YELLOW AS A GUINEA.

—The complexion, in a case of liver complaint, culminating in jaundice, is literally "as yellow as a guinea." It has this appearance because the bile, which enables the bowels to act, is directed from its proper course into the blood. In connection with this symptom there is nausea, coating of the tongue, sick headache, impurity of the breath, pains through the right side and shoulder blade, dyspepsia and constipation. These and other concomitants of liver complaint are completely removed by the use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which is also an eradicant of scrofula, erysipelas, salt rheum, cancers, humours, female weakness, jaundice and lumbago. It tones the stomach, rouses the liver, and after relieving them, causes the bowels hereafter to become regular. High professional sanction has been accorded it, and its claims to public confidence are justified by ample evidence. Price \$1.00. Sample bottles 10 cents. Ask for Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. The wrapper bears a fac simile of their signature. Sold by all medicine dealers.

KENDALL'S SPAVIN CURE.

The most successful remedy ever discovered as it is certain in its effects, and does not blister. Read Proof below.
Kendall's Spavin Cure.
 New Hamburg, Ont., Dec. 28th, 1881.
 Mr. F. H. McCullum, Dear Sir:—The bottle of Dr. Kendall's Spavin cure, bought of you last summer, gave the utmost satisfaction and performed a wonderful cure upon a mare 18 yrs. old belonging to me, which was badly spavined for ten years. She was so lame that I could hardly get her to move. The lameness is entirely gone after using but a bottle of the cure, and she is like a young horse again.
 Yours truly, J. P. ROTH,
 FROM THE ONEONTA PRESS, N. Y.
 Oneonta, New York, Jan. 6th, 1881.

Early last summer Messrs. B. J. Kendall & Co., of Enosburgh Falls, Vt., made a contract with the publishers of The Press for a half column advertisement for one year setting forth the merits of Kendall's Spavin Cure. At the same time we secured from the firm a quantity of books, entitled Dr. Kendall's treatise on the Horse and its Diseases, which were given to advance paying subscribers to The Press, as a premium.
 About the time the advertisement first appeared in this paper, Mr. P. G. Schermerhorn, who resides near Collier, had a spavined horse. He read the advertisement, and concluded to test the efficacy of the remedy, although his friends laughed at his credulity. He bought a bottle of Kendall's Spavin Cure and commenced using it on the horse according with the directions and he informed us this week that he effected such a complete cure that an expert horseman, who examined the animal recently, could find no trace of the spavin or the place where it had been located. Mr. Schermerhorn has since secured a copy of Kendall's Treatise on the Horse and its Diseases which he prizes very highly and would be loath to part with at any price provided he could not obtain another copy. So much for advertising reliable articles.
Kendall's Spavin Cure.
ON HUMAN BEINGS.
 Thousands of trials on Human Beings proved beyond a doubt that Kendall's Spavin Cure has sufficient strength to penetrate the virtue to cure the worst cases of Rheumatism, Gout, Sprains, Cuts and Bruises, and many other ailments which are not affected in the least by ordinary liniment. It does not blister but on the contrary removes all soreness.
Kendall's Spavin Cure.
 St. Johns, P. O., Oct. 27th, 1881.
 Dr. J. B. Kendall & Co., Gentl: I have used your Spavin cure with great success on sprains, cuts and bruises. I know it to be a good remedy for rheumatism, bone spavins, cuts, galls and all kinds of lameness and many other difficulties about the horse. One of my men spavined his horse and I never saw anything work like it, it was better in a few days. I know it to be good for man as well as beast. I procured one of your Treatises on the Horse, by mail, for 25 cents and I think it was the means of saving me one hundred dollars on one horse that I treated according to the direction given in your book for displaced ile.
