Work has commenced on the new streets.

Tuesday was the best growing day of the season thus far.

New Ad.
Take a look at Petley & Co's new ad this week.

Practice.
The Fire Brigade were out for practice on Friday evening last.

Meddling.
Let meddler mind his own shop, and not meddle with ours, and oblige.

The News for a cent.
The Evening Globe for sale at the "LIBERAL" received every day at 3 o'clock p. m.

Busy.
Both of our Carriage builders are so busy that they will not send any rigs to the Exhibition.

Removal.
Mr. John H. Sanderson has removed to his new house, just north of the Methodist Church.

Dinner and Concert.
Remember the Ladies' Aid dinner and Tea in the C. M. Church on the 24th of May. Also the concert in the evening.

Evening Globe.
Subscriptions for the Evening Globe received at the LIBERAL, at 25c. per month, or \$3 per annum.

To prevent Fevers, Bilious Colds and Ague; to tone up the system and purify the blood, try a course of Dr. Carson's Stomach and Constipation Bitters. In large bottles at 50 cents. R. E. Law, Agent.

Race.
Mr. John Palmer of the Palmer House had a race in Brampton last Friday and got beaten. It was on account of another person driving who did not understand his horse.

Queen's Birthday.
The 24th will be a pretty lively time here. If you want amusement go to the exhibition, and if you want a good square meal go to the Presbyterian or Methodist church.

Lacross.
The Lacross club is getting along exceedingly well. Those who go there must remember that it is not shinny they are playing but Lacross.

Band.
The band were out on Tuesday evening last, on the balcony of the Grand Central and played some very nice pieces. They will practice twice a week to prepare for the 24th, as they are to play at the Exhibition.

C. C. Jacobs, Buffalo, N. Y., says: Dr. Thomas' Electric Oil cured him of a bad case of piles of 8 years' standing, having tried almost every known remedy, besides two Buffalo Physicians, without relief; but the Oil cured him; he thinks it cannot be recommended too highly.

An Omission.
Through some oversight on the part of our compositor, a serious omission occurred in our Willawala correspondence. The name of Mrs. Armour was not mentioned in connection with the musical part of the entertainment spoken of. As Mrs. A. was one of the largest and most appreciated contributors to the success of the occasion, we feel bound to apologise not only to our correspondent, but to Mrs. Armour for the oversight on our part.

Medicines taken into the Stomach in concentrated form, such as Pills and Powders, are most injurious. The great substitute for these nauseous little Calomel pills is Dr. Carson's Stomach and Constipation Bitters. They cleanse the bowels, stimulate the Liver and Kidneys, and cure all stomach disorders, such as Dyspepsia and Indigestion. In large bottles at 50 cents. R. E. Law, Agent.

Exceedingly dangerous.
There is a splendid man-trap in front of the High and Public Schools, beautifully adapted for drawing two or three of the bright little children that are continually hovering about it. The tank at the school yard gate is without a cover and has been so

for some time, and children six seven and eight years old are, a dozen times a day pulling the board off the top and looking down and throwing things down. Remember Mr. Corporation, it is too late to lock the stable when the horse has been stolen.

H. F. MacCarthy, Wholesale and Retail Druggist, Ottawa writes: "I was afflicted with Chronic Bronchitis for some years, but have been completely cured by the use of Dr Thomas' Electric Oil in doses of five drops on sugar. I have also pleasure in recommending it as an embrocation for external use."

Phil. Musical Journal.
The April number of the Philadelphia Musical Journal is to hand, and in glancing over it we find it to be all that its advertisement claims for it. The music alone in it, if purchased at a music store, would cost more than the whole year's subscription to the journal. But its value consists not alone in the music it contains, but its literary department is admirably adapted to household reading, and its editorials are terse and pointed. No person will regret having subscribed for it.

What Toronto's well-known Good Samaritan says:
I have been troubled with Dyspepsia and Liver Complaint for over 20 years, and have tried many remedies, but never found an article that has done me as much good as Northrop and Lyman's Vegetable Discovery and Dyspeptic Cure. CLARA E. PORTELL.

Methodistic.
The Quarterly Official meeting of the C. M. Church was held here on Monday, almost every member of the board being present. Messrs. Wm. Lawson and J. P. Rupert were appointed to represent the circuit at the District meeting. A resolution of appreciation of the energetic labors on the circuit for the past three years of the Rev. John Pickering was unanimously passed. Instructions were given to the delegates that in the opinion of the Board the three years plan of a Ministers probation is preferable to five years. It was also the opinion of the members that the attendance at class meeting should continue to be a test of membership in the C. M. Church.

Pleasant to the Taste.
Children and persons with weak constitutions have always found difficulty in taking Cod Liver Oil, and from this fact it has not been universally used, but with Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, this prejudice is removed. It is so thoroughly disguised that you cannot detect the Cod Liver Oil. One physician writes us that it is used almost as a beverage in his family; another person that he had to hide the bottle from his children. For Coughs and Colds broken down constitutions and all lung diseases, it has no equal.

PERSONALS.

Our old friends Revs. Thomas Campbell, and Richard Duke, of Bradford, were in town on Tuesday, and called upon us. We are glad to see them apparently enjoying life so well.

Dr. Robinson, of Aurora, who has just returned from Manitoba, was in town on Tuesday and gave us a call. His trip improved his health considerably.

The Parkdale Cricket Club was victorious in their match on Saturday with the Toronto warehousemen. The score was 80 for the Parkdalers and 50 for their opponents.

Rev. Mr. Hart, a Chinese missionary, will deliver a lecture on "Women in China," on Wednesday evening in the Methodist church. He will appear in Chinese costume.

Woodbridge.

WOODBRIDGE, May 9.—Early this morning the body of a woman was found in a dreadfully mutilated condition on the Toronto, Grey & Bruce Railway track, about a mile south of the station. It proved to be a Mrs. Gardener, who lived near where the corpse was found, and who had been from home since early yesterday morning. It is evident that she had been run over by a passing train during the night, but at what time is not known. An inquest will be held this evening and further facts elicited.

Davisville.

A meeting of the ratepayers of York township was held at noon on Monday, at Brunsell's hotel, for the purpose of nominating a duly qualified elector to fill the office of third deputy reeve, vice Mr. John Hamilton, J. P., deceased. Mr. J. A. Macdonald occupied the chair, and the following candidates were duly proposed and seconded:—Messrs. W. W. Hodgson, Jos. H. Sheppard, Thos. W. Elliott, Frank Turner, J. A. Macdonald, and John Watson. Messrs. Macdonald, Turner and Watson having expressed their intention of retiring, a poll was demanded on behalf of the three remaining candidates, who addressed the electors very briefly upon their respective claims

for the position as deputy reeve. Elections on the 15th inst.

Nearly all the farmers in this vicinity are done seeding.
Mr. Taggart, Hotel keeper, is building a large addition to his hotel.
Our Mayor is having his house repaired. The ex-Mayor is the contractor.
Quite a number have died around here of late. Old age seems to be the most of cases.

Our Band boys are getting things ready for their Grand Picnic, which comes off on the 24th inst. A big time is expected.

Toronto.

The City Councils of Toronto and Montreal on Monday adopted resolutions expressing horror at the bloody deed in Phoenix park, and extending the sympathy of the citizens to the relatives of the two distinguished victims. A number of branches of the Land League, both in this country and in the United States, have passed similar resolutions.

A PRODIGAL FOUND.—The girl Caroline Adams, reported missing, has turned up safe and sound. It appears that when she left home she proceeded on foot to Thornhill returning to the city yesterday. Whilst purchasing a ticket for London, about three o'clock in the afternoon, she was accosted by Detective Reburn, who with her mother was on the lookout for the wanderer. After mutual explanations the young woman was handed over to the custody of her parents.

York Township.

The funeral of Mr. John Hamilton, J. P., deputy reeve of York township, who died on the 28th ult., took place at 4 p. m., Sunday, from his late residence, Don and Danforth road, to the Necropolis. The hearse was preceded by the Orient and Wilson lodges of A. F. & A. M., of which order deceased was a member, and followed by the Riverside fire brigade and upwards of one hundred vehicles, containing the members of the Township Council, relatives and friends of the deceased, conspicuous among whom were Messrs. G. W. Badgerow, M. P. P., W. H. Doel and Hugh Miller, J. P's., T. H. Bull and Arthur L. Wilson. The deceased was universally respected by all who knew him, and his demise at the early age of forty-four years is much regretted by a large circle of friends and acquaintances. He leaves a widow and six children to mourn the loss of a kind husband and father.—Sun.

Norway.

(From Our Own Correspondent.)
Mrs. M. boards with Mrs. S. On Thursday morning last Mrs. S. left home for the day having told Mrs. M., who is a very timid lady, that if any person knocked at the door, she had better not open it, as it would likely be a tramp or pedlar. About 1 o'clock a man knocked at the door, and not receiving an answer, proceeded to try the windows. Finding one that was not fastened down, he raised it and got into the house, frightening Mrs. M., whom he did not see, as she fled through the back door, and rushed to a house close by. When Mrs. W. opened her door, Mrs. M., who had never seen her before, fell into her arms terribly frightened. After Mrs. M. recovered from her fright sufficiently, she and Mrs. W. went back to the house, when the man turned out to be a relative of Mrs. S., who, thinking his friend was from home, thought he would get into the house, have something to eat and wait her arrival.

Newton Brook.

(From our own Correspondent.)
The new store and post office, at this place, is being pushed rapidly forward. Mr. W. W. Cummer, the proprietor, will be able to congratulate himself on having one of the finest stores on the street.

Mr. John Francis, whose fence and shade trees were damaged some time ago by miscreants, has discovered the guilty parties. He has promised not to prosecute, on conditions that they repair the fence and replace the trees. A wholesome lesson for mischievous boys.

The people in this neighborhood are considerably excited about politics just now. One gentleman, a prominent Conservative, living on the 2nd, east from here, has been doing quite a bit of private canvassing for Mr. Boulbee, after having loudly declared that he would have no more to do with politics. Probably Mr. Boulbee has called on Mr. L., and tickled his vanity by telling him what a nice wife he has, and then induced him to swallow his temperance principles and go to work. But we think he will have his labor for his pains.

Thornhill.

QUEEN V. HEWITT.—This was an application at Osgood Hall to quash a conviction made against the defendant, for the sale of liquor contrary to the provisions of the Liquor License Act. Mr. Hewitt is a druggist doing business at the village of Thornhill, in the county of York, and carries on a branch store at the village of Angus in the county of Simcoe. During Christmas time his clerk in Angus sold liquor to certain of his friends, in quantities in excess of the statutory allowance to be sold by a druggist, and for other than medical purposes. It would seem from the facts elicited on the appli-

ation, that these so-called friends had been induced to purchase the liquor, by rivals in business of the defendant, and that forthwith after having entrapped the clerk in this way, they laid an information on which the conviction was based. Another information was preferred by friends whom the defendant had treated. The defendant's counsel took objection to the conviction on several grounds. First that the summons, though issued in Simcoe, was served in the County of York, that it was a question of criminal law over which the Local Legislature has no power, etc. His Lordship, Mr Justice Armour, did not go into all the objections urged, but quashed the conviction on technical parts. The defendant is one of the most prominent men in the village of Thornhill, and the information appears to have been laid out of spite and with a desire to injure his reputation and business. Mr. H. P. Sheppard, of Morphy, Sheppard & Millar, for the defendant.

Victoria Square.

(From Our Own Correspondent.)
Our merchant, Mr. Hall has built a fine stable.

The lodge intends having a picnic or entertainment soon.

Some of our farmers are plowing up their fall wheat on account of it having been killed.

Mr. J. Rohbottom, carriage builder, and Mr. C. McKenzie, blacksmith, have been rushing out some fine work lately.

Mr. Wm. Meek has got moved into his new hotel and we may say that he has one of the finest hotels, for a country house, in the township. It is far ahead of the old one both in looks and convenience. The people here may boast of having a good and decent hotel-keeper, who does not intend to let it run down as it has been.

Last Friday evening the young men of this vicinity met in the Temperance Hall for the purpose of organizing a cricket club and we are glad to learn that they have succeeded. They intend to practice up and try their metal on some other club before long, and we would not hesitate in saying that they will come out victorious as they have done before. Mr. A. Eyer has been chosen as captain and Mr. S. M. Brown as Sec. & Treas.

King.

(From Our Own Correspondent.)
The members seem determined more than ever of giving the utmost satisfaction to all who attend. Besides having something worth eating, they intend to have something worth hearing, so all who can, should attend to see, eat and hear.
The Kettleby division, Sons of Temperance, have decided to hold their an-

naal tea-party on the 10th of June. The popularity and extensive patronage of which this party can boast, render it unnecessary for your correspondent to say anything further.

On Sunday another large bush fire occurred between the 5th and 6th cons., on the farm of Thos. Hill. It burned with the utmost fury, and ran at race-horse speed. Almost twenty men turned out, but their efforts were almost futile in checking its speed.

The other Sunday, the sermon in the Presbyterian church, at Temperanceville, was cut short by a man by the name of Mark Ferguson taking a fit. The howls of the poor man were terrible; the minister, after having the collection taken up, sent the congregation home.

Schomberg show came off a few days ago and was a complete success. The stock shown was on the whole very good and the number of animals exhibited reflects credit on the farmers of north King. During the show a man named Hill received a severe kick from a young stallion. He will soon be around again.

Epping Forest was dedicated to the free use of the public by Her Majesty in person on Saturday. About half a million people were present.

Much amusement is caused in English society by a rumour that a prominent Irish M. P., is to be involved in a breach of promise case. The letters in the case are said to be most amusing.
