RICHMOND HILL.

AUCTION SALE
OF VALUABLE
Farm on Yonge-St.,
NEAR TORONTO.

Pursuant to the judgment of the High Court of
Justice, Chancery Division, in the action of Law-
rence v. Lawrence, with the approbation of
Thomas Hodgins, Esq., Q. C., Master of the Su-
preme Court of Judicature for Ontario, will be
sold by Public Auction, by Messrs. Lingo & Clark,
Auctioneers, at their auction rooms, 79 Yonge-st.,
Toronto, on

Saturday, May 26th, 1883,
At 12 o'clock noon, the following parcels of land
containing 120 acres more or less, namely:—

Parcel One.—The south half of lot number six,
in the first concession east of Yonge-street, in the
township of York, save and except that portion
of the rear part thereof conveyed by Peter Law-
rence to Jacob Lawrence by deed dated 22nd
December, 1855.

Parcel Two.—That portion of the north half of
said lot, containing about 33 1/2 acres
more or less, described as follows:—Commencing
on Yonge-street at the north-west angle of said
lot number 6, thence south 9 degrees, east 5
chains 55 links more or less, to within 266 feet 9
inches of the centre of the said lot; thence north
71 degrees, east 75 links; then in a south-easterly
direction to a point distant from Yonge-street on
a line parallel to the side line of said lot 253 feet
4 inches; then south 9 degrees, east 100 feet 6
inches more or less to the centre of said lot num-
ber 6; thence north 74 degrees, east 30 chains 68
links more or less, to a point opposite a small
pine tree at the north-east corner of the present
meadow field, on a line parallel to Yonge-street,
then north 9 degrees, west 10 chains, more or less,
to the limit between lots 6 and 7; then south 74
degrees, east 35 chains 5 links, more or less, to the
place of beginning.

The said farm is situated on Yonge-street, at the
village of Edlington, and about three miles from
the city of Toronto, and is suited for farm, dairy and
market garden purposes, and from its position
and vicinity to Toronto affords a good invest-
ment to speculators.

On parcel one are a brick dwelling-house, a
coach-house, a frame stable, and barn.
On parcel two are a frame house, stable and
barn. There is an orchard on each parcel.

The property will be sold subject to reserved
bids fixed by the Master.

Both parcels will be put up together, but if the
reserved bid is not reached the parcels will be
sold separately.

Parcel one will be sold subject to a right of way
from the land in rear of parcel two to the side
line on the south of parcel one.

The other conditions of sale are the standing
terms of Court.
One-tenth of the purchase money to be paid at
the time of sale to the vendors or their solicitors,
sufficient therewith to make one-third of the
purchase money to be paid into Court within
thirty days, without interest; the balance to be
secured by mortgage on the premises, to be paid
in three years, with interest at 5 per cent. per
annum, or the purchaser may at his option pay
the whole of the purchase money in cash at the
time of sale.

For further particulars apply to the law offices
of Messrs. Rose, Macdonald, Merritt & Coats-
worth, and Messrs. Mott, Tilt, Miller & Crow-
ther, Toronto.

Dated 4th May, 1883.
N. MACLEAN,
Chief Clerk,
Master's Office.
Rose, Macdonald, Merritt & Coatsworth,
46 Vendors' Solicitors.

MORTGAGE SALE
of valuable properties in the Village of Union-
ville, and in the Township of Markham,
in the County of York.

Under a power of sale contained in a certain
mortgage which will be produced at the time of
sale there will be sold by Public Auction by
Oliver, Coats & Co., Auctioneers, at their pre-
mises, called the "Mart," 57 King St. East, Toronto,
on

Saturday, May 26th, '83,
At 12 o'clock noon in one parcel the following
freehold properties, &c. All and singular that
certain parcel of land and premises, situate, ly-
ing and being in said Village of Unionville in
the said Township of Markham containing one-half
acre more or less being composed of part of the
east half of lot number 11 in the fifth concession
of the said township of Markham more particu-
larly known as Vile age lot number twenty one.
On the above land is erected a nice 14 story
frame dwelling-house containing 6 rooms.

All and singular that certain parcel or tract of
land and premises situate, lying and being in the
said township of Markham being composed of
part of the west half of lot number 12 in the sixth
concession of the said township of Markham
containing four acres and fifteen-twentieths of
an acre described as follows:—Commencing at
the north-west angle of lot number twelve thence
in an easterly course along the north line of said
lot twenty-four rods thence southerly parallel
with the front of said lot thirty-three rods
thence westerly parallel with the north line of said
lot twenty-four rods to the front of said lot in
front of said concession, thence northerly along
the front of said lot thirty-three rods to the place
of beginning.

TERMS.—One-half cash at time of sale the
balance in one year therefrom to be secured by
mortgage on above properties with interest at 5
per cent.
Further particulars may be obtained on appli-
cation to
JOHN AKERS,
Barrister,
1 Wellington St. E.,
Toronto.

COURT OF REVISION.
MUNICIPALITY OF VAUGHAN.
NOTICE!
The Court of Revision to hear complaints against
the Assessment Roll of the Township of
Vaughan, for the current year, will hold its first
sitting, at the Town Hall, on

WEDNESDAY, MAY 30TH,
A. D. 1883, at 10 a. m. All persons interested are
required to govern themselves accordingly.
JAMES M. LAWRENCE,
May 14th, '83. 36-2m. Clerk

ONTARIO'S CROP PROSPECTS

Vegetation unusually late.—The Fall
Wheat Crop.—Live Stock.—Fruit
Prospects.

The ordinary course of our Ontario
seasons vegetation is at this date well ad-
vanced. Not infrequently the forest
trees are out in leaf, and the fruit trees
are out in blossom. But the present is
one of the exceptional years. Hard
frosts, raw winds and chilling rains have
prevailed, and few signs of active vege-
tation are apparent in forest, field or
garden. Consequently it is difficult
to deal with the real condition of our staple
cereal, the Fall Wheat. It is too early to
form an accurate opinion. Neither is
there much of an encouraging character
to report the progress of spring work on
the farm.

Fully eighty per cent. of the total area
of Fall Wheat in Ontario lies west of the
meridian of Toronto, and unfortunately
the most discouraging accounts of the crop
are received from that part of the Pro-
vince. There is indeed a singular contrast
in the reports of the eastern and western
sections; for, while those for the one
in saying that the prospects has not often
been worse, those for the other are not
less unanimous in saying that it was never
better.

This marked difference seems to be due
largely to conditions of weather. In the
east the winter was unbroken from first
to last. Consequently the snow lay on
the ground as it fell; and, while it formed
a warm covering for the wheat plant in
the coldest weather, the air was not
excluded. But in the west there were
alternations of warm waves and cold
waves, and occasional storms of rain as
well as of snow. The result was, that
where the snowfall was heavy, as in the
northern counties, it packed and crusted;
and where the fall was light, as in the
southern counties, the ground was some-
times bare and sometimes covered with
ice.

The great rain storm that was central
over the Ohio valley in the latter part of
January extended into Ontario (either
rain or sleet), northward as far as Geor-
gian Bay and eastward as far as Toronto.
In the Lake Erie counties, and a portion
of Middlesex, Oxford, and Brant, nearly
the whole of the snow was carried off at
this time; and a cold spell following,
the fields were left coated over with sleet
and ice. In those counties the general ver-
dict is "frozen to death;" whereas in the
northern counties the verdict is, "smothered
to death." A correspondent in
Huron county observes that six successive
crusts formed on the snow during the
winter, two of which were strong enough
to bear up a horse.

A noticeable peculiarity in the effect
of winter throughout the western section
of the Province is, that in the southern
counties the wheat has been injured
most on gravel and sandy lands, and
least on the level clay and loamy lands;
but in the northern counties this con-
dition was reversed, the wheat having had
adequate protection on even the highest
land. It is remarked, however that
where high ground in the south was shel-
tered from the wind the wheat was well
preserved, and the importance of plant-
ing the border of the farm with trees is
urged by many correspondents.

But the appearance of the crop this
spring is no doubt due in some degree to
the condition of the ground at seedtime.
In the east it was favorable, and the
young plant made a good start in the
fall. In the west the heavy rains of
July and August and the season of drouth
that followed interfered with the proper
cultivation of fallows, and especially of
pea, and stubble lands, so that the soil
was in very poor tillth. The seed was
sown late, and it neither rooted well nor
tilled well. This circumstance will
account in a measure for the bad reports
now received; and it is reasonable to
hope that, where the plant has survived
the snow and ice and exposure of winter,
the outlook will brighten with warm
and growing weather. It is unfortunately
true, however, that a large extent of
wheat-land is already doomed, and has
been ploughed up or re-sown with spring
grain.

The only careful reports from the
western parts of the Province refer to the
northern half of Essex, the lake shore
townships of Huron and Bruce, the
county of Wellington, the northern parts
of York and Peel, and the southern half
of Simcoe; and even in these districts
the crop has been seriously damaged by
frosts and winds of April. Elsewhere
the area sown will probably be reduced
by twenty per cent., a portion of which
will be put under spring wheat and the
rest under barley, oats and peas. The
eastern section of the Province is con-
fidently expected to produce a full crop.
Winter rye has not grown to any ex-
tent outside of the St. Lawrence and
Ottawa counties, but all the reports on
its condition are favorable. It is much
harder than wheat, and appears to have
gone through the winter in a healthy and
vigorous state—notably in the county of

Norfolk, where the wheat suffered severe-
ly. Clover has also wintered well on the
whole; but in some localities it has been
injured by the clover midge or weevil.
As there was little frost in the ground,
there are no complaints of "heaving" this
year.

Live stock are generally reported to be
healthy and in good condition. The
winter was favorable to animal life, and
foeder being abundant the farmers fed
with a liberal hand. Horses were attack-
ed in a few localities with "pinkey" and
mild forms of distemper, but the mor-
tality among them was much less than in
the winter of 1882. Cattle have a thrifty
appearance, and will go to the pasture
fields in good heart. The spring weather
was hard on lambs, and young pigs have
died in large numbers.

The quantity of wheat in farmers'
hands is above the average for this time
of the year, although the bulk of last
year's crop has been marketed. There is
a large surplus of hay, but the supply of
outs is not more than is required for
home consumption. The number of fat
and store cattle is not large, and the
demand for them continues active.

The preparation of the ground for
spring crops was not commenced as early
as usual this year as, in the absence of
hard frost, it remained water-soaked for
some time after the snow had disappear-
ed. For the same reason it was not in a
good tillable condition, being tough and
sodden instead of mellow and friable.
On high and well drained lands farmers
started plowing about the 15th of April,
and in some portions of the Lake Erie
and West Midland counties a week ear-
lier; but in the northern and eastern
portions of the Province little was done
before the 25th. Sowing commenced
about a week later, and not more than
twenty-five per cent. of it was finished at
the date of the returns. Farmers fully
appreciate the necessity of changing their
seed grain frequently and introducing
new varieties of recognized merits, but
proper attention to this requires system-
atic effort. The Grangers, with their
wide-spread organization, are rendering
valuable service by establishing seed fairs
and by a method of exchanges, as also
are some of the Agricultural Associations.

But the present great need of farmers is
an adequate supply of farm labor. The
demand for men is active in all parts of
the Province, and liberal wages are offer-
ed for employment by the year or the
season.
Fruit trees appear to have come safely
through the winter, and there is general-
ly a good show of fruit buds. In some
localities, however, as in the West Mid-
land counties, fears are entertained that
the trees have not fully recovered from
the effects of last summer's blight.

THE CATHOLIC VOTE.
Another Political Scandal sees the light.
—A "Private and Confidential" Cir-
cular—Is it a Theft, a Lie, and a
Forgery?—Who is the Villain that
Found it Out.

Why politicians should imagine that the
Catholic vote can be purchased any more
than any other vote is a mystery, and yet
it appears to be the prevailing belief on
both sides of politics. Respectable Catho-
lics throughout the country should rise su-
perior to partizan policies and condemn the
whole proceedings. Who ever heard of
the Protestant vote being canvassed as a
Protestant vote? The following circular
is of a piece with the Macdonnell-Tupper
correspondence, and was used just before
the Ontario general elections:—
(Private and Confidential.)

Toronto, Jan. 7, 1883.
DEAR SIR,—A letter will be forwarded to you
in a day or so making enquiries with reference to
the Catholic vote in your riding.
Be good enough to answer the questions, and
forward your reply without delay to H. H. Smith,
Esq., Peterboro'.

Yours Faithfully,
QUESTIONS.
1. About how many Catholic electors are there
in your riding?
2. About how many of them voted for the Con-
servative candidate the last election?
3. About how many voted for the Reformer?
4. About how many were there who did not
vote at all?
5. Who are the Catholic Clergymen in the
riding?
6. How do they vote?
7. Did they take an active part in the recent
election, and if so, how?
8. What reason, if any, do the Catholic electors
give for supporting Mr. Mowat?
9. Have you any suggestions to make as to the
best means of putting the Conservative cause
fairly before the Catholic electors?
10. Give the names of a few of the most influen-
tial Catholics in your riding.
11. Send a complete list of the Catholic electors
in your riding, with names and addresses.
12. Oblige by returning this list at once, and
the reply to question eleven as soon as possible.
13. Name of riding.

—Hamilton Tribune
Davy & Clark, Druggists, Renfrew,
date of June 3rd, write:—"Burdock
Blood Bitters, though comparatively a
new preparation, has taken the lead in
this locality as a blood purifier, our sales
of it being equal to that of all other medi-
cines used for the purpose during the
last year."
Large tracts of timber lands in
Massachusetts and New Hampshire have
been destroyed by forest fires.

THE GOV. GENERALSHIP.

Appointment of Lord Lorne's successor.
—The Marquis of Lansdowne.

(Globe Special.)
The Marquis of Lansdowne will, it is
announced, succeed the Marquis of Lorne.
The date of his departure for Canada is not
yet fixed. I have good authority for stating
that at one time it was contemplated that
the Duke of Albany should fill that position.
The Prince was desirous of doing so, but the
objections raised in other quarters were of
sufficient importance to prevent his appoint-
ment.

LONDON, May 21st.—The Pall Mall Gazette
says the Marquis of Lansdowne has accepted
the Canadian vice-royalty and will probably
sail for Canada in October.

The News confirms the report of the ap-
pointment of the Marquis of Lansdowne to
the Governor-Generalship of Canada.

MISCELLANY.
—The Spanish Sonate has adopted a
modified bill for trial by jury.

Holloway's Corn Cure destroys all
kinds of Corns and warts, root and
branch.

Much distress and sickness in children
is caused by Worms. Mother Craves'
Worm Exterminator gives relief to the
sufferers.

Cetewayo has been again defeated,
this time with great slaughter.

A common and often fatal disease is
Jaundice. Regulate the action of the
Liver, and cease then, blood with Burd-
ock Blood Bitters, and the worst case
may be speedily cured.

Immense crowds are arriving at
Moscow for the coronation of the Czar.

Erysipelas, Scrofula, Salt Rheum,
Eruption, and all diseases of the Skin
and Blood are promptly cured by Burd-
ock Blood Bitters. It purges all foul
humors from the system, imparting
strength and vigor at the same time.

Mr. Mousseau will probably contest
Pontiac County instead of Jacques Cartier.

Medical Men recommend their patients
to use Dr. Carson's Bitters. It is a mild,
yet effectual laxative, freeing the Stomach
and Bowels from all impurities, restores
the appetite and aids digestion. In
large 8 ounce Bottles, 50 cents.

Another case of death, from the use
of intoxicating liquor is reported at
Quebec.

Would you avoid the Biliary com-
plaints incidental to spring and summer?
Cleanse the system with Burdock Blood
Bitters. It regulates the Liver, Bowels,
Kidneys and Blood, is the purest
tonic in the world. Trial bottles 10
cents.

Four hundred persons have been
rendered homeless by fire in the village
of Loupfey, Savoy.

WELL AS EVER.—Lottie Howard writes
from Buffalo, N. Y.:—"My system
became greatly debilitated through ardu-
ous duties; suffered from nausea, sick
headache and biliousness. Tried Burd-
ock Blood Bitters with the most benefi-
cial effect. Am well as ever."
A ROPE ABOUT OUR NECKS.—A weak
stomach or enfeebled circulation is like a
rope about our necks. We are strung up
and unstrung alternately till existence
becomes unbearable. Burdock Blood
Bitters will arrest all this misery. Burd-
ock Blood Bitters is a boon to the sick.
Let us remember this fact.

On the evidence of an informer seven
persons have been arrested for the mur-
der of Mrs. Smythe in Westmeat a year
ago.

O. Bortel, of Manchester, Ontario Co.,
N. Y., writes: "I obtained immediate
relief from the use of Dr. Thomas' Elec-
tric Oil. I have had asthma for eleven
years. Have been obliged to sit up all
night for ten or twelve nights in suc-
cession. I can now sleep soundly all night
on a feather bed, which I have not been
able to do previous to using the Oil."

A youth named Parotis was killed by
a blow from a stone thrown in a
drunken row at St. Catharines, Ont., on
Friday.

A bill passed by the Provincial Leg-
islature of British Columbia, providing
the laws relating to gold and other miner-
als, except coal, has been disallowed by
the Dominion Government.

A GENERAL STAMPEDE.—A store was
such a rush made for it, that it is now at
R. E. Low's, Richmond Hill, or T. A. Hewitt & Co., Thornhill, for
a Trial Bottle of Dr. King's New Dis-
covery for Consumption, Coughs and
Colds. All persons afflicted with Asthma,
Bronchitis, Hoarseness, Sore Throats, or
any affection of the Throat and Lung,
can get a Trial Bottle of this great re-
medy free, by sending at once Drug
Store.
