
There is a wonderfully striking similarity between a Correspondence from Fairbank which appeared in THE LIBERAL of two weeks ago and one which appeared in the illegal sheet across the way last week, under the same caption and "from our own correspondent." The greater part of the wording is exactly verbatim. This is all the more peculiar from the fact that we had to cut down and remodel and transpose the entire communication in our own Sanctum. As Mark Twain says, "There is a screw loose somewhere." Of course we would not dare to insinuate. No! No! No! their past record for honesty is so unswerving!

Dr. Corlis, St. Thomas, writes: "During ten years' active practice I have had occasion to prescribe Cod Liver Oil and Hypophosphites. Since Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda came under my notice, I have tried it, and take great pleasure in saying that it has given great satisfaction, and is to be preferred to any I have ever used or recommended. I have used it in my own family almost as a beverage during heavy colds, and in every instance a happy result has followed. I cheerfully recommend its use in all cases of debility arising from weakness of the muscular or nervous system."

The first Good Friday.
This year Good Friday and therefore Easter Sunday, fall upon the very same day of the month on which they fell at the time of the Lord's Passion and Resurrection in A. D. 30. On that day the full moon was on Thursday, April 6, on which day the Passover meal was eaten. Christ, therefore, suffered the next day (in our reckoning, the same day the Jewish), on which other observances connected with the Passover were still to be kept. The first Easter Day, therefore, was, as on last Sunday, April 9. In 1871, the day of the Crucifixion and that of the Resurrection fell as this year. This coincidence will not happen again till 1944. In 1866 Easter Day will fall on April 25, its latest possible date—the first time it has so fallen since the introduction of the new style in 1752. Fifty-seven years will then elapse before it will fall on that day, namely, April 25, 1943; after which that will not be the date for one hundred and sixty-three years.

Annual Bible Society Meeting.
The annual meeting of the Richmond Hill branch, U. C. B. S., was held in the Presbyterian Church on Wednesday evening, the Rev. James Dick, 1st vice-president in the chair. Rev. J. G. Manley, permanent agent of the society was present and delivered an interesting address, during which he exhibited a number of charts and diagrams of the scripture in the original languages in which they were written. The following officers were elected for the ensuing year:—Pres. R. Marsh, 1st Vice-Pres. Rev. J. Dick, 2nd Vice-Pres. Rev. P. Addison, 3rd Vice-Pres. Rev. I. Campbell, 4th Vice-Pres. Rev. J. Pickering, Sec. Treas. J. H. Sanderson, Committee of management. A. Marsh, H. Sanderson, Dr. Langstaff, I. Crosby, P. Patterson, M. P. P., J. Ness, J. Duncan, J. Freak, P. Gibson, H. Newberry, J. Brown, D. Gray, W. Powell, Senr. Collectors.—South District, Misses Marsh and Helmkey. North—Misses Beard and Hamilton. East—Misses Sanderson and Coulter. West—Misses Hewison and Brown. Patterson—Miss Laird and Mrs. Street.
We were commissioned with authority to give the collectors for last year a "send off"

for not doing their duty, but as they threatened to attack us for a \$5 subscription if we did, we will not say anything about last year, but simply hope they will do better this.

COUNTY GLEANINGS.

The public examination of the school in this place was held on Thursday afternoon, 7th inst. The attendance of visitors was very good; some twenty-five or thirty persons being present. At the conclusion of the classes, addresses were delivered by Rev. Mr. Osler, Mr. Flynn and Mr. Turner.

Toronto.

(By Our Own Reporter.)

Strikes are very frequent now, and are becoming more so. There have been a number in the city during the last week, and some are yet unsettled.

Three hundred herdsmen from England Ireland and Scotland arrived in the city on Monday. Most of them will remain in Ontario.

Two Toronto Clerks walked to Hamilton on Good Friday in nine hours.

What otherwise would have proved to be a big fire was only prevented by the utmost exertions of the firemen on Saturday night, at Fiskin's Oil Works. The flames were merely prevented from reaching the storehouse where there were 3000 barrels of oil.

Kleinburg.

(From an Occasional Correspondent.)

A Public School Entertainment was held in the Kleinburg School House on Friday the 24th ult., and was in every way a great success. The programme consisted of dialogues, recitations, choruses etc., and though lengthy, was so well arranged and of such a variety as to keep the large audience interested and amused. When Mr. Spence, the chairman, announced that he had reached the end of the programme, we heard the first murmur of disapproval. Where all is good it is hard to make selections. Among the dialogues, Wm. Hollingshead's acting as a "Country Pedagogue" with a class of boys, was perfect; "The Critics" a burlesque by six boys in which J. McDonough, P. Blanchard and R. Watson distinguished themselves. "The Eival Orators," by M. East and Nelson Hollingshead was also good; "Examining the Bumps" by J. McDonough and M. Wurster in negro costume, brought down the house. Annie McDonough's recitation of "Eliza" was well rendered. "The clever old man" to the tune of One more River to Cross and the "Little Niggers" sung by jr. Division were very amusing. A duet, "Three Bells" by Milly Zuilinski and Dilli Bond was well sung. The solos of Miss Bond and Miss Schlager were very acceptable. The success of this entertainment is due to Mr. Beaton and Miss Spence the teachers of the school who must have gone to a great deal of trouble in the preparation and rehearsal of so many pieces. A collection of fourteen dollars in behalf of the Sun-

ONE WHO WAS THERE. Kleinburg, April 1st, 1882.

Norway.

(By our own Reporter.)

On Tuesday morning, April 4th, upwards of 100 loads of hay and straw were weighed on Mr. Bate's weigh scales.

On the same morning a team of horses attached to a waggon loaded with barley, and tied in front of Bate's hotel, took fright, and breaking loose, ran across the corner of the veranda and upset the load and box off the waggon. The horses then ran around the house, and colliding with another team standing on the weigh scales, drew it off, pulled off one corner of the building covering the scales, and upset the load. Mr. Batts, the weighmaster, barely escaped being smothered under the load. No damage was done to the horses. The reach and seat of one waggon, and a bolster of the other were broken.

The average attendance of pupils at Norway School for the quarter ending March 31st was 49½.—Residents 29½, Non-residents 19½.

The Easter Examination in connection with the school was held on Thursday, April 6th, when, notwithstanding the inclemency of the weather, a goodly number of visitors were present and expressed their satisfaction with the manner in which the school is being conducted by Mr. Walls. Mr. Crow, one of the trustees, kindly provided candies and nuts for a scramble at the close of the Examination.

Mr. Jas. Dilworth, druggist, Toronto, is giving two annual prizes in each of the schools of South York, to the best answers to a set of questions on Antidotes for poisons and rules for restoring drowning or suffocating persons. Six of the pupils of this school competed for these prizes. The first was won by Miss M. McCulloch, aged 12 years, who obtained the full number of marks. Three of the others, Edith Cobley, Minnie Bates and Fred Luber, aged respectively, 12, 13 and 14 years, lost only one mark, and were rewarded by each receiving a second prize. We understand that Mr. Dilworth said the papers sent from this school were the neatest and best he has thus far received.

A detective is working up the graveyard case in Scarborough. \$100 has been granted by the Council, and \$100 by the Society, for the arrest and conviction of the guilty parties. It is thought that there were two persons, as footprints of two have been traced from the graveyard to the townline.
