Easter Holidays.

The High and Public Schools closed yesterday, (Thursday) for Easter holi-days, and will open again on Monday April 2nd.

Vaughan Council Minutes.

Inspector's Visit. Mr. D. Fotheringham, Public School Inspector, made his Spring visit to the Senior department of the Public School here on Tuesday of last week, spending the whole day in the department, and the two junior divisions on Monday of this week.

Mrs. Langtry.

xpr's 4.55 5.03 5.16. A number of our citizens went to Toronto on Friday and Saturday to hear, or rather to see, the Jersey Lilly in the Grand Opera House. They were all more than pleased with the personal charms of the fair actress. Some of them could not gain admittance the crowd was so great.

Close of Lenten Season.

The season of Lent closes on Easter Sunday. Yesterday was Maundy Thurs-day. To-day is Good Friday. To-mor-row is Easter Eve. Sunday is Easter, when the opening of the feasting season begins. The season of Lent is especially held sacred by the Anglican and Roman Catholic churches.

Complimentary Supper.

A Complimentary Supper was given to Messrs. R. Trench, I. Hartman, and Wm. Bruce, in Aurora, on the eve of their departure for Manitoba. A pleasant time was spent. These gentlemen intend opening a warehouse in Brandon for the sale of agricultural implements, buggies, waggons, &c.

The Lottery Cases.

The Toronto Lottery Cases were up before the Police Court again on Monday. James Rennie was fined \$20 and costs on two charges. W. H. Burk, publisher of the Detroit Commercial Advertiser, was also up on two charges, one of which was for holding a lottery in connection with his paper. He was dismissed. Several other cases were adjourned.

Drawing for Entrance Examinations. For the guidance of public school teachers we wish to intimate that at the next examinations for admission to High Schools a paper will be set on "Drawing" as in Walter Smith's "Primary Manual." This paper will be valued at 60 marks. While one-third in this subject is not exacted, credit will be given for the marks obtained in reckoning the total marks for passing.

Death from Starvation.

A sad case of death from starvation and exposure is reported from Humber Mouth. A Mrs. Murray, of intemperate habits, had been drinking hard and became ill, and after being in bed two wocks, died last week from starvation. There were three children in the house. The oldest while watching by her bedside fell asleep and woke to find his mother dead. Her husband is in gaol for drunkenness.

The Snow Blockade.

A heavy snow storm set in here on Sunday morning and continued to snow and elow unt?' Monday evening, during which time about thirteen inches of snow tell. Some places it drifted badly. It was, by all odds, the heaviest storm of season in this vicinity; though perhaps not so generally over Canada as some previous ones. The railways in many parts were completely blockaded, though the Northern fared better than most others.

How to Kiss the Book.

During the lottery trials in the police court on Monday afternoon Mr. Fentou told a witness that on two occasions he did not touch the book with his lips, but merely run it up to the tip of his nose. The magistrate said it struck him too that witness did not kiss the book with his lips. Lawyer Tilt observed that it did not matter much, as the book was up in the neighborhood of his osculatory pouters. To satisfy the legal gentleman

yer." The following will be the subject for next Tuesday evening:"Resolved that it would be for the benefit of Society that woman should have an equal chance with man in the pursuits of Life." Affirmative -D. T. Fairbairn, G. Palmer, A. Linklater, E. Sisley. Negative-W. Harrison, D. Boyle, G. Trench, F. Marsh. The meetings are well attended and are open to all.

Reverence for Good Friday.

Rev. J. P. Lewis, pastor of Grace Church, Toronto, Sunday morning de-nounced the way in which the majority of the people observed Good Friday. It should not, he said, be looked upon as a gala day, such as May 24th or July 1st, nor even should it be looked upon as a day of rejoicing, but one of prayer and sorrowful remembrance. The custom of holding grand musical concerts ought to be frowned down, at least by the church. Some churches, however, encourage these concerts, the proceeds of which go to the general funds of the church. He made i liberal offer to any of his congregation who had tickets to sell for these concerts to the effect that if they would burn these tickets he would pay for them.

A Perfect Comfort.

We have been using for several months past a Livermore Stylographic Pen which we thought nearly perfect, but yesterday we were shown the improved one. This newly invented pen combines new principles in its construction which make it about complete. In addition to a diamond point, which can never wear out, it is also stronger. The spring is pro-tected from clogging with the ink, and the needle can be extended as it becomes shortened. Ask to see the improved Livermore Pen. It will repay a careful examination.—Ed. Jour, and Courier, New Haven, Conn.

The Stylographic Pen Co., who are the largest manufacturers of stylographic pens and pencils of any concern of kind in the world, have recently been making great improvements in their fam-ous pen. They have also reduced the price from \$3 to \$2. You can buy them by remitting the amount to Louis E. Dunlap, Manager Stylographic Pen Co., 290 Washington St., Boston; the pen, together with a package of superior ink, will be sent by return nail, and the money will be at once refunded if they do not prove perfect and satisfactory in every respect.

Presentation and Banquet.

Wednesday evening a large number of electors and friends of Mr. Eakin, and and their ladies, sat down to a handsome spread provided by Mrs. Webber at the Queen's Hotel, Unionville, to do honor to the late Keeve of the Township of Markham, prior to his leaving for the North-west. Mr. Wm. Briathwaite occupied the chair, and Mr. Jas. Speight tilled the vice chair. After the usual loyal and customary toasts had been duly honored and responded to by Mr. Badgerow, Mr. H. P. Crosby, Mr. Will-iamson, Mr. James, Mr. Forster, Mr. Speight, and others, Mr. James Eckardt presented, on behalf of supporters and friends, to Mr. Eakin, a handsome illuminated address, an elegant gold watch, chain and seal, and a purse containing \$100. Mr. Eakin in accepting these handsome presents, in a very feeling and warm speech returned his sincere thanks for this tangible expression of their regard. The watch and chain was purchased from the well known firm of Woltz Bros., and is a beautiful specimen of workman-ship, valued at \$200. Mr. Allan McKin-non deserves great credit for the interest he has taken in the affair, he himself collected over \$270. Mr. Eakin carried with him to his North-western home the best wishes of his many admirers and supporters, not only in the Township of Markham but also in the County of York, having bouored him with the highest municipal gifts—the Reeveship and Wardenship.—*Economist.*

Mind Reading.

Mr. Stuart Cumberland, the great English Mind Reader is creating quite a sensation in Toronto just now. He has given two evening entertainments and a Matinee in Shaftesbury Hall and performed many really wonderful things in the way of mind reading, spirit rapping materializing spirits and other feats which have been called spiritualism and other names. There is no fraud about his feats as they were witnessed and tested by many of the leading clergymen, professional men and others whose, testimony cannot be doubted. He explains many of his performances, which he attributes to physicial causes. His entertainments are said to have been the most brilliant and successful ever given in Toronto.

Easter and Birthday Cards.

Easter will soon be here with its hallowing recollections. It is exceedingly pleasant to receive from one's friends some token of rememberance at these seasons of festivities. One of the most pleasant customs of our day is the custom which prevails so largely, and is fast b coming more and more popular every-where, if sending at Christmas, New Years, and Easter cards with approprace designs and mottos to friends. This year the custom will prevail more

Trench's Steam Works.

The old manufacturing establishment known as Trench's Carriage works, has enjoyed an enviable reputation for the manufacture of heavy and light work for many years. The superior material and workmanship for which its productions have always been noted has so increased the business that within the last year it has been impossible to meet the demands for their work, and the result has been that the establishment has been entirely re-modelled, and steam introduc-ed and machinery of the very best class has been put into the establishment, which will enable them to turn out several times the amount of work done previously. A new engine house has been built to the north in which is placed an engine of sixteen horse power driven by a boiler of twenty horse power. The portion of the building which was tormerly use as a show room and also that formerly used as a blacksmith shop, including the whole ground floor of the main building, has been turned into a wood shop. In this is placed the prin-cipal machinery, promisent among which are a planer, a band saw, a circular rip saw, and a sand paper machine & Etc A new wing has been built to the east and north into which the blacksmith shop has been removed. It is intended to run the machiney in it by the steam power as soon as the other departments are in good working order. The second flat will be used as a paint shop for heavy work, and the third for light work. The machinery is all first class, manufactured by Goldie & McCultoch, Galt. Mr. French, has some large orders to fill for Manitoba. He expects to ship a cur lend of waggons about May 1st. He has also some heavy orders for 'Toronto. When completed the cstablishment will be one of the best equipped carriage manthey not require the goods until NEXT SEASON.
